

## CHAPTER 1345

“I really didn’t expect Zoey to have such an identity?”

“This old lady is the sister of the current helm of the Xishu clan! She can completely represent the Xishu clan!”

Terry was shocked.

Levi Garrison was also shocked.

The old lady turned out to be such an identity.

“Fan War God, you see, there is no need for you to be by my side now!”

“Several genius doctors from Nanjiang’s clan have nothing to do for the time being!”

Levi Garrison took the opportunity to say to Terry.

Terry looked hesitant: “But your body obviously improved before?”

“Yes, that’s wrong! The body has been improving, but the speed is relatively slow! In the final analysis, the poison of the Blood King Palace still remains in my body. If this poison is not removed, my body cannot recover!”

Levi Garrison said. mi. c

In fact, the poison of the Palace of the Blood King had long been relieved.

The reason why he said this is to let Terry investigate this kind of poison.

So go back to the source and see who is from Erudia.

Sure enough, Terry said: "Okay, I will personally check the poison in the Blood King Palace, and try to let you recover as soon as possible!"

"But I will still be responsible for your safety, and I will send guards to protect you!"

"Ok."

Levi Garrison touched his nose.

It's better than Terry staying here.

The remaining guards are much easier to deal with.

In the ancestral home of the Lopez family.

Seeing the mighty people coming back, Zoey immediately asked, "Is there something wrong? Grandma, what do you think of Levi Garrison, right?"

"Levi Garrison is really mad at me! A big man hides behind a woman!"

“Before Zoey, now relying on that female god of war is to eat soft food for a lifetime!”

Aaron was very angry.

The old lady shook her head: “Nothing to do with him, the goddess of war protects him! I would rather do it for him, but also fight against our Xishu clan!”

“What did Levi Garrison say?”

Zoey asked anxiously.

“There is nothing to say except hiding behind that woman! Besides, what can he say?”

Everyone.

Zoey’s pretty face got a little bit cold again.

What she cares most about is attitude.

The key is that Levi Garrison has no attitude.

The old lady exhorted: “Zoey, I have set a rule for him!”

“What?”

“For the time being, Levi Garrison don’t want to meet you and Levilia! When will he be qualified to talk to me, his identity matches your Xishu clan princess, and then come pick you and your child!”

“Huh? What level?”

Zoey was taken aback.

“Before the identity of the Erudia War God! I won’t say anything, let him pick you up!”

The old lady was extremely majestic.

“Ah? How is this possible? It would be nice if he can recover from his current situation! It is impossible to get back the position of Erudia War God!”

Zoey was a little anxious.

I feel that the conditions for Levi Garrison are a bit harsh.

“This rule was made by me in the name of the West Shu gate clan! It must not be abolished!”

“Furthermore, he was standing behind the woman. When you were wronged, did he say a word for you?”

The old lady asked rhetorically.

“I.....”

Thinking of what Terry did and Levi Garrison's silent attitude during this period of time.

Zoey gritted his teeth and said, "Okay, grandma, if I listen to you, I will treat him as punishment!"

But after agreeing, Zoey regretted it again.

In this way, would you never see Levi Garrison for the rest of your life?

After all, the old lady's current ability can completely isolate them for a lifetime.

Levilia leaned in front of Zoey and smiled: "Mom, don't worry, Dad will see us soon."
