

The Return of the God of War [The Protector] Chapter 2081

Jimson, Rex and others are dead.

Brought a huge blow to the Blackwater Company.

As a result, the business of Heishui Company in Erudia was temporarily shelved, and everything stopped.

The Four Young Masters and the family behind them were completely dumbfounded and dumbfounded.

The head of the Blackwater Company received the news of the death of his son and his good partner.

“I have to get someone out!!!”

On the other side, Richard finally got over.

But suffered the accusation from the top of the laboratory of the gods.

After the final discussion, Richard was given one last chance.

Richard's eyes were red, and the whole NPC changed.

“I have written down this hatred!”

“It's time for the world to see the true power of the Lab of the Gods!” A

cold light flashed in Richard's eyes.

Now that the Gods Laboratory has been hit repeatedly, this time the supply station was destroyed, and one arm was broken.

The Lab of the Gods is no longer as mysterious and powerful as it used to be in the eyes of the world.

Even most people think that the Lab of the Gods is nothing more than that.

To be played with in this way, let alone fight back, you can't even find it.

The Lab of the Gods has become a shameful joke.

Even before, they have seen the laboratory of the gods and their longing gambling families clearly.

It seems that the Lab of the Gods is not that strong?

The meaning of the Lab of the Gods is a bunch of gods, but they are played by a mortal.

Recently, one after another, the reputation of the Lab of the Gods has plummeted.

Originally the most mysterious resource, Sun Stone, is now known to the world.

Not only was Erudia unable to mine, but even their original mining base didn't dare anymore.

The loss is too great.

If this continues, no one will be afraid of the Lab of the Gods anymore.

The first thing Richard had to do was to re-certify the Lab of the Gods and let the world know how terrible the Lab of the Gods was.

Let the world see the horror of the Lab of the Gods!

Richard has already thought about the place to show the world the horror of the Lab of the Gods.

“Unfortunately, there is no opportunity. If there is an opponent now, how good would we directly show the power of the Lab of the Gods?”

Richard muttered to himself.

Li Shiji said next to him, “Mr. Richard, we can pick an opponent at will. We call them opponents against the Lab of Gods. Let’s kill them first.”

Richard nodded, “Well, yes. That choice. Who is it?”

“It’s better to choose Erudia, or something related to Erudia!”

Li Shiji said.

“Erudia is not moving! Then choose one related to Erudia!”

Richard said.

Li Shiji immediately said, “Mr. Richard, I have a choice, that is, the Tianzhan organization of the Xiong Nation who has a good relationship with Erudia! They have helped Erudia a lot! They are Erudia teammates who have a good relationship!”

“This can be done. Ah! The Sky War organization has long been included in our kill list! Just take advantage of this opportunity to get rid of them!”

Richard said immediately, “pass my order, immediately set off for the bear country! Destroy the Sky War organization! I am! Let the world know

The Return of the God of War [The Protector] Chapter 2082

The Tianzhan organization of the Xiong Kingdom had received news, and just as they were preparing, the bad news came.

The Lab of the Gods appeared with a thunderous momentum.

Defeat the Tianzhan organization with a blitzkrieg.

It only took a minute before and after.

Shock!

The world is shocked!

Such a terrifying existence of the Sky War organization was destroyed in a minute!

What kind of terrifying strength does the Lab of the Gods have!

Scepter of God!

The name spread all over the world overnight!

This is also the first time that the Lab of the Gods has shown the scepter of God in front of the world!

After the God's Scepter weapon system is activated, it will destroy the huge sky war organization within one minute.

To put it bluntly, it is actually a few seconds.

It's just that the remaining time to clean up adds up to one minute.

The Scepter of God is the proud work of the Gods Lab, and it is also one of the trump cards.

Originally, Levi Garrison was going to use it when the Eagle Nation was rioting.

However, Richard deliberately sabotaged and did not allow the scepter of God to appear.

However, many people in the Lab of the Gods thought that it was not the right time for the scepter of God to appear.

The timing is not right!

Now the Lab of the Gods is in a difficult stage, and its majesty is lost.

It's time to use the scepter of God.

The use of the scepter of God alarmed the world.

Destroy the sky war organization in one blow.

Let all countries and forces be amazed!

Return to the fear of the laboratory of the gods.

This weapon is unheard of.

But this is just one of the cards of the Lab of the Gods.

God knows what trump cards are still holding in the hands of the Gods Lab...

Although the key god's scepter is used, no one knows what it is...

This is the most terrifying.

No one dared to think about it.

In case of confrontation with the Lab of the Gods that day, how to guard against this kind of weapon?

As a result, he didn't even know what this weapon was.

In the endless desert in the northern part of the bear country.

Richard and his party appeared.

