

# The Return of the God of War [The Protector] Chapter 2001

Originally, he wanted to go alone!

But it's okay to bring him.

First, Commoner Killing God is very strong.

Second, he has faded out of public view.

“By the way, the last time you played against you, you found that your technique was a bit wrong...”

Levi Garrison inherited it from the master, and it was all-inclusive.

It can even be said to be the root of the world martial arts.

In the final analysis, all kinds of exercises and combat techniques are analogous.

So Levi Garrison could see the flaws and disadvantages of Common Killing God.

Facing Levi Garrison's "guidance", Common Killer didn't dare to give a big deal, and listened carefully to the summary.

“Ah? That's the case! No wonder, I understand!”

“It can still be like this?”

“My God! This is also OK?”

“I’m going crazy...”

...

One night, the commoner killing god echoed in the courtyard. The exclamation.

After Levi Garrison’s guidance, many bottlenecks in the martial arts of Common Killer were solved!

His strength is advancing by leaps and bounds, and he is a level stronger than that of him holding a divine sword in the sky.

Don’t say anything else, if it’s one-to-one.

None of the masters who killed Levi Garrison the other day can beat him!

Of course, except for the destroyer!

Levi Garrison doesn’t know how strong he is!

Before, Levi Garrison felt that Commoner was still not strong enough to kill God, but now he finally reached the standard of an assistant.

The next day, the two of them were in good spirits.

Commoner Killing God is because of the breakthrough in strength, to a higher level.

After one night of treatment, Levi Garrison recovered better from his injuries.

It's already well six or seventy.

It won't be long before Levi Garrison's body will fully recover.

"Mr. Garrison, don't wait for you to fully recover before going to the East Island?"

Commoner asked the Killing God.

He was mainly worried about Levi Garrison's injury.

"No, you have to go now! The sooner the better, kill them off guard!"

Levi Garrison looked firm.

Common Killer nodded: "Okay, I'll make arrangements!"

Soon Commoner Killer made arrangements.

& "I still need to disguise, you can do whatever you want, not disguise!"

Levi Garrison showed the ancient disguise technique in the face of Commoner Killing God.

He soon became another person.

The Common Killer didn't recognize it.

"Mr. Garrison, I'll change my face too, so I can do things more conveniently!"

Commoner smiled with a smile.

Just as Levi Garrison was about to disguise Commoner's killing god, a voice came from outside:

"Master!"

"Oh, it's Hao Yuxuan!"

Commoner Killing's face changed greatly, and he heard Hao Yuxuan's voice.

Hao Yuxuan was suspicious by nature, otherwise he couldn't hide his identity and hide beside Commoner Killing God.

The most important thing is that this kid turned out to be a native of Dongdao.

Commoner Murder was worried that something would happen after he saw Levi Garrison, in case he noticed any clues.

Then only kill him.

But he can't be killed yet.

It's still useful for him to keep it.

Hao Yuxuan has obviously completed the task and went crazy for the commoner killer, but why is he still dangling in the summer?

One is that he himself didn't know it had been exposed.

Second, he estimated that he had a new task.

Hao Yuxuan and a few people have already walked in with the kung fu thinking of Commoner Killing God.

Seeing Common Killing God about to go out, Hao Yuxuan immediately asked: "Master, where are you going?"

Common Killing God has recovered his emotions.

"Master is going to the East Island!"

Commoner Killing God said unhurriedly, his brain spinning quickly, thinking about how to deal with it next.

"

Dongdao ?” Hao Yuxuan was shocked.

“Master, why are you going to

Dongdao ?” Hao Yuxuan asked.

“I’m going to visit an old person!” The

Common Killer had not had time to explain.

Hao Yuxuan’s eyes fell on Levi Garrison.

“Master, who is this?”

Hao Yuxuan asked.

Several apprentices who killed God in commoner clothes behind him also looked at Levi Garrison.

