

# The Return of the God of War [The Protector] Chapter 1921

Life or death is between his thoughts.

As long as Levi Garrison is soft, he will definitely stop.

Spare his life!

“Kill him!”

“Kill him!”

...

hundreds of thousands of people shouted.

Everyone’s face was filled with crazy joy.

They won decently!

The crooked door has lost!

The power of Cthulhu was completely defeated under the nose!

Seeing Levi Garrison’s silence, Common Killer raised his fist slowly.

He has given the opportunity!

In the eyes of everyone, including Commoner Killing God himself.

Everyone knows that Levi Garrison is dying!

There is absolutely no possibility of being alive!

Tiance Mansion also didn't want to grab Levi Garrison and force him to tell the secret of Huoyun Cthulhu.

Levi Garrison is alive, and being able to breathe is a threat!

Killing is the best!

"I can't help it! I don't want to watch the little master die!" The

Sword Evil God was already unable to bear it, and wanted to save people.

"Me too! I don't want the little master to die! He died like this is too awkward!"

"Yes! The commoner kills the god, this is no victory! The little master may not be weaker than him!"  
The

Blood Cthulhu and Poison Cthulhu said one after another.

“No! The little master definitely doesn’t want us to intervene! Even if he is killed in battle, he is fair! This is a duel of two people, fair and just! No matter what the other side uses, we have a clear conscience!” The

black evil god stopped several people in time.

“It’s ridiculous! It is said that we are outsiders of

evil spirits , and that the little master is a big demon, but in the end it is us who achieves fairness and justice!” Sword Evil God sighed weakly.

Now that the seven evil gods have joined forces to attack, they can definitely leave with Levi Garrison.

But they can’t do this!

Even if Levi is about to die in battle, they can only watch!

They respect the rules of the duel...

absolutely not at all!

But they knew that in the crowd of onlookers, they didn’t know how many decent people were waiting for Levi to die.

Even if Commoner Killing God did not kill Levi Garrison, they would rush to kill Levi Garrison!

That’s just what keeps on Decent...

“What? Levi Garrison is going to die?”

Seeing Zoey’s Wen Lei getting the news, she was taken aback.

Is Levi Garrison going to lose like this?

Is Commoner Killing God really so terrible?

“Levi Garrison? What’s wrong with him?”

Zoey just heard it.

The original gentle plum dyed breath changed drastically, killing intently.

“Where is Levi Garrison? Take me there!”

Zoeyyan’s eyes were red, and his aura was like Shura reborn from hell.

“Well, I’ll take you to see!”

Wen Lei was too worried about Levi Garrison’s safety.

For the present, she can only take Zoey to see Levi Garrison!

As for what to do when the two meet, she doesn't think about it.

Currently she doesn't want Levi to die!

...On the

battlefield, the clamor that Levi was about to die grew louder and louder!

It's like the thunder rolling!

They want to see this evil god head killed with their own eyes!

It is definitely a refreshing event in life!

Raising the fist of Common Killer God for a long time, he still couldn't bear it.

What a loss it would be to wipe out a strong man in Erudia in this way!

Even if he is a descendant of the Heretic God, as long as he changes his mind, it is still possible!

"Huh?" The

next second, Commoner Killer was stunned.

He looked incredible.

Because Levi Garrison struggled to stand up again.

He only hung a breath, he actually stood up!

The seven evil gods almost cried out.

“It seems that the little master will stand and die even if he dies, never lying on his stomach or kneeling!”

Sword Evil God’s voice was trembling.

Such a person is qualified to be their boss!

Levi Garrison Xiemei smiled: “Come on again, continue!”

Commoner Killing God exclaimed: “Hey, if you don’t go on a crooked road, you are definitely a hero! What a pity!”

This time, he will not show mercy anymore.

To punish Levi Garrison!

“It’s about to officially start now!”

Levi Garrison smiled, with a weird smile.

