

The Return of the God of War [The Protector] Chapter 2091

“Huh?” The

emotionally excited Zoey was taken aback, looking at the person in front of him incredulously.

Isn't it Levi Garrison?

“Then you just said that you are Levi Garrison? No, I don't believe it! You are Levi Garrison!”

Zoey looked excited.

Because this person is similar to Levi Garrison, his voice just now is the same.

Upon seeing this, the man pulled off his mask, revealing his true face.

A strange face appeared before his eyes.

Zoey was stunned.

Who is this?

“You...who are you?”

Zoey asked immediately, and the whole person became vigilant.

“For the sake of Levi Garrison’s face, the one who saves you, come with us!”

This person directly did not give Zoey any chance to resist, and took her away.

If Levi Garrison or the Seven Evil Gods were here, you would find that this person turned out to be the Underworld God!

It is now one of the eighteen dark angels in the Bible organization.

It turned out that it was the Bible organization that saved Zoeyyan.

This is the task of the Dark God.

Six of the eighteen dark angels came.

Zoey must be saved.

It is estimated that no one would have thought that they would come out to intervene.

Levi Garrison didn’t expect it.

Hearing that Zoey was in trouble, he hurried over.

But he was stopped halfway.

Four top masters.

Powerful enough to explode.

He had never seen it before.

Can faintly feel a little familiar, but can't remember.

These four people are naturally the remaining four dark angels.

The four of them are responsible for intercepting Levi Garrison, and Mingxie and the other are responsible for saving Zoey.

It can be seen that stopping Levi Garrison is more difficult than rescuing Zoey.

When Levi Garrison was about to forcibly open the four people to intercept, they actually evacuated.

Levi Garrison didn't think much, and rushed to the destination.

At this moment, Richard and the others are looking frantically.

Zoey was rescued? ? ?

Seeing this, Levi Garrison looked dumbfounded.

He just thought those people belonged to the laboratory of the gods, but now they don't seem to be.

A third party got involved.

It turned out that the four people stopped him just now so that the others could save Zoey away.

They don't want to save Zoey by themselves? ? ?

But they saved it by themselves.

The key is that these people still know that they are alive!

who is it?

Who the hell is it?

What are they going to do?

Think carefully.

Levi Garrison was startled in a cold sweat.

He immediately thought of someone helping him when he was almost exposed in front of Zoey when he was on Golden Harbor Island before.

That group definitely knew that they were still alive.

But at that time, Levi Garrison judged that they were not malicious, and that he wanted to keep his identity secret and continue his own plan.

The fact that there was no interference or hindrance for a while later proved this point.

But the group of people who appeared now obviously knew their identities.

But to stop themselves, they rescued Zoey.

I don't know what the intention is?

And this group did not reveal that they were still alive.

It is not known whether it is an enemy or a friend.

But Levi Garrison can basically tell that these are two groups of people.

It was another group who rescued Zoey.

What is their real purpose?

The Return of the God of War [The Protector] Chapter 2092

Suzaku and others analyzed.

Levi Garrison thought for a while, it's probably like this.

The other party knew that he was alive and did so.

That is purposeful.

They are likely to find themselves.

who can that be?

Levi Garrison couldn't think of it temporarily.

He couldn't imagine that anyone knew he was alive.

There is more than one group.

so horrible.

Why don't you break the news that you are still alive?

In a large sense, it may be that you are weak in the eyes of these people, even like ants.

Of course, it is also possible that they have the value of use, such as dealing with the laboratory of the gods.

...

On the other side, Zoey slowly opened his eyes.

She was surprised to find that her injury was much better, and she was full of energy.

She survived.

But who is the one who saved her?

In the face of her husband?

Zoey opened his eyes and found himself in a dimly lit room.

Everything in the room was strange, especially the murals on the walls and some text symbols, which I couldn't understand.

And it's very scary.

"Are you awake?"

a majestic and cold voice came.

"Who are you? Where are you?"

Zoey became nervous.

She couldn't tell where the sound came from.

"Don't be nervous, I sent someone to save you!"

“Your husband and I are acquainted. Before he was alive, I invited him to join my organization, but he refused.”

This voice is not someone else, it is the dark god of the Bible organization.

But he didn't tell Zoey Levi Garrison was still alive.

Hearing this, Zoey's nervous nerves relaxed a lot.

But she still looked wary, “You save me, not just for my husband's face, right? There must be other reasons!”

“Yes! Let me ask you first, have you seen the power of the Gods Lab?” “

Hmm.”

Zoey nodded.

“But this is actually just the tip of the iceberg. You can't imagine the power of the Lab of the Gods! Don't say you destroy the entire Lab of the Gods, you can't even kill Richard! It's hard, hard...”

Hearing this, Zoey looked depressed.

