

# The Return of the God of War [The Protector] Chapter 1916

In order not to be disturbed, Levi Garrison sent the seven evil gods away.

He is alone in the villa.

Reading through ancient books only to find a way to save Zoey.

But at night, Levi Garrison noticed the fluctuation.

One.

Two.

Three.

...

More and more powerful people appear in the villa, and they are constantly increasing.

This was something Levi Garrison hadn't expected.

There are still people coming to trouble him now?

Tiance Mansion didn't dare anymore!

"Bang!" "Bang!" "Bang!"

“

Bang!

“

...

countless masters poured in from outside, killing Levi directly.

A handful of samurai swords glowed with cold light, filled with terrible sword aura, intertwined into a net.

Levi Garrison is about to be strangled to death!

“Warrior of East Island?”

Levi Garrison muttered to himself.

Regardless of everyone wearing black clothes, they are all powerhouses in the Seventh Heaven, and they still join forces to attack.

Horrible!

“Looking for death!!!”

Levi burst into spring thunder, unparalleled power erupted from his body.

“Kakcha!”

“Kakcha!”

... the

katana in the hands of the Samurai Higashishima shattered like mud.

“puff!”

“Puff!”

...

They flew out one by one.

This is a force they have never encountered before.

So strong!

Many masters outside, a thought flashed in their minds.

But they are not afraid!

Those who came this time were dead men!

None of them planned to go back alive!

If it can be severely injured, it will be severely injured. If it cannot be severely injured, at least it will hurt.

Even if it can't hurt, at least it's consumed...

All masters come with this idea!

Levi Garrison got out of the room and saw that there were densely packed people in the courtyard of the villa.

The surrounding roofs and walls are full of masters...

no one below the seventh heaven...the

eighth heaven, comparable to the big summer ranking list, everything.

In addition to the East Island Samurai, there are also super powers and mutant powerhouses.

There are even strong mechas and modern technological weapons.

Such a big posture, even the Tiance Mansion did not encircle and suppress Levi Garrison.

This lineup is too strong!

unprecedented!

But who would have thought that such a lineup is only to consume Levi Garrison!

This is the plan of Richard and the East Island forces!

In this decisive battle, Levi Garrison must die!

Therefore, they had to do everything possible to make Levi Garrison lose...

So on the night before the decisive battle, Richard and the East Island forces spent a huge price and sent a large number of masters to consume Levi Garrison.

The result they wanted was to kill Levi Garrison the best.

It couldn't be killed, at least Levi Garrison was hit hard at a huge price.

No matter what he did, Levi Garrison would never fight against Commoner to kill God in his heyday.

In particular, Richard and the East Island forces sent out their hole cards so vigorously, spending the greatest price to consume Levi Garrison.

It's definitely not as simple as letting him get a slight injury!

At least it has to be a moderate injury!

So in this way, Levi Garrison will undoubtedly die in a battle with Commoner Killing God the next day!

...

This is why the forces on the East Island were surprised and disagreed for the first time after Richard proposed the plan.

Because this plan will directly consume half or even more of their hole cards!

No one wants this!

So they reacted so much!

What's more, half of Richard's power must be added!

The price is simply too big.

But in order to get rid of Levi Garrison, they gave it up!

Now to deal with Levi Garrison is half the power of the East Island power, and half of the power sent by Richard.

So the lineup is too luxurious!

In order to severely damage Levi Garrison!

They made these masters into dead men!

Everyone has no other consciousness, just want to kill Levi Garrison!

Levi Garrison faced a group of lunatics!

A lunatic who has nothing before!

“We spend such a big price, Levi Garrison will at least have to be seriously injured?”

...

This is what they thought.

## **The Return of the God of War [The Protector] Chapter 1917**

After all, the East Island forces have used half of their power!

Richard also took half of his hole cards!

They also gave each expert a special medicine.

Let them become dead men!

Fighting power increased, and even crazier... With

this luxurious lineup, they did not seek to kill Levi Garrison, or even to severely damage him.

Just ask him for a moderate injury!

That's it!

It can be seen how strong Levi Garrison is!

What a threat to them!

...In the

villa.

Hundreds and thousands of powerful people went crazy and killed Levi Garrison...

an unprecedented battle was underway.

This battle is much more fierce than Tiandang Mountain.

Levi Garrison is still alone.

It's just that the opponent has become too much stronger.

And the crazier!

Some have obviously been killed, but as a result, they can still get up and continue fighting.

That is the effect of drugs!

This is horrible!

Who can eat it!

Even if it is as strong as Levi Garrison, he must deal with it seriously.

injured!

Under this intensity, Levi Garrison couldn't bear it and suffered a lot of injuries!

"Kill!"

"Kill!"

...

Levi Garrison was also gradually irritated by these guys, and became murderous.

