

CHAPTER 1343

The Lopez family is in power, and there is no place to show its power.

Just about to take Levi Garrison's operation.

"I won't go!"

Zoey held Levilia at Li's house.

She is very angry now and doesn't want to see Levi Garrison.

In the villa, the genius doctors of the Nanjiang clan had just left.

The Lopez family came in mighty.

"Who? Stop! This is a private realm, you can't enter!"

The guards arranged by Terry here stopped everyone in the Lopez family.

"presumptuous!!!"

Several strong men around the old lady directly shot the guards flying and forcibly broke into the villa. ..

“whats the matter?”

Terry and Levi Garrison heard the news.

“Huh? Is it you?”

Levi Garrison saw people familiar with zoey grandma.

Of course he didn't know the old lady surrounded by everyone.

“You belong to the clan of Western Shu?”

Terry was very familiar with the four gate lords, and recognized the identity of the other party at a glance.

“The little girl has a bit of eyesight!”

The old lady sneered.

Levi Garrison was taken aback.

Why did the Lopez family get involved with the Xishu clan?

“Why are you here?”

Terry stared at everyone with a cold face.

“Little girl go aside, we are here to find Levi Garrison!”

The majestic and powerful old lady actually suppressed Terry.

“Levi Garrison will introduce to you, this is grandma, she is actually a big figure in the clan of Xishu! She loves her son the most!”

“You, a conscientious dog, abandoned his wife and daughter! You also said that Zoey is not worthy of you! Now let’s see who is not worthy of whom?”

“Ok?”

This result stunned Levi Garrison and Terry.

No one would have thought that Zoey’s grandma was actually a great figure in the clan of Xishu.

Terry’s face changed.

She did say before that Zoey was not good enough for Levi Garrison.

But now with this status, she is absolutely fine!

“Now grandma Qinzi is dyed as the princess of the clan of Xishu. Her status is noble. How can you match her, a former god of war, but now a cripple?”

“Yeah! Levi Garrison, we always thought that you were in Zoey at Gaopan! You are a waste. Zoey doesn’t despise you, but takes care of you and gives birth to you.

What about you? How do you treat Zoey?”

“Let strange women live in the house and drive them away? What the hell do you have?”

The Lopez family scolded Levi Garrison up and down.

The old lady said: “If you are still the God of War, that’s okay! I want to make you a guest of honor, the best son-in-law!”

“But you are like this! What do you take into my eyes? What qualifications do you have to abandon my granddaughter?”

Levi Garrison shook his head helplessly: “I did not abandon Zoey and Levilia, there is a misunderstanding! I can give them an explanation in the future!”

“What’s the explanation? Don’t you just look at the female god of war? Do you think she can bring you everything in the past, restore your body, and restore your previous identity?”

“Yes, on the other hand, Zoey was a little girl before, and he can’t give you any help, and it will drag you down! So it’s normal for you to choose a goddess of war!”

Aaron pointed to Levi Garrison’s nose and shouted: “But I’m telling you, Zoey will not be able to climb high! You are not qualified!”

“Mother, shall we go?”

Aaron asked for instructions.

The old lady was angry: "How can I leave my granddaughter like this? If she doesn't teach her a lesson, what is the face of the Xishu clan?"
