

## CHAPTER 1383

Linda was shocked by this sound.

She backed away quickly.

Staring fiercely at the bedroom door.

“Have the ability to come out!”

She cried coldly.

“boom!”

Suddenly, there was a chill behind her, and she felt a blast of cold wind invade her body.

She turned around abruptly, but a big hand grabbed her neck and lifted her in the air.

At this moment, Linda’s powerful combat skills and vigor could not be used.

The throat of her fate was strangled.

She already felt the arrival of death. ..

His breath was short of breath, and his face was suffocated and flushed.

Her consciousness is blank...

“It’s you?”

Suddenly a surprised voice sounded.

Linda only felt her neck loose, and she fell to the ground feebly.

She panted heavily and looked up...

This look shocked her.

Isn’t this the “little gentleman” she was looking for?

“It’s sir...you!”

“I didn’t know it was you, sir, otherwise I would never dare to break in!”

...

Linda hurriedly explained that she came because of the Northern Liang family clan.

“Oh I got it!”

Levi approached.

“Mr. Beiliang gate valve, what is this going to do?”

Linda plucked up the courage to ask.

“You want to kill me!”

“What? Want to kill you, Mr.? Are they crazy?”

Linda looked incredible.

“You go quickly! I won’t be so lucky next time!”

Levi Garrison just thought it was the one who was going to kill him, so if it weren’t for it, he took another look.

I was afraid that Linda was already a dead body.

“understand!”

Linda left with a look of excitement.

Now that you know where Levi Garrison lives, everything can be done slowly.

This trip is really worthwhile.

As a result, I knew the purpose of the North Liang gate valve.

Secondly, I found the residence of the little gentleman.

Linda rushed all the way home and told the emperor of Xi Shu all this.

“What? The little gentleman found it?”

The Western Shu Emperor was more excited than anyone else.

“Yes, no mistake! His address has been determined! His attitude towards me is much better than last time!”

Linda showed a shy look.

“that is really good!”

The Western Shu Emperor was extremely excited.

The old lady, Meredith and Zoey were shocked in their hearts.

This big man is going to show up?

When did North Hampton exist like this?

They have been in North Hampton, but they have never heard of it.

“Grandpa, there’s one more thing... the North Liang family member wants to kill Mr. Xiao!”

Linda whispered.

“Oh? There are still grievances between them? There is a saying, although the Northern Liang family clan is super strong! But if you want to kill the little man, you have to pay a painful price!”

“But the little gentleman is also facing death threats! No matter how strong he is, it is still easy for the Northern Liang family to kill him!”

“Let’s do this, help me contact the senior officials of Beiliang Clan Clan, I will suppress this matter! I let Beiliang Clan Clan sell me a lot of face, so I won’t pursue this matter again!”

Western Shu Emperor Road.

“absolutely okay!”

Linda looked excited.

“Then, after the Beiliang clan is settled, this matter will be regarded as the sincerity of my Xishu clan, I will meet him in person and invite him to join my Xishu clan! Then he won’t refuse, will he?”

The Western Shu Emperor already has a plan.

Settle the beiliang clan for Levi Garrison, and then invite him.

So Levi Garrison had no reason to refuse.

Linda said: "Grandpa, we solved such a big problem for him. He is too grateful, how could he refuse?"

"Okay, I will settle the matter immediately and see him tomorrow!"
