

The Return of the God of War [The Protector] Chapter 2026

No one else is here!

It was Richard who sent to support the master of Black Sun.

“Bang!” The

first person to rush in was frightened by the sight of purgatory in front of him.

“Bang!” The

second rushed in and hit the first.

Then he was shocked by the scene before him.

“Bang bang bang...”

More and more people rushed in, and everyone was blocked at the gate.

Hundreds of people were dumbfounded.

“Wat...Mr. Watanabe, we were sent by Mr. Richard to help you!” The

visitor confirmed his identity.

“Huh? Richard?”

Didn't this hit the muzzle?

Levi Garrison slowly picked up a dagger.

“Whoa!”

He flung it casually, and the dagger turned into a flash of lightning and shot out.

Like a bullet.

“Puff!”

Marked a distance of several hundred meters, and directly penetrated the front person.

“Puff!” The

second person was penetrated again.

The dagger still penetrates the third person with unabated speed!

The fourth person!

The fifth person!

...The

dagger constantly shuttled through the crowd, bringing blood lines.

Gorgeous and poignant!

Hao Yuxuan and the counsellors of the Watanabe clan are going crazy.

Can it be like this?

Levi Garrison invisibly manipulated a dagger hundreds of meters away, and even pierced hundreds of people, leaving no one behind.

What realm must this be?

Exist like a god!

“Puff!”

“Puff!”

...

All the people sent by Richard had fallen.

None of them survived.

miracle!

Even Commoner Killing God looked at it again!

Levi Garrison's act of manipulating a dagger to penetrate hundreds of people just now seemed simple,
but it required too much control.

Hao Yuxuan and others were completely numb.

too strong.

"You, you..."

"Now I can tell you, I am Levi Garrison!" With

that, Levi Garrison's face changed and returned to his original appearance.

"What

?? "Levi Garrison, are you still alive?"

"Ghost!"

.....

& Seeing Levi Garrison's original face, everyone went crazy.

He turned out to be Levi Garrison!

He didn't even die?

How can it be?

Levi Garrison obviously planned to kill them with Richard?

They watched the corpse destroyed, albeit at the beginning.

It is certain that Levi is dying.

How did he come back to life?

impossible!

Richard repeatedly confirmed later that Levi Garrison was bound to die.

How can he live?

But the facts are here!

He is indeed alive!

“You are wondering why I am alive? It’s a long way from you wanting to kill me! The reason why I suspended my death is to get rid of you!”

Levi Garrison smiled.

“This, this...”

Everyone was dumbfounded.

Who would have thought he was still alive?

He really can’t kill!

It won’t die like this!

Hao Yuxuan fell to his knees with a thud.

He didn’t have a trace of strength anymore.

All scared stupid.

“You clean up your door!”

Levi Garrison kicked Hao Yuxuan to the feet of Common Killer.

“Master, please forgive me!”

Hao Yuxuan began to kowtow to beg for mercy.

The Common Killer did not speak, and slapped Hao Yuxuan on the head.

Suddenly.

Blood flying sword.

Hao Yuxuan was so dead...

Levi Garrison looked at the counsellors of the Watanabe clan again.

“Puff!”

“Puff!”

He slapped two to death, and the rest screamed in fright.

Who is not afraid of death?

Especially seeing so many people die one by one.

“Now I only have one question, whoever answers me, I can spare him not to die!”

Levi Garrison said.

Hearing the hope of survival, everyone nodded hurriedly.

They all said that they could answer this question.

“Well, let me ask you, who is the person who imitated my practice in the black sun and set the blame on me?”

Levi Garrison asked.

Everyone’s expressions changed when they heard this question.

Everyone looked at each other.

“Let’s talk! If you don’t say it, all are dead!”

“I said!”

Everyone shouted a name in unison.

Levi Garrison and Commoner Killing God changed their expressions when they heard...

The Return of the God of War [The Protector] Chapter 2027

Although it is related to this person!

But I didn't expect it to be him!

Fire Cloud Cthulhu!

"Huoyun Cthulhu's deity? How could it be possible!"

Levi Garrison and Common Killing God said in unison!

Levi Garrison was framed by them and misunderstood as the descendant of the Heretic God, that is, the disciple of the Huoyun Heretic God.

However, after a long time, the person who imitated Levi Garrison was Huo Yun Cthulhu himself.

How does this make Levi Garrison believe?

Commoner will not believe in killing gods either!

"But this person is the evil god of fire cloud, we really didn't deceive you!" The

Watanabe clan was anxious.

"What is his reason for doing this? What good is it for him to make everyone misunderstand that I am his apprentice?"

Levi Garrison said.

