

The Return of the God of War [The Protector] Chapter 2042

“Everything they did was to mine and take resources in Erudia! They have done a lot of preparations! Only now I gradually understand that they are all premeditated!”

“I was longing for the laboratory of the gods before , But after experiencing this incident, I understand a lot!

Now that the Gods Laboratory is developing like this, it must be brewing a super plan! Once they develop to the point of uncontrollable, it will be a disaster for Erudia and the world! Please! Be sure to stop them!”

He Qingxue already understood that the reason why the Gods Lab killed Levi Garrison was because he had been blocking their way and preventing everything they did.

Hear here.

Levi Garrison felt more and more that it was necessary for him to die.

The Lab of the Gods is more terrifying than imagined!

They are brewing a super big plan!

The future is extremely threatening to anyone!

Now that he is feigned death, he can just dig a little bit to inquire about the laboratory of the gods.

Otherwise, it would be too difficult to deal with the Gods Lab on the face.

There is almost no chance of winning!

“You must stop them! Take revenge for him too!”

He Qingxue looked at Levi Garrison seriously.

“It was all I killed him! He wouldn’t die if it wasn’t for my cumbersome side by side!”

He Qingxue still blamed herself very much.

Levi Garrison smiled and said, “I believe he will not blame you! You did nothing wrong at all! Besides, it is his responsibility to protect the people of Erudia! If you give him another chance, he will still protect you! Of course! There will be no complaints!”

“Really?”

He Qingxue has been living in guilt.

Hearing what Levi Garrison said was a bit touched.

“Yes! He wants to see you cheer up!”

He Qingxue nodded, “Well, I know. I will cheer up!”

Levi Garrison was thinking about the next plan.

The first is to prevent the Lab of the Gods from taking the Sun Stone again in Erudia, half of it will not work.

Second, stare at the Erudia enterprise that is united with Heishui, and it is best to kill it in the bud.

Third, investigate the laboratory of the gods and try to get rid of Richard as soon as possible.

Fourth, the ultimate goal is to get rid of the laboratory of the gods.

Seeing He Qingxue's recovery a lot, Levi Garrison smiled and said, "Do you believe that he will appear in another form?"

"Huh?"

He Qingxue was taken aback first, and then nodded.

"I believe it!"

"That's good, wait for him to appear in another form!"

Just as Levi Garrison was about to leave, three people came outside.

It was the plum that dyed them.

After the decision, the speed of the three women was very fast, and Levi Garrison was in front of her feet.

"Miss, a group of people are looking for you outside!" The

servant came in to announce.

"Huh?"

Levi Garrison and He Qingxue were both taken aback.

Why is there still someone looking for it?

“Who are they?”

He Qingxue couldn't help asking.

“It's a woman, she said she wants to learn from you some of the circumstances of Mr. Garrison during his lifetime!”

said the servant.

Levi Garrison became more confused.

A woman who wants to know her own situation?

Who is it?

“Miss He, then I will leave first!”

The Return of the God of War [The Protector] Chapter 2043

I never thought I would meet the three of Zoey here.

Are they here?

Seeing the three of them looking at him in unison, Levi Garrison was a little nervous and uncomfortable.

Is she still like that, as always, hating herself and treating herself as an enemy?

Looking at Levi Garrison, the three of Zoey felt a little familiar.

This person seems to have seen him somewhere.

But in detail, I don't know.

"This is?"

Zoey asked curiously.

Zoey stared straight at Levi Garrison, as if to see him through.

The same is true for the other two women, who inexplicably feel that Levi Garrison is a bit familiar.

"Sir, where have we met?"

Zoey looked at Levi Garrison in confusion.

If facing other people, Levi Garrison would definitely not change his face and heartbeat.

But in front of him is plum dye.

He was a little nervous and even stammered.

"I..." The

three of them looked at Levi Garrison more suspiciously.

Seeing that Levi Garrison was about to be exposed, He Qingxue's voice sounded, "He is Mr. Garrison's subordinate, and he came to understand Mr. Garrison's mission during his lifetime!"

"Levi Garrison's mission during his lifetime?"

Zoey asked nervously, his attention immediately shifted.

“Levi Garrison??”

Levi Garrison and He Qingxue said in unison, looking at Zoey in surprise.

The reason why He Qingxue was surprised was Zoey’s name.

The reason why Levi Garrison was surprised was that it was also called, didn’t Zoey regard himself as an enemy? How can you call yourself so intimately?

Could it be that she is already healed?

Levi Garrison was surprised and happy!

If the plum is dyed well, then his wish is over.

“Miss He, I am Levi Garrison’s wife Zoey. I am here to find you about his situation on Golden Harbor Island...”

Upon hearing this, Levi Garrison was sure that Zoey was fine.

Although this kid half fairy and half ghost hid at the time, he was still considered conscience.

Not only thinking about keeping his body, but also saving Zoey.

“Count what I owe you! I have a chance to repay in the future!”

Levi Garrison smiled.

“I have almost understood it, I will leave first!”

Levi Garrison took a few more glances at Zoey before leaving here.

He Qingxue began to tell the three about Levi Garrison's situation on Golden Harbor Island.

What Levi Garrison didn't expect was that He Qingxue actually told Zoey about all the conditions of the Gods Laboratory and the Sun Stone.

"Stop the Lab of the Gods! We must not let them get the Sun Stone again!"

Zoey's eyes shone with light.

This further strengthened her determination to avenge!

She wants to inherit Levi Garrison's will and complete his unfinished mission!

After all, she has this ability now!

But Zoey's idea is a little bolder.

For example, Levi Garrison had to figure out the enemy's strength first, and then infiltrated and solved it little by little.

But Zoey had a crazy idea in her mind—she was going directly to destroy the Lab of the Gods.