Especially enemies!

Levi Garrison is going to kill!

...

Blood was flowing, the corpses became mountains, and the pungent smell of blood permeated a range of several kilometers.

The villa was razed first, and then hit the ground to crack, forming a huge pit.

The pit was full of corpses...

dead!

The dead soldiers sent by Richard and the East Island forces are all dead!

None of them left alive!

“Huhhhhh...”

Levi Garrison panted heavily and sat on the ground.

he Covered with blood.

Those who have enemies also have their own.

Seriously injured!

Under the mad attack of the enemy, Levi Garrison was also seriously injured.

It's far from death, but it's very expensive.

This is the second time that Levi Garrison has suffered such a serious injury after getting an adventure from the master.

After all, Richard and the others have spent such a big price!

These masters don't know how many there are in Richard's.

But for the East Island forces, half! ! !

It is no exaggeration to say that the price Richard and the others paid this time was dozens or hundreds of times that of forming the Domination Alliance to attack Erudia!

The difference is dealing with a country before!

It's one person to deal with now!

One person arrives in one country!

"Hahaha, the goal has been achieved! Our goal has been achieved! Looking forward to tomorrow!"

“Tomorrow Levi Garrison will undoubtedly die, unless he doesn’t go to war!”

...

Richard and the others are looking forward to tomorrow’s battle.

“Little Master...” When the

seven evil gods came, they were shocked when they saw Levi Garrison suffered such a serious injury.

What kind of posture is this, it hurts Levi Garrison like this.

unimaginable!

Seeing the corpses piled up in the deep pit, everyone understood.

A fierce battle!

“I’m fine...”

Levi Garrison shook his head.

“Samurai Higashishima? Why did they attack you madly?”

everyone asked puzzledly.

Sword Evil God sighed: "They planned it long ago! To put the little master to death!" The

other big evil gods reacted one by one, exclaiming: "Is it for tomorrow's duel with Common Killer God? "

Yes! They spend such a big price to kill the little master! Even if they can't kill them, they will hurt him! So in tomorrow's duel, the little master will undoubtedly lose! To be slaughtered is a dead end!"

Jian Xie Shen's face It's hard to see the extreme.

"This...it's not fair! The little master is seriously injured like this, how can you fight with the Common Killer God!"

"It's not funny, even if the young master is not necessarily the Commoner Killer opponent in his heyday! What's more, he Holding the Excalibur Sky, I opened it! The little master has a very low chance of winning! Now it is even more terrible! The little master is injured like this..."

"I want to say that we are no match!" A

faint voice sounded: "No, definitely Better than!"

## **The Return of the God of War [The Protector] Chapter 1918**

The seven evil gods looked over, and Levi Garrison's eyes were firm.

"Little master can't do it! In this situation, when you encounter Commoner Killing God, it is a dead end!"

“Yes, you can’t beat it at all! If you don’t lose a good reputation, you will die!”

... The

seven evil gods will not let Ye King’s Landing.

The Sword Evil God sighed: “Yes! Since the villains of Dong Dao have spent such a high cost to consume you, they plan not to let you alive! Maybe they still have a trick!”

“Yes, the villains of Dong Dao definitely have them.

Last move!” The evil god even said: “Should we discuss with the Common Killer God? Postpone this decisive battle?”

“No! We must not compromise with these people! Once we speak, they will think we are scared! A firmness flashed in the eyes of Evil Sword God: “If it doesn’t work, let me go?”

Although Evil Sword God knows that he is invincible, if he uses some extreme techniques, he may not be able to fight the Common Killer God.

“The seven evil gods?”

Levi Garrison’s voice sounded.

“Yes!” The

seven people stood in front of Levi Garrison one after another.

“Listen to my orders! Everything is business as usual! Tomorrow to the eastern battlefield site!”

“Yes!” The

seven evil gods can only follow orders.

The third day.

Worthy of summer and even the world’s boiling days!

The pinnacle of battle is here!

Almost all Erudia’s characters with heads and faces are present!

Except for Xuanzun Kyushu who is still in retreat!

All the others who can be called are present.

According to the request made by the Common Killer God, the powerhouses of Tiance Mansion and Baolong clan were not present.

They can only understand the real-time situation, but cannot have any participation.

This is fair and just!

Three hours before the duel, an explosive piece of news came out-

Nandi, the number one in the sky list, came out of the mountain.

He actually came to watch the battle!

And he had already come to the site of the battlefield in the East!

However, no one has seen the true face of Nandi, and I don't know who is Nandi!

especially Hundreds of thousands of people came to watch the game...

who knows which one is!

The news came out and the audience was in an uproar!

That's the number one on the top list!

Above the Common Killing God and Kyushu Xuanzun!