“We don’t know this, he took the initiative to help us anyway!”

Several people said.

Levi Garrison felt more and more puzzled.

If the Huoyun Cthulhu wants to destroy the Erudia Martial Arts Realm, or have enemies with anyone,
he can do it directly!

With such a strong strength, he was once number one on the top of the list!

There are also seven evil gods and other evil god forces.

As long as he raises his arms, thousands of strong will follow.

What do you want to do.

But why did he do this?

Want to provoke a dispute between the two sides?

Want Levi Garrison to collide with Erudia martial arts world?

Among other things, they are the seven evil gods, but they were all his followers.

He did this, the seven evil gods might all die.

So what is he doing all this?

He wants to design to kill his former subordinates?

As far as Levi Garrison knew, the evil sword god and the others respected the evil god Huoyun very much.

There is absolutely no hatred.

There must be a problem!

And there is such a great god as Huoyun Cthulhu that would obey the orders of the Black Sun Organization?

& To blame him?

Something's wrong!

It's so wrong!

“How did you get in touch with the evil god Huoyun?”

Levi Garrison asked.

Watanabe Wuzhong shook his head: "We didn't find him, but he contacted us!"

"No, no, everything is wrong! You didn't tell the truth, right?"

Levi Garrison looked at the Watanabe clan. Soundtrack.

Several people were immediately panicked by the look in Levi Garrison's eyes.

"Huoyun Cthulhu is there! But he is actually the founder of the Black Sun Organization, right?" The

words are not surprising and endless.

Levi Garrison said this.

The faces of several members of the Watanabe clan changed immediately.

Looking at Levi Garrison incredulously.

"You...how did you know?"

Watanabe asked.

Levi Garrison smiled and said, "Let's just take a little bit! The Liusheng clan! They are such a proud race, and there are three super powers in the clan! They now disdain to join forces with you, so why did they join the Black Sun organization at that time? They must have disdain to join at the beginning!

Unless..."

“Unless someone can stop them and force them to join forcibly! This person won’t be from the East Island, so it can only be the Fire Cloud Cthulhu!” In

addition, they can marry. The curse is for himself, Levi Garrison can basically affirm that Huoyun Cthulhu is the boss of Black Sun.

Everyone in the Watanabe clan looked at each other and nodded: “Hey, that’s right! The Fire Cloud Cthulhu is the leader of the Black Sun! Only with such strength can we gather so many forces! Can you bring such an arrogant guy like the Yanagyu family Conquer!”

“He sent someone to imitate you and blame you! He manipulated everything behind!”

.....

Levi Garrison thought of encountering someone who imitated himself in Tiandang Mountain.

But it doesn’t seem to be the Huoyun Evil God, it is probably the new apprentice of Huoyun Evil God.

“Think about it now, it should be that Fire Cloud Cthulhu is gone, so the Liu Sheng clan are so arrogant, won’t you join forces with you?”

Levi Garrison asked.

“Yes! That’s it!”

Everyone nodded.

Levi Garrison continued to ask, "Then where is Huoyun Cthulhu now?"

The Return of the God of War [The Protector] Chapter 2028

"Later he disappeared! Since Richard worked with us, he has disappeared! Now even Richard does not know that the head of the black sun is the evil god of fire cloud!"

"Since then, the evil god of fire cloud and his people Never show up again!" The

Watanabe clan is telling the truth.

Now Levi Garrison could see that they were not lying.

I really didn't expect a Fire Cloud Cthulhu to be involved!

But the Huoyun Cthulhu is a future thing.

Now the Black Sun organization is over!

"Master . Garrison, you said earlier, as long as we say everything, we won't kill us, right?"

Several members of the Watanabe clan were nervous to die.

I was afraid that Levi Garrison would kill them.

Levi Garrison smiled and said, "Of course not! I, Levi Garrison, said nothing, saying that I would spare your life if you spare your life!"

Levi Garrison turned and left.

Everyone in the Watanabe clan showed excitement.

They can live!

Levi Garrison did abide by the letter promise!

Levi Garrison left, and when he brushed past the Common Killer God, he said: "Old Li, I'll leave it to you!"

Then, Commoner Killer showed a bloodthirsty smile.

Several people walked slowly towards the Watanabe clan.

Killing intent!

Everyone felt a strong killing intent from the Common Killing God!

They realized that Commoner was going to kill them.

"No, what are you going to do?"

"Yeah, Master . Garrison has let us go. He said he will keep his promise and spare us!"

“Do you want Master . Garrison to break his promise!”

.....

Several people were in a hurry and immediately accused Commoner of killing God.