From the battle with the Destroyer Top Ten, she assessed her own strength. She has the confidence to destroy the Lab of the Gods.

But before going, she has to make sufficient preparations.

To enhance her strength to the extreme, it is best to

The Return of the God of War [The Protector] Chapter 2044

“f*ck??”

Levi Garrison was shocked.

Can this be found?

What is the level of plum dye now?

He has been hidden like this, can he still find it?

Is Zoey’s strength like this?

The main reason is that Zoey’s body has reached an extremely terrifying state now.

Several levels stronger than the Destroyer!

She has super perception!

She could perceive every move of everything around her.

She could detect the movement of mosquitoes thousands of meters away as long as she wanted to.

That’s why Levi Garrison was exposed.

“Boom!” As

soon as the voice fell, Zoey turned into a flash of lightning to chase him!

Levi Garrison fled immediately.

But then he was surprised to find that he couldn't get rid of plum dye at all.

She followed closely.

Levi Garrison knew that if he played against each other, or met, he would definitely be exposed.

Who knows if Richard has arranged anything with Zoey, if he exposes himself, that would be bad.

"Boom!"

Levi Garrison threw a terrible punch, trying to stop Zoey.

It was just that when the punch hit Zoey, the terrifying power from her body revealed and turned into an invisible wall, blocking Levi Garrison's punch.

Seeing this punch is like a mud cow entering the sea.

Levi Garrison was shocked.

She has fought against the angry Zoey before, and she is indeed terrifying!

It's all brute force!

But now, she can use her strength proficiently, can start speed, can defend, can attack...

This is also terrible!

It is now an upgraded version of Zoey!

“Boom!” The

defensive Zoey turned into a flash of lightning and instantly appeared in front of Levi Garrison.

He even caught up with Levi Garrison.

“You can’t escape!”

Zoey said coldly.

“Magic Shadow Clone!”

Levi Garrison wanted to trick Zoey’s eyes to escape.

Did not wait for Zoey to see clearly.

He immediately performed his fascinating knowledge-the ghost clone.

Dozens of clones are instantly differentiated!

In fact, it is fast, deceiving the brain and deceiving the eyes.

“Escaped!”

Levi Garrison smiled and fled immediately.

Only in the next second, his face changed wildly.

Zoey ignored all the clones and grabbed him directly.

That means that Zoey's eyesight is terrifying, and his brain is even more terrifying.

Demon Shadow Clone can't lie to her at all!

So she can instantly lock Levi Garrison's true body from among the many clones of Levi Garrison.

"f*ck!"

Levi Garrison exclaimed again.

This is too scary, right?

For the first time, his ghost clone was broken!

Turned out to be his own wife!

Before Levi Garrison could think about it, Zoey came after him again.

"I..."

Levi Garrison was really speechless.

If this continues, it must be exposed.

Zoey turned into a flash of lightning and rushed in front of Levi Garrison again.

“Don’t want to leave!”

Levi Garrison had a headache.

How can we go on like this?

Not only that, Wen Lei also caught up immediately.

“Isn’t it?”

Levi Garrison was shocked again.

Is Wen Lei also in this state?

Is this progress too fast?

The Return of the God of War [The Protector] Chapter 2045

Levi Garrison is very difficult now, even a headache.

Zoey and Wen Lei are too good!

He didn’t even get rid of it.

The two even saw that he had changed.

What can he do?

The longer you entangled with the three girls, the easier it is to expose yourself.

This exposure was not just to these three people, secretly I don't know how many people were staring.

Once they fight, the huge movement will definitely arouse a lot of people.

"It's really not good, I can only use that!"

Seeing the three people pounced, Levi Garrison had already decided.

"Boom!"

"Boom!"

...

But just at the very moment, several air currents came from all around.

Boom to the three of Zoey.

The three of Zoey immediately started to block!

With this effort, Levi Garrison immediately took the afterimage of his debut and disappeared.

"Chasing!" The

three of Zoey were about to chase.

"Shoo shoo..."

secretly shot out air currents, blocking the three people's path.

Although it could only stop the three of Zoey for a moment, for Levi Garrison, this time was enough.

After all, it's just a little bit of time between super masters.

When the three of Zoey catch up again, where is Levi Garrison?

The three were annoyed.

Never expected that there would be a helper in secret!

The person who didn't expect it was Levi Garrison!

How could he not think that someone would help him secretly?

who is it?

They are definitely not Azure Dragon (Qinglong)!

Everyone was sent out by him!

So who is the one who just shot?

Who is helping yourself?

Are they unintentional or intentional?

If it's unintentional, it's okay.

If it is intentional...

Does anyone know that they are still alive?

This...

Thinking of this, Levi Garrison was shocked in a cold sweat.

This is too terrifying...

Even if he only used half of the taboo technique, anyone knew he was alive?

This is also terrible!

Is this person an enemy or a friend?

It's okay if it's a friend, but it's troublesome if it's an enemy.

Levi Garrison calmly analyzed.

If it were the enemy, then the news that he was alive should have been exposed long ago.

Not to save myself at this moment.

Then it is not the enemy!

But is it a friend?

Not certainly!

At present, they may have other purposes...

But even if they are not friends, at least they are not enemies at the moment.

So Levi Garrison can rest assured.

After getting rid of the three of Zoey, Levi Garrison searched around and found nothing.

This proves that the opponent reacts quickly and is strong.

It would be extremely terrifying to be able to intervene in the battle between him and Zoey.

The other side.

The three of Zoey returned from Golden Harbor Island.

Zoey retreats directly, preparing to use the shortest possible time to increase his strength to the extreme, and then go to War Eagle Nation to avenge Levi Garrison.

It's just that Wen Lei and Mia (Zhou Nanyan) didn't know it.

The Eagle Nation, in Richard's mansion. <
