

## The Return of the God of War [The Protector] Chapter 1956

“How does Levi Garrison exist? That is a descendant of the Heretic God, a great demon unparalleled in the world! That is the top of the list! Even Richard of the Gods Lab has nothing to do with him! Even the Bible organization invites him to be rejected!”

“How can my little Hejia Hede tolerate this great god?”

“You are not allowed to say these things in the future, in case it is heard by others, it is not good for us! Even if Levi Garrison doesn’t ask for trouble, his seventy The evil god is in trouble, and we are in trouble too!” The

Gambler explained angrily.

“Father, is Levi Garrison really so scary?” It

was He Qingxue’s second uncle He Zongtang who was talking.

The gambling king sneered: “It’s more terrifying than you think! Let’s put it this way, if he comes to Golden Harbor Island! No one can hold him down! We can’t afford to offend him!”

He Zongtang sighed, “That is! We Golden Harbor Island. The most powerful one is Xuanzun of Kyushu, right? He ranks behind in the top ranking! Definitely not Levi Garrison’s opponent! If Levi Garrison really comes to Golden Harbor Island, it will be a sky-

shaking place here, no one can do him!” Guo Yifei Quickly, he immediately asked: “Grandpa King of Gambling, if Sister Qingxue is looking for Levi Garrison as the husband-in-law, doesn’t she need to marry the young boss of Heishui Company?” The

King of Gambling was stunned and couldn't help saying, "Yes. Yes! But I heard that the children of Levi Garrison are very big! What's more, the prospects of the young owner of the Blackwater Company are better!"

He Qingxue's expression gradually dimmed.

"Qingxue, don't have any other ideas. Tomorrow, the young boss of the Heishui Company will come! See you!"

"Being able to marry the Heishui Company and climb into the laboratory of the gods behind it is our family's pursuit. The goal!"

Everyone nodded together: "Understand!"

Then, Guo Yifei and a few people left.

Came into the car.

"Guo Shao, we did a preliminary investigation, but we didn't see this kid!"

"How do I feel that this kid is a bit mysterious now?"

...

Guo Yifei sighed: "Forget it, there is no need to spend such a long time on an ordinary person!"

At this time, Levi Garrison had already arrived at the address given by Gemini.

This is a church, but it has been abandoned for a long time.

The dust is thick and there are spider webs everywhere.

It's not like a place with people.

Levi Garrison looked around for a while, no

See anyone.

Looking at the traces, no one has been here for at least five years.

“Could it be that these two boys made a mistake?”

Levi Garrison muttered to himself.

However, Gemini is serious and will never go wrong.

The only possibility is that the magic master has left here.

There is a time error in the information given by Gemini!

It's okay!

Now that you are here on Golden Harbor Island, are you afraid that no one will be found?

Outsiders don't know, the local upper circles of Golden Harbor Island are definitely known!

After Levi Garrison left the church, he asked the King of the West to find out which one was the strongest on Golden Harbor Island.

He directly asked where the magic master was.

"Wang, I suggest you go directly to the

King's Family of Gambling!" Xitian Wang smiled.

"Okay."

Levi Garrison stopped a car casually.

"Where are you going, sir?"

"Go to Longteng Manor!" When

Levi Garrison said this, the driver was stunned and looked at Levi Garrison incredulously.

On Golden Port Island, who doesn't know that Longteng Villa is where the King of Gambling Family is located?

That is a taboo zone!

How dare ordinary people approach that place!

If there is no return, it will be lost if it is not.

“Sir, are you serious? Going to Longteng Villa?” the

driver asked again.

“Of course it’s serious!”

“Do you know that Longteng Villa is the gambling king’s family?” The

driver wiped his cold sweat.

“I know! Take me there quickly, why do so much nonsense?”

Levi Garrison became a little impatient.

“Okay!”

More than an hour later.

After the driver took Levi Garrison to the vicinity of Longteng Villa, he drove away quickly.

## The Return of the God of War [The Protector] Chapter 1957

The driver has never seen such a bold man come to gamble on the king's family.

Moreover, looking at Levi Garrison's temperament, he was clearly an ordinary person, absolutely nothing to do with the Gambling King family.

If you are a really big man, why take a taxi?

The driver is sure that Levi Garrison can't do without here.

He must die!

Looking at the villa in the distance, Levi Garrison walked over.

But at this time he has been targeted by many people.

They watched Levi Garrison walk to the door of the villa step by step.

This is the terrible thing about the guards of the King of Gambling!

They must ensure that there can be no danger near Longteng Villa!

Not even a poisonous snake can survive!

What's more, Levi Garrison is a big living person!

“Stop! What are you doing?”

A dozen guards swarmed up with a beating.

“Who is the master here?”

Levi Garrison didn't answer the question.