“Mr. Garrison just said that he

spared you, but I won't!” “He is him, I am me! I won't let you go, I want to kill you!”

Commoner Killing God looks like an idiot. At the Watanabe clan.

At this time, everyone realized that there was something wrong with the problem.

Levi Garrison is playing tricks?

wrong!

Did he spare everyone's life?

& But I neglected the guy who killed the God of Commoner!

What the key people said is reasonable, and there is no way to refute it.

understood.

This is Levi Garrison's strategy!

He had already thought about it!

"This, this... wait, wait... Puff..... Puff....." A

few bloody arrows shot soaring, and several members of the Watanabe clan fell in a pool of blood.

"Okay, let's go to hell!"

... After the

Common Killer finished all this, he immediately followed.

Since then, the Black Sun organization has all been destroyed!

Of course except for the great god Huoyun Cthulhu!

But this matter is currently only known to Levi Garrison and Common Killing God.

No one else knows.

In everyone's opinion, it was indeed the black sun that was wiped out.

Even the power of the Lab of the Gods on the East Island was destroyed in one fell swoop.

Soon news spread all over the East Island, spread all over the world!

First: the destruction of the Liusheng clan, the destruction of Liusheng Jianying and Liusheng the most powerful one!

Second: The black sun organization united by the Watanabe clan and the five ancient martial arts families of the Toshima was destroyed.

Third: Commoner kills the gods and retreats all over.

Commoner killed the god East Island and shocked the world!

In the past, Levi Garrison slew the North Ming war knife to the despair of the war eagle country, and now there is the common killer who has swept the East Island with great combat power!

These two great summer legends are famous in the world!

“Terror! Really terrifying!”

“It seems that after the first battle with Levi Garrison, the strength of Commoner Killing God skyrocketed!”

“Now he is not worse than Levi Garrison, right? No, even I feel a little stronger!”

“God is fair! Just took a Levi Garrison away, and immediately returned with a commoner to kill the gods! My Erudia is really amazing!”

... .. With

such a terrifying combat power as Commoner Killing God, the people of Erudia are the most excited.

The new god has appeared!

The Common Killer reaches the top with top combat power!

“Have you seen Levi Garrison? The Common Killer can already take over your burden, don’t worry!”

“Did you see? You can rest in peace!”

The Return of the God of War [The Protector] Chapter 2029

Many people in Erudia began to worship “Dead Levi Garrison” and called him to rest in peace.

Together with the seven evil gods, they all came to Levi Garrison’s cemetery and shouted: “Master, your hatred has already been avenged for you!”

“But we know that there are enemies alive! We must avenge this hatred! “

...

Messiah and Levi Garrison’s acquaintances also came to Levi Garrison’s cemetery one after another.

To be precise, it is the clothing mound.

After all, Levi Garrison's body is gone now, only his old things are buried.

"Brother Ye! Have you seen it? There are always heroes in Erudia who will stand up!"

"I believe this prosperous

age is as you wish!" "Don't worry about your wife and children! There are us, and they themselves are very good." Powerful!"

... The

commoner killing god Phoenix Nirvana once again came out of the mountain, shocking everyone.

Once again established the status of the Erudia martial arts world!

The most exciting is the protégés who are scattered all over the world.

They are proud of Master!

Not only that, even their own status has risen.

Get the respect and benefits of countless people.

The title of Commoner Killing God is popular all over the world!

Everyone wants to worship the entry.

For a time, many people came to worship the disciples of Commoner Killing God as disciples.

Calculated in this way, they can also have something to do with Common Killing God.

Be respected by all means!

Apprentices and apprentices can do this.

Not to mention the commoner kills the gods.

If he appeared anywhere, it would definitely cause a huge sensation.

The Commoner Killing God who knew the truth sighed again and again: "I have become stronger, yes!
But I am still far from this level?"

Levi Garrison smiled and said nothing.

This time it is also good to bring a commoner to kill the gods.

You can divert all your attention to him.

Otherwise, if you are alone.

Are you afraid that the whole world is frantically investigating your identity now?

Even Richard had already suspected that Levi was not dead.

This is difficult for his next plan.

& It might be exposed to Richard in advance.

But if the commoner kills the gods, it's much easier.

Although all the limelight's reputation was taken away by the common killer.

But his attention was completely diverted by him.

But what makes part of the doubts is that Tiance Mansion Tianji Pavilion has not updated the Big Summer Ranking for a long time.

According to the outstanding achievements of Common Killer God, plus Levi Garrison has passed away.

The common killer god should be ranked first.

However, Tianji Pavilion has not updated the Big Summer Ranking.

Someone explained: "The high probability is to commemorate Levi Garrison and to warn the enemy?"

