

The Return of the God of War [The Protector] Chapter 1870

Xu Zhengjie smiled at the corner of his mouth and looked at the three of them as if they were prey.

The poisonous power of the evil spirit is operating, and Xu Zhengjie will definitely have a poisonous attack in the next moment, bleeding from Qi orifices and die.

The evil spirits even counted down three and two in their hearts.

The next moment, the trio's complexion changed drastically.

Because the poison power was working, hundreds of virulent poisons had occurred at the same time, but Xu Zhengjie had nothing.

Still looking at them with a smile.

"Impossible! No one can hold this highly poisonous!" The

evil god of poison exclaimed.

Even if he planted hundreds of virulent poisons in the top three in the top three, not to mention death on the spot, at least he was poisoned.

But Xu Zhengjie was nothing strange at all.

"Do you poison me? It's no use!"

Xu Zhengjie smiled, his energy body began to move, and abruptly expelled hundreds of poisons in it.

“Zizizi...”

Hundreds of poisonous poisons fell on the ground, and soon a large area of scorched black and smoke rose.

“Impossible! How could you discharge all my

poison in an instant?” The evil god of poison became even more incredible.

Even the Northern Emperor, who is number one in the sky list, can't do it!

How did Xu Zhengjie do it?

His face is incredible!

It was the evil spirits who understood something.

“It seems to be a problem with his physique!” The

Evil Blood also said, “Couldn't he be a physique that is not invaded by poisons in the legend?”

That's right!

It's Xu Zhengjie's physique!

His body is composed of pure energy!

Not flesh and bones!

So this kind of poison is of no use to him!

He can discharge instantly!

“Die!”

Xu Zhengjie’s expression changed and he killed a few people.

“Withdraw, we are not his opponents, we will suffer!” The

evil god exclaimed immediately.

If it is someone else, it is impossible to escape in Xu Zhengjie’s hands.

But the evil spirit’s illusion can be done to hide from the sky.

& Instantly disappeared from Xu Zhengjie’s eyes...

“I’m so angry!!!”

Xu Zhengjie gasped with anger as he looked at the three disappeared.

Needless to think about it, these are three of the seven evil gods.

If these three are taken down, then Xu Zhengjie will become famous.

“But Levi Garrison, do you want to save Zoey? Impossible!”

“Next, whether you die or not, I will advance the experiment!”

Xu Zhengjie returned to the base.

He also told the Tiance Mansion the news of the appearance of the seven evil gods and asked them to actively search for it.

The three evil gods who escaped were helpless.

Because the blood evil god is about to die...

“Go find blood, or the old blood won’t survive tonight!”

... the

blood evil god is in danger, according to his practice, only fresh blood can save him!

“Where is the blood?” The

evil spirit poison was already anxious.

“Kill when you see people! Take human blood!” The

evil spirit urged.

At this time, the dying blood evil god’s weak voice sounded: “Don’t! Have you forgotten the last little master’s instructions?”

“He told me not to kill innocent people indiscriminately again! For blood, you can use artificial or animal ones! Don’t kill anyone!” The

evil god of poison nodded: “Okay, I understand, I’ll look for animal blood!”

This is Levi Garrison’s role!

Even though he is still forcefully ordering them as a descendant of the evil gods, at least these evil gods will no longer kill innocent people.

Over time, in a subtle way, they will also change.

Besides, after Xu Zhengjie returned to the base, he looked at Zoey and smiled.

“Levi Garrison is under siege right now. What about him, there is no way to survive! But he just sent someone to rescue you, but unfortunately he was beaten back by me!”

“What? He sent someone to save me?”

Zoey stained his face. Incredible.

“Don’t worry, no one can save you! You can only follow me obediently! The experiment will start soon! You can’t escape!”

To Ye Changmeng, Xu Zhengjie decided to start the experiment as soon as possible.

“You are a demon!”

Zoey cursed.