“Hahaha...”

Everyone was taken aback for a moment, and then burst into laughter.

“Boy, don't you even have no

idea where this is ?” “Listen well, this is Longteng Villa! The gambling king family is located! The one who is in charge is naturally the gambling king!”

Levi Garrison nodded, “Well, Okay! Then he will come out to see me!” The

words are not shocking, and everyone in the room was taken aback as soon as Levi Garrison said this.

Everyone looked at each other.

The same sentence flashed in his mind-Is this man's brain sick?

Why did the king of gambling like the emperor of Golden Port Island come to see him?

He is sick if he is not crazy!

“What are you doing in a daze, hurry up to call someone! What is the gambling king’s name, He Jianfeng? Hurry up and let me come out to see me! Come out late, at your own risk!”

Levi Garrison shouted.

He Jianfeng?

Who is He Jianfeng?

All the guards were stunned.

Because for so many years, no one dared to call the name of the gambling king.

No matter how big a person is, he must call the gambling king, and he will never call his name directly.

So that after the name was called out, everyone couldn’t remember who it was for a while!

“This... is this the name of the king of gambling?”

“God! Your kid is crazy! You dare to call the king of gambling directly! You are looking for death!”

Then, everyone was relieved.

There was extreme anger on everyone's face.

"Smelly boy, are you here to find the fault? Dare to ask the king of gambling to come and see you, I think you are impatient!"

"Do you have ten lives? Dare to come here to be wild? You dare to call your name! You don't die, forget it! You are dead!"

The guards are about to attack.

Levi Garrison sneered: "I advise you to let the gambling king out! Otherwise don't blame me for scoring in! It won't be good for anyone then!"

These people became even more angry when they heard this!

Levi Garrison provoked them repeatedly.

They can't stand it anymore!

On this three-acre land of Golden Port Island, for decades, no one has ever dared to be wild in front of the gambling king's family!

Still a hairy kid!

Isn't this looking for death?

How courageous!

“What nonsense with him! Kill him, throw him into the sea to feed the fish!”

Levi Garrison shook his head helplessly, being polite, he can only rely on violence.

let's hit!

Hurry in, find the gambler, and ask about the whereabouts of the magic master.

“

Come on! Kill this kid!!!” Just as the sword was drawn out, a nice voice came.

“Hold on!”

“Don't do it yet!”

He Qingxue just came back from outside by car, and she had just separated from Fang Peiqi.

From a distance, I saw people making trouble at the entrance of the villa.

“What's the matter?”

He Qingxue asked.

“Miss, this kid deliberately made trouble and provoke! The king of gambling has to come out to see him in person! He also said that if the king of gambling does not come out, he will personally enter!” The

guard immediately reported the situation.

“What? There is still such a thing? It is unreasonable to provoke our He family?”

He Qingxue’s face changed abruptly, as cold as frost.

At this moment, Levi Garrison turned around slowly.

The two of them faced each other.

“It’s you???”

He Qingxue exclaimed in surprise.

## **The Return of the God of War [The Protector] Chapter 1958**

He Qingxue would never have thought that Levi Garrison would be seen at the door of his house.

The man on the ship who was ignored by her at a glance!

This time, she was not interested but also interested.

Even if it is ordinary, people who dare to come to gambling at the door of the king’s family alone are not ordinary people.

Shock!

Unexpectedly, this person came for the gambling king's family!

This man seems unusual?

He Qingxue was curious about Levi Garrison for the first time.

If Guo Yifei knew it, his jaw would fall in shock.

"Huh? Miss, do you know each other?" the

guard could not help asking, seeing the doubt.

"Well, there was a fate!"

He Qingxue's eyes fell on Levi Garrison, and she asked: "What are you doing here?"

Levi Garrison did not answer her question, but asked: "Who are you the king of gambling? ? " "

Yes my grandfather! " "

that's much easier to handle, shout out your grandfather, I have something to ask him! "

Ye monarchs tone for the presence of everyone feeling extremely uncomfortable.

Including He Qingxue!

what are you?

Dare to speak frankly to let the gambling king come out to see you?

“Miss, this kid is so arrogant! Just kill him!” The

guards couldn’t help it anymore.

“Wait! I have something to ask him!”

He Qingxue looked at Levi Garrison: “Who are you? Where are you from? Why are you looking for my grandpa?”

“Call your grandpa out, you don’t need to know!”

Levi Garrison said coldly.

“Really?”

“That has nothing to do with me!”

After that, He Qingxue turned and left and walked straight to the manor.

As the guard of the gambling king family, not only the strength is terrible, but also the first-rate in terms of humanity and sophistication.

They heard He Qingxue's implication-she didn't care about this matter and let them handle it!

The guards showed grim smiles one after another.

They just waited for He Qingxue's words.

