

CHAPTER 1323

Terry, who only had a relationship with himself, felt that he was the most hopeful to be crowned king.

She was also cited as the reason.

Why is this?

Levi Garrison didn't understand.

Ray doesn't understand it!

It's okay to say that he is not worthy of being a king.

It can be said that he is not as good as Levi Garrison!

He defeated Levi Garrison and then suppressed the Temple of Heaven.

But even Terry felt that Levi Garrison was the closest to being the king of the word side by side.

Isn't that just thinking that Levi Garrison is better than him?

He is dissatisfied!

Thousands of dissatisfaction!

A battle with Levi Garrison is imperative!

You must prove that you are better than Levi Garrison!

“Terry, are you wrong? With me, do you dare to say that Levi Garrison is the closest to the king?”

“He is my defeated man! I even defeated the Levi’s Squad, which is stronger than the Blood King Palace!”

“I can do what he can do, and I can do what he can’t do better!”

“Do you dare to say that he is the closest? Where do you put me?”

Ray, who cannot tolerate sand in his eyes, questioned Terry on the spot.

“Hoho, don’t you know how to win? You have the advantage! Anyway, in my eyes, he is better than you!”

“No, in the hearts of many people, he is still better than you! You are at best a fierce general, he is the commander-in-chief! This is the difference!”

Terry said coldly.

When I said it, my eyes flashed with confidence.

She has a mysterious admiration for Levi Garrison!

Even Levi Garrison didn't feel it himself.

"You....."

Ray was about to explode.

But there is no legal proof.

"I'll talk about you later! This is not the time to argue with you, mother-in-law!"

Terry glared at Ray.

The eyes of the field focused on Terry and Levi Garrison.

However, Terry's three reasons were mostly supported.

Especially for the first two reasons, everyone is even more supportive!

The titled king must have merit and strength in hand.

Otherwise, why persuade the public?

This is a character who suddenly appeared, and he was named the king of the word side by side.

Everyone is curious, or dissatisfied.

In fact, Messiah could directly announce the identity of the King of Side by Side.

But they have their own considerations.

As a result, let Levi Garrison continue to purge the enemy in secret.

Second, it can disrupt and deter the enemy.

After all, does anyone know who the word side by side king is?

What is the background?

How strong is it?

What kind of achievements have you made?

How big is the threat?

...

Everything is unknown.

The unknown is the most feared!

If you don't understand, everyone will not dare to do it lightly.

Everyone will investigate who it is, which will consume a lot of manpower and financial resources.

At the same time, it will become more and more fearful.

This is Messiah's secret to Levi Garrison's hiding.

Terry is really a woman.

She stared at Levi Garrison, and said loudly: "Please give me a reason to be convinced! Give everyone a reason to convince!"

"Yes, we also want a reason!"

Someone came out, everyone supported.

All have a reason!

"This....."

Even Messiah was at a loss in this situation.

They even considered someone sabotaging the ceremony.

But this situation is indeed not considered.

In their opinion, no one will question.

As a result, a goddess of war appeared...

They all looked at Levi Garrison and threw the problem to Levi Garrison.

Let him solve it.

Levi Garrison also looked helpless.

This Messiah wants to prove himself to convince the public...
