

CHAPTER 1632

Originally, they were still trying to find a reason to lead Levi Garrison to a remote place and teach him a lesson.

The result was delivered by myself.

Crazy smiles appeared on the faces of several people.

There is such a fool in this world!

Zoey and Mia came, trying to dissuade them.

“This is a matter between us, don’t intervene!”

“Furthermore, he is looking for us and provoking us!”

Jiang Haozhe glared at Zoey.

“How should this be good?”

“Shall we go to the city lord?”

Zoey chopped his feet, anxious.

“Don’t worry, it’s nothing! No matter what Levi Garrison says, it’s Levilia’s father. Jiang Haozhe and the others are well-measured, and they don’t dare

to take Levi Garrison!”

Someone advised.

Mia nodded: “That’s right, even the city lord can’t do anything about each other, let alone these few people. Sister-in-law, you should not

interfere, it is easy to make things worse.”

Next to it was: “Yes, right, right, not to mention that this is Levi Garrison’s unreasonable coaxing! Obviously he leaked information to the Black God

Sect, it must be a few of them. I think it would be good to give a lesson!”

Zoey bit his lip and said angrily: “Levi Garrison, you have never listened to me! This matter is over long ago, you have to entangle and bear the

consequences!”

Knowing that Levi Garrison was taught a lesson at most, Zoey was relieved.

In her opinion, this matter should teach Levi Garrison a lesson.

Who told Levi Garrison to be so stubborn.

Levi Garrison took Jiang Haozhe to the deep mountains near Li Wushuang City.

It is near the Wushuang City Forbidden Land, which is the cemetery where the old city lord and others are buried.

Jiang Haozhe looked at the environment and said with a smile: "Levi Garrison is remote enough, and you probably won't be able to find it if you die."

"Hahahaha..."

Several others smiled.

They are already discussing how to deal with Levi Garrison?

killed?

Or beat him crippled?

When they are outside, they can do whatever they want.

No matter what the result is, the city lord knows, and at most scold them a few words, there will be no substantive punishment.

After all, the important thing is Levilia, not Levi Garrison.

Maybe the City Lord and the others also hate Levi Garrison, and they want to get rid of it because of Levilia's face.

Several people turned their heads and stared at Levi Garrison as if they were looking at their prey.

"I will give you another chance, as long as I admit my mistake and apologize, I will spare you!"

Levi Garrison turned around and looked at a few people.

Everyone looked at each other.

It's like hearing a joke.

Levi Garrison himself still doesn't understand the current situation?

The danger is yourself!

Instead of us!

Then they all smiled and said, "Didn't you say that you are at your own risk? We want to see what the consequences are?"

Everyone looked at Levi Garrison like a fool.

They really can't imagine what consequences an ordinary person can bring to them?

What's more, the four of them are all Supreme Powers.

Jiang Haozhe is already the Supreme Power of the Triple Heaven...

What did Levi Garrison teach him?

"Okay, you asked for this!"

Levi Garrison gave opportunities again and again.

They don't cherish.

"Come on, are you going to hit me? Come on, fight here?"

Yu Dehao, the fourth apprentice of Fu Qiufeng, also deliberately moved his face.

He is a supreme powerhouse, his body is as hard as steel, and bullets can't penetrate it.

Ordinary people will only hurt themselves with a punch.

"Boom!!!"

But, in the next second, a blast sounded.

An overwhelming force that overturned Mount Tai came across.

“boom!”

Yu Dehao suffered a heavy blow and was beaten out.

The whole audience was dead...

CHAPTER 1633

“boom!”

After landing, Yu Dehao hit a deep hole directly.

“??!”

“??!”

...

The power spread out, smashing all the thick trees around.

Dumbfounded!

Completely dumbfounded!

Jiang Haozhe was completely stunned.

Can one punch the supreme-level powerhouse like this?

This this this.....

He is not an ordinary person at all! ! !

“he.....”

Jiang Haozhe just wanted to remind.

Levi Garrison took a sudden step and stepped tens of meters to appear in front of him.

“boom!”

A punch came, and the black was quickly enlarged and enveloped on the retina.

Jiang Haozhe didn't even have a chance to react.

“puff!”

His face was smashed by the punch.

A jet of blood in the mouth.

“boom!”

“boom!”

“boom!”

...

Next, Levi Garrison’s fist head hit Jiang Haozhe at the rate of a machine gun.

Jiang Haozhe’s body was smashed and deformed.

But the strength of his Supreme Grade Triple Heaven was unable to display at all.

He was crushed and beaten by an “ordinary person”...

“puff!”

