

The Return of the God of War [The Protector] Chapter 1812

All clues and evidence refer to what Levi Garrison did!

Almost a real hammer!

There is no reason to prove that someone else did it!

“The motive for killing is very simple! These people wanted to accept his daughter as a disciple, and he killed them all in anger!”

“In addition, the temperament of this kind of devil is moody! There is no reason to do things in many cases!”

“Yes, this matter has nothing. In doubt, it was Levi Garrison who did it! Even if someone wants to frame him, he doesn’t have the power to kill everyone in just a few minutes, including the thirteen Seventh Heavenly Powerhouses!”

“Yes, this matter is certain. Now, it’s Levi Garrison!”

... The

Tianlong four immediately made a judgment.

Huang Fox collected all the evidence.

“The Baolong clan mentioned this issue before, reminding Tiance Mansion to pay attention to Levi Garrison, his identity is too special!”

“Yes, we didn’t care about it before! Now think about the word side by side king turned out to be a big monster! , What a terrible thing would it be? How dangerous would it be to Erudia martial arts world, and how dangerous it would be to Erudia?”

Huang Hu reminded.

Hearing this, everyone was startled in a cold sweat.

“Yeah, look at him casually, it will be such a devastating blow to Erudia martial arts!”

“Also, he has a large group of crooked ways, all of which are time bombs! Once there is a problem, it will be a disaster!”

Several people said.

“How should this matter be resolved?”

Earth Tiger asked.

“First, immediately destroy everything present, block the news, and don’t let this matter go out. Just as if it didn’t happen!”

“Second, immediately report to the Tiance Mansion and Baolong Clan, and let them decide how to deal with it. We have authority. not enough!”

Tianlong puts forward a plan.

Everyone immediately executed.

“By the way, everyone has forgotten the purpose of our visit this time?”

Huang Hu reminded.

“Yeah, this time we are here to see the talent of Levi Garrison’s child Levilia!” The others showed their suddenly realized expressions.

Tiance Mansion is here.

Just for Levilia.

Others may not believe Tianji Pavilion's introduction to Levilia's talent.

But they absolutely believed in Tiance Mansion.

This time they are sent here to check Levilia's talents.

Basically, they wanted to bring Levilia back to Tiance Mansion.

With Levilia's talent, few people are really qualified to accept her as an apprentice.

In the end, Levilia will probably enter Tiance Mansion or Baolong clan.

"It now appears that this Levilia must be taken away by our Tiance Mansion! Her father is a great demon.

With such a high talent, if she is cultivated into the next great demon, there will be endless troubles!"

"Horrible!?! this great Satan chosen to have such a high talent God is really unfair, "

Dragon Mougung flashing:" It seems, had to have the third thing – the days of Jun-Jun received government policy "!

final This matter was forcibly suppressed by Tiance Mansion.

The news didn't spread at all.

Even if Levi was in Xiao Feng, they didn't even know.

No one knew what happened to Erudia.

The martial arts world has already lost a lot of power...

This happened to be what the people who framed Levi Garrison wanted to see.

It has caused a conflict between Levi Garrison and Baolong.

The Lopez and Black families are also immersed in the joy of Levilia's high talent.

Even Levi Garrison didn't care.

But I did not expect an unprecedented event to happen.

He has been given the title of Great Demon.

At this moment, the Tianlong members of Tiance Mansion had already met with the senior officials of

Messiahi.

“What???”

The senior officials of Messiah were also very shocked.

Unexpectedly, such a thing happened.

They wanted to defend Levi Garrison.

But the bloody facts lay ahead.

“Wait, he must have the next move!”

Messiah asked: “By the way, who is the master of the king, who is the big demon?”
