

# The Return of the God of War [The Protector] Chapter 1951

The strongest Gemini caught up.

“Huh? Are you okay?”

Levi Garrison asked.

“Teacher Ye, we probably know a little bit about the situation of Madam! You must be very troubled by this, right?”

Levi Garrison nodded.

“Master, we know a little information and might help you!”

“What?”

“As far as we know, Golden Harbor Island has always been a gathering place for magic masters! The strongest magic master on the sky list is Kyushu Xuanzun. On Golden Harbor Island!

Where are many magic masters who can not only look at Feng Shui to change their luck! Some evil ones can also manipulate people’s minds, kill people thousands of miles away, etc...”

“We happen to know a magic master, his The method is amazing, maybe how helpful it can be to Master’s illness!”

Hearing this, Levi Garrison was shocked.

Now as long as there is a little hope, he will not let it go.

“But this magic master has a weird temper.

It is difficult for anyone to ask for it. This is the address and information of the master magic master. Our parents have a little friendship with him. When the teacher takes out this letter, he might help! Of course not necessarily! He has a weird temper! Teacher, give it a try!”

Gemini handed Levi Garrison the letter and the information.

“Okay, thank you two boys! I’m going to take a trip to Golden Harbor Island!”

Levi Garrison immediately hurried to Golden Harbor Island.

Even if there is only a glimmer of hope, Levi Garrison has to give it a try.

Levi Garrison left, but his eyes still looked at his back.

Especially Ning still and Fu Jia.

Fu Jia sighed and said, “Hey, I envy them. They can become his students, spend so long with him, and be guided by him!”

Fu Jia’s tone was full of envy.

Ning still shook his head and said, “You can’t say that! Even though they are his students, we are not! But if you are his students, don’t think about other things!”

Ning still mentioned. When it came to this other matter, Fu Jia's face immediately blushed.

If the teacher-student status is established, they will have no other possibility.

On the contrary, it is okay now, at least save a glimmer of hope.

"Still you say whether we are possible..."

Fu Jia didn't dare to say anything further.

"Where did I know? I want to do it too!"

...

Levi Garrison was already on the ferry to Golden Harbor Island at this moment. What he didn't know was that he had left an indelible mark on the hearts of the two girls.

In the cabin, Levi Garrison was looking at the master spell master's information.

In order to grow branches out of knots, Levi Garrison has changed his appearance into another appearance.

Suddenly there were loud noises.

A staff member knocked on the door and apologized: "Sir, I'm so embarrassed! Our ship was taken off just now. So we need you to disembark and use another mode of transportation! Don't worry, the ticket will be refunded!"

“Huh? Are you wrapped up?”

Levi Garrison asked.

“Yes, sir, please cooperate!” said the

waiter.

“Why did you go early? We’ve all boarded! Tell me about this?”

Levi Garrison asked.

“Mr. We can’t help it, what the boss says is what the boss says! Besides, the people who charter the ship are not offended by ordinary people! Do you know who it is? That’s the gambling king of Golden Harbor Island and the first few richest sons and sisters!”

“This Secondly, they want to charter off the boat, what can we do?” the

waiter sighed.

This is the last boat to go to Golden Harbor Island today. Levi Garrison is eager to save people, how could he give up.

“Okay, how much do they pay? I will double to cover this place!”

Levi Garrison said.

“Ah? How can it work, sir, I advise you to disembark as soon as possible! Don’t cause trouble!” said the

waiter.

Levi Garrison sneered: “Since I’m on the boat, don’t want me to get off!”

“Okay, let me see who is not getting off the boat?” A

scolding sound came.

## **The Return of the God of War [The Protector] Chapter 1952**

There was a scolding, and dozens of people were walking in the corridor.

In front were a few young people, followed by a large number of guards.

There are Erudia people as well as foreigners.

They are all super warriors and terrifying super powers.

They are willing to serve as bodyguards for a few young people, which shows the origins of these young people.

The headed girl is tall, with a height of 1.75 meters, comparable to a model.

A face is only the size of a palm, and it is breathtakingly beautiful.

With a high ponytail, capable and chic.

But it is also full of aura, revealing a cold and hard-to-reach temperament!

He Qingxue, the jewel of the King of Gambling Family on Golden Harbor Island.

The remaining three young people are Ren Jia Ren Tianfeng, the second richest family on Golden Harbor Island, Fang Peiqi, the third richest family, and Guo Yifei, the fourth richest family.

Everyone is extraordinary!

It's like a super family!

Levi Garrison and Zoey's Yunting Group is still developing, but in terms of financial resources, it is still a bit worse than the wealthy people on Jingang Island.

After these people arrived, they were menacing!