I'm so upset with Levi Garrison!

"Go!" More

than a dozen guards surrounded them, ready to do something.

He Qingxue walked towards the manor with a cold face.

Levi Garrison's behavior today made her take a high look, but it was just another look.

Life and death have nothing to do with her!

"Boom!" "Boom!"

"

Kacha!" But

she had just walked to the gate, and a whistling sound rang in her ears, and a heavy object flew and banged on the gate.

Before her eyes, the gate of Longteng Villa was smashed into pieces!

That is clearly a person!

Kicked and flew over and smashed the door!

He Qingxue's footsteps stopped suddenly, and the cold expression on his face disappeared, incredible.

At this moment, He Qingxue's brain was blank.

I can't realize anything!

But this is only the beginning!

"Boom!"

"Boom!"

"Boom!"

...

Then the guards boomed one by one.

Nothing but a list smashed on the broken door!

After more than a dozen sounds, the gate was completely blasted down.

The guards lying on the ground curled up like cooked lobsters, wailing constantly.

Only then did He Qingxue gradually reacted.

She slowly turned around and saw Levi Garrison standing not far away.

Is he so good?

These guards of the King Gambling Family are all terrifying powerhouses!

Can't catch Levi Garrison?

He has something!

He Qingxue's legs trembled, and then he came out of shock.

At this moment, the huge movement has attracted the attention of the entire family of gambling kings.

Especially the door was broken.

The problem is serious!

In and around the villa, people kept running out.

Even the top of the gambling king family were alarmed.

He Zongtang and others also came one after another.

“What happened? What happened?”

everyone shouted.

“The big event is not good. Someone rushed into Longteng Villa! A dozen of us were injured! Alarm! Alarm!” The

door guard sounded the alarm.

This time the problem is more serious.

Sharp sirens sounded throughout Longteng Villa, everywhere.

This time I am afraid that even the gambler will be alarmed.

## **The Return of the God of War [The Protector] Chapter 1959**

Sure enough, the gambling king, surrounded by everyone, also came to the gate.

Thousands of masters from the gambling king's family also gathered for the first time!

This is the first time such a situation has occurred since the establishment of the King of Gambling Family!

Some people will be bold enough to come to the gambling king family to make trouble and kick the hall!

This is unprecedented!

After the alarm that hadn't been sounded for decades, the entire family of gambling kings turned on the most advanced state of alert.

All modern weapons open!

Ninety-nine percent of the masters in the family are all mobilized!

Even the major forces scattered on the Golden Harbor Island and the surrounding gambling clan sent people to rush in the first time.

Even the other family forces on Golden Harbor Island were asking about the situation at the first time, whether they needed support... For

a while, the entire Golden Harbor Island seemed to be in chaos.

With Levi's approach, the Golden Port Island was turned upside down!

Thousands of people gathered at the gate of Longteng Villa in the blink of an eye.

The inner three floors and the outer three floors are surrounded by water.

Everyone looked at Levi Garrison!

Everyone couldn't help being surprised to see him alone!

Originally thought it was a big force attacking the gambling king family.

Unexpectedly, there is only one person!

"The king of gambling is here!"

Then, the king of gambling with the leading cane arrived.

"What's the matter?" The

gambling king asked with an unhappy expression.

He Qingxue, who had experienced all of it, told the audience about everything that would happen.

"Grandpa, you are too sensitive, he is only one person! Why is there such a big movement?"

He Qingxue has returned to normal now.

She was indeed shocked just now.

Mainly Levi Garrison gave her a sense of contrast!

Obviously an ordinary person suddenly broke out, it was really scary.

“Well, but this kind of thing has never happened before, so it’s better to be cautious!”

said the gambler.

Just because this situation has never happened before, everyone was too cautious when it happened.

“What’s the matter? What happened?”

He Qingxue His good friend Ren Tianfeng and others came one after another.

Guo Yifei was shocked when he saw Levi Garrison standing in the field.

Especially Guo Yifei was the most fearful.

He sent so many people to look for Levi Garrison’s whereabouts, but he didn’t expect him to come to the king of gambling.

“This...is it all about him?”

Fang Peiqi's eyes were full of weirdness.

He Qingxue nodded.

"Okay, kid, you came here to run wild! You are

looking for death! Qingxue, I will tell you..." Guo Yifei told everyone about Levi Garrison's slip away from the boat that day.

"It doesn't seem to be an accident. This kid does have two brushes!"

Guo Yifei stared at Levi Garrison and said coldly: "Don't worry about it, leave this to me! I'll deal with him!"

Guo Yifei just wanted to hate the old and the new. Complaint together.

"Wait!"

a majestic voice sounded.

The gambling king stood up.

Guo Yifei and several people immediately retired.

