

CHAPTER 1342

The old lady has this capital.

After all, look at Terry and Ray who came out of the four main gates to become gods of war.

But the status in the doorstep is average.

They are not afraid at all!

Especially the old lady is almost at the top level in the gate of Xishu.

A Terry, she would not take it seriously.

“Yes, really bullying! The woman said that Zoey’s status is humble and she is not worthy of Levi Garrison at all!”

“I think Levi Garrison is nothing more than a trash sitting in a wheelchair. Is Zoey not good enough?”

“It’s all right now, mom, you are back, Zoey has a backer, let me see who is not worthy of whom?”

Zoey was afraid that things might mess up, and said quickly: “Grandma, we just coaxed a little conflict, it’s nothing!”

The old lady looked majestic. m.bg.

“If this kid is still the God of War of Erudia, I will give him three points of face because of the clan in Xishu! But now that he is like this, why should I give him face?”

At this time, Levilia made a milky voice: “Dad is the king of the word, even more powerful than the Erudia God of War!”

“Look, what is Levilia being taught by Levi Garrison? Full of lies!”

Aaron scolded.

“What do you want to do in the Spring and Autumn Dreams? It is like this, and you are the king of the word? You are not even a god of war!”

Lopez sneered.

The old lady looked solemnly: “We know about Erudia’s canonization of the king, and the four gate lords have also speculated and investigated the identity of the king.”

“The results of it?”

Everyone looked at the old lady suspiciously.

The whole world wants to know the identity of Erudia, the king of the word side by side.

“The clues are very vague! But one thing is certain-one word side by side king was born in a famous family, his background is heavenly, and it is likely to have a stronger background than the four gates!

Only a family power of thousands of years can cultivate such a rare genius for thousands of years! “

The old lady was very sure.

“hiss!”

Everyone sucked in cold air.

As a result, the King of Words Side by Side became more and more irrelevant to Levi Garrison.

Levi Garrison is just an orphan who was abandoned on the street, how could he have anything to do with the who had been cultivated by the thousands of Year-end ?

There are clearly two extremes!

“From now on, I will stay here. There is no need to go back to Xishu’s clan!”

The old lady was very sure.

Although she didn’t know why she tore up the agreement.

After all, this belongs to the highest level of the four gate valves to know.

Involving the ultimate interests of the family.

“That’s really great! I think who would dare to say that my Lopez family is not a word in the future?”

People like Aaron jumped up in excitement.

The arrival of the old lady is destined to take off in the Lopez family!

Zoey asked with his eyes red, "Grandma, is there a genius doctor by your side?"

The old lady was taken aback, and replied: "Although Xishu clan is good at using poison, there are many genius doctors! If we talk about ancient medical skills, we have to win the other three big clan!"

"That means someone stronger than Terry? More chances for Levi Garrison to recover?"

Zoey asked.

"Of course! She's just a clan in Southern Xinjiang. In this respect, she is definitely better than her!"

Zoey smiled with joy: "That's good."

It turned out that there was a comparison in her mind.

She can do what Terry can do.

She also has the identity of Terry.

"Levi Garrison, right? I want to see him! See what qualifications he has to abandon my granddaughter?"

The old lady said coldly.

“Okay, let’s find him now!”