Levi Garrison stopped when Jiang Hao was dying.

“Boom boom...”

He greeted the two people with his fists.

The two supreme-level powerhouses couldn't do anything, so they could only watch Levi Garrison beating them.

Crush!

The outstanding person among the younger generation of Wushuang City was hammered on the ground by Levi Garrison.

There is nothing to fight back!

“You, you, you... you are the sixth supreme level... the sixth heaven...”

Jiang Haozhe's mouth trembled, and he stammered. The eyes he looked at Levi Garrison were full of fear.

Judging from Levi Garrison's momentum and strength just now, it far surpassed their master Fu Qiufeng.

Then Levi Garrison must be a powerhouse of the Supreme Grade Sixth Heaven...

At least in his judgment, Levi Garrison was at this level.

In fact, Levi Garrison himself didn't know how strong he was, but he abused the powerhouse of the Supreme Sixth Heaven.

“What? Supreme Grade Sixth Heaven?”

The other three were so scared that they almost urinated.

This is too scary...

wrong! ! !

Suddenly Jiang Haozhe's eyes flickered, and his eyes were about to fly out.

Levilia was saved by Levi Garrison!

He destroyed the Black God Sect!

It turns out that everything he said is true.

How else would he know that they had leaked the secret.

Now it seems that he learned from the head of the Black God Sect.

What shit the old town owner!

No one ever showed up, how could it be possible to save people!

The truth is revealed!

It turned out that he had stepped down on the Black God Sect!

No wonder he said before that Wushuang City is qualified to guide his daughter.

It turned out to be really qualified!

He also said that his daughter was wronged, so he smashed Wushuang City.

Everyone thought it was a joke.

I didn't expect it to be true.

If he wants to, he can level Wushuang City at any time.

“puff!”

“puff!”

...

Thinking of this, everyone vomits blood even worse.

What kind of existence did they offend?

The most important thing is-he was not bound by God's covenant before!

“I will not kill you today, but you have to roll over and tell everyone the truth! Otherwise, I will really kill people! The Black God Sect is an example!”

Levi Garrison said so.

Why don't you agree?

The four immediately rolled back to Wushuang City.

“Back! Look, they are back!”

Someone shouted.

The anxious Zoey immediately leaned over.

“What??? This...”

When seeing the four people covered in blood and embarrassed appearance, everyone was dumbfounded.

CHAPTER 1634

“what happened?”

“How did they get beaten?”

...

The eyes of everyone present were incredible.

It stands to reason that Levi Garrison was beaten.

It's him no matter what!

But on the contrary, it was Jiang Haozhe who was injured.

It's too confusing.

What happened.

“what happened?”

“Where is Levi Garrison?” m.bg.

Zoey asked immediately.

Either Levi Garrison had an accident.

Either Levi Garrison is not an ordinary person.

Thinking that Levi Garrison was not an ordinary person, he could beat these people violently.

Zoey's face changed drastically.

Jiang Haozhe ignored them and went directly to Fu Qiufeng.

Soon, Fu Qiufeng gathered everyone in Wushuang City on a square.

It was Jiang Haozhe who asked him to do this.

Fu Qiufeng was also very puzzled, what are they going to do...

“Go ahead, what's wrong with you?”

Fu Qiufeng looked puzzled.

“Puff!”

All four Jiang Haozhe suddenly fell to the ground.

Jiang Haozhe cried and said, “Master, we were wrong! In fact, we have something to hide from you and Wushuang City!”

Everyone was surprised and in an uproar.

“What? What happened to you?”

Fu Qiufeng asked.

“Master, in fact, Levilia’s father said it was wrong. We revealed Levilia’s message, and I specifically told the Black God Sect leader...”

Jiang Haozhe admitted everything in public.

“Boom...”

Everyone present was struck by lightning, and their eyes were full of disbelief.

So what Levi Garrison said is true?

Everyone blamed them!

Especially Zoey and Mia, their bodies trembling.

...

“Levilia’s father is wrong, we are jealous of Levilia...”

Jiang Haozhe and several people said all the true thoughts in their hearts.

“What? You! You disappointed me so much, you almost ruined the future of Wushuang City!”

Fu Qiu Feng waved his hand with anger, and a terrible aura swept out.

“puff!”

...

Several Jiang Haozhe were beaten out.

“You four have tortured the same door, I can’t help but punish!”

“Capital sins are forgiven, but living sins are inevitable!”

“First you will be punished to be tortured in the precepts hall, and then you will be retired for ten years in the back mountain without taking a step!”

Fu Qiufeng said angrily.

