

## The Return of the God of War [The Protector] Chapter 2101

Levi Garrison smiled, "It's very simple, let my people go and take away all the sun stones at the same time!"

"No!!!" As

soon as this was said, someone immediately refused.

"No way, is it? Then I will kill her!"

Levi Garrison simply and rudely wanted to kill Li Chengmin.

"Promise him!"

Li Chengmin shouted.

"Is the group leader real? This is a once-in-a-lifetime opportunity! Are we going to really let it go?"

"Yes, this opportunity is gone, the next time it will be difficult. And the Gods Lab left immediately. It's hard for us to explain!"

...

Everyone looked embarrassed.

Li Chengmin stared at everyone, "Then you want me to die?"

“Ah? It’s not, we...”

Everyone began to struggle.

It’s not to let it go, and it’s not to keep it going.

“Hurry up, my patience is limited!”

Levi Garrison said.

“Let it go! Let go!”

several senior executives immediately shouted.

“No, I want to watch people leave with my own eyes!”

Levi Garrison took Li Chengmin to the hiding place of Sun Stone.

“Ren and Sun Stone will come out soon, please pay attention to respond!”

Levi Garrison contacted Zhuque and the others to respond.

Finally, Levi Garrison watched Qilin and the others leave with the Sun Stone.

“I don’t have much time for you, so it’s all up to you, don’t shame me!”

Levi Garrison said.

indeed.

He could only use Li Chengmin to threaten him for a short period of time.

Especially after Richard arrived, even if Li Chengmin died, he would do it.

So the time is less than half an hour.

After half an hour, the Sanxing Group will chase it, and Richard and the others will chase it even more.

At that time, they could only rely on themselves.

Regarding the strength of Azure Dragon (Qinglong) Qilin and their strength, he is still at ease.

Not to mention avoiding it permanently, it’s okay to avoid it for a while.

“Huh? I want to track it secretly, stop it all! And hand in all your deployment plans! Including personnel and equipment!”

In order to prevent everyone from being tracked, Levi Garrison also made some follow-ups.

These deployment plans were given to Qilin.

Allow them to escape further.

Time passed by every minute and every second.

Qilin and them all withdrew with the Sun Stone, and successfully reunited with Suzaku and them.

In a short period of time, they have disappeared from the sight of Sanxing Group.

“Huh? Obviously we can detect it just now! Why did they disappear suddenly?”

“Where did they go, we clearly stared at it?”

...

Sanxing Group will never let Qilin and the others leave.

There are trackers on the transported ships or devices, even if the Qilin and the others leave, the position is always locked.

But everything disappeared just now.

Qilin these people disappeared out of thin air.

Levi Garrison felt relieved when he heard this.

Sure enough, these guys still have two brushes.

But if this is not possible, his efforts will be wasted.

Then he can come at his own pace.

He still has to procrastinate.

Otherwise, the Lab of the Gods will still be frantically looking.

Azure Dragon (Qinglong) and the others still suffer from Shang Richard.

Don't be afraid of 10,000, just in case.

## **The Return of the God of War [The Protector] Chapter 2102**

Levi Garrison can actually go.

But he can't go.

If he leaves.

Richard will definitely send all the power out to find Qilin and them.

When the time comes, the pressure on their side will be too great.

Maybe it will lose everything.

Therefore, he cannot go.

He is going to hold Richard down here.

He hijacked Li Chengmin and looked at Richard with a smile, "Richard, you are a little slow, much later than I thought."

"Huh?"

Richard was taken aback not far away.

He didn't expect the other party to call his name directly.

And listening to this tone, it seemed that it was Levi Garrison.

"Who are you? Why do you pretend to be Levi Garrison?"

Richard said coldly.

"I am Levi Garrison, why should I pretend to be?"

Levi Garrison smiled.

Richard stared at Levi Garrison, "Do you think I will believe it? I already know that you are that power! When I catch you and tear off your disguise, you will know who you are."

“All People are ready to take him down! Never let him go!”

“Mr. Richard don’t...The composition is still in his hands! If we are in a hurry, the team leader will be in danger!”

“Mr. Richard, please! Don’t...”

...

Li Chengmin’s subordinates pleaded.

They don’t want the team leader to have an accident.

It’s just that Richard has a cold face, and doesn’t care about Li Chengmin’s life or death.

