

The Return of the God of War [The Protector] Chapter 1808

The power of the Seventh Heavenly Powerhouse came out.

All other forces were eclipsed.

After all, they don't have a strong man at this level, even if they accept the emperor as a disciple, they may not be able to protect it.

What if someone comes to grab it?

Can't protect it!

So as soon as these dozens of forces appeared, the other forces silently gave up.

It is impossible to compete!

Before they were also the influence of Levilia.

Until now, I understand how popular this kid is!

"Let's discuss it carefully, the most likely to be able to choose is these dozen forces!"

Finally, the problem was thrown to Levi Garrison and the others.

From these dozens of forces, choose one to be your teacher.

One says one.

There are seven heavenly powerhouses in charge, and Levilia's safety and future are no problem.

After all, the Seventh Heavenly Powerhouse is too rare.

Levi Garrison killed five consecutively and was on the big summer list.

Zoey began to discuss with his family, everyone was arguing and Levi Garrison was hanging aside.

At first, everyone was excited about the discussion, but then suddenly realized a problem...

If one of them was chosen, what would happen to the other forces?

Will definitely be angry!

Even enmity!

In the future, I am afraid that the life of Lopez and Black's family will not be better.

It will even be devastated.

So I didn't choose that one!

Everyone was embarrassed for a while.

Because of these dozens of forces, their strengths are roughly equal.

Choose one and definitely offend the other ten.

problem!

The real big problem!

If you choose one, that force will definitely protect the monarch, but others may not be able to protect

the safety of others.

A full half an hour passed, and everyone did not discuss a result.

Instead, everyone was nervous to sweat.

It won't be appropriate to choose that...

All of them are martial artists who are capable of gods, and if they are upset, they will all shoot you to death.

"Your family discusses

Are there any results? Have you decided where to send this child? "At

this time, someone came to ask.

"Finally, give us a little more time, we have to think about it!" "

...

Everyone hesitated.

"Hurry up, all the major forces are urging!" "

I am annoyed by these people, I can't eat it!" "

Now everyone is even more embarrassed. I

don't know how to choose.

At this time, Levi Garrison's voice sounded: "Leave this to me!" Let me choose one for Levilia! "

" Do you? "

Everyone's eyes fell on Levi Garrison alone.

Suddenly someone's eyes lit up.

"It's better to let Levilia's father choose!" The rest of us don't mix too much, let's go quickly! "

Right, right, right, let Levilia's father choose!" This is his right! "

...

Everyone agreed. But

everyone is making wishful thinking. If

Levi Garrison chooses, then all the consequences will be imposed on Levi Garrison alone. If

other forces find trouble, they will also find Levi Garrison.

With them. It has nothing to do.

But the forces chosen by Levilia can be their backers.

They just want to enjoy it.

Any risk is borne by Levi Garrison alone!

This is really a great thing!

“This matter is taken care of by the father of the child,” We will not participate! ”

In the end, the old lady and her group took Zoey and others to leave Baiyun Villa.

Levi Garrison and Levilia are left behind.

Anyway, everyone knows that Levilia will be fine, and Levi Garrison was in front of him.

Finally, Levi Garrison led Levilia to the court.

Hundreds of forces stared at the father and daughter.

“Have you decided on Levilia’s father?”

the hall master of Tianwu Palace asked coldly.

Others began to urge Levi Garrison to make a decision as soon as possible.

Levi Garrison scanned the audience for a week and said with a smile: “Sorry, everyone here is not qualified to

accept my daughter as a disciple!”
