

# The Return of the God of War [The Protector] Chapter 1841

Once Xu Zhengjie steps out of the base, he will be lawless!

He will be a disaster for Erudia!

No one can stop him!

He can do whatever he wants!

It is even exaggerated to say that Xu Zhengjie is the end!

Xu Zhengjie shouted wildly: "I am invincible in the world! Who can stop me? Hahaha! Levi Garrison, you are only worthy to crawl under my feet!"

Xu Zhengjie holds the power of destruction in his hand, and his energy is world-destroying!

He really wants to be invincible!

regret!

Endless regrets!

Why did you bring the traitor Xu Zhengjie back?

Instead of letting Levi Garrison kill him directly?

Levi Garrison still dissuades them in that way, warning them that something will happen.

But no one will listen!

No one would listen to Levi Garrison's suggestion of supervising Xu Zhengjie and restraining Xu Zhengjie!

They are all saying that Xu Zhengjie has changed his mind and repented.

In the base, he was given too many and too high rights.

Even if Wen Lei made many suggestions, she was rejected and scolded.

Sure enough, something happened now!

If I had listened to Levi Garrison's advice!

Will this happen?

Will such a proud person repent?

will not!

To let Xu Zhengjie admit his mistake is to deny himself.

How can it be?

Wen Lei slowly looked at Xie Zhengfeng, her team leader was still saying yesterday-something happened, he will take care of everything!

Now that something has happened, you have to bear it!

Can you afford it?

At this moment, Xu Zhengjie has already put on a mech that is as thin as a cicada's wings.

This is the mecha suit he specially made in advance to control energy.

” Boom!”

He stepped away.

Appeared a thousand meters away in an instant, and came to Wen Lei's several people.

He is now a pure energy body, just release a little energy, let him walk like flying, even take off.

So one step kilometer is normal.

Seeing Xu Zhengjie who appeared suddenly, like a god.

The people on the outer floor of the experiment room were scared all around

Fleeing, began to scream.

” Noisy!”

Xu Zhengjie said coldly, and his right fist blasted out.

The invisible energy leaked out, pulling out a wave of air in the air, instantly piercing the escaped person.

” Bang!”

Xu Zhengjie slapped another shot, erasing the body of a person who had fled 100 meters away...

The release of long-distance energy created this invisible killing effect from a kilometer away.

Make everyone really think Xu Zhengjie is a devil!

Immediately, Xu Zhengjie began to kill indiscriminately.

Anyone who ran away was obliterated by Xu Zhengjie.

” From now on, if anyone dares to escape from the base, I will kill!”

Xu Zhengjie said.

His voice was transmitted to every corner of the experimental base through energy, which was comparable to broadcasting.

Everyone was scared.

Curled up and shivered.

Soon, the entire Shenlong Technology Base was under the control of Xu Zhengjie alone.

The senior leaders of the Dragon Technology Alliance want to cry!

Regret it!

Such people should have been killed long ago!

They blended hammers!

It's all right now, everyone has become a prisoner of Xu Zhengjie.

He kills if he wants!

Control the entire base.

Xu Zhengjie returned to Laboratory One.

He appeared directly in front of Wen Lei.

Wen Lei withdrew two steps subconsciously.

Before Xu Zhengjie's temperament was moody, just like a lunatic.

Now that he has become an energy body, he is probably even more annihilated.

Will kill her casually!

Who is not afraid of death?

” Don't you always like to stare at me? As a result, what's the use? These idiots don't listen to you!”

” Levi Garrison is right! There are too few smart people here!”

Xu Zhengjie smiled mockingly.

In the base, the intelligence quotient is high, but the emotional quotient is not necessarily high.

” From now on, all of you will give in to me!”

Xu Zhengjie shouted.

Wen Lei was the first to stand up: “Although I am afraid of death, it is impossible to give in to you! Did you kill me?”

” Do you really think I dare not kill you?”

Xu Zhengjie slowly raised his right hand.
