

# The Return of the God of War [The Protector] Chapter 1810

“Who has Levilia been accepted as an apprentice?”

Everyone gathered together.

Looking forward to it.

Levi Garrison shook his head, “No, no one accepts Levilia as a disciple!”

“Huh?”

“Huh?”

...

Everyone present changed their faces and looked at the father and daughter in confusion.

“What happened, why didn’t you accept disciples?”

everyone asked curiously.

Everyone thought something

went wrong ... “It’s nothing! It’s just that they don’t feel worthy to be the master

of the monarch , how dare to accept the monarch as a disciple?” Levi Garrison smiled.

Everyone naturally didn't believe what Levi Garrison said.

Someone immediately entered the villa to inquire.

Will be back soon.

"That's true! They said Levilia's talent is too high and too high, and no one in the room is qualified to accept her as a disciple!"

Hearing this answer, everyone looked at Levilia in horror.

How talented is this kid?

It seems that it has reached a point that no one can imagine!

"Doesn't it mean that the super giants who want to accept the monarchs as disciples will be super giants?"

The Taishan Beidou of the martial arts world?"

Li Tianhao's body was shaking with excitement.

"That's absolutely true! The thirteen seven-tier powerhouses just dare not accept monarchs as disciples.

That talent speaks for everything!”

“The future of our families is definitely going to take off, which is even more exaggerated than previously

imagined!”

...

Hearing Levilia’s talent, everyone showed an expression of excitement.

But their expectations are correct.

One person wins the way, the chicken and the dog ascend to heaven.

Levilia is to be accepted as an apprentice by the super power, and other people will follow suit.

But the super power is by his side... After

Levi Garrison and his party left.

In Baiyun Mountain Villa, there was still dead silence.

Everyone was still immersed in the shock that Levi Garrison brought to everyone just now.

He is so strong?

But everyone also understands how Erudia defeated the Domination Alliance.

“No accident, he is the Heavenly King of Tianbang Town! It’s really terrifying!” The

Hallmaster of Tianwu Hall took a breath.

That’s a master of the sky list!

They are not qualified for these Seven Heavenly Powerhouses!

Just as everyone was about to disband and leave, the atmosphere of Baiyun Villa suddenly changed.

Let everyone have a shuddering feeling.

“Boom!”

A person walked in outside the gate of the villa.

A black robe looks mysterious and terrifying.

Almost tens of thousands of people on the scene were attracted by him!

“Who are you? What are you doing?”

someone asked vigilantly.

The man Jiejie smiled: "Good question! I am Levi Garrison, I will kill all of you!"

"Levi Garrison?"

Everyone was dumbfounded.

Didn't Levi Garrison leave with his daughter just now?

Why did you come back again?

correct?

Kill everyone?

This is...

everyone didn't have time to think.

This person was already brandishing Death's sickle and began to slaughter...

"Puff!"

“Puff!”

“Ahhhhh...”

...

a unilateral slaughter began.

The mysterious person posing as Levi Garrison began to slaughter as soon as they met.

He is too strong and too strong!

Even the powerhouses of five or six heavens are like chickens and dogs in front of him, and they have no

ability to resist at all!

The most important thing is that Baiyun Villa seems to be sealed off, and there is no movement inside.

The people inside couldn't escape outside at all.

Kill kill kill!

The mysterious person who pretended to be Levi Garrison smashed his eyes...

showing his terrifying strength.

These hundreds of forces can't resist at all.

Even if everyone joins hands, there are still thirteen Seventh Heavenly Powerhouses sitting on the ground,

they still can't stop them.

Declining steadily, more and more people died, filling up the entire villa.

The thirteen seven-layer powerhouses had the power to fight, but they were all injured in a fight with Ye

Levi just now.

Faced with such a strong enemy, he can only be beaten.

The blood flowed across, and the bones became mountains.

Tens of thousands of masters were killed in a short period of time...
