

The Return of the God of War [The Protector] Chapter 1858

Everyone looked at Levi Garrison's room, and they all smiled.

Lonely men and widows live in the same room.

What is Levi Garrison going to do, who doesn't understand?

"Hehehe..."

If you let Levi Garrison know the thoughts of this group of people, he would be furious.

He was thinking about countermeasures while punishing the two women a little.

These young people are too crazy one by one.

Levi Garrison must rub their spirits.

Think about it, let Fu Jia, who is called a fairy, be treated as a maid to press his legs.

This is a blow to her at all.

But I didn't expect to understand it crookedly!

I have to say that the martial artist's hand strength is really good.

It is suitable for pressing the shoulders and beating the legs.

Levi Garrison closed his eyes and meditated, thinking.

Two hours passed gradually.

Lin Tianlong, who had been locked up, had already woke up.

The person was not released for two hours, which meant that the two women had fallen into Levi Garrison's magical hands.

What should have happened has already happened.

“Ah!!!”

Lin Tianlong screamed up to the sky.

The fist was clenched tightly, and a majestic force gushed out.

Almost broke free of the rope.

“Levi Garrison, I don't share the same spirit with you! Don't let me go out! Otherwise, I will make you die!!!”

To Lin Tianlong.

Wife-robbing hate is not shared!

Not long after, Fu Jia and Ning were still sent back.

The two were still blushing, and their clothes were a little messy.

After all, it has just been three hours since Levi Garrison beating his legs and pressing his shoulders...
But

their appearance changed in the eyes of others.

“Haha, worthy of the little evil god!”

“This is the descendant of the evil god! Since the outside world says that we are all evil, then we simply do what we want!”

...

everyone laughed.

But after Lin Tianlong saw the two, his eyes were about to fly out.

Levi Garrison, I want you to die!!!

His heart is bleeding!

& “Fu Jia, you guys... are you okay?”

other colleagues asked one after another.

“We...we are okay...”

Fu Jia and Ning still saw everyone’s strange eyes, and gradually understood something.

“Levi Garrison took you there. Didn’t he do anything to you? This damn devil!”

someone asked.

“No, he let us...”

Ning still looked at Fu Jia, and neither of them could say anything .

Can’t you say that they beat the demon’s legs and shoulders, right?

If this spreads out, how will they mix up in the future?

Together with their family will also be humiliated!

So I must not say it!

“Actually no...nothing...” The

two of them hesitated, but they made everyone more sure that Levi Garrison must have committed a murder to the two.

What else can make girls difficult to talk about?

“Levi Garrison!!!”

Lin Tianlong fainted directly.

Fu Jia and Ning were still confused.

I don't even know what happened.

Soon the story of Levi Garrison and Fu Jia spread out.

The followers of Cthulhu who were rushing to various places were overjoyed when they heard this news.

“Little Cthulhu Demon's hand picking flowers! It's so good!”

“Hahaha, Little Cthulhu, go on! Picking all the righteous flowers!”

... But when

others heard the news, they were really furious.

“What? Fairy Fu and Tianjiao Ning, who is seventh on the ground list, are still being poisoned by Levi Garrison?”

“Sure enough, the devil is the devil! No evil is done! Killing without blinking ! Women don’t let it go!”

“This kind of demons must be killed!”

...

Especially Fu Jia and Ning are still top arrogants.

Levi Garrison’s attack on these two women caused a great sensation.

The forces behind the two are going crazy!

“Levi Garrison, did you really release your nature? I thought you wouldn’t touch other women except Li

Zoey ?” Xu Zhengjie not only smiled when he heard the news.

“Come on, send this news to Zoey, let her see what her husband is doing? Hahaha...”