They just killed the Sky War organization, and everyone looked smug.

Their fighting power is still super terrifying.

Richard admired the work triumphantly, and smiled, "If I show the pure energy body again, what will the world do?"

"Haha..."

Everyone smiled.

Richard immediately said, "Let the experimental team speed up, I want to see Levi Garrison's relatives transform into pure energy bodies as soon as possible!"

"I want them to become Erudia's nightmare!"

...

"By the way, Tian Zhan The organization is still too weak! Next, we still have to continue to show the power of the Gods Lab! This time it is not thorough enough!"

Richard said.

“What does Mr. Richard show next?”

Li Shiji asked.

Richard’s face flashed a hint of Henli “Our country star with Sanko Group is a partnership of top-secret experiments, I feel it is time to show results now.”

“Oh, someone close to us!”

This time Richard Suddenly, his men sounded a warning.

Their detection device detected someone approaching.

The Return of the God of War [The Protector] Chapter 2083

“Is it her?”

Everyone was surprised when they saw the woman’s face clearly.

“Zoey? Levi Garrison’s wife?”

Even Richard was surprised.

After everyone was shocked, Zoey had already come here aggressively.

“Richard!!!”

Zoey recognized him immediately when he saw Richard.

She pretended to be a doctor, and she remembered that face very deeply.

“It’s me!”

“You killed my husband, and I’ll take revenge!”

Zoey said word by word.

“Huh? What?”

Richard and others thought they had heard it wrong.

Want to avenge Levi Garrison?

Everyone was shocked.

Richard frowned.

He suddenly smiled.

Because Zoey’s appearance dispelled one of his doubts.

The strength of the mysterious force and Jimson’s rumors that Levi Garrison was alive fell into Richard’s ears.

It made him wonder if Levi Garrison was really alive?

After careful analysis, his hunch became stronger.

But now Zoey has come to him for revenge.

His doubts were dispelled.

Yeah.

Levi Garrison can't live!

Richard's mood instantly became very good.

Dispelling doubts, Zoey still seeks revenge at his door. Isn't this just enough for him to show the power of the Lab of the Gods?

Kill two birds with one stone!

Richard has made an assessment of Zoey's force value.

Super strong!

It would be quite threatening to be able to kill the Destroyer.

However, it is precisely because of Zoey's strength that this battle can demonstrate the strength of the Gods Lab.

He just lacks such a test product.

As a result, plums were dyed.

“Kill!!!”

Zoey didn't talk nonsense and started killing directly.

“Stop him!”

Richard gave an order, and the powerhouses around him rushed forward.

“Boom!”

Zoey shook with a superpower.

The fists of both sides slammed together.

“Rumble...” The

mountain shook suddenly.

“Kacha!” But the

superman's fist and arm burst open, followed by his body, and his head all burst.

Zoey punched him abruptly.

Everyone present gasped.

Although this superpower is not the strongest, his template is the destroyer, with 70% to 80% of the strength of the destroyer.

He was beaten by Zoey with such a punch.

“Exciting, but just in line!”

Richard shouted as he stepped back.

“Boom!” But

he still underestimated that the plum was dyed.

I saw Zoey start instantly, turning into a flash of lightning, passing through a large group of strong men, and instantly appearing in front of Richard.

Just want to tear Richard.

Richard was frightened.

“Kachachachacha...”

Fortunately, the mechanical armor emergency system on his body was activated, and a shield was instantly formed in front of him to protect him.

“Bang!”

But he was also hit and flew far, far away.

The others reacted and all rushed to protect Zoey.

“You all have to die! I will not only avenge my husband! I also want to inherit his mission to destroy the laboratory of the gods!”

Zoey looked like a Valkyrie descending from the sky, staring at everyone.

...

“Boom!”

The Return of the God of War [The Protector] Chapter 2084

Zoey is too strong.

The masters around Richard could not stop them at all, even if they added up, it was just a delay.

It doesn't play a big role at all.

“I want the world to know about this battle! It just so happens that we can use Zoey to show our strength!”

Richard shouted.

Great summer capital.

“Huh? No! Sister Wen Lei, my sister-in-law is gone!”

Mia (Zhou Nanyan) and the others finally discovered that Zoey was gone.

“No, she must have gone for revenge!”

Wen Lei exclaimed.

Mia (Zhou Nanyan) also reacted quickly, “Yes, it just so happens that Richard seems to be in the country of Xiong! My sister-in-law must go to the country of Xiong!”

“Hurry up, let’s go to the country of Xiong! How dare she fight the Lab of the Gods alone! Huh?”

“I will notify Tiance Mansion again! Zoey can’t be in danger!”

...

After receiving the news, Tiance Mansion immediately sent people to Xiong Country.

On the one hand, Zoey is Levi Garrison’s wife.