“Yeah, Levi Garrison is really a genius. If you want me, I will put him first!”

...

but all major foreign companies All areas of influence list Common Killer as an extremely dangerous existence!

It is of the same level as Levi Garrison before!

Even Richard and the Lab of the Gods have to make a new assessment of the combat power of Common Killer.

“Thoroughly find out how his strength is raised to this level, you must be the most careful!”

Richard was very angry.

The Black Sun organization is a good cooperative ally.

If you say it's gone, it's gone?

All the people sent by him were also destroyed.

The loss is too great.

And the Common Killer was clearly avenging Levi Garrison.

He had to be on guard.

“If the commoner kills the gods to come, just try our new test product-the energy body!”

Richard sneered.

He is now looking forward to the Common Killing God coming.

He has a large number of experimental products waiting for the results of combat power.

It would be great if there are experts coming.

His second batch of experiments has just been completed.

A total of ten people collide with particles.

Eight people died, two succeeded.

And it is stronger than the first successful one.

...

“Go, take me to see the next experimenter!”

Richard came to a prison-like place.

It was actually being held inside...

The Return of the God of War [The Protector] Chapter 2030

These people are not others.

It is from the Lopez and Black family.

Li Wenhai, Li Wenfei, Li Songkui, Zhang Wentao, Zhao Junfei and others.

At the beginning of the Great Xia national disaster, they fled to the war eagle country.

However, after Erudia succeeded in sniping, the War Eagle Nation became angry and deprived them of all their assets and expelled the War Eagle Nation.

As a result, they could not go back to Erudia, nor could they go to War Eagle Nation.

They have no identity at all.

Like the savage, survive in the area where there are no things.

Lives worse than wild dogs every day.

Suffered all kinds of hardships! ! !

If they hadn't practiced a bit of martial arts, I'm afraid they would all die.

Later, Richard thought of these people when he was doing Xu Zhengjie's experiment.

I want to use them as experimental subjects to transform.

So I ordered someone to look for it, but I didn't expect to find all of them.

After bringing Zhang Wentao and others back.

Richard ordered his subordinates to use genetic drugs, super serums and various biotechnologies to strengthen their physique, expand and stimulate their brains...

In short, they must be transformed in all aspects, so that they can make progress in all aspects.

In this way, the body is qualified to participate in the Xu Zhengjie particle collision experiment!

Do not!

Continue to strengthen!

Richard wanted all of them to succeed, but didn't want anyone to die.

He wants to take revenge on these people!

This is the coolest!

“Do you know who caused you to be like this?”

Richard asked.

“Levi Garrison!!!”

At the mention of this, Zhang Wentao’s veins violent.

They heard that it was Levi who had placed the ban and prevented them from returning to Erudia.

Even if the elderly in the family interceded, Levi Garrison was upright and never agreed.

So in the eyes of everyone, this was caused by Levi Garrison.

Levi Garrison ruined them!

& “If I give you a chance for revenge, would you like it?”

Richard asked.

Everyone hesitated.

Especially Li Wenfei, the music feels fraudulent.

“I know what you are worried about? Yes, let me say it! I also want Levi to die! I just want to use you to kill him! I have an experiment here that can transform you...”

Richard said , Everyone thinks a little bit.

If they don't agree, they will die.

Instead, I agreed.

It just so happens that Levi Garrison is still an enemy!

Things that kill two birds with one stone!

Their current news is blocked, and they don't even know that Levi Garrison has fallen.

So Richard seemed to be telling the truth, but actually packed them all in.

“Okay, we promised! We must kill Levi Garrison!”

...

Richard was very satisfied with them.

At that time, through their hatred of Levi Garrison, they can maximize their combat power while also being easy to control.

“Now it seems that the situation is great!”

“But there are hidden dangers! First: Levi Garrison’s child is too talented, once trained, it will be the biggest threat to us;

second, Zoey! She currently has The supreme combat power, if used by Tiance Mansion, is also a threat to us!

Third, Wen Lei, she was also transformed in that experiment. The current situation is unknown, but it is extremely powerful!”

Richard murmured, touching his chin Muttered to himself: “I have to find a way to get rid of or bring the three of

you !” “If I send a few energy bodies over by then, can I catch them back?” The

others nodded.

“Absolutely, Mr. Richard just used this opportunity to test their combat effectiveness!”

Richard nodded his head after hearing, “Well, well, I have to plan! These three people must not be our threat. !” At

this moment, someone ran in.

“Mr. Richard has someone looking for you!”

Richard looked confused: “Who?”

“I don’t know him, but he claims to be the founder of Black Sun!!!”