At this moment, Commoner Killing God was extremely nervous.

I’m afraid Hao Yuxuan has noticed.

It was just that Levi Garrison’s response made Common Killer stunned.

## **The Return of the God of War [The Protector] Chapter 2002**

Levi Garrison spoke, even speaking fluent Dongdao!

The commoner killer has a wide range of knowledge, and he has also played against the kendo masters of Toshima, and he knows a bit of Toshima.

But when he heard Levi Garrison say, he was shocked.

As if Levi Garrison was a native of Dongdao.

Together with Hao Yuxuan, he was also stunned.

He is from Dongdao and knows what level of Levi Garrison's language is.

Including Levi Garrison's tone of voice, etc., he is from Dongdao!

This is not difficult for Levi Garrison.

When training special agents in the early morning, language and the behaviors and habits of various countries and regions were the basic skills.

The more proficient you master, the lower the probability of your death.

So at that time, everyone was learning this with their fate.

Levi Garrison didn't bother to learn foreign countries.

But there is no way for the task.

I didn't expect it to be used at the moment.

Levi Garrison's meaning is very simple.

He is from the east island country of Kyushu. He is the deceased of Common Killing God, that is, the descendant of a certain apprentice, and he is here to pick Common Killing God.

Hao Yuxuan and all the apprentices knew that the disciples of Common Killing God were all over the world.

It is not uncommon to have a few students on the East Island.

The most important thing is Levi Garrison's East Island language and tone habits, so Hao Yuxuan has no reason to doubt it.

"That's it!"

Hao Yuxuan smiled and said, "Master, you are going to Dongdao and tell me that

Dongdao is my home field!" Hao Yuxuan's set of people is developed in Dongdao.

The Common Killer understood the look in Levi Garrison's eyes and immediately agreed: "Okay. Go and prepare!"

"Okay, Master is fine!"

Hao Yuxuan left excitedly.

After the people left, Common Killer said in a puzzled way: "Mr. Garrison, you said that made us passive! I do have a disciple in East Island, but if you come like this, we have to make up more lies. ! I am afraid that I will be exposed at that time!"

& Levi Garrison smiled, "Don't be afraid!"

"Why?"

Commoner Killing God was somewhat puzzled.

"Because he wants to kill you!"

Levi Garrison's words made the Common Killer tremble all over.

Gradually he had to think of something, his face changed.

"Actually, for Hao Yuxuan, no matter what your reasons, he has to focus on one thing-you are going to the East Island!"

"This is a great opportunity for him to perform meritorious service to the master! Can kill you," It is also a blow to the Erudia martial arts world!"

"As long as you leave Erudia and go to the East Island, this is a great opportunity for him! He will kill you! Not surprisingly, he should be sending a message to the master now. Once we enter the East Island, there will be a killing game waiting for us!"

Levi Garrison smiled.

Although Commoner Killing God is extremely reluctant to admit it, this is true!

He was blind at first.

Hao Yuxuan was accepted as a disciple.

“It’s just that what he didn’t expect is that your strength is not only restored, but also more terrifying than before! What’s more, there is me!”

Levi Garrison’s voice sounded again.

“This is actually the best. On the contrary, it can be drawn from Hao Yuxuan to the people behind him, and we can find it more easily.” The

Common Killer suddenly realized.

Levi Garrison was right.

Hao Yuxuan has already sent a message to the East Island forces, saying that the Common Killer will go to the East Island immediately.

The East Island forces, like Hao Yuxuan, have no interest in why the Common Killer came to the East Island.

What’s more, Levi Garrison conquered Hao Yuxuan, and he no longer doubted it.

They only care about the fact that Commoner kills the gods to the East Island.

“Great! Just now the first in the big summer list was killed, if the commoner killer, who was once the second highest on the list, was killed again, then Erudia will be hit again!”

