

## The Return of the God of War [The Protector] Chapter 1806

So many ancient forces have emerged all at once, of course they are not idle.

Just to take away Levilia.

There were originally several strong forces who wanted to take away Levilia directly.

But they didn't expect a full seventy-four wave of forces to come.

This is simply terrible.

So which sect you belong to is a difficult question.

"Yes, it is necessary to discuss it carefully! Such a genius is definitely insulting in ordinary martial arts, but

my Tianyan Pavilion is a good choice! Let us all, right?"

"That's not good! My Qinghong Palace photo You are not bad at all!"

"We are not bad at all, this kid should be with us, or a girl, and suits me Ziyan Pavilion!"

...All the

major forces quarreled, and the scene was very chaotic.

Upon seeing this, the Lopez and Black families had mixed joys and sorrows.

Levilia is too valuable.

She can completely cause shocks in the Erudia martial arts world, and even the whole world.

This is amazing.

What worries you is to which power do you belong?

Looking at this posture, it is estimated that the blood flowed so badly that they would not be able to

choose...

"Don't make

a noise !" Just as everyone was struggling, a voice sounded.

It turned out to be the voice of the Phoenix Palace.

They were the first wave to come here just now.

Everyone present looked at them.

"Well, three days later, all our forces will hold an apprenticeship reception here! As for who gets the child,

let the child and the family choose among all our forces!"

"What everyone has to do is to show all the strength cards and let them choose by themselves!"

Phoenix Palace suggested.

Head of the other major powers have also nodded: "This is a way to, or we fight it, for fear that numerous

casualties ah!"

"Right right right, let them choose their own we have to have the ability to let the big summer outside!!

Those barbarians from here, look at the prosperity of my Erudia martial arts world!"

.....

In the end, everyone discussed and decided that, three days later, the apprentice-receiving ceremony

would be held in Jiangbei.

At that time, the major forces will show their strongest cards one by one.

Then let the monarch and the family choose who to join.

Of course, whoever chooses the most powerful is not necessarily the one among them.

After all, so many forces are not directly strong enough to overwhelm all forces.

There are usually three or four tied for the top.

At this time, you have to choose the one that suits Levilia. For example, Levilia is a girl. It would be better

if you choose a school with a majority of women.

Or choose a more suitable exercise method for Levilia, and various factors such as Levilia's physique.

There is a lot of room for choice.

It is equivalent to throwing the problem to Zoey these people.

However, the Lopez and Black family are still very excited.

With so many forces supporting Levilia, they will definitely have a boundless future in the future.

Together with the clan of Xishu, it was also tainted.

Soon Levi Garrison came back.

The elders of the family, upon seeing this, they shook their heads and covered their faces.

Not even the father-in-law and even Emma were happy.

After all, Levilia just experienced a great danger.

As a result, Levi Garrison, the father, was not there yet.

How can this not make everyone angry?

If there was no backer they invited and so many masters to support.

Levilia is afraid that it will be too bad for you.

"I don't want to hear you explain! Levilia is experiencing danger this time, you just aren't here! It's useless

to say anything!"

Zoey was also very angry.

In fact, Levi Garrison knew about this a long time ago, after all, his secret team had already sent a message.

They don't even have a chance to shoot!

This is what Levi Garrison didn't expect!

"Three days later, it will be the ceremony for the collection of the emperor! By that time, nearly a hundred

forces will accept the emperor as disciples, and we will select the most suitable force for the emperor to

join!"

Levi Garrison smiled and said, "Want to accept me." My daughter is an apprentice? I have to see if they have

this strength? I will go personally then!"