According to the strong ones that have emerged so far, the Southern Emperor is the ceiling, the strongest!

What's more, this man, Shenlong, sees the head and misses the end, and his trace of information can't even be captured by Tiance Mansion or Tianji Pavilion.

It has disappeared for a super long time!

I didn't expect to appear in this decisive battle!

Add excitement to this duel!

Everyone should exclaim: "Excitement!"

Not only that.

And the super powers of East Island, Star Country and other countries also came to watch.

Even some magic masters who existed in the legends and on the murals in the home came one after another.

This duel exploded all the ancient characters.

This battle is unprecedented!

In the center of the Eastern Battlefield Site, the Common Killer God and his students arrived early.

The commoner kills the god sitting cross-legged, closing his eyes and resting.

The students behind him are holding the magic sword in the sky!

In the crowd, Richard and the spies from the East Island forces watched and waited.

The corners of their mouths rose up, revealing an expression of completeness in their chests.

They have won!

Levi Garrison was injured like that, let alone fight with Commoner Killing God, it was a question of whether he could come.

Their task today is to watch the jokes!

Or to make up the knife!

Levi Garrison will undoubtedly lose today!

However, it is possible that Common Killer will not kill him...

Once this happens, the masters scattered on the field will spare no effort to kill Levi Garrison.

Don't give him any chance of being alive!

Time is lost every second.

Soon it was time for the decisive battle...

but Levi Garrison's figure did not appear...

“Could Levi Garrison not come, right?”

someone asked.

At this time, Commoner Killing God opened his eyes: “No, he is coming!”

## **The Return of the God of War [The Protector] Chapter 1919**

“Huh?” There was

an uproar in the audience, and everyone looked over.

Where is Levi Garrison?

End of sight.

Levi was in front, and the seven evil gods followed behind.

A group of eight people came slowly!

Seeing Levi Garrison’s appearance, the field was completely boiling.

The crowd stared at Levi Garrison in anger.

In the eyes of everyone, they are demons!

They have done a lot of rebellious things!

Their biggest mistake is to live!

They can't even breathe!

Although none of them had been hurt by Levi Garrison or the seven evil gods, they wanted to hate them.

Follow other people's hatred together, can't wait to peel the skin cramps!

In fact, if you have to ask them why, they can't tell them.

Soon the seven evil gods stopped, and Levi Garrison walked straight forward.

The seven evil gods were worried.

Levi Garrison was injured like this...

how to fight?

All seven are anxious to death!

The spies in the crowd felt more relieved when they saw the look of the seven.

Levi Garrison came with a serious injury!

“

Here ?” When the Common Killer saw Levi Garrison, he asked.

“Yeah!” The

two are more like old acquaintances.

“Let’s start, a quick fight! I have other things!”

Levi Garrison urged.

A word made the students behind Commoner Kill God furious.

Levi Garrison’s attitude was that he didn’t regard this duel as the same thing...

This was because his teacher was not in his eyes!

Damn it!

“Levi Garrison, why are you arrogant? Wait, the teacher will let you know what a strong one is!”

“Yes, Levi Garrison will definitely die!”

Hao Yuxuan stared at Levi Garrison firmly.

...

“Boom!!!”

Suddenly, the whole earth trembled.

Like a major earthquake, everyone was shaken.

The commoner kills the gods from the ground!

The ground beneath my feet began to collapse and shatter...

This is the second place in the top ranking! ! !

“Bang!”

Commoner killed God with a punch!

It turned out to be a punch beyond the speed of sound!

& It was as powerful as a fighter jet taking off, and a long wave of air was drawn behind him!

A huge vortex formed in midair!

The terrifying power spread to the surroundings... The

earth trembles more and more, cracking huge gaps, spreading around like spider webs... The power of a

punch, terrifying!

Everyone watching the game was stunned!

Didn't expect that Levi Garrison and Commoner Killing God would immediately start fighting as soon as they met?

And Commoner Killing God is too strong, right?

The power of this punch is simply devastating!

The speed breaks through the sound barrier and is supersonic!

The power can be imagined!

"This... The Commoner Killing God wants to kill Levi Garrison in a second!"

Everyone looked stupid.

It turns out that it is not only Levi Garrison who wants to make a quick fight, but the Common Killer wants to make a quick fight!

“Boom!”

Levi Garrison threw a punch unwilling to show weakness.

The two fists hit each other fiercely.

Like Mars hitting the earth!

“Kacha!” After

Levi Garrison landed, his feet burst and the ground shook.

“Puff!”

Blood spurted out of his mouth!

His badly wounded body cannot stop the power of Commoner to kill the gods!

The seven evil gods closed their eyes one after another.

They dare not go to see it.

This battle Levi Garrison will undoubtedly lose!