## The Return of the God of War [The Protector] Chapter 1922

“Hey!”

Seeing Levi Garrison like this, Common Killer’s heart sank unexpectedly.

A bad premonition spread in my heart.

The others were all stunned when they saw Levi Garrison like this.

Levi Garrison’s appearance seemed to be back to light, with a hint of weirdness.

Everyone can’t tell what it feels like.

It seems like Levi Garrison said, everything has just begun!

“Kill!”

Commoner Killing God put aside his complicated thoughts and blasted out with a punch!

Hit harder than all the tricks just now!

A punch, like a super weapon fired!

There was a whirlpool in the low air, like a mushroom cloud!

If the first few punches are supersonic, then this punch is twice the speed of sound, or even triple the speed of sound.

Levi Garrison couldn't stop the punch in front.

Then with this punch, Levi Garrison will be blasted into scum!

Even a piece of bone will not be left intact.

A punch that is nearly three times the speed of sound is too powerful!

"Buzzing..." This

fist blasted out, and there was a mournful trembling sound in the air.

Shake the world!

The power is terrifying!

The seven evil gods closed their eyes, they didn't want to see Levi Garrison being beaten into a cloud of blood.

They want to keep Levi Garrison's greatest side!

Commoner Killing God is confident, Levi Garrison will die with a punch!

everything is over!

Levi Garrison stood still on the spot as if frightened and stupid.

It seems to be accepting the arrival of death!

But no one thought that Levi Garrison would actually punch.

This punch came later, but came first!

With a punch that was nearly three times the speed of sound, Levi Garrison was able to make the first move!

His punch definitely exceeded three times the speed of sound!

“Boom!”

Levi Garrison blasted out a punch and slammed into the commoner Killing God with a punch.

“Kacha Kacha...” All of a

sudden, the ground collapsed and the mountains cracked, and the sun and the moon reversed.

“Puff!”

No one thought The scene appeared.

The Common Killer was defeated by Levi Garrison's punch, and he was beaten out, vomiting blood.

His eyes were full of shock that couldn't be opened: "Three times the speed of sound?? How is this possible?" The

audience was in an uproar.

Everyone is going crazy!

With a sigh of relief, Levi Garrison actually shot the Common Killer God away.

is this real?

Are you dreaming?

"Puff!"

The spies hiding in the crowd were about to vomit blood.

Richard and the leaders of the East Island forces who watched in real time were choked with coffee and tea.

Levi Garrison, who was clearly dying, could suddenly burst out with such terrifying strength,

everyone was stunned for dozens of seconds!

The seven evil gods noticed the abnormality, and when they opened their eyes, they were all shocked.

What's going on?

The little master is hurt like that, how can it be?

And looking at Levi Garrison's state, it was like a raging fire.

It's definitely not going back to the light, or using extreme methods to instantly enhance one's strength... The

seven evil gods revealed surprises...

A group of people in the crowd saw it, and the corners of their mouths rose, seeming to be very satisfied with Levi Garrison.

"Impossible! It's absolutely impossible!"

"How could this be? I don't believe it! My eyes have a problem!"

...the

audience did not want to believe the scene in front of them.

As for the students of Commoner Killing God, they were all terrified when they saw the teacher got hurt.

I can't believe what happened.

"No! Nothing! He obviously has only one breath left!"

"I understand, it must be the extreme exercises of the evil spirits, which has greatly increased his strength!"

... the

audience regarded this situation as the evil spirits. Extreme way.

The Common Killer stood up slowly, wiped the blood from the corner of his mouth, and looked at Levi Garrison with a clear eye.

He is interested!

This battle will not be so boring!

Levi Garrison showed his due strength!

"Okay, very good! You made me take it seriously!"

Levi Garrison also smiled and said: "I said it, this is just the beginning!"

## **The Return of the God of War [The Protector] Chapter 1923**

"Teacher, this is definitely Levi Garrison's last fight! You must be careful!"