They chartered the ship, and everyone was driven off, except for Levi Garrison.

In their view, this is provoking them.

"Me!"

Levi Garrison sneered.

He Qingxue's face was cold, her eyes only stayed on Levi Garrison for a moment, and then she moved her head away.

The average man has no attraction to her at all.

Even the Golden Port Island, which is known as the hometown of magic arts, has financial geniuses that have been rare in hundreds of years, magic magic geniuses that are unpredictable, martial arts geniuses, and super geniuses from abroad.

But these are not in the eyes of the gambling king family daughter.

He Qingxue's gaze is extremely high, the man who has never been fond of!

Until recently, the first Levi Garrison appeared on the top ranking list.

She threatened that her future husband would be the number one on the list, Levi Garrison... As

soon as her words came out, the whole Jingang Island was shocked.

That young man can have that degree!

That's the number one on the top list!

What He Qingxue didn't expect was that Levi Garrison, the top ranking list she admired, was right in front of her!

& It's just that she's not interested at a glance.

Fang Peiqi looked at Levi Garrison a few more times.

Found that he was extremely calm, even if they were aggressive, Levi Garrison didn't blink his eyelids.

"You, get out of here!"

Guo Yifei looked impatient and couldn't help but scolded.

Instead of leaving, Levi Garrison asked, "Then why didn't you go down?" A

sentence caught everyone's attention, and everyone looked over.

Even He Qingxue looked over.

What an arrogant person!

This is everyone's unanimous idea!

"Because we have

contracted this ship! You have to get off!" Guo Yifei said word by word.

Ye monarchs After listening laughed: "Excuse me, I ship at double the price package under, and now I belong to a man go away you go!!"

“Ah”?

The word went out, everyone is For a moment.

Even the crew and waiter were stunned. When did he double the price?

“No? Why didn’t we inform us of the news that this ship was under

contract ?” Guo Yifei and several people looked at the person in charge of the ship.

“No, nothing...” the

person in charge of the ship quickly explained.

“Then you didn’t give me notice, so I just want to pack this ship! What’s more, I’ll arrive first, I’ll arrive before you!”

Levi Garrison said.

“You...you

fool us!!!” Guo Yifei roared.

“Come on, throw him down to me!”

Guo Yifei gave an order and immediately had his subordinates to move forward.

“Wait!”

“It’s better to do more than to do less, forget it! Just keep him!”

He Qingxue spoke with a sound like a natural sound.

“Okay,

Qingxue has spoken , kid, you are very lucky!” Guo Yifei no longer pursues it.

But before he left, he sneered at Levi Garrison: “When I get to Golden Port Island, I will let you know what cruelty is!”

## **The Return of the God of War [The Protector] Chapter 1953**

Several people looked at Levi Garrison indifferently and left.

This is a kind of supreme god, contempt for mortals!

At the level of the jewel of the gambling king family, ordinary people are no different from ants.

Levi Garrison never cared about the threat of such a kid.

Are there few people threatening him over the years?

But is it possible?

not a single one!

Even the Eagle Nation and the likes of Richards have nothing to do with him!

Not to mention other people!

He Qingxue left soon.

She didn't want to worry about it, so she took Levi Garrison on the boat.

At that time, Levi Garrison was dead or alive, and she had nothing to do with her.

No matter what Guo Yifei did to Levi Garrison, she would not stop it.

Levi Garrison continues to read the information of the master of magic!

This is also a legend!

He has had physical defects since he was a child, his left hand and right foot are absent, his right eye is blind, and his left deafness!

Legend has it that he is the man who carries the secrets of heaven, so he was born with a disability!

What follows are some of his extraordinary deeds.

...The

more I look at it, the more I feel that this person is magical, and Levi Garrison has more confidence.

At least Zoey is more promising!

This is a good thing!

In the luxurious cabin, He Qingxue gathered together.

“Qingxue is going back this time, and your marriage is about to be booked! This time, you can’t hide it anyway!”

Fang Peiqi said.

He Qingxue looked calmly: “Forget it, this is my destiny! I can only accept it!”

Ren Tianfeng smiled and said, “Qingxue, don’t you be sad, I’ve seen your fiance! That’s the young master of the Blackwater Group of the Warhawk Nation super consortium! No matter what you are, you have nothing to say about your background! It is definitely the dragon among people!”

“Do you know the most important thing?”

Ren Tianfeng suddenly lowered his voice, lowered his head, and asked everyone to come over.

“what?”

Several people looked at him curiously.

“Heishui Group, do you know who is backed by?”

“Who?”

“It’s the most mysterious and terrifying laboratory in the legend of the Warhawk Kingdom, the laboratory of the gods! You should have heard of this more or less in the family? “

Ren Tianfeng said in horror.

