

CHAPTER 1371

This is what the Emperor Xishu has thought about all his life.

Xishu Gate Valve is the last of the four gate valves.

But if there is a Tianjiao like Levi Garrison to join, it will definitely take off.

Therefore, the Western Shu Emperor must do everything possible to win Levi Garrison!

With him, the next hundred years, or even hundreds of years, will belong to the era of the Western Shu family.

The Emperor Xishu bent down in front of Levi Garrison, waiting for his answer.

This is beyond the imagination of other people in the Western Shu family!

The emperor of Western Shu actually put on such a low profile...

“Mr. Little must ask you to join the Xishu Clan, I can agree to any conditions! The Xishu Clan is very sincere!”

In the eyes of everyone, the conditions given by the Emperor Xishu were too tempting, and no one would refuse.

Levi Garrison raised his eyes and sneered, “Not interested!”..

Levi Garrison left after speaking.

“Sir, don’t, you can discuss any conditions! I can agree to whatever you want...”

The Western Shu Emperor was in a hurry.

“No more nonsense, kill you all!”

Levi Garrison showed his killing intent, like a devil.

Everyone in the Western Shu gate was frightened.

If Levi lays down the ultimate move, there will be no one on the scene who will escape.

Levi Garrison frightened everyone.

The Western Shu Emperor also stopped talking.

Everyone can only watch Levi Garrison leave.

The Emperor Xi Shu’s throat turned, but after all, there was no word.

When Levi Garrison left, the coercion he brought to everyone disappeared.

Everyone was gasping for breath.

“Grandpa, why are you begging him to enter my Xishu clan in such a manner? I admit that he is amazing, but not to such an extent, right?”

Linda looked puzzled.

The same is true for others.

“Erudia Wulong knows, right?”

The Emperor Xishu asked.

“Hiss!”

Everyone took a deep breath.

That is the legend, that is the ceiling!

That is everyone’s lifelong dream!

But a hundred years have passed, and even the successors of Erudia Wulong have not appeared.

They are too strong!

It’s too hard to catch up with them!

“That young man should be the person closest to the Erudia Wulong in this era! He will definitely reach the level of the Erudia Wulong in the future!”

Said the Emperor Xishu.

“what?”

Everyone looked crazy.

“I have never seen someone at this age and in this state! He can definitely be the successor of the Erudia Five Dragons! If he joins the Xishu gate, we will definitely be the first of the four gates!

The Emperor Xishu explained.

“That’s it! It’s terrible!”

Several people in Linda opened their mouths wide, their faces all over in disbelief.

“Yan Ran will give you a task next. Be sure to find out all his information! I can’t let go of this person! If you let others know, I will definitely win them! Whoever wins it will be the era of whoever wins it in the next hundred years!”

Said the Emperor Xishu.

“Understand! I must find out everything and try to let him join the Xishu clan!”

Linda said.

The Emperor of Western Shu glanced at Linda and said, "If he hasn't married yet, it would be better if Linda you marry him! There is no limit to the future!"

Hearing this, Linda's face blushed.

For those who have practiced martial arts since they were young, they generally worship and admire the strong.

Levi Garrison fits so well!

"Okay, it's so decided!"

The Emperor Xishu also smiled.

He is already dreaming about Levi Garrison becoming his grandson-in-law in the future....

At this time, the old lady brought a large group of people from the Lopez family to the shore of West Lake.

"Brother, we're here to pick you up!"

Shouted the old lady.

The people behind him were excited and nervous.