“Yes! He won’t last long! Teacher, you have to win!!!”

...

Almost everyone thinks that Levi Garrison is just fighting. With one last breath, I want to come to life with Common Killing God!

Regardless of how powerful Levi Garrison is now, it is all false!

In fact, he was dying...The

Common Killer was completely excited.

“Tiangang vigor!!!” Unrivaled vigor

erupted from the commoner killing god!

Continuously one after another!

It’s more terrifying than pure boxing just now!

The vigor erupted, like a squally rainstorm, the air in this area seemed to be burning.

The scorching breath rushed over, as if placed in a volcanic crater... As

soon as the combat skill of Commoner Killing God was played, the audience was shocked.

“Papa.....” A series

of invisible vigorous voices were tearing apart the space.

Levi Garrison didn’t avoid it, but instead attacked.

“Bang!”

Levi Garrison smashed a hundred times with a punch.

“Broken!”

“Broken!”

“Broken!”

...

Tian Gang’s vigor continued, but Levi Garrison threw it with a punch.

Every bombing is a huge movement from the blue sky.

The earth-shaking sound was always heard from the eastern battlefield, as if the sky thunder continued when the heavy rain came...

This situation seemed to be angry.

The unsuspecting people who lived around knelt on the ground, begging God not to get angry.

The Tiangang vigor of Commoner Killing God is strong enough!

But Levi Garrison is stronger!

Break everything with just a pair of punches!

Soon Levi Garrison smashed all the Tiangang Qi Jin, rushed to the body of Common Killer, and blasted out with a punch exceeding three times the speed of sound!

“Buzzing...” The

world was shaking.

This punch was even more terrifying than the one that flew the Commoner Killing God away!

“Tiangang Zhenqi Bodyguard!” The

Common Killer roared.

Tiangang True Qi surrounds it, forming an invisible wall of strength!

May be more indestructible than special alloy walls!

It is estimated that few modern weapons can pierce through...

“Boom!”

Levi Garrison punched the wall of invisible Qi Jin fiercely.

“Boom...”

& A big earthquake came as scheduled, spreading across the entire Eastern Frontier battlefield.

It's crazy and terrible!

“Buzzing...”

Although the invisible Qi Jin wall shook violently, it was finally blocked by Levi Garrison's punch.

Blood slowly spilled from the corner of Common Killer's mouth, and his face was full of crazy excitement.

He has never encountered a strong opponent like Levi Garrison in his life!

“Want to break my Tiangang true anger? Impossible!” The

corner of Commoner's mouth raised.

There was a violent wind around him, it was Tiangang true energy.

Actually gradually materialized!

It was like a flame...

His innocence had been so pure.

Almost materialized!

This is the common killer!

Suppress the existence of an era!

The Qi Jin wall in front of Common Killing God turned into a fiery red, like a flame.

Ten times higher than the intensity just now!

“Broken!”

Levi stepped on the ground, and volleyed his foot.

This foot is like the foot of the gods of heaven.

terrible.

terror.

“Kacha!”

directly tore the air wall apart!

“Puff!” The

Common Killer was blasted out.

His eyes are full of disbelief!

He was beaten out again?

“Teacher!!!”

“Kill God!!!”

... When

everyone saw this, they shouted.

“Come on, continue!”

Common Killer stood up from the gunpowder smoke and continued to blast Levi Garrison.

“Puff!”

“Puff!”

“Puff!”

...

Next, Commoner Killing God will use all his life learning and creation.

But he was beaten out again and again.

Facing Levi Garrison who was in full swing, he couldn't help it.

“Boom!”

“Puff!”

He was beaten out again.

Struggling to get up, the commoner killer's eyes were full of anger, and he shouted: “The sword is coming!!!”

He wants to use the divine sword in the sky!

## **The Return of the God of War [The Protector] Chapter 1924**

Before Commoner Killing God said, he is 50% sure if there is no magic sword in the sky!