“Come on, immediately arrange manpower! Although the commoner killer is killed The poison is detoxified, but the strength is greatly reduced! We don’t need to send too many masters to kill him!”

...

a killing game is already waiting for the two Levi Garrison.

## **The Return of the God of War [The Protector] Chapter 2003**

However, Hao Yuxuan and the forces behind thought that Common Killer was on the first floor, and they were on the second floor.

As a result, Levi Garrison and the two looked at them on the fifth floor.

No, it should be the atmosphere.

They never thought that Levi Garrison was still alive, and even went to the East Island to take revenge.

Hao Yuxuan took them there!

Take the initiative!

Soon Levi Garrison and a few people were ready to follow Hao Yuxuan to the East Island.

Halfway through, Hao Yuxuan contacted the forces behind him, claiming that they were ready for everything.

Hao Yuxuan was extremely excited when he thought of the commoner killing god dying in his own hands.

He will have a higher status in the organization!

On the way, Levi Garrison and Common Killer had already arranged information about which deceased in Dongdao.

Even if Hao Yuxuan went to investigate now, he couldn't find out anything.

At this moment, what they didn't know was that the news that the Common Killer God was coming to the East Island had spread throughout the East Island.

All parties in the East Island are ready to move and want to see the fall of Erudia, the former legend!

Kyushu Island, the east island country.

After landing, Hao Yuxuan has arranged a vehicle to pick him up.

Gradually, the vehicles drove out of the downtown area, getting more and more off.

Levi Garrison didn't know their thoughts.

“Is this wrong? Isn’t this the right way?”

Levi Garrison asked deliberately.

Hao Yuxuan smiled: “I just have a gift I want to give to Master!”

“Okay, I want to see what you give me...”

Commoner Killing God even showed a look of expectation.

There is no doubt whatsoever.

An inexplicable smile appeared at the corner of Hao Yuxuan’s mouth.

Since his master is strong, he trusts his apprentice too much.

Soon after, the vehicle came to the remote mountains.

The sky gradually darkened, and a killing air filled the heavens and the earth.

“Master is here! I’ll get the present first!”

Hao Yuxuan got out of the car with an excuse.

Sitting in the car, Levi Garrison and Commoner Killing God looked at each other.

“Come to live!”

Levi Garrison smiled.

During this period, Cong Hao Yuxuan contacted others in Erudia, his contacts in Dongdao, and even the spies and addresses scattered in Dongdao and Erudia, were all spotted by the Common Killer.

Hao Yuxuan’s arrangement of killing games this time exposed too much.

He and the forces behind were completely unaware that someone had already followed them.

At this time, Levi Garrison controlled Hao Yuxuan and the forces behind him seven or eight.

Next, just take revenge one by one.

Don’t even think of running any of them!

Then the two got out of the car.

Soon, hundreds of masters appeared here, besieging the two of them, and locked any escape route.

“Boom!”

A big clock was moved in and smashed to the ground.

Hao Yuxuan looked at Levi Garrison and the two with a grinning smile: "Master, this is my gift to you!  
To the end! The disciple will give you the last trip!"

"You...you want to kill me?"

Commoner is also a killer. Acting school, pretending to be shocked.

"Master is right, I just want to kill you! I also want to tell you that I was the one who poisoned  
before...I'm still from the East Island..."

Hao Yuxuan revealed all his secrets.

After all, in his opinion, Common Killer and Levi Garrison would not be alive today anyway.

At this time, there is an inexplicable sense of refreshment to explain all this.

"You..." The

Common Killer pretended to be shocked.

All forces in the East Island, especially the martial arts circles, are paying attention.

Hao Yuxuan felt that his status would be greatly improved after the Commoner Killing God was killed  
this time.

"Master, I

'm sorry ! Hahaha..." Hao Yuxuan's expression suddenly became sullen: "Do it, kill them!"

The masters sent by the East Island forces this time are specifically aimed at killing the gods after being injured.

In any case, he could not escape.