The gambling king stared at Levi Garrison tightly, "Boy, what are you doing here with me? I heard you asked me to come out to see you?"

“Well, that’s right! The purpose of my coming to you is very simple! I want it. Ask you about the whereabouts of a person!” The

words are surprising and endless.

When Levi Garrison said this, the audience was shocked.

Everyone thought Levi Garrison was here to provoke.

He never expected to inquire about a person’s whereabouts.

He Qingxue was stunned.

The gambling king was stunned.

Everyone was stunned.

After being silent for a moment, the gambling king asked, “Who are you going to find out about?”

He is also very curious now.

Levi Garrison did not hesitate to bet on who the king’s family wanted to find out!

“I want to inquire about a master of magic arts, I don’t know his real name, I only know that he has a nickname-half fairy and half ghost! You should know it?”

Levi Garrison said.

“What?? You want to inquire about him?”

Levi Garrison just said it, and the atmosphere was obviously stagnant.

Especially the look of the gambler has changed significantly.

## **The Return of the God of War [The Protector] Chapter 1960**

As soon as the term “half fairy and half ghost” came out, the younger generation didn’t feel it.

But the face changed drastically when he got older.

Because Levi Garrison mentioned a taboo on Golden Harbor Island!

What Banxian said was that his magic spells reached the sky, and the geomantic omen was simply supernatural.

In the past, the upper-class circles of Golden Harbor Island asked him to act whether it was for the opening of a company or marrying a wife and having children.

Anything that he has been conditioned, went smoothly and embarked on the path of becoming rich and wealthy.

Even gambling kings of these levels are no exception.

Have looked for this master!

It can be said that the brilliance of these top beings on Golden Harbor Island is inseparable from this master.

That's why Levi Garrison was so shocked when he saw the master spell master information.

It is no exaggeration to say that the glory of Golden Harbor Island in the past few decades is inseparable from this master!

He supported it alone!

But the most terrifying thing is half ghost... The

initial stage of the title of half ghost did describe his disability and ugly face like a ghost.

But then everything changed.

The title of half ghost has become a taboo, a horror that everyone talks about!

However, this happened later and was completely blocked by the upper circles of Golden Harbor Island.

So that the young people and everyone outside of Golden Harbor Island do not know the news of this magic master.

Only then did Gemini give Levi Garrison information, the reason for the error.

Seeing the reaction of the gambling king, Levi Garrison knew that he was right!

Fortunately, it came directly to the gambling king.

If you find other people, you may be wasting time.

These young people like He Qingxue didn't seem to know the half-immortal and half-ghost, and looked at the gambling king and Levi Garrison with a puzzled expression.

"Yes, I came to Golden Port Island this time to find half a ghost and half a fairy!"

Levi Garrison said affirmatively.

The gambling king was angry and shouted: "You go! There is nothing half-fairy and half-ghost here! I don't know where he is!"

"Huh?" The

gambling king's move made everyone unexpected.

It stands to reason that Levi Garrison was so provocative and said another half fairy and half ghost.

No matter how he won't let him live.

Let him go?

Why is this?

Does it have something to do with half fairy and half ghost?

“Huh? Are you sure you don’t know where he is?”

Levi Garrison asked.

The gambling king vetoed: “I don’t know! Don’t look for it! Hurry up and leave Golden Harbor Island! Otherwise, you will die without a place to bury you!”

“Really don’t know?”

Levi Garrison muttered to himself, he thought. left.

At this moment, he received a message from the Western Heavenly King.

Message: Half fairy and half ghost are locked up by the gambling king.

After reading the news, Levi Garrison’s face changed abruptly, slowly raised his head, and his eyes fell on the gambling king.

The gambling king was guilty of being seen by Levi Garrison’s gaze, and he scolded: “Get out of here! If you don’t leave, I promise you will die!”

Levi Garrison sneered: "Why are you so guilty? Half fairy and half ghost are locked by you. Get up?"  
When

Levi Garrison said this, the faces of the gambling king and his brothers and sons changed wildly, revealing unbelievable expressions.

"You... how did you know?"

He Zongtang's face turned pale for a moment, and he asked, breathing heavily.

This is also the question of the gambler!

This time, all of them paid attention to Levi Garrison!

It turned out that he knew that half fairy and half ghost had been locked up by himself.

So I came here specially!

He Qingxue and others continued to be confused, and didn't know what was going on.

"You...who are you? What is your relationship with him?"

The Gambler asked with a hint of horror.

Ye monarchs smiled: "I never met him, I just want to come to him and asked him to hand over the people come to sell your resentment I do not find him involved in my hand nothing!!!!"

Heard this, epic His complexion eased a lot.

“You really have nothing to do with him?”

Levi Garrison shook his head: “No.”

“Hahahaha...”