On the one hand, Zoey is very strong and has great potential. Tiance Mansion doesn't want her to have trouble now.

Soon, news of the battle between the Gods Lab and Zoey was released.

The whole world knows that Zoey avenged her husband and wanted to kill Richard to destroy the laboratory of the gods.

This is the first time Zoey has demonstrated force in front of the world.

“What? Levi Garrison's wife is so strong?”

“This family is ruthless, and his daughter is a super talented one in a million!”

“But their family is facing an experiment with the gods. Room, maybe, the family is going to destroy Richard's hands!”

.....

The news came out.

The whole world is boiling.

They all set their sights on the desert of Xiong Country one after another.

Come pay attention to this battle.

There is even a great power who can get real-time battle conditions so that everyone knows how far the battle is going.

...

Killing indiscriminately!

Zoey faced the masters in the laboratory of the gods and killed them all!

Hundreds of masters have died.

The quantity does not sound shocking at all.

The previous wars were tens of thousands and hundreds of thousands.

But you must know that these hundreds of people are all strong in the Lab of the Gods!

Everyone is super strong.

It's not comparable to leftovers.

The Lab of the Gods has a rating for everyone's strength.

Like Richard, the combat power rating is only c, but he is s-level in the special armor.

Before that, Richard sent out to kill Levi Garrison's s? level powerhouse.

For example, the destroyer is even ss-level.

This time Richard brought out at least s-level powerhouses, and the terrifying thing was that s-level ones accounted for one-third.

There are dozens of people who personally protect Richard Richards at the SS level.

There are even sss levels.

That is to say, as a senior, Richard has the authority to activate so many powerful people.

Before, he could only mobilize a small amount of s? and s's strong.

Every strong man of this level is regarded as a treasure.

So Zoey killed so many s-level and s-level powerhouses in one breath, he was already shocked.

Before this, except for Levi Garrison,

The Return of the God of War [The Protector] Chapter 2085

“Huh?”

Everyone looked over.

“Let Zoey kill the Quartet first, and show all his strength and skills! The more comprehensive and detailed the better, the better! This will kill two birds with one stone for us!

First, Zoey shows strong enough strength, and we will get rid of it later. She, isn't this more able to highlight the power of the Gods Lab?"

Everyone nodded fiercely, "Yes, the stronger Li

Zoey, the more powerful we are." Li Shiji smiled, "Secondly, let Zoey A comprehensive demonstration of her strength is also an analysis of her combat power. Let us make a specific evaluation of her strength. The more detailed the display, the more we can find out her shortcomings! This will help us get rid of her later!"

After listening, everyone looked shocked. .

Unexpectedly, Richard's arrangement was so detailed.

But the cost is too great.

Too many people died.

Every strong man is a treasure.

So many died. Seeing everyone's intentions, Richard smiled, "Sometimes you have to pay a price to do things! During this period of time, I really have too many powerful people dead! But I have to complete the experiment, and then batches of pure energy bodies will come out. , The senior management of the laboratory

would praise me instead."

Everyone nodded.

Everyone knows that if pure energy embodies the world, just one can withstand all the losses now.

In the field.

Zoey continued to show his strength.

More and more people are dying in her hands.

Richard's team used the most advanced equipment and the strong to watch the battle from the side to conduct a detailed analysis and evaluation of Zoey's strengths and weaknesses.

"Go! s? level powerhouse!"

Richard ordered.

Several masters and Zoey trembled and fell again.

Zoey's true combat effectiveness has not yet been fully demonstrated.

It shows that the opponent's oppression is not enough!

"Use the upgraded version of the killing weapon!"

Richard ordered the people to release Xu Zhengjie's proud work-the upgraded version of the killing weapon.

In order to continue to oppress Zoey, to stimulate her stronger strength, to expose more.

The killing weapon targeted Zoey again and again and bombarded her again and again.

However, Zoey's body burst out with a powerful invisible force, which can always block the killing weapon.

Her mighty power can tear it apart when the god-killing weapon strikes it.

"Did you see it? God-killing weapons have no effect on this level of power!"

Richard said.

"Mr. Richard, we are still developing the third version of the killing weapon! It will be successful soon!"
The

subordinates wiped cold sweat.

"Continue to use other weapons, continue to oppress!"

Richard commanded calmly.

Apply high-intensity compression to the Zoey again and again.

But Zoey is really too strong.

Over and over again Richard's expectations.

No matter how strong the obstacle, Zoey can always be easily resolved.

...

"Strong! Zoey is too strong, right?"

"There are thousands of strong men who have died in her hands! Those are all s-level strong men in the Gods Lab! There are so many powerful weapons, all Can't stop her!"

"I'll go, the female version of Levi Garrison
