

CHAPTER 1375

In addition, he came to see Zoey and Levilia.

Originally, it would be troublesome for Levi Garrison to enter Tianhai Mountain Villa, even with invitations.

However, Songkui made special arrangements, so Levi Garrison entered Tianhai Villa with ease.

“Levi is here!”

“That’s great! Our wish is about to come true!”

When Songkui heard the news of Levi Garrison’s arrival, they smiled excitedly.

Here Levi Garrison also knows who sent the invitation.

He immediately knew Songkui’s intentions.

I want to kill someone with a knife!

“Ho ho!”

He just smiled contemptuously. ..

Want to get rid of yourself by the hand of the Western Shu Emperor?

Do you dare to lend him ten courage?

What a stupid...

Here, the people of the Western Shu family are worshipped by thousands.

They enjoy the feeling of being watched by all people.

I even regret it in my heart, why not join the WTO sooner?

In this colorful world, enjoy everything.

In addition, the status of the Lopez family has soared.

Those families or individuals that the Lopez family looked up to, now which one is not respectful to them?

The Lopez family stood up completely.

Xishu Emperor, Linda and others were very satisfied with the welcome dinner.

But the Emperor Xishu smiled and said, "What if I saw a young gentleman at this banquet?"

Linda pursed her lips: "Grandpa, how can such a high-level person appear at a dinner party? They are generally happy to be quiet!"

The Western Shu Emperor touched his beard: "It is indeed! It is impossible to see here!"

Harry immediately offered his courtesy: "Big Brother, tonight North Hampton celebrities gather together! They should know everything about North Hampton. You can ask them!"

"En, good!"

The Emperor Xi Shu nodded.

Later, Linda was sent by the Western Shu Emperor to communicate with young people.

After all, the clan of Xishu had to take root in the dunya.

It's good to meet people in the world.

Linda was like a royal princess, surrounded by everyone, all showing great hospitality.

Many children from rich families also show intentions of pursuit.

But Linda showed no interest in them.

Not to mention them, they are the princes of the four big gates, she also has no interest.

Now there is only that person in my heart...

She looked around.

Although it is impossible, but subconsciously hope that he will appear.

“Miss Tang, what are you looking at?”

Others asked curiously.

“It doesn’t matter what your business is!”

Linda said impatiently.

Suddenly, Linda’s eyes lit up fiercely.

Because she saw a figure passing by.

like!

so similar!

“Da da da.....”

Linda rushed out immediately.

She saw Levi approaching.

She was sure in her heart that this was the one!

More than just like!

it's him!

“By the way, tell your grandpa that I saw the little gentleman I met in Xizihu!”

Linda shouted as she left.

Other members of the Western Shu family immediately passed the message to the Western Shu emperor.

“What? The little gentleman is really here?”

“I must not miss it this time!”

The Emperor Xishu stood up suddenly.

“Hurry up and take me to find!”

“Everyone find it for me!”

“Be sure to find the little gentleman!”

The Emperor Xi Shu shouted.

In an instant, everyone followed the Emperor Xishu and searched the entire Tianhai Villa.

Everyone can't imagine, what kind of character can make the Western Shu Emperor so excited?

Don't hesitate to condescend to find it yourself?

Next, the dinner will not go on.

People are everywhere in Tianhai Villa.

Everyone is looking for "Little Mister".