“Thank you Master for not killing!”

Jiang Haozhe immediately kowtow.

“From now on you don’t call me a master anymore. This is the end of my relationship with your masters and apprentices!”

“I declare that I, Fu Qiufeng, will only have Levilia an apprentice from now on!”

Just when Jiang Haozhe and the others were about to be taken away, the voice of the great elder sounded.

“Wait!”

The elder walked up to a few people and asked, “Something is wrong. You didn’t admit it before, and you spilled dirty water on Levi Garrison. Why did

you suddenly admit it today?”

“Yeah! I heard that you just went out with Levi Garrison. When you came back, your noses and faces were swollen and you confessed to this. Let’s talk

about it, what’s the matter?”

The three elders also said.

...

When the two elders said these words, everyone looked over.

In fact, everyone is also very confused.

Especially Zoey and Mia.

They all wanted to know what happened just now when they went out with Levi Garrison?

Why did Jiang Haozhe make such a change?

“This.....”

Jiang Haozhe looked embarrassed and seemed unwilling to recall the scene just now.

“Say! Tell the truth! What happened after I left with Levi Garrison!”

Fu Qiufeng roared.

“we.....”

Jiang Haozhe pursed his lips.

Zoey stared at them tightly, breathing fast...

CHAPTER 1635

“City Lord, it’s not good, the place they went just now was near the tomb of Old City Lord!”

“It seems that the old city lord made a shot, and the surroundings have been razed!”

...

At this moment, the guard guarding the forbidden area ran over and shouted.

It depicts a terrible battle scene.

That was clearly left by the Supreme Grade Sixth Heavenly Powerhouse.

Fu Qiufeng frowned.

“Are you going near the tomb of the old city lord?”

Jiang Haozhe nodded.

“Presumptuous! The forbidden area of the Old City Lord is also a place you can go?”

Fu Qiufeng shouted loudly.

“I understand, it must be the Old City Lord who beat them like this, and it was the Old City Lord who asked them to take the initiative to admit their

mistakes!”

The great elder said suddenly.

Everyone feels so.

After all, Levi Garrison is an ordinary person.

How could it be possible to beat Jiang Haozhe of the Supreme Grade Triple Heaven like this.

They definitely wanted to teach Levi Garrison, the Old City Lord had taken action.

“Then I have a question. Why is Levi Garrison sure that they leaked the information? How did he know?”

Someone asked questions.

“It’s not easy? What did Levi Garrison do before? Even though his strength is not there, the intelligence is much better than we thought! It is estimated

that after he knew that Levilia was captured, he went to the Black God Sect. The breath of the gods!”

Fu Qiufeng explained.

“Yes, that’s wrong, Levilia does have a tracker on him, my husband made it!”

Zoey nodded.

“Understood, understood!”

“This Levi Garrison is no ordinary person, but he wants to thank the Old City Lord!”

“Oh, yes!”

...

In the end, Jiang Haozhe got the punishment they deserved.

Wushuang City is completely calm.

But everywhere in the world is not peaceful at all.

Secretly, the Union army recruited troops.

Not only that, they search all kinds of resources around the world.

All resources that can enhance combat effectiveness are in their goals.

Especially some powerful weapons, they have been coveted for a long time.

Somewhere in the manor of the war eagle country.

“Jefferson, are you really going to Erudia?”

Several people looked at a silver-haired man and asked.

What is surprising is that the silver-haired man is all made of machinery.

Robotic arms, robotic legs, and even winged aircraft...

The key is not to cover a layer of machinery, but to fuse flesh and blood and machinery.

Even his heart and many organs are mechanical.

He is just like a person, neither a ghost nor a ghost.

But this makes him super powerful...

The silver-haired man's cold face was full of excitement. He smiled and said: "I found out there is a meteorite iron in the Erudia Jiangbei Museum,

which is the most suitable for upgrading my body! If I get it, my strength will increase at least twice! "

"But the owner deliberately instructed not to harass Erudia now, so as not to startle the snake!"

"What's more, you are going to steal something, and it was discovered. It's very dangerous!"

Someone nearby persuaded.

Jefferson said angrily: "Bah! What is stealing? Should I get something?"

"Erudia will be ours sooner or later! I just took my things in advance, how can I be called stealing?"

"That's true! Erudia was soon divided up! At that time Erudia's land, money, resources, and women belonged to us!"

“We do what we want! Hehehe...”

Several people laughed.

Soon, Jefferson set off for Erudia.

Soon after, a man came to the manor, it was the man in the trench coat who formed the alliance army.

“What? My brother went to Erudia?”
