

CHAPTER 1390

The strongest combat skills of the Western Shumen Clan, Kingsley has not been useful for nearly a hundred years.

Because no one can let him use it!

Levi Garrison is the first!

Kingsley raised his right hand slowly, and cyclones after another surrounded his palm.

This level is equivalent to indirectly controlling the power of heaven and earth.

Such as wind, fire and lightning.

He can already control the airflow for his own use.

What is even more frightening is that these airflows gradually turned into small hidden weapons.

In the blink of an eye, in the small space, there are hidden weapons turned into by airflow everywhere.

It was densely packed, covering the sky and the sun, tightly surrounding Levi Garrison from every angle and every direction.

The Western Shu gate valve includes the Tang gate.

Tang Sect's strongest is the hidden weapon mechanism.

Existences like Kingsley have long integrated hidden weapons with martial arts.

Concealed weapons like this kind of airflow can be much stronger than metal hidden weapons or even bullets.

It is no exaggeration to say that Kingsley can kill 100,000 people on the battlefield only with this trick.

Otherwise, there would be no saying that Kingsley arrived in one country alone.

At this point, we can see how strong this trick is!

Called the strongest combat skill!

"Give me defeat!"

Kingsley roared.

"Chichichichi..."

In an instant, all hidden weapons shot at Levi Garrison.

As dense as wind and rain...

Rough calculations, there are tens of thousands of hidden weapons.

Shooting at Levi Garrison at the same time was really terrifying.

“Boom!”

“boom!”

“boom!”

...

The area in front of the villa was completely razed to the ground.

Every time the concealed weapon is shot, a big hole will be exploded.

In an instant, the foundation in front of the villa sank completely.

If it weren't for Kingsley's scruples, everything here would have been ruined.

Countless hidden weapons shot at Levi Garrison, but he saw his arms in front of him, and then took another hidden weapon.

Step by step towards Tangbei Road.

His sexual training has reached the realm of invulnerability.

Of course there is a layer of airflow surrounding him.

These hidden weapons can't hurt him any more.

Kingsley used combat skills, and Levi Garrison also used combat skills.

This is the combat skill that the old man in the prison gave him incomplete exercises.

The defense is simply amazing.

"Ok?"

"This?"

Kingsley was stunned.

Levi Garrison is crazy?

Let countless hidden weapons shoot on the body?

The most important thing is that these hidden weapons are not used for him?

How can it be?

For a moment, Levi Garrison had already appeared in front of him.

“Boom!”

One punch knocked Kingsley away.

With this punch, Tangbei vomited blood, and he slid out more than ten meters.

“Puff!”

Kingsley fell to his knees.

With this punch, he could no longer bear it.

His eyes were full of shock and looked at Levi Garrison.

This young man?

too frightening!

“Nephew, your information is wrong, he is not the successor of Erudia Wulong, he is like Erudia Wulong!”

Kingsley looked at the Emperor Xi Shu and roared.

“what?”

The emperor of Xi Shu went black and fainted directly.

Levi Garrison smiled and looked at Kingsley: "One punch is not enough for you, two punches are enough!"

"But you're pretty good too! Do it with me?"

"Ok?"

Kingsley was stunned.

I don't know what Levi Garrison means.

Levi Garrison couldn't help but smile and said, "Let's do it, I will control the clan of Xishu from now on. Do you have any comments?"

Seeing Levi Garrison's gaze, Linda and others were silent.

Even the Emperor Xi Shu, who had just woke up, was silent.

Even if Kingsley disagrees, there is no way.

He couldn't beat Levi Garrison at all.
