

# Levi Garrison: The Return of the God of War [The Protector] Chapter 1046

"Mom, what did just you say? You're not attending the wedding?"

Levi and Zoey stared at Emma in disbelief.

Emma mumbled, "Mm. I'm not feeling well, so I won't be attending."

"Mom, are you alright?"

Both of them started to worry.

"I'm fine. It's just that my body doesn't feel too good. You both should hurry up and get ready."

Emma shook her head.

"You two should go now. There are many things to be done over there. Since she said she's not attending, just let her be!" Meredith said coldly.

Hence, Levi and Zoey did not dwell too much on it either.

After they left, a smile appeared on Meredith's face. "You did well. It's better for everyone if you didn't attend the wedding!"

"I know, right? You'd be embarrassing the hell out of all of us if you attended."

"Yeah! Both the Lopez and Black families want to keep our dignities intact at a wedding of this magnitude."

...

Emma could only silently endure the verbal bashings from both the Lopez and Black families.

She hid in a corner and watched the wedding in silence.

It was her own son's wedding, but she had to witness it from the shadows.

Just before the wedding began, all the guests were ushered into the venue.

There were even numerous media reporters among them.

They weren't arranged by Levi, but were here for Zoey instead.

After all, Zoey was a well-known entrepreneur and her wedding would no doubt rule the headlines.

Meredith, who was gathered together with her family, observed the guests and exclaimed, "That little brat reap the benefits of our hard work!"

"It's useless dwelling on that now! We can only hope that Levi has indeed prepared a little surprise for us!"

Aaron only shook his head in response. "Mom, Dad, don't have any high hopes! According to my understanding of Levi, he wouldn't have anything prepared for us."

They sighed. "Well, let's just wait and see! We don't have any other choice!"

It was Zoey's big day today, but her relatives did not seem to be happy for her at all as they complained behind her back.

Today, Levi was clad in a white wedding suit, his muscular body filling it perfectly.

"Sir, your other attire is ready as well," Azure Dragon announced beside him.

Of course, the other attire he was referring to was none other than Levi's Five-Star God of War military uniform!

In Erudia, this was the only military uniform with a five-star insignia!

He planned to appear before Zoey in the most perfect way possible later.

He wanted to tell her that this was her husband!

Even all five members of the Five Great Wars Regiment would be in their military uniform.

This was the definition of a grand entrance.

“Alright. Let me know when we’re halfway through the ceremony and I’ll change!”

Meanwhile, Zoey was wearing a white bridal dress which had Erudian culture woven into it. The dress accentuated every curve on her body, resembling a waterfall cascading downwards as it pooled on the floor.

Her beauty was absolutely breathtaking and could shake the entire world.

Just as Levi said, Erudians stayed true to their culture.

The moment Zoey appeared, the crowd cheered.

They sighed inwardly, thinking what a waste it was for a stunning beauty like Zoey to be wedded to Levi, who was such a sorry excuse of a man.

“What did we ever do to deserve such misfortune? Zoey was never supposed to marry him!”

Aaron sighed and kept hitting the table with his fist.

“That’s right! Look at the friends and relatives behind Levi. None of them are impressive!” Harry bellowed in anger.

Meredith and Robert were shaking with rage as well.

If Levi failed to give them a pleasant surprise today, they would no doubt demand an explanation from him.

Suddenly, hundreds of cars screeched to a stop outside.

All of them were luxury cars.

A magnificent scene like that shocked many people. Harry and the rest were no exception.

He was puzzled. "Whose relatives are they? Why don't I have any recollection of them?"

Meredith and her family shook their heads with similarly clueless looks on their faces. "I don't think they're relatives from our side of the family either."

## Levi Garrison: The Return of the God of War [The Protector] Chapter 1047

The next moment, countless smart-looking men and celebrities alighted the cars and entered the wedding venue.

"On behalf of the Goel family, Xabian Goel from South Hampton congratulates Mr. Levi Garrison and Ms. Zoey Lopez on their wedding!"

"On behalf of the Hunt family, Mario Hunt from South Hampton congratulates..."

"On behalf of the Quinn family, Hayden Quinn from South Hampton congratulates..."

...

These people's identities were revealed upon stepping into the venue.

Boom!

Meredith and the rest were utterly flabbergasted by then.

This... This... This...

The top ten royal families of South Hampton are all here!

Even Elder Goel is here in person!

This line-up is too good to be true.

Little did they know that this was only the beginning.

The quasi-royal clans and other big figures were waiting behind to offer their congratulatory wishes.