But after Levi Garrison and Commoner Killing God looked at each other, they showed intriguing smiles.

"Kill!"

Hundreds of masters all killed Levi Garrison.

## **The Return of the God of War [The Protector] Chapter 2004**

Hao Yuxuan turned around quickly.

He doesn't need to look at it, it must be a unilateral massacre.

Hundreds of masters all rushed to come.

Levi Garrison still stood in place, carrying his hands on his back.

Commoner kills the gods.

...

Boom!

This shot is a great thunder!

He has to practice everything he realized last night.

“Puff!”

He knocked out one person directly with a punch.

The blood mist bursts flying!

“Boom!” There

was another punch.

“Uh ah!”

“Uh ah!”

Kill the pig screams everywhere, blood spatter!

...

These masters never expected that after fighting with Common Killer God, they found that not only was he not injured, but he was also not affected by the poisoning.

That's right.

As Hao Yuxuan expected, this was a unilateral massacre.

However, it was Commoner to kill the gods who slaughtered the people he had sent.

“Ah!!!”

screams broke out.

Hao Yuxuan noticed that something was wrong.

He turned his head suddenly, which scared him almost fainted.

Hundreds of masters fell one by one under the strong combat power of Common Killing God.

One after another, they looked like ordinary people without the power to bind a chicken.

shocked!

Everyone was dumbfounded.

Is this still a commoner killer?

Isn't he poisoned?

Isn't his strength greatly reduced?

Didn't he fall to fifth place on the top list?

...

How could he be so tough?

He is stronger than before being poisoned and injured!

Hao Yuxuan finally realized that he had kicked the iron plate.

The commoner killing gods in the field became more and more courageous.

"Boom!"

He banged his foot on the big iron clock.

The big iron clock suddenly fell apart.

"Whhhhhh..."

Pieces of fragments were torn apart, lasing everywhere.

“Puff!” “Puff!”

...

One master after another was pierced... In the

blink of an eye, there were not a few of the hundreds of masters left standing.

At this time, Hao Yuxuan finally reacted.

He smeared the soles of his feet and strayed immediately.

He doesn't want to die!

Levi Garrison watched him run away, just smiled.

Did not chase.

It's all right now, they don't need to look for it.

Hao Yuxuan took them directly.

It turns out that Levi Garrison had left a mark on Hao Yuxuan's body long ago.

No matter where he went, he could find it.

As expected, after Hao Yuxuan escaped, he must go to the headquarters.

After Hao Yuxuan left, Common Killer quickly dealt with the remaining masters.

It may take a while for the Common Killer in the heyday to deal with these masters.

But now it will be fine in a few minutes.

Progress visible to the naked eye!

The small-scale battle of the Common Killer on Kyushu Island shocked all forces on the East Island.

“What? Not only did the Common Killer not be affected by the poisoning, he was stronger!”

“The Commoner Killer is so strong? I feel like he should be ranked in the top three in the summer list!”

...

Especially for Levi Garrison all the time. Against the East Island forces of Erudia.

They are a powerful organization.

Named Black Sun!

It is made up of old big figures from all walks of life on the East Island.

In order to make the Higashishima Budo world and other circles prosper, these big figures specially formed the Black Sun.

Not long after Black Sun was formed, they made several plans for the Erudia martial arts world.

The results were all destroyed by Levi Garrison.

Later, after cooperating with Richard, killing Levi Garrison was the biggest thing Black Sun did.

Now killing the commoner to kill the gods is the second major thing they have to do.

But what they didn't expect was that the Common Killer God was so terrifying.

The strength far exceeds everyone's expectations.

Hao Yuxuan ran back all the way, for fear that someone would catch up.

However, he completely exposed several important dark spots.

At this time, Levi Garrison and Common Killer already had an additional list.

It is a list of the leaders of the Black Sun organization.

There are ten people in total.

Involving all walks of life, they are all top bosses.

