

CHAPTER 1652

After Li Longen left.

Immediately call the headquarters of Sanxing Group.

“The president is afraid that something will happen. I think Xu Zhengjie has other ideas. How could it not be possible for a smart person like him to

not know his value?”

Li Longen was a little anxious.

“I also hope that the headquarters will immediately come up with a solution to this matter. If this batch of weapons falls into the hands of other

people, especially Erudia, it will be a big trouble for us!”

Li Longen said that he was anxious.

“Okay, have a meeting now!”

In the emperor’s laboratory.

“Mr. Xu, you didn’t agree directly, do you have other ideas?”

The assistant asked.

Xu Zhengjie sneered: "Of course, I know better than anyone how valuable I am now!"..

"So my choice is not just Sanxing Group!"

The assistant immediately said: "That's true! If the news of our weapons spreads, it is estimated that the whole world will fry the pan! You will

become a celebrity to be robbed by the world!"

"Yes, so I can have multiple choices! Whoever gives the best conditions, who I will cooperate with! And I hope to cooperate with Erudia!"

"I hope Erudia will meet all my conditions and make me the top existence of Erudia. I don't believe that woman won't take a high look at me!"

Xu Zhengjie looked expectant.

The assistant said: "In your capacity, Mr. Xu can't get any woman you want. Doesn't it have to be her? Not to mention that she has children!"

Xu Zhengjie glared at the assistant and said, "They have called me paranoid since I was in school, and I can't look back if the things I think are not

completed!

Over the years, I was the only one who failed Zoey, and I have been brooding until now. “

“I don’t want to marry her or like her, I’m just fulfilling an obsession!”

“hiss!”

The assistant gasped.

This kind of obsessive paranoia is the most terrifying!

It can even be said to be a devil lunatic!

Without such obsession, how could Xu Zhengjie research such a weapon.

It is this kind of extreme lunatic that will have terrible creativity.

“Zoey applauded Wushuang City. I want her to see the scene of Wushuang City surrendering under my feet! Let him understand that I can ascend

to the Temple of the World as an ordinary person!”

Xu Zhengjie wasn’t talking big.

With his ability, in a word, the supreme-level powerhouse greeted and embraced.

Wushuang City is nothing at all.

Fu Qiufeng could only fawn after him.

After all, he is the existence of the upcoming war, which is very likely to reverse the situation.

Two days later, Levilia and Zoey returned to Wushuang City.

Levi Garrison went to the airport to pick up Xiao Qin.

For a long time, Xiao Qin became more beautiful, but also colder.

There was a breath that turned away thousands of miles away.

But Levi Garrison always felt that she was a little different.

What's wrong in detail, I can't tell for a while.

“Brother-in-law, you are here!”

Although Xiao Qin saw Levi Garrison, she was pleasantly surprised.

Can deliberately suppress emotions.

The performance is relatively flat.

“Your sister and children have already returned to Wushuang City. I will take you there tomorrow!”

...

After getting in the car.

Both were a little embarrassed.

“How are the past two years?”

Levi Garrison asked.

“I’m pretty good! But I heard that brother-in-law seems to be a lot of twists and turns! Now you are an ordinary person!”

Levi Garrison smiled and said, “It’s good to be an ordinary person! The children’s wives and mothers are there, it’s a blessing in life!”

“Hmm, very happy!”

Xiao Qin seemed to think of something, and said with a smile: “Brother-in-law, I will get married soon too!”