Everyone nodded in unison.

There was horror in everyone’s eyes.

That’s right.

The laboratory behind Richard is called the Laboratory of the Gods.

Just listen to this name to know how terrible it is!

This laboratory has implied itself as the gods above human beings.

“Of course I have heard of this! We even bought the secret products of the Lab of the Gods! Didn’t expect the Black Gold Group to rely on them?”

He Qingxue looked surprised.

“It should be said that Heishui Group is the Lab of the Gods at all! As the most advanced laboratory in the world, it needs a lot of funds and resources! Heishui Company is the best choice! This is their own at all!”

Ren Tian Feng said. .

Fang Peiqi gasped, “Is it so terrible? But that’s fine! Qingxue married the right person! My grandfather said that he can touch the edge of the laboratory of the gods, even if he is standing at the top of the world! Not to mention joining it. Qingxue married, and may not be unable to enter the laboratory!”

“Yes, Qingxue is a great opportunity! I have also heard that the Gods Laboratory controls the most important thing in the world. Everything! That’s the one who really stands on top of the world!”

...

Everyone looked at He Qingxue with envy.

Even He Qingxue’s expression eased a lot.

Since it is a marriage of interests, the more promising development prospects, the better!

Under the influence of the big family’s interests, He Qingxue naturally wants to be at the top.

The attraction of the Lab of the Gods to her is too much!

If Levi Garrison were to hear their conversation, he would probably be shocked.

What kind of terrible existence is the Lab of the Gods?

The ship tossed around for a day and night, and finally reached Golden Harbor Island.

Before disembarking, Guo Yifei raised his mouth: "Almost forgot this kid, wait for him!"

## **The Return of the God of War [The Protector] Chapter 1954**

The three of He Qingxue left first.

They didn't care about Levi Garrison at all.

It's like an ant on the ground.

Guo Yifei was young and vigorous, and was ignored by Levi Garrison. He was naturally unhappy.

He was waiting for Levi Garrison with a group of guards.

"The family often tells me not to cause trouble in other places in Erudia! It's easy to trouble! But here is Golden Harbor Island, this is Lao Tzu's site! See how I killed you!"

Guo Yifei sneered.

After a while, he had already figured out many ways to deal with Levi Garrison.

He even laughed out loud himself.

“Master, why isn’t this kid coming out?” The

guard couldn’t help but ask after only a few minutes passed, and still did not see Levi Garrison’s figure.

“Wait! I guess this kid is in the too!”

Guo Yifei couldn’t help saying.

five minutes.

ten minutes.

...

Time passed by every minute and every second.

A full twenty minutes.

Guo Yifei’s group of people never saw Levi Garrison.

“What’s going on? Did this kid disembark early?”

Even Guo Yifei himself was puzzled.

“Master is absolutely impossible! We have been guarding here since we were close to the port! No one disembarked at all! That kid is just an ordinary person, let alone disembarking early under our noses!”

The guards resolutely said.

They are all super strong, how could someone run away under their noses?

Impossible!

Guo Yifei has no doubt about this.

“Is this kid afraid that I will trouble him and hide on the boat deliberately and can’t get off?”

Guo Yifei thought of a possibility.

“It’s possible!”

Everyone’s eyes lit up.

“Then quickly find it for me! You guys stay here!”

Guo Yifei’s dozens of guards all got on the ship and started looking for Levi Garrison.

It’s just that they turned the ship upside down, and there was no trace of Levi Garrison at all.

“Guo Shao, what are you looking for?” The

person in charge of the ship greeted him.

“

Where is that kid?” Guo Yifei asked.

“Oh, he, got off the boat early!”

Since there were not many people on the boat, they were still very concerned about Levi Garrison.

He saw Levi ‘s boat coming down with his own eyes!

“What? Disembarked early? When did it happen?”

Guo Yifei and the guards were extremely shocked.

“Just twenty minutes ago!”

“Impossible! All of us stayed below twenty minutes ago! He can’t leave!”

Guo Yifei vetoed it.

The person in charge of the ship smiled bitterly: “Guo Shao, I really took a look at my watch at the time. The time was right!”

“Guo Shao was right, he was the ship that got off 20 minutes ago!” The

others also affirmed.

Guo Yifei everyone looked at the person in charge of the ship and they didn't look like a lie, they were all dumbfounded.

“Huh? Damn it?”

How could a person disappear for no reason?

They were guarding the exit, how could they slip under their noses?

This is impossible!

Could it be that Levi Garrison was...

they thought of a possibility that Levi Garrison was not an ordinary person, he was a super strong person, better than everyone present.

But this is impossible!