“Are you ready to die?”

## **The Return of the God of War [The Protector] Chapter 2005**

Levi Garrison looked at the list and started to roll the call.

The Yamaguchi Consortium, the largest consortium on the East Island, and the Matsukami Consortium, the second largest consortium.

The earth emperor Yoshikawa Yonghui of the underground world of East Island.

The Watanabe family of Higashishima advisers (the family that used to be the Higashishima military master Watanabe Tenichi).

The six ancient martial arts tribes of the Toshima: the Kitashima family, the Hattori family, the Nogawa family, the Kameda family, the Kuno family, and the Yanagi family...

Taiyin Shrine where many Higashishima Onmyojis (similar to the great summer magic masters) gather.

...The

Black Sun is composed of the heads of these ten forces.

They have a clear division of labor.

There are those who contribute money, those who have rights, some who plan, and some who use force...

But they are highly organized, and even in the East Island, almost no one knows.

But Black Sun has planned many things secretly.

But this time Hao Yuxuan was all to blame, and all the bosses were exposed.

No one is left.

At present, Hao Yuxuan went to Edo Castle, the capital of the East Island.

It turned out that this kid was for the Watanabe clan...

Levi Garrison knew exactly where he was now.

“Which is the closest to us right now?”

Levi Garrison asked Commoner to kill Shenchu.

“In the case of Kyushu Island, the Songshang Group is here! Then the Kameda Clan is also on Kyushu Island, but a little farther away!”

The forces of Common Killer quickly found out where the major forces were.

Levi Garrison's eyes were full of cold light: "Then take the Songshang Group first!"

...

Hao Yuxuan at this moment told the Black Sun organization everything.

The heads of the Black Sun were shocked.

Is the commoner killer's strength restored?

Stronger than before?

"No! Since he is here, let him stay in East Island forever!"

...

Soon, the battle of Common Killer in East Island spread.

I know everything about Erudia.

"What? Commoner killed God to the East Island? His strength has recovered?"

& "What is he doing? Is he trying to promote my Erudia's national prestige?"

...

Just now everyone was in the pain of losing Levi Garrison, and Erudia martial arts world was hit hard.

At this time, Commoner Killing God came to such a hand, and it seemed to ignite a little hope for everyone.

Everyone began to pay attention to the trend of Commoner Killing God.

Heiyang also sent a master to encircle and suppress the commoner to kill the gods.

A grand party is held in a luxurious manor on Kyushu Island.

Participants are the second generation of Kyushu Island.

Either a young master daughter of a large consortium, or a genius from a martial arts family.

In short, you can meet the best young people in Kyushu here.

Today is the birthday party of Sakurako Sakurako, the daughter of the Matsukami Foundation.

So everyone came to celebrate.

Sakurako Matsukami was wearing an evening gown, welcoming all the guests.

“What? Kameda, the eldest master of the Kameda family, is here?”

Suddenly there was a commotion in the field.

It turned out to be the future heir of the Kameda clan from the six ancient martial arts families on the East Island.

Different from the second generation of the powerful, the second generation of the martial arts family has the strength to crush them.

This is the biggest guest tonight!

Even Sakurako Matsukami didn't expect him to come!

For a while, everyone present came over and saluted with Kameda.

...

"By the way, have you heard about the recent events? Erudia's commoner killer has come to the East Island!"

"The first Levi Garrison in the summer list has fallen. Did he come to die?"

... ..

Everyone began to discuss the commoner to kill God.

"You said Commoner Killing God would not come here to make trouble, right?"

Someone suddenly raised this question.

Hearing this, Kameda raised his mouth, with an arrogant expression: "I will tell you

something. Our family will also participate in Killing Levi Garrison!" "What?"

Everyone was shocked.

They cast their eyes on worship.

Kameda smiled together: "So don't talk about a commoner killing god, even if Levi comes to Dongdao, he will die!"
