

CHAPTER 1357

“Want to know the secret from us? Give up!”

“In the end Erudia will perish, and you will all die!”

Poison Yanluo and Tang Yulong gave out hideous smiles.

They bit off the poison hidden in their mouths.

Soon the two of them vomited blood in their mouths, their eyes turned out, and their eyes protruded...

died!

In order to keep a secret, the two chose to commit suicide.

“Oh shit!”

Levi Garrison hammered the ground fiercely.

This kind of poison and hidden weapon is the most difficult to prevent.

If they are sincerely thinking, there is no way. ..

At this time, Levi Garrison came to the Tyrannosaurus people bored.

The faces of everyone are still incredible.

It was shocking!

He is too strong!

Tyrannosaurus looked at Levi Garrison and said: "I admit that we were wrong before and shouldn't treat you like that! But can't you take action earlier? Why did you choose to take action after we were injured?"

Everyone looked at Levi Garrison puzzledly.

Why did you make the shot so late?

Doesn't it reduce casualties if you shoot early?

Levi Garrison sneered, "I persuaded you before, but you didn't listen to it!"

"Adults must be responsible for their actions and what they have said!"

"I....."

Everyone is speechless.

If everyone listened to Levi Garrison and changed course in time, they wouldn't encounter these demon heads and masters.

No one will be injured or killed in that way.

They are all to blame for this.

No one can blame them for hurting them.

They can only blame themselves.

This is a punishment for them.

They have to endure silently.

At this time reinforcements arrived.

When Messiah saw Levi Garrison carrying the box, everyone smiled with satisfaction.

“Fortunately! Fortunately we let you follow!”

Levi Garrison shook his head helplessly: “However, they are all dead, I don’t have any information or clues.”

“The task has been completed, you don’t need to blame yourself!”

“I’m waiting to meet the king of the word side by side!”

Messiah knelt down and met Levi Garrison.

“What???”

“A word side by side king? Is he a word side by side king?”

“Oh my god! The mysterious king of the word side by side turned out to be Levi Garrison?”

...

The eyes of the tyrannosaurus on the ground were about to fly out.

This is the most incredible thing they have ever heard.

Levi Garrison turned out to be the king of the word side by side?

Horrible!

Again.

Messiah is not a fool!

Why not let Terry and Ray come?

Did Levi come here?

That's because Levi Garrison is the most sure!

"Is this a burden?"

"Is this disabled?"

"This is the f*cking king!"

Everyone is going crazy!

Everyone is ashamed of all the stupid things they have done before, and can't wait to apologize with death.

"It is our mistake to be the king of the word side by side!"

"We dare not ask for your forgiveness!"

"We are grateful to the king, if it weren't for you, our mission would have failed!"

...

Everyone in Tyrannosaurus was about to cry.

Lie on the ground to apologize to Levi Garrison.

Levi Garrison ignored them, but came to the masked masters lying on the ground.

Messiah also followed up: “We can only rely on them to collect useful information!”

Because the four big monsters actually don’t have any information mining.

Levi Garrison waved his hand.

Several Messiah stepped forward and took off their masks one by one.

The next moment is particularly shocking!

“hiss!”

When the faces of these people were clearly seen, everyone uttered a cold breath.

Including Levi Garrison...

He was also shocked!

“This.....”