Before, she felt that she was strong, and she was in retreat for a period of time, thinking that she could get revenge.

As a result, he almost caught up with his own fate.

Zoey clenched his fists tightly, can this revenge be avenged?

The opponent is too strong.

It's so powerful that it's desperate.

She didn't even find out Richard's hole cards, let alone the Lab of the Gods.

Powerless!

Facing the laboratory of the gods, she felt a deep sense of powerlessness.

He knows who the enemy is, but there is no way to avenge him.

This feeling makes Zoey mad.

Just as she was desperate, a voice suddenly rang in her ear, "I ask you, do you still want to avenge your husband?"

"Yes!"

Zoey is categorical.

"Are you afraid of the Lab of the Gods?"

When the voice sounded, Zoey hesitated, but still shouted, "In order to avenge King's Landing, I am not afraid of death!"

"Yeah

The Return of the God of War [The Protector] Chapter 2093

Every word of the Dark God pierced the heart of Zoey.

Zoey's body trembled.

It seems that some factors deep in my heart have been aroused.

She clenched her fists tighter.

"I can't guarantee anything else! I will only promise to make you strong, strong enough, and strong enough to challenge the Lab of the Gods! Let you kill Richard! You will kill the people in the Lab of the Gods by yourself. Take revenge for your husband!"

But Zoey still has doubts, she still can't believe the person in front of her at all.

There must be a reason for the other party to do this.

The Dark God saw her doubts and smiled and said, "First, I like your talent and need you to join the Bible Organization and become my disciple! Second, the Gods Lab is an enemy and not a friend, and I want to overthrow it. . " "

but you do not agree does not matter, I can now send people to send you away, but you lifetime will avenge very, very difficult. "

after” you can leave, but you think clearly, you can always come back, I organized Bible The door is open for you at any time.”

...

Zoey hesitated.

The other party even let her leave?

However, after she left, if she wanted to avenge Richard and the Lab of the Gods, there was almost no hope.

This time she deeply felt the strength of the other party.

Leave, the chance of revenge is gone.

If you stay, it is very hopeful.

After all, the ability of the Bible Organization to rescue her so easily shows that it is very powerful.

No matter what the purpose of the biblical organization is to recruit itself, as long as you are strong enough to avenge Levi Garrison.

After thinking for a moment, Zoey shouted “I am willing to join you!”

“Okay, very good.”

“Next, you have to go through a ceremony and baptism before you can truly become a member of the Bible organization!”

...

Zoey officially joined the Bible organization.

Even people like the Dark God do not know what the purpose of the Dark God is.

Originally, they thought they brought Zoey to force Levi Garrison to join the Bible organization.

Unexpectedly, the Dark God didn't mention it, and instead let Zoey join the Bible organization.

The most important thing is that the dark god cultivated Zoey himself.

Since the establishment of the Bible Organization, the Dark God has personally trained only one person.

Zoey received this honor as soon as he joined.

Underworld God they couldn't figure it out.

They all dream of being nurtured by the Dark God, even if they are instructed once.

But Zoey has not only been trained, but looking at this posture, he is likely to become the helm of the Bible organization in the future.

This is the most critical and the most terrifying.

But they dare not question.

In the biblical organization, no one has ever questioned the decision of the dark god.

...

On the other side.

Levi Garrison has sent people out to check the whereabouts of Zoey as much as possible.

However, his manpower is limited.

And Azure Dragon (Qinglong) and the others can't expose too much.

Yes.

Suzaku was right.

The other party knew that he was alive and rescued Zoey. There is a high probability that he will come to him.

But what if you don't come to look for it?

The other party didn't think about targeting himself, so he wanted to make a fuss about Zoey?

The Return of the God of War [The Protector] Chapter 2094

“Quick, quick!”

“Connect!”

Richard yelled anxiously.

After the two connected, the voice of Huoyun Cthulhu came from there.

“Does Mr. Richards call himself Levi Garrison?”

Richard immediately replied, “Yes, but how could it be Levi Garrison, Levi Garrison is dead!”

Huoyun Cthulhu replied, “Well, Levi Garrison can't live. ! But are the techniques used by that person the same as Levi Garrison?”

The question of Huoyun Cthulhu surprised Richard.

Richard began to recall the scene of the man's shot with his men.

I have to say that the Lab of the Gods still possesses a lot of high technology.

I didn't see how the Underworld God took action before, but it was restored later.

Including where the evil god is hiding, how to make a move, and how to appear.

All have been restored one by one.

“It seems to be a bit like Levi Garrison?”

Everyone was surprised to find that the other party not only said that he was Levi Garrison, but the key behavior was also Levi Garrison.

“Send to Fire Cloud Cthulhu!”

Richard ordered.

