

## CHAPTER 1475

But what everyone thinks of is that the king is really alive side by side!

“““Don’t mention it, I heard. Even if the king lives side by side, it doesn’t work! It’s not an opponent of the Northern Devil!”””

“““But the king living side by side is always a hope, now can you find a second person to deal with the Northern Devil?”””

silence!

The great parents’ silence for a long time!

“In this era, there is no one who can fight the North Demon at all!”

“The most terrifying thing was that after hearing that the North Demon was released from prison, Messiah and the masters of Erudia’s major organizations were all scared.”

That is the fear from the depths of the soul!

“After just hearing the name, you frightened.”

This is the terrible part of the North Devil!

“““Who wants to play?”” ..”

“The dragon group, phoenix group, wolf group and so on under Messiah’s command held a meeting.”

I want to form a death squad and go to the front line to fight against the North Devils.

After the words came out.

All silent!

There is no one willing to play!

“Facing the North Demon, self-confidence was lost.”

Everyone fell into the fear of being dominated by the Northern Devil.

Even Messiah is like this.

Not to mention other people.

“As soon as they heard the name North Demon, everyone’s legs became weak in fright.”

Let alone fight against him.

“Today, the North Demon holds the strongest killer mercenary organization in Eastern Continent, and the Avengers are here to assist.”

The fear brought to everyone is magnified.

It's not just them.

Even people like Kingsley and Beiliang King were scared when they heard that the Northern Demon was released from prison.

They all regard the Erudia Five Dragons as gods.

Not to mention the strongest North Demon among them.

“They spent all resources to train the successors of the Great Xia Wulong, and no one knew better than them how powerful the Northern Devil was.”

It is impossible for his successor to be cultivated.

His power cannot be copied.

There is a Tianshan base in the northern desert.

The Shura army led by Ray stood here.

They were hit hard just now and suffered heavy losses.

But I still held it here.

“““Boss, only Railway Brigade is okay at the moment! The others have suffered heavy losses!”“““

“““Especially Terry’s War God’s side! Not much better than us!”””

Seven kills counted the casualties and the battle conditions of other bases.

“““Be sure to hold on to me! Otherwise, Ray, as the god of war in , can’t afford to lose this person!”””

Ray shouted.

“The Tianshan base has a steep terrain, and they can still defend by relying on the terrain.”

“““Are there any traces of the Northern Devil?”””

Ray asked.

“Because after the North Demon announced that he had returned, he never showed up again.”

“However, his subordinates appeared everywhere.”

“““For the time being, there are no traces of the Northern Demon appearing everywhere! Some people predict that the Northern Demon may go to the capital! It will not appear in the Northern Territory!”””

Breaking the army was very sure.

“““I hope they can find a way to deal with the North Demon as soon as possible? He is a demon, we are humans, and we can’t handle it at all!”””

“As a member of the Northern Liang family, Ray was also extremely afraid of the Northern Demons.”

Far more than the average person.

““Wow...””

“At this moment, the birds and beasts ran away, roaring through the sky.”

An extremely suppressed breath surged.

“All of them had a dull chest, short of breath, particularly uncomfortable, and uncomfortable.”

Let all your negative emotions flood into your heart.

There is even the urge to commit suicide...

As if the world became black and white.

Dead still.

Vicissitudes.

desolate.

That kind of feeling really makes a person depressed to the extreme.

Can evoke the deepest fear in your heart.

“”North...the North Demon appeared...he actually appeared in the north...””