Looking at the situation now, it really is so!

He is half sure that he will win!

But half will lose!

Now he really is going to lose!

Only take out the magic sword sky!

However, if you take out the sword of the sky, Commoner is sure to kill the gods in 100%!

He will win anyway!

“Teacher takes the sword!” The

students behind him tossed the divine sword sky high, and the Common Killer took the divine sword sky in his hands.

The eyes of hundreds of thousands of people in the field were all focused on the sky of Divine Sword.

Countless strong men couldn't help showing a look of admiration.

I don't know how many people overseas want this magic sword!

Finally see the true face!

The seven evil gods were too late to applaud Levi Garrison, their expressions changed immediately.

After all, with the Divine Sword Sky, Common Killer's strength will be raised to a level.

Divine Sword Cang Qiong had even mentioned Huoyun Evil God, and when he met someone who could use this divine tool, even he would be timid.

One can imagine how strong the Excalibur Sky is!

The most important thing is that the Common Killer can pull out the sky of the Excalibur!

Others may not be able to use it.

But he can!

"Levi Garrison, you are the strongest I have ever encountered, the only one who forced me to use the magic sword in the sky!"

"Om..."

accompanied by the sound of adrenaline soaring out of the sheath.

The sky divine sword was drawn out.

“boom!”

A dazzling light shot from the sword, shining so that everyone couldn't open their eyes.

At the same time, a fierce murderous aura flooded the world.

All I only feel that the cold is invading my body, I can't help but shiver away!

This is the terrible place of the Excalibur Sky!

Legend has it that the Heavenly Sword Sky is cast with meteoric iron from the outside world and poured with blood to cultivate such a terrifying killing intent!

Rumor has it that the moment when the casting of the Divine Sword in the sky was completed, Heaven General Thunder, tempered with thunder and lightning, completed the final step!

If you want to pull out the sky of the Divine Sword, you have to withstand this terrifying killing intent and the thunder power contained in it!

This is the reason why the Excalibur Sky cannot be used by everyone!

Commoner Killing God is the son of heaven!

He raised the heavenly sword high and shouted: "Today On the day, I will kill the first demon with the magic sword in the sky!!" "The

commoner killer holds the sword in the sky, just like a person has changed. The

momentum soars!

He is just like the god who is in charge of killing!

"Kill!!" !! "The

Common Killing God slashed out with a sword, and the world changed color.

This sword contains the killing intent poured by blood, the power of thunder tempering, and the common killing God swordsmanship type of combat skills! It is so

powerful that

this sword seems to be able to tear a mountain. Split into two halves! The

sword aura burst out.

There was even thunder and lightning...

"Kacha Kacha..."

A thunderous sound of thunder came from mid-air...

It seemed to resonate with the

heavens of the Divine Sword ! A sword caused the heavens and the earth to change color. .

this is Excalibur sky!

“laugh! “

...

The ground in front of Levi Garrison’s eyes was torn in half! A

terrifying sword aura came!

“Boom! ! ! ! “

Levi Garrison blasted out with a terrifying punch.

Smashed the sword qi!

“Da Da Da...”

But Levi Garrison was forced to retreat more than a dozen steps before he could stabilize his figure.

Everyone knew the horror of the Divine Sword Sky. Out!

Levi Garrison who was so strong was repulsed!

“Kill! “

” Kill! “

...

The Commoner Killing God is gaining momentum, relying on the divine power of the Excalibur Sky, successively attacking and killing Levi Garrison!

Although Levi Garrison was not injured, although he could block the fierce sword aura, he backed away steadily!

Sooner or later, there will be times when you can't make it!

The power of the Excalibur Sky is terrifying!

At present, his most basic exercise method, that is, the exercise method of the evil god Huoyun in the eyes of the world, seems to be unable to stop the heavens of the divine sword!

The momentum has fallen!