“Guo Shao, do you think this kid knew that we blocked him and jumped into the sea and escaped?”

Someone raised a possibility.

“Yes, yes! It’s very possible!”

Others also felt that this possibility was very high.

Guo Yifei asked everyone to look for it again, and then left after not finding it.

But Guo Yifei always felt something was wrong.

If he jumped into the sea and escaped, his people would find it too.

This is no ordinary guard.

Either the martial artist is strong, or the superpower.

Someone flees from such a short distance, how can they not be found.

“It’s not normal! Find him for me!”

Guo Yifei sent someone to look for Levi Garrison on Golden Harbor Island.

At this moment, Levi Garrison has arrived in the downtown area of Golden Harbor Island.

In order to avoid unnecessary trouble, Levi Garrison deliberately avoided Guo Yifei.

## **The Return of the God of War [The Protector] Chapter 1955**

He wasn't afraid of Guo Yifei's little brats, it was mainly trouble.

I'm too lazy.

These people are not qualified to let him take action.

He went straight to find a master of spells.

Guo Yifei quickly merged with He Qingxue.

"Yi Fei looks ugly at your face, did something happen?"

He Qingxue couldn't help asking, seeing a clue.

Ren Tianfeng laughed and said: "Yi Fei, you will not be cleaned up by that kid, right?"

Guo Yifei smiled reluctantly: "Why, that kid knew I was going to deal with him, so he jumped into the sea ahead of time!"

"Oh, it's all right. !"

Levi Garrison, an ordinary person, couldn't attract much interest from He Qingxue and the others.

They stopped questioning.

Soon after, several people came to a luxurious villa that resembled an imperial palace.

There are thousands of guards, and there are secret whistle masters everywhere.

There are also various advanced weapons.

The location of the gambling king family.

“Miss, the young boss of the Blackwater Company will arrive at Golden Harbor Island tomorrow! It is said that he is also a legend in the Eagle Nation! Let’s put it this way, in Erudia, no young man can match him!”

“The whole family is very satisfied! Especially the old man . I am happiest!”

At this time, the butler came out to greet him.

Don’t forget to compliment He Qingxue with her fiance.

“But he can’t compare to Levi Garrison!”

He Qingxue replied.

Although she is willing and accepts the marriage arranged by the family, it does not mean that she approves of this person!

Levi Garrison still admired in her heart!

This time the four of them left Golden Harbor Island to watch the Tianjiao Conference!

This is also instructed by the respective families.

The main thing is to see the world more and make more friends.

You can even choose a person from Erudia and even the best Tianjiao in Dongfang to be your husband-in-law or fiancée.

Originally, Fang Peiqi and He Qingxue were optimistic about the big arrogances.

I didn't know that one came out suddenly

Levi Garrison!

The picture of hundreds of Tianjiao shouting respectfully to the teacher over the audience, left an indelible impression in their hearts! ???????

What's more, Levi Garrison is not a few years older than them at all!

More temperament and charm!

After seeing Levi Garrison's demeanor, He Qingxue couldn't tolerate others.

The young boss of the Blackwater Company is just drenched in the light of the Gods Laboratory!

"Ah?

Where's Levi Garrison? Miss, please go in quickly, the old man still wants to know the situation of the Tianjiao Conference!" He Qingxue entered the manor with the steward.

The interior of the manor is full of luxury, and the value of every detail is afraid that ordinary people will not earn it for a lifetime.

In the palace-like chamber.

The core members of the gambling king family are there.

Naturally, the gambling king He Jianfeng sits on the table!

The legend of Golden Harbor Island!

No one knows how many assets he has, and no one knows how many hole cards he has!

In short, no one on Golden Harbor Island dared to mess with him!

Even the martial artist and the master of spells must respect him three points!

This is the power of the king of gambling!

He leaned on a cane with a dragon's head and looked majestic.

There are his brothers below, most of them are his heirs.

He Jianfeng nominally has four children, but it is said that the total number of real children is more than ten.

When He Qingxue came back, a kind smile appeared on the majestic gambling king's face.

Among the third generation, the gambling king loved He Qingxue the most!

After a lot of greetings from everyone.

The gambling king began to ask: "Qingxue, are you going to visit the Tianjiao Conference this time, are you rewarding? Or can you specifically talk about the Tianjiao Conference!"

He Qingxue began to describe everything about the Tianjiao Conference .

Everyone was amazed.

"Grandpa, what shocked Qingxue the most was Levi Garrison, the top of the list..."

He Qingxue described Levi Garrison vividly.

Someone in the gambling king family sighed: "If Levi Garrison is used by our family?" The

gambling king glared at him: "You are wishful thinking!"