It seemed like all the top families from South Hampton were here to celebrate Levi and Zoey's wedding.

What... What is going on?

The Lopez and Black families traded looks with each other.

They were not acquainted with any of these people.

Neither were they qualified to be acquainted with them.

And yet, they were all here to offer their best wishes.

Could they be here for Levi?

"The Jones family from South Hampton is here to congratulate..."

Finally, a large number of people including Michael and Mia Jones arrived.

Today, Levi welcomed them here with open arms.

Upon seeing Levi come in together with these big shots from South Hampton, Meredith and the others could hardly wrap their minds around it.

Is this the surprise Levi was talking about?

This is completely unbelievable!

“Where’s Emma?”

Michael looked around in search of his daughter.

Someone in the crowd answered, “The bride’s family said that Ms. Jones is an embarrassment to them, so they deliberately stopped her from attending!”

Levi and Michael were incensed upon hearing this.

Michael roared, “What? My daughter, Emma, doesn’t have the right to attend the wedding? What about you lot? Are any of your statuses higher than my daughter’s?”

Meredith and the others finally understood.

It turned out that Levi’s disgraceful mother had a strong family background!

She was from the royal family of South Hampton and the daughter of Michael Jones!

It turned out that Levi hailed from that family.

No wonder he had announced that he had a surprise for them.

For the Lopez and Black families, the Jones family was considered completely out of their league.

Hence, this was enough of a surprise for them.

However, never in a million years did they expect Levi to have something bigger in store for them.

Even the Jones family was nothing compared to his real surprise.

“Hurry up and invite Ms. Jones out. We can’t very well stop her from attending the wedding, now can we?”

Meredith and a few others immediately invited Emma out with warm smiles on their faces.

Fortunately, she wasn't one to harbor grudges.

"We really never thought that you'd be from South Hampton's Jones family. You should've told us earlier!"

Everyone's attitudes towards Emma took a hundred and eighty degree turn, especially Aaron, Caitlyn and Meredith.

Aaron even patted Levi on the shoulder and complimented, "Levi, you definitely surprised us, I'll give you that!"

"You completely deserve to be with Zoey! We've misjudged you all this while."

The Lopez and Black families chattered away as they tried buttering him up.

Levi's status as the grandson of the Jones family was more than enough to appease them.

It was beyond their imaginations that the top 100 prominent families would personally attend the wedding.

They were even more delighted that Levi was from the Jones family.

However, the prominent families from South Hampton did not spare a glance at the Jones family whatsoever. It wasn't too far-fetched to say that the Joneses meant nothing to them.

They were only here for Levi.

Levi smiled and said, "Mom, Dad, this isn't the surprise. The real surprise is yet to come."

He was amused by everyone's assumption.

They consider this a surprise? Their expectations are way too low.

"Oh? There's another surprise?"

Aaron's eyes lit up with excitement, along with the rest of his family.

Meredith and her family were at the edge of their seats, teeming with anticipation.

Could Levi have another identity?

Or perhaps some other big figures are going to attend the wedding?

## Levi Garrison: The Return of the God of War [The Protector] Chapter 1048

“Didn’t I tell you Levi is a great man? But all of you even tried to stop me back then.”

“See? He’s worthy after all. I completely approve of Levi!”

Aaron scoffed and ridiculed the others.

“Yes. Who wouldn’t like a good young man such as Levi?”

...

The Lopez and Black families had completely contradicted their previous selves.

This huge change in attitude was brought about by the knowledge of Levi’s status as the grandson of the Joneses.

Zoey felt very uneasy listening to them.

She didn’t want Levi to rely on his family background, but instead shine because of his own efforts.

However, her family only acknowledged him because of his background.

Zoey looked at Levi's side profile, hoping that the surprise he had for her would be because of his own hard work and not because of others.

Otherwise, she would be extremely disappointed.

Thereafter, Master Grover Cooke of the Southern Union and his Four Kings arrived at the wedding ceremony.

This caused an uproar within the Lopez and Black families because they had always looked up to those big figures.

Later on, several other people showed up as well.

They were the Garrisons from Haven, Jonah Garrison and his family.

Boom!

His attendance shocked everyone present.

Even Xabian Goel and his family could not sit still at the sight of the Garrisons, immediately scurrying over to greet them.

The Garrison family was a force to be reckoned with.

Meredith and the others trembled in their places, unable to move as if their legs were made of lead.

These surprises are getting too overwhelming!

They're considered an imperial family, which is superior to the royal families.