Fire Dragon Cthulhu After reading and said, “like! But this is not a leaf monarchs! But imitate him! Identity I doubt, but I had to look it up! Give you the exact message!”

Ming had served as the Cthulhu The person closest to the Evil God of Huoyun, he is well versed in the cultivation technique of the Evil God of Huoyun.

So he can also imitate Levi Garrison.

It can be imitated almost exactly the same.

Now Huoyun Evil God suspects that the Underworld God came to save people.

However, there is no conclusive evidence, and he dared not insist on it.

“It seems that you are already confident, how much is it right now?”

Richard is also a wise man, where he can't read the mind of Huoyun Cthulhu.

"50%, I will give you a definite answer as soon as possible!"

... After

hanging up the call, Richard smiled.

Huo Yun Cthulhu was able to give him this answer, basically it was done.

They now believe that the one who rescued Zoey was the mysterious force.

Thinking that the mysterious force will be uprooted soon, Richard and others can't restrain their excitement.

"Let's go, the mysterious forces will soon surface! We also have to be prepared!"

Richard needs to improve his strength.

He aimed at pure energy body.

As long as pure energy manifests in the world, he will be proud of the world.

"Tomorrow will be the experiment of Lopez and Black's family. I have to stare at it personally, and there must be no problems!"

Richard's face was full of expectation.

Although so far no pure energy body can reach the level of Xu Zhengjie.

After all, Xu Zhengjie is the originator, and the super-energy particles colliding in the laboratory are different.

Xu Zhengjie discovered that it was natural, but they were man-made.

All aspects are greatly reduced.

But even the pure energy body with a low-profile version is invincible.

Not to mention that Richard is in mass production.

He currently has twenty-four pure energy bodies.

In addition, if the Lopez and Black family succeeded, it would be more than thirty.

He believes there will be more in the future.

However, such super-energy particles are also super troublesome to manufacture.

Consume a lot of resources...

the other side.

Levi Garrison has

The Return of the God of War [The Protector] Chapter 2095

It just happened to disrupt Levi Garrison's thoughts.

The thoughts captured at that point are gone.

"What's the matter?"

Levi Garrison asked with an unhappy expression.

"Boss, the sun stone we hid should have been discovered."

"What?"

Levi Garrison's expression changed.

The first few batches of Sun Stone were robbed by Levi Garrison, but the time was tight and they were not transported too far.

And uncharacteristically transported to the Star Nation to befriend the Battle Eagle Nation and the Lab of the Gods.

The Star Country is basically the site of the Gods Laboratory.

In addition, the star country was close, so Levi Garrison hid all of the sun stones in the star country.

After the incident, the Lab of the Gods searched it all over, but Star Kingdom basically ignored it.

After all, in their view, this is their own territory.

This is black under the lights.

Levi Garrison knew that this trick would work temporarily, but over time, he would definitely be discovered.

He still has to find a way to transport it to other places.

But I didn't expect it to be exposed so soon.

"It was mainly an experiment in a laboratory of Sanxing Group that exploded, and it happened to spread to the place where we hid the sun stone! They sent someone to investigate, and it should have been exposed..."

Levi Garrison stood up immediately, "Transfer! Quickly move!" If it doesn't work, it will be ruined!"

...on the

other side.

Richard is checking Lokita and their physical condition.

At this time, Li Shiji quickly ran to “Mr. Richard is a big surprise! The sun stone that was robbed in front has been found!”

“What??? You say it again!”

Richard almost jumped up excitedly.

“The Sun Stone has been discovered! In Star Country! Sanxing Group discovered it accidentally!”

Li Shiji was also Sanxing Group before, so he got the first-hand news.

“Hurry up and let Sanxing Group and Xingguo take down these sun stones in the name of the Gods Lab! Do everything possible! Grab people and leave the sun stones!”

“Tell them, Gods Lab Will promise what they want!”

“In addition, we will also go to the star country, at the fastest speed!”

“Come on, bring me two pure energy bodies! Can be controlled!”

...

Richard quickly ordered , Desperate to go to the star country.

Even if the pure energy body is formed, it is actually in the experimental stage.

Because you can't fully control your thoughts yet.

Regardless of everything, Richard took two with him.

Star country.

The Sanxing Group and related departments received the news from the Gods Laboratory. To be precise, it should be an order.

"Immediately, immediately, where to surround! No one can escape from the star country, and the Sun Stone cannot be lost!"

"Once successful, the Lab of the Gods will satisfy what we want! This is a great opportunity!"

"Hurry up ! Send someone to send our trump card!"

"In this era, our Sanxing Group has to intervene and let them know how strong our Sanxing Group is."

...

Sanxing Group is really low-key.

It has always been based on power and wealth.

But they do a lot of things secretly.
