

The Return of the God of War [The Protector] Chapter 1820

With Levilia's super talent, once the news of his apprenticeship is released, everyone is afraid that everyone

will be snatching it!

Whether it is Erudia's power, or global power.

Everyone wants it!

However, the news of Levilia's apprenticeship did not spread to the East Island on a large scale.

Even secret to the extreme.

No news will be released.

And what about the forces that want to accept disciples?

It was they who sent out invitation letters one by one.

The forces receiving the invitation, for their own benefit, naturally kept silent.

Therefore, no one knew about the news of Levilia's apprenticeship except for those who were actively

invited.

Although the news of the apprenticeship reception this time is closed, there are still many people invited to participate.

On an unknown island somewhere in the East Erudia Sea, it is in the depths of the East Erudia Sea, where storms converge.

This place happens to be in the restricted area.

Most of the time, even satellites cannot be detected.

Airplanes and ships generally avoid this area deliberately.

But the warriors of Toshima chose to accept the monarch on this small island.

Therefore, even if the Western Heavenly King has the strongest intelligence agency, it is difficult to find here the first time.

On the island.

The Samurai of Higashishima came here early.

A helicopter fell, and several masters brought Levilia here.

The venue has long been set up.

Levilia was locked up in the background.

Levilia blinked his big eyes without making a sound, crying, or making trouble.

Seeing her serious attitude looking around, she seems to be thinking of a way.

Although Levilia is young, she is a sensible child.

The experience that was different from that of other children since childhood has made her mind far more than ordinary people.

Levilia held his small hand tightly, and sighed that he was still not strong enough.

The only thing she was waiting for was Levi Garrison's rescue.

But she also needs to do what she can.

Like remembering everyone present.

Even if they are all masked, she still has to remember the characteristics.

Even their own words, Levilia must remember all of them.

When the time comes, let Dad have more clues.

The leader of the Toshima samurai, covering his face, sneered: "Let's take a look at the first day of the summer, how much value can it bring to us?"

"Hahaha, wait and see!"

Everything is ready.

Then wait for the forces that want to accept disciples to come.

"Rumble..."

Not long after, there was a rumbling sound over the island.

A helicopter arrived.

The first one entered.

From the ancient power of the Great Dragon Palace in Erudia, the lord of the mad dragon is the god

of war.

The strength is close to the eight heavens!

The nineteenth strongest in the summer!

One rank higher than Levi Garrison!

In fact, after the covenant of the gods and various disturbances, various ancient forces have emerged

one by one.

But the stronger and more ancient forces are still in a state of seclusion.

Never appeared.

I don't know where this group of East Island invited them from!

It is enough to show that they are great!

"Rumble..." The

second one entered.

Venerable Xuan Lei, the lord of Xuan Lei Palace.

The 15th strongest in the summer list!

.....The

third place enters.

The lord of Fenglei City, Fengleijian Supreme!

Thirteenth on the Big Summer List!

.....The

fourth place enters.

The fifth entry.

.....

Soon representatives of more than a dozen forces entered the venue.

Almost the eleventh to twentieth on the Big Summer Ranking are here.

“Sixteenth admission!”

“He is the sword of God from us the wonder Xuanming house, big summer standings ranked
twelfth!”

“Seventeenth admission!”

“He is from Wulong five Long Dao Ren, famous for his spells! Ranked eleventh in the summer list!”

... After

these two entered the arena, everyone gasped.

Except for the top ten in the summer, all the others are here.

Half of the sky list, this is terrible!

Not only Erudia forces came.

Together with the neighboring countries around Erudia, dozens of powerful ancient forces have also
arrived.

Most of the invited forces have come...
