

## CHAPTER 1333

Concubine Jennie tried their best to persuade.

The purpose is simple. The lion opens his mouth and asks for three souvenirs.

Meredith and Robert said: “Yes, nothing wrong! We are the one who can best reflect the value of souvenirs!”

“Let us, we exchange it with money or other things!”

Meredith persecuted them.

“You are also Levi Garrison, you know that grandparents will love this thing, can’t you bring it back? There is no sense of filial piety!”

Concubine Jennie stared at Levi Garrison coldly.

“No way!”

Levi Garrison said straightforwardly.

“This thing is a gift I gave them. You won’t change anything with them, die this heart!”

Levi Garrison’s attitude was something that everyone hadn’t thought of.

A disabled person in a wheelchair, dare to have such confidence?

“Levi Garrison, what are you talking about? Still not sure about your situation? What qualifications do you have?”

Everyone scolded.

Levi Garrison smiled: “It doesn’t matter, you don’t want to take this thing anyway!”

Zoey also nodded: “Grandma, although I really want to give you souvenirs, but this is a gift from Levilia, and it is not appropriate to send it out again!”

“Then Levi Garrison, have you ever thought of us? Give your mother a gift instead of your father-in-law’s mother-in-law? Do you still have us in your eyes?”

Accompanied by the voice, Caitlyn and Aaron came.

The two were staring at Levi Garrison angrily.

After Emma heard it, her face was a bit ugly.

Levi Garrison didn’t prepare gifts for Meredith, but he didn’t prepare for his father-in-law.

Caitlyn directly said to Zoey, “Zoey sees it, right? Except for his mother, he doesn’t have us in his eyes!”

Emma immediately said: “My family, I will give you my share! This thing is of no use to me!”

“Who wants you...”

As soon as Caitlyn was about to refuse angrily, Meredith’s voice sounded: “Okay! Just give up your share!”

“Yes, Zoey will give your share to your father! This is reasonable!”

Robert also echoed

“Okay, I’ll let it out! Give you the Levilia share!”

Zoey angrily threw all three souvenirs to Meredith and the others.

She is really angry!

Who can’t see this trick?

Obviously, I want to return the souvenirs!

“Alan, Aaron, why do you want this thing! Why don’t you give it to us?”

“Yes, let me arrange a real estate for you! What’s the use for you to hold this thing!”

Meredith and Robert said so.

The two said nothing, and gave up the three souvenirs.

Meredith's goal was achieved, and they laughed from ear to ear.

They stopped talking about things like buying things with money or exchanging things.

"Levi Garrison will remember from now on, the affairs of Lopez and Black's family can never be determined by your disability!"

"Whenever there is the next time, the family law will take care of it!"

Everyone sneered.

They used to bully like this when Levi was healthy.

Not to mention that Levi Garrison's body is now like this.

"The unfamiliar white-eyed wolf!!!"

Aaron and Caitlyn took a bite and left.

Now, everyone thinks that Zoey is raising Levi Garrison's family.

It's a pity that there are children, and there is no way to drive them out.

Levilia watched the people leave with eyesight, his small faces were aggrieved, and he almost cried.

“That’s Levilia’s souvenir!”

“Levilia wants to come back!”

Levilia shouted.