Commoner Killing God has already fought red eyes, and Levi Garrison is not given any chance!

The Art of Taboo!

At the critical moment, Levi Garrison remembered the taboo technique!

He can use the technique of taboo to fight against the sky of Excalibur!

## **The Return of the God of War [The Protector] Chapter 1925**

But not!

Master warned him not to use taboo techniques!

Especially now that everyone is in full view, the whole world is paying attention.

If Levi Garrison uses the taboo technique, there may be problems!

It will be much more serious then.

Maybe it will cause trouble and even affect Master.

Being imprisoned in Tiance Mansion is different!

No one in the jail knows!

I'm afraid that Tiance Mansion will not understand how the Chain Dragon Chain is opened now... In

this case, I can barely use the taboo technique!

not now!

“Hahahaha...” At

this moment, Levi Garrison laughed suddenly.

This surprised everyone present!

Even Commoner Killing God is dumbfounded!

What happened to Levi Garrison was about to

die, how could he still laugh?

Is he crazy?

Still frightened?

The reason why Levi Garrison suddenly laughed is very simple!

He thought of his master!

The outside world agrees that he is a descendant of Cthulhu!

Then the master is the evil god of fire cloud!

But he always thought it was not!

Now he is sure that Huoyun Evil God is definitely not his master!

The reason is very simple...

Huoyun Cthulhu's exercises are just the same among his master's many exercises!

That old guy is definitely much stronger than the real Fire Cloud Cthulhu!

It's not a level at all!

It's incomparable just by taboo technique!

What's more, he is more than just a taboo technique!

Many door taboo techniques... The

reason why Huoyun Cthulhu's technique was used was just a coincidence, and happened to happen.

He is sure that the two are by no means the same!

Another point is that the technique passed to him by the master is simply a broken scroll!

Not complete!

It is certain that they are not alone!

That's why Levi Garrison laughed.

Huoyun evil god, what qualifications do you have to be my master?

You are far from worthy!

Among the crowd.

"He is a ruthless man! If you can survive, you can let him join us!"

Someone's eyes have been on Levi Garrison's body.

He was very satisfied with Levi Garrison's performance!

"Understood! Are we going

to make a move?" the person next to him asked.

"No need, if he dies, he is incapable!"

The man said coldly.

Everyone present was shocked by Levi Garrison's abnormality.

What is he doing?

"Is he laughing at the teacher?"

"Teacher, don't give him any chance!"

...

the students of Common Killing God shouted.

Although the Common Killer was holding a magic sword in the sky, Levi Garrison was still undefeated, and he felt that his face was damaged.

He wants to fight quickly!

Fight for a trick to kill Levi Garrison!

"Buyi's sword!!!"

Commoner Killing God blasted out the most terrifying sword!

This was his trump card for suppressing an era!

When this move came out, the world died, and all directions surrendered.

The terrible sword qi blasted out hundreds of meters away...

everything around was strangled by the sword qi!

A sword seems to split the sky!

Thunder roar!

All things bow their heads!

With a sword of commoner, an era is crushed!

This sword is much faster than before!

Whether it is the state and momentum of the commoner killing the gods, but the power of the godsword sky, they have all played to the extreme!

One sword is to kill Levi Garrison!

The people who were watching the battle had been hiding far enough!

But under the power of this sword, everyone seemed to be pushed out hundreds of meters by an invisible big hand.

The most critical moment.

Does Levi Garrison really need no taboos?

If you don't need it, he will die!

"I saw that the little master hesitated! He should have a way to do it! What is he hesitating about?"

"If you have any trump cards, take it out! If you don't take it out, he will have to die!"

Sword Evil God could tell Ye. King's Landing was hesitating and couldn't help exclaiming.

The seven evil gods are sweating profusely!

Time to win!

What is he hesitating?

Use it quickly!

Levi Garrison doesn't need a taboo technique, absolutely cannot stop this sword!