And they're here for Levi's wedding?

Who exactly is he?

Indeed, he saved the best for last!

Aaron wiped the cold sweat off his brow. "Levi, you're really overwhelming us with your surprises. From now on, whatever you say goes in the family!"

"Yes. From now on, you're in charge of the Lopez and Black families."

Both Harry and Robert gave Levi their consent.

Everyone's snobbish sides were on full display at this moment.

Earlier, they had even prevented Emma from attending the wedding.

At present, only Zoey and Emma felt uncomfortable.

Both women exchanged glances and sighed softly.

They thought that the appearance of the Garrisons from Haven was not a good sign.

However, they did not know about Levi's relation to the Garrison family and assumed that the latter was sent by the Garrison clan from Oakland City.

Zoey did not see this as a surprise at all.

Levi smiled. "Dad, this isn't the surprise I've prepared for you. In fact, it's far from it!"

"Boy, how can this not be a surprise? This is one of the imperial families! An imperial family is here for your wedding! What else can top this as a surprise?" Aaron chuckled.

Levi grinned in response.

Jonah Garrison's presence is really nothing much to be excited about.

Over there are Ezra Williamson and the other Commander-In-Chiefs of the Nine Warzones, as well as the Four Guardians. Which one of them won't own the room if given the chance?

"Since Levi says there's another surprise, why are you still doubting him? Just wait and see."

Meredith shot a glare at Aaron.

Both families were looking forward to Levi's final surprise.

Zoey was no exception.

She didn't want Levi's surprise to be all of this.

She wanted him to give her a surprise which was sculpted by his own two hands.

Very soon, all of the guests had arrived.

The wedding ceremony was about to begin.

Meanwhile, in North Hampton.

Damien had just left his place.

"The wedding is almost starting. We'll be just in time if we rush over now!" Damien grinned.

"You're right, Mr. Damien!" said his subordinate.

"Has the gift been prepared?" Damien queried.

"Yes!"

An eerie smile played on the corner of Damien's lips. "I think you'll like my gift, Levi Garrison. Hahahaha..."

"Wishing you a happy marriage!"

Damien threw his head back with laughter.

Just then, Damien received a call from Tyrone.

“Damien, I heard that it’s his wedding today?” Tyrone asked.

“Yeah. I’m about to head over there,” Damien answered.

There was momentary silence before Tyrone spoke, “Try to resolve things as peacefully as possible and don’t cause any deaths. If he gives in and begs the Garrison family, you can choose to let him off the hook! After all, many people know about his existence. Killing him won’t benefit our family.”

“Rest assured, Father. I’ve prepared a huge gift for that bas\*ard. I’ll make him kneel at my feet and beg for mercy. Of course, it won’t be easy getting me to spare him. He has to pay a painful price for his actions.” Damien sneered.

“Mmm. You go ahead and take care of it then! I’m mainly concerned about the undesirable consequences we might face because of this. Other than that, I don’t care much about his wellbeing, so just do as you see fit.”

With that, Tyrone ended the call.

Zoey’s friends and relatives who attended the wedding this time were more or less the same people.

On the other hand, Levi’s guests took up more than half of the venue and livened up the occasion.

His mother, sister and many other close friends were present.

Only his late best friend, Morris, was absent. But his parents had come in person.

To Levi, the wedding this time was perfect and enough to compensate for all the regrets from the past six years.

It was the same for Zoey.

Before long, the wedding officially began.

Zoey held onto Aaron's arm as they walked towards Levi.

Both of them tightly embraced each other.

Thud. Thud. Thud.

At that exact moment, two troops of men in black suits marched into the venue in a neat and orderly manner.

Besides that, there were people pushing in cannons behind them.

Of course, those were firework cannons.

These people were from the Dragon Legion and led by Alfie Steele.

Once everything was set in place, Alfie commanded, "Fire!"

Ceremonial fireworks shot up into the sky, resulting in booming sounds reverberating through the whole area.

The atmosphere was extremely joyous.

Compared to six years ago, Zoey was much more satisfied now.

In fact, she was on the verge of shedding tears of joy.

"Honey, don't get emotional just yet. This isn't even the real surprise."

Levi helped Zoey to dab away her tears.

“Mm, I’m waiting,” Zoey replied.

The wedding ceremony went on as planned.

Meanwhile, the Lopez and Black families were getting more impatient by the second.

When is Levi’s actual surprise going to be revealed?

They could barely wait a second longer.

The first half of the wedding was over.