Commoner Killing God is so strong, how can Levi Garrison fight a seriously injured person?

“Hahaha, it seems that the teacher can defeat Levi Garrison without using Divine Sword Sky!”

“Levi Garrison is vulnerable to the absolute strong!”

...

Everyone laughed.

“Huh?” The

Common Killer appeared briefly in a daze.

Can't stop with a punch?

But he didn't think much, and continued to attack!

“Boom!!!” It

was another punch that broke the speed of sound.

“Puff!”

Levi Garrison had no power to fight this time, and he was shot out directly.

But after falling to the ground, Levi Garrison got up quickly, wiped the blood from the corner of his mouth, and smiled: "Come again!"

"Boom!"

"Boom!"

...With a

few punches, Levi Garrison was beaten out again and again...The

injuries continued. Aggravate...

## **The Return of the God of War [The Protector] Chapter 1920**

This battle is not as exciting as everyone expected!

The fact that the two sides fought back and forth did not happen at all!

It's a performance of the commoner killing god alone!

Levi Garrison was crushed by Commoner Killing God throughout the whole journey!

There is no strength to fight back at all!

Levi Garrison was violently hit again and again...

But what was shocking was that every time Levi Garrison was defeated, he always stood up.

Just like Xiaoqiang who can't die!

No matter how powerful the Common Killer God is, he will not fall.

Tenacious vitality!

As long as he can stand up, it means he will not be defeated!

"Huh? Is this undefeated?"

Everyone was shocked by Levi Garrison's tenacity!

The commoner killer is too powerful!

Levi Garrison is too powerful!

The Common Killer looked at Levi Garrison with shock in his eyes!

Doesn't this fall yet?

"Levi Garrison, you stop! If you continue like this, you will die!"

Commoner Killing God couldn't help but reminded.

Levi Garrison would be beaten to death by him alive if he did this again!

But Levi Garrison was much weaker than he thought!

It seems that there is really no need to use the Excalibur Sky!

The seven evil gods kept their heads down.

First, they feel sorry for Levi Garrison, who is obviously injured like that, and they will be destroyed by the common killer like this...

Second, they are ashamed! Levi Garrison was ashamed of himself, and they were even more embarrassed!

Some people even couldn't help but want to tell the fact that Levi Garrison was injured, but they still held back.

No one will believe it.

Instead, it will attract more ridicule!

Think they are making excuses for failure!

The ears and eyes of Richard and the East Island forces all smiled strangely...

They knew what had happened best.

Levi 's approach is a dead end!

How could he have played like this?

The end of the crossbow!

Others couldn't tell how refreshing they saw Levi Garrison being beaten like this!

This evil god leader should die!

After being arrogant for so long, do you really think that others can't control him?

& That's why Common Killer didn't make an early move!

Otherwise, he would have died a long time ago!

"Levi Garrison will be defeated! Levi Garrison will be defeated!"

"Kill him! Kill him!"

...the

audience cheered, and the sound of hundreds of thousands of people was comparable to thunder.

Today, the decent sect will cause the evil gods to fall!

Richard and the forces on the East Island, who were far abroad, had coffee and tea, and they almost celebrated on the spot.

Everyone in Tiance Mansion also breathed a sigh of relief.

Commoner Killing God has saved face for them.

“Bang!”

Levi Garrison was punched out by Common Killer again!

Levi Garrison got up again.

“Let’s stop! I can plead with Tiance Mansion not to kill you and leave you by my side until you are repentant and get out of the evil spirits!”

Common Killing God didn’t want Levi Garrison’s existence to fall.

Repeatedly persuaded Levi Garrison to stop, but in disguise was to make Levi Garrison surrender.

“I don’t have the word defeat in Levi Garrison’s dictionary! Unless you beat me to death!”

Levi Garrison smiled.

Don't look at him covered in blood, his breath is weak, as if he is dying.

But it gave people the feeling that he was full of fighting spirit, and it seemed more terrifying than just now.

"Why can't Levi Garrison be killed? Is he still a human?" The

leaders of the East Island forces who watched in real time were all dumbfounded.

Richard smiled and said, "Do you know how threatening Levi Garrison is?"

"It's terrible! Fortunately, Mr. Richard has come up with this plan! Otherwise, with Levi Garrison in his heyday, Commoner may really have no choice but to kill him! "

"Yeah, maybe he will lose, but it's hard to kill him!"

Richard smiled: "I have been dealing with him for a long time, knowing his horror, otherwise I can't get rid of him at all!"

...

" Bang!"

"Bang!"

...

Levi Garrison fell to the ground again and again under heavy blows.

“Bang!”

Finally this time he had only one breath left.

He didn't get up!

“Come on, I'll give you another punch and you will definitely die!”

Commoner Killing God couldn't bear it anymore.
