

## CHAPTER 1368

“Stop! You don’t understand human words, do you? I asked you to stand still and not hear?”

Several people shouted coldly.

The king of Xishu, who was the clan of Xishu, came, and they were responsible for clearing the field.

After the identity was revealed, everyone in the room was evacuated in an orderly manner.

There is no one who dares to say no.

As a result, there was such a stunned green.

Still have to push in...

“Get out, don’t get in my way!”

Levi Garrison said solemnly.

Now his mood is extremely gloomy.

Blocking his way is tantamount to angering him. ..

“Do you know who we are? The Western Shu gate clan...”

A few people just showed their identities and shocked Levi Garrison.

How many people were pushed away by Levi Garrison in an instant.

“I do not want to know!”

Being pushed away easily, the eyes of a few people were full of horror.

“Come on! Stop him!”

Several people exclaimed.

“???.....”

Soon, the masters of the Xishu clan hidden in the dark appeared one after another, stopping Levi Garrison.

“If you don’t want to die, let me go!”

Levili roared angrily.

“Presumptuous, dare to be so presumptuous in front of the Xishu clan? Do you want to fight?”

Someone shouted coldly.

“I’m hitting the celebrity!”

Levi Garrison shot directly.

He punched hard.

Fist to the flesh.

Everyone complained endlessly.

Soon a large swath of people fell in front of him.

The movement here attracted the attention of the Emperor Xi Shu and his granddaughter not far away.

How could the two of them never think that someone would be making trouble in front of the clan of Xishu as soon as they were born?

Impatient to live?

“There is such a bold person in this dunya? How dare to break ground on Tai Sui?”

The Western Shu Emperor said solemnly.

“what happened?”

When everyone came here, they couldn't help but sternly said.

Linda stared at Levi Garrison with her beautiful eyes.

“Master, this kid doesn’t listen to our dissuasion and wants to enter here forcibly!”

Emperor Tang looked cold after listening.

“the host.....”

All the members of the Western Shu gate arched their waists together, with a panic look on their faces.

I’m afraid this is angry...

After all, he is the helm of the gate of Xishu!

In their eyes, this is the ruler of one party!

Just like the ancient emperor.

Now there is a kid who is provoking?

“You don’t know who we are?”

Linda shouted coldly.

Levi Garrison said with a cold face: “I don’t know, and I don’t want to know!”

This scene stunned all the members of the Xishu clan.

They have always been aloof.

Now that he joins the world, he is regarded as a god-like existence.

Hearing that the emperor of Western Shu was coming to North Hampton, the celebrities from the south held a super big banquet to welcome him.

Everyone respects him like a god.

In the end, he was so provoked by a hairy boy...

“You are looking for death! You will die when you finish speaking!”

One of the six servants behind Emperor Tang said angrily.

In Xishu Gate, there is a strict rule.

Anyone who provokes the top, kill!

To be in the gate of Xishu, Levi Garrison just finished saying this and he immediately fell to the ground.

“Little Liu, don’t be so reckless! This is not our turf. You have to adapt to this world. Don’t fight and kill at every turn!”

Emperor Tang said coldly.

“Yan Ran, what do you think should be done? This matter?”

Emperor Tang looked at his granddaughter.

“Grandpa, let’s do it! Let him kneel down and apologize, this thing is over!”

Linda suggested.

“The kid heard that there was no such thing! Kneel down and apologize, this incident has never happened before, you are so lucky!”

“Yes, otherwise you will die!”

“Quickly kneel down and apologize! Spare you!”

Everyone scolded.

Levi Garrison shook his head helplessly.

Why is there always someone looking for death?