“Next up, let’s listen to the groom’s heartfelt confession!”

The host passed the microphone to Levi.

After taking over the microphone, Levi greeted everyone present first.

Finally, he directed his gaze towards Zoey.

“Zoey, thank you for staying with me until this day!”

Levi held Zoey’s hand as he spoke.

“Over the years, you have been wronged and have suffered too much. I know about it all!”

“Even when I was down and out, you never once belittled me. You only wished for me to get back on my feet! Having you beside me for the rest of my life is more than enough for me.”

...

Tears were already streaming down Zoey’s cheeks by then.

“Zoey, more than anything else, I understand that you don’t want me to rely on anyone else other than myself to give you a huge surprise.”

“Well, the surprise is coming right up! Please wait a moment and I’ll tell you once I’m back. I’ll prove to you that your man can rule the world!”

...

The wedding came to a brief cessation.

Levi, Azure Dragon and several of them went to the changing room.

All of them changed into their military uniforms.

At that moment, Levi’s commanding and majestic aura was in full force.

He didn’t forget to grab the gift he had prepared beforehand as well.

## Levi Garrison: The Return of the God of War [The Protector] Chapter 1050

Azure Dragon and Kirin adjusted Levi’s uniform.

Then, four of them stepped to the side and saluted him.

Levi returned their salutes.

Upon donning their uniforms, their identities had completely changed.

They were not the only ones who changed out of their clothes.

Even Ezra and the others had done the same.

After all, Levi wanted to give Zoey the best surprise ever!

The man she was waiting for was now officially Erudia's God of War.

The Lopez and Black families were anxiously waiting to be surprised while Levi and his men had gone off to change.

"What's going on? What surprise has he prepared?"

Aaron was so nervous that he became slightly out of breath.

The others were not faring any better either.

They racked their brains as they tried to guess what kind of surprise could top the attendance of the Jones family and the Garrisons from Haven.

However, none came close to it.

Each of them felt their throats go dry as they awaited the big reveal.

Zoey was the most tormented one out of them all.

It was only several minutes, but it felt as if centuries had passed for her.

The wait was indeed too torturous.

Russell and Jonah, who somewhat knew that truth, were also at the edge of their seats.

They were certain that Levi would appear as the God of War later.

When that happened, everyone would no doubt be thrown off their seats.

Although Emma was excited, she had a vague premonition of an imminent disaster.

After all, the Garrison family knew about the wedding today.

In the villa.

Levi and the rest were all dressed in their military uniforms.

“Get into formation!” Levi commanded.

With that, everyone formed two rows.

Levi stood in the center.

“On my command. Move out!”

Thud! Thud! Thud!

They marched towards the wedding venue.

Vroom...

Suddenly, a commotion sounded from outside.

One by one, vehicles had come to a halt just beyond the gates.

Many people stepped out of the vehicles.

The one taking the lead was none other than Damien Garrison.

By then, the Royal Villa was surrounded by thousands of people.

After all, Damien’s safety was of top priority.

The ruckus outside grabbed the attention of the guests at the wedding. Everyone stood up to get a peek of the situation.

“What? There’s still someone coming for the wedding at this hour?”

Everyone was confused.

“Or is this the surprise Levi prepared for us?”

Unable to wait anymore, Aaron and several others got to their feet and went to greet the newcomers.

Boom!

However, when Emma and a few others heard the noise, their faces fell.

Her worries had come true.

This was inevitable.

"I'm not late, am I?" A voice abruptly rang out.

Everyone looked over and saw a handsome young man languidly walking in with dozens of people in tow.

Those fighters were all the best of the best.

"Who is this?"

The guests were baffled

Just right then, Jonah Garrison and his family stepped forward. "Greetings, Mr. Damien!"

"Mr. Damien?"

Confusion was still sprawled across everyone's faces.

After all, someone of his status was far from their reach.

Aaron came forward with a flattering smile. "Sir, you must be here for my son-in-law, Levi."

"Yes, you're right. I'm here to attend Levi Garrison's wedding. I even prepared a huge gift for him!" Damien's mouth stretched into a broad grin.

"Please, come in! Come in!"

They welcomed Damien and his company into the venue.

Although they did not know Damien's identity, from his appearance and demeanor, they could tell that he was no ordinary man.

His identity would no doubt come as a shock to the guests.

His grand entrance alone was enough to differentiate him from the rest.

Damien did not take a seat, but went to the stage and grabbed the microphone from the host instead. Then, he asked with a smile, "Where is Levi Garrison?"
