

The Return of the God of War [The Protector] Chapter 1845

Fu Jia's look also changed a lot.

Cthulhu followed the army in large numbers and masters like a cloud.

You can tell from the breath!

In this group of evil gods, there are also three strong men with the strength of the sky list.

Most of these crooked ways are not listed in the list by Tianji Pavilion.

But there are not a few who have the strength of the top ranking!

Even though these three are just at the end of the ranking list, that is not Lin Tianlong, Fu Jia and the others can match.

Especially the number of Cthulhu Army is dozens of times more than them.

This is a mortal game for them!

"A group of evil demons dare to come out and go wild?"

Ji Fengchen shouted.

Every one of them has disdain and disgust on their faces.

In their concept, the evil spirits must die!

Not worthy of being alive at all!

Like the maggots in the sewers!

“Yes, a group of demons hurry back, or you will all die!”

Lin Tianlong also warned.

One of the Cthulhu army sneered and said: “You keep saying that we are evil spirits! Have you seen us kill people with your own eyes? Have you seen us doing things that hurt God with your own eyes?”

“Yes, you guys pride themselves on being upright, but the people you killed? Are you less? Are you doing fewer bad things?”

“Hmph, what else do a group of demons quibble? You have been demons since birth! You are cruel and unfeeling, you are addicted to murder!”

“You are no different from maggots! You are more than flies in a dung pit more disgusting! ” “

Especially Cthulhu successor Ye monarchs, but the scum of the scum! If we catch him, can not wait hacked in pieces! “

.....

What Levi Garrison didn't expect was that the battle between these two waves would abruptly involve him.

Ning still stared at the evil god army, and said coldly: "And said that we haven't seen you evil spirits kill people outside? Levi Garrison, isn't it? Baiyun Mountain Villa's tens of thousands of warriors have all been slaughtered! There are so many masters on the East Erudia Sea island!

"You dare to say that you are crooked

Don't kill innocent people indiscriminately! "

Monsoon Chen said coldly: "Yes, that's right!" The devil Levi Garrison is shameless, scum, like a toilet maggot! This kind of person should be thundered by the sky! Don't die! I curse him for death! "

These crooked people laughed: "But do you know who saved Erudia before?" Who raised Erudia's prestige? Why don't you mention these things at all? "

Lin Tianlong sneered: "The evil demon is the evil demon!" He must have a purpose in doing good things! I don't believe he is so kind! "

Monsoon Chen immediately agreed with them: "That's right!" He is a descendant of Cthulhu! He was destined to be not a good thing from the beginning! Good things done are fake! It's all deceptive! This kind of dog can't die! "

" Yes! Levi Garrison can't die, and you people can't die! Curse you to go to hell sooner or later! "

...

These righteous people scolded one after another.

Levi Garrison clenched his fists, and he was angry.

What is righteousness?

What is evil? On the

contrary, these righteous warriors kept saying kill or die.

“You can insult us. But insulting the descendants of the Cthulhu is no good! He is our faith, insult others, and die! “

” Unforgiven! “

” Unforgiven! ”

...The

evil gods’ army was murderous, and they kept shrinking the encirclement.

Lin Tianlong and others’ complexions changed wildly.

Unexpectedly, a few of their happy words completely angered them.

“Swipe...” At

this time, they were rushing around. A dozen people came out. It

was the guards arranged by the martial family to Lin Tianlong's side, and they were all super masters.

"A group of evil demons dare to be presumptuous?"

"Do you know who they are?"

"Lin Tianlong, the fifth on the list, this is the heir to the Lin family!"

"This is..."

After hearing the evil spirits' army: "I care. Who are they? Kill!"
