“You probably have a psychological shadow!”

Subsequently, Richard found several psychologists to enlighten and treat Jefferson.

Xu Zhengjie is also in the same situation. mi. c

He is the most concerned existence in the world.

There are positive and negative effects.

Many people called him a traitor, and killed his compatriots.

Sooner or later, he will be caught in Erudia for atonement.

...

I don't know why, Xu Zhengjie felt a little flustered when he heard this.

I always feel that this thing is going to happen the same.

After all, he has a guilty conscience.

He told Richard all this.

Richard called him peace of mind.

He is now a member of the Eagle Nation.

It is necessary to become a king soon.

What are you afraid of?

No one can take him away in the Eagle Nation.

There is no one in this world who would dare to be wild in the Eagle Nation.

To arrest his brother and Xu Zhengjie is nothing short of a dream.

Xu Zhengjie also gradually felt relieved.

If you say where is the safest in the world.

There is definitely a war eagle nation in the first three miles.

He is not afraid at all now.

While immersed in joy, Erudia was still dealing with all kinds of troubles after the war.

Including Xiao Feng, they have been looking for Levi Garrison's whereabouts.

"Even though we won the war in an all-round way, the enemy still ran a lot!"

"First, Xu Zhengjie, betrayed Erudia, and killed countless compatriots with special weapons. He is Erudia's sinner. Now he has fled to the war eagle

country.”

“Secondly, Richard and Jefferson are two brothers. Richard is one of the planners who dominate the alliance. His identity is still unknown. They are

also in the Eagle Nation.”

“Third, Star Country’s Sanxing Group, they are also important planners, and almost all the financial resources this time are from them!”

“Fourth, even a certain faction of the Sky Shield Bureau sent people to ginseng, and there is also the Apocalypse Association!”

...

Yanlong Weiluo lists Erudia’s enemies.

“Perhaps we may have no solution now, but whenever there is a chance, everyone has to pay for their actions!”

These enemies were all remembered by Erudia.

“There are also those warriors in Erudia who have not participated in the battle, and those evil sects are also Erudia’s enemies, and they will all die!”

They also listed all the evildoers who have contact with the Domination Alliance.

“Well, if there is a Baolong clan taking action! All these evil sects will apologize!”

“But Xu Zhengjie, Richard and these people we can only watch! They are in the War Eagle Nation, how do we do it?”

“Hey! They won’t be able to move for a while, let’s find a chance later. Maybe they won’t be able to move in this life!”

“I heard that Xu Zhengjie will serve as the King’s Ceremony in seven days. We can’t even touch him at that time!”

...

Everyone looked depressed.

“Move, why not move?”

“Jefferson has only begun ten years in jail, so he has to come back to jail honestly!”

“Xu Zhengjie was punished for treason and must be arrested back to Erudia and be sentenced to death!”

“I said you can’t escape from my Five Finger Mountain!”

Somewhere in the northern continent, a voice rang.

Levi Garrison appeared...
