

The Return of the God of War [The Protector] Chapter 1849

Everyone's scalp was numb, blood flowed back, and a chill rushed from the soles of the feet to the sky.

did not expect!

I can't think of it to death!

This person turned out to be Levi Garrison!

The maggots in their mouths, the big demon who can't die is right in front of them!

The key is all kinds of insults in front of others!

Even stupid enough to tell others to kill themselves!

There are so many bizarre things in the world, but for them, there is nothing more bizarre than this!

No one thought that Levi Garrison would appear here.

Also changed.

But they hit the gunpoint.

Levi Garrison's eyes swept away, one by one, his head down, his face burning.

Lin Tianlong lowered his head and dared not look at him.

Fu Jia lowered her head and dared not look at him.

... After

being swept by Levi Garrison's gaze, everyone bowed their heads one by one, not daring to look at Levi Garrison at all.

Especially Monsoon Chen, Ning still and the person who insulted Levi Garrison just now was even more guilty.

Head down, wishing to find a seam to drill in!

Levi Garrison's gaze was like a blazing sun, shining on their faces, and the pain was fierce, as if they were being cut by a knife.

They were so nervous that they trembled, and the sweat made them wet.

"Don't find me, don't find me!"

"He didn't see me! He didn't see me!"

...

Ji Fengchen lowered their heads into the crowd, deliberately hiding, praying that Levi Garrison would not find them.

The atmosphere is dull, everyone's heart is like a big rock,

Especially Levi Garrison did not speak for a long time.

Everyone just thinks that the chest is about to explode.

Almost suffocated!

"Puff!"

Finally someone couldn't bear the pressure and knelt in front of Levi Garrison.

"I'm wrong, Lord Cthulhu! It's the little one who has eyes and no beads! You shouldn't insult you! Just put the little one as a fart!"

"Puff!"

Another person kowtowed on the ground begging for mercy.

"Yes, Lord Cthulhu, forgive me! How dare we have other thoughts, just can't control this broken mouth!"

"Puff!"

“Puff!”

...

Everyone knelt down in front of Levi Garrison and apologized one by one.

Dumbfounded!

Lin Tianlong and Fu Jia were dumbfounded.

Thousands of people behind Levi were also dumbfounded.

Is this the so-called decency?

Kneeled in fear at the evil demon in their mouth! ,

Ridiculous!

Extremely ridiculous!

Levi was happy.

“Hahaha...”

Thousands of people behind them all laughed wildly.

“Hahaha, shouldn’t the celebrities swear to their deaths? Why did you kneel down?”

“This is the biggest joke I have ever seen!”

...

Faced with all kinds of irony, Lin Tianlong and Fu Jia were ashamed.

Today, everyone is lost!

“Since you kowtow, I will spare you once!”

Levi Garrison smiled.

“Thank you Lord Cthulhu! Thank you...”

Everyone began to kowtow and thank you.

“Ashamed! You are the shame of the right way!”

“I, Fu Jia, disdain to be with you!”

...

Seeing these people kowtow and thank you, Fu Jia, Lin Tianlong and the others are as uncomfortable as eating flies.

The reputation of righteousness was lost by this group of people.

Kneeling down to beg for mercy from the evil spirits!

You should rather die than surrender!

Immediately, Fu Jia and Lin Tianlong cast approving glances towards the monsoon dust.

The people who insulted Levi Garrison just now basically knelt down.

Only a few people in Monsoon Chen would rather die than come forward.

“Good job!”

Fu Jia said excitedly.

Thumbs up for them!

Even if you die, you have to show your spine to these crooked ways!

“But the people who clamored the most viciously at me just now didn’t seem to stand up?”

Levi Garrison’s voice sounded.

In the monsoon dust, Ning still shivered with a few people like falling into an ice cave.

“Puff!”

“Master Cthulhu, I was wrong, I beg you for forgiveness!” As

soon as the voice fell, Ji Fengchen knelt on the ground.

Lin Tianlong and Fu Jia were dumbfounded.

Would you rather die than surrender?