“Go! Just a mere team leader! Let alone her, even if it is the true head of the Sanxing Group, I will not care about his life or death!”

Richard roared.

In the eyes of the Gods Lab, Sanxing Group is just a dog raised.

He doesn’t care about anyone’s life or death.

He wouldn’t care even if he was at the helm of Sanxing Group.

Not to mention the leader of a security group.

In the Sanxing Group, it is a high position, but in his eyes, it is like an ant.

It's impossible to threaten her.

“Take it! Don't worry about her life or death!”

Richard ordered.

At this time, everyone in the Sanxing Group did not dare to say anything, and could only execute orders.

Li Chengmin was also shocked.

In Richard's eyes, she was not worth mentioning.

“Hahahaha... Did Leader Li see it? You gave people your life, and they don't even care about your life!”

Levi Garrison laughed.

Li Chengmin's face became more and more ugly.

“Fortunately, you have already become my inner ghost! Otherwise you will die in vain.”

Levi Garrison said next sentence.

Everyone in the audience was stunned.

Even Li Chengmin himself was taken aback.

The speaker has no intention, the listener has the intention.

Everything tonight looks weird.

Why was Li Chengmin so easily captured by Levi Garrison?

She did not resist at all?

The senior management of Sanxing Group and the Lab of the Gods knew that Li Chengmin was very powerful, especially her control ability.

Can control everything, including human minds and so on.

Even that group of demons can control.

But why not use Levi Garrison?

Let him catch it?

Then cooperate with Levi Garrison to make people and Sun Stone escape.

## The Return of the God of War [The Protector] Chapter 2103

That's a pure energy body!

Even Richard himself doesn't know how to deal with them?

Fortunately, he controlled their consciousness in advance.

These people are used by them.

Richard once imagined that if his opponent had a pure energy body, how would he deal with it?

How should the Gods' Lab deal with it?

Richard conceived according to everything he knew, and the end result was that he could not deal with pure energy bodies.

There is no way.

Encounter is helpless.

The only thing we know is how Xu Zhengjie died.

But how to restore that environment?

The other party will not let you get rid of it stupidly, and he can't restore the terrible degree of that experiment.

He doesn't have that kind of super particles.

So for a period of time, Richard was melancholy about this matter.

Even if the other party does not have a pure energy body, what if the pure energy body that you experimented with turns back?

How should he deal with it?

He has to figure out his future.

In the end, one of the real seniors in the Lab of the Gods, Richard's immediate boss, told him.

Feel free to experiment and produce pure energy bodies.

The Lab of the Gods has a solution to the pure energy body, but this is confidential.

Since then, Richard has let go.

At the same time, there was a little more fear in the laboratory of the gods.

I thought he had already touched the core of the Gods Laboratory.

Unexpectedly, it still didn't.

Even the pure energy body could be removed, he couldn't imagine.

How strong is the true core of the Lab of the Gods?

How many secrets do they have?

What are they controlling?

Richard vowed to continue to work hard to gain access to the true core of the Lab of the Gods.

He wants to reach the same level as his immediate boss.

...

That's why Richard went to do this experiment frantically.

After all, there are people on the bottom.

The pure energy body joined the battle group, which greatly enhanced the combat power of the Gods Laboratory.

Richard personally led the team to hunt down.

On the one hand, he paid close attention to the news about Sun Stone and Qilin.

It's just that Qilin and the others slipped too fast, and they disappeared without knowing what method they used.

Although most of the power of the Gods Laboratory was overwhelmed.

But there is really not much gain for a while.

...

Levi Garrison dragged as much as possible to help them disperse their strength.

Others have to look at themselves.

He is now running wildly with Li Chengmin.

Has entered the center of Star City.

This is the advantage of bringing Li Chengmin.

She knows everything and knows where to go and where not to go. "I just notified by the secret line that Richard had almost sent all his power to block the Star Nation. In order to catch you, he did everything at all costs! It is said that he sent two super masters! It is comparable to the existence of the Scepter of God! It is Richard! Germany's biggest killer

!"

"We are in big trouble now."

Li Chengmin looked solemn.

I used to hear that Richard had a lot of hole cards, but he had to add one behind the strongest.

But the two sent out this time turned out to be Richard's strongest killer, none of them.

This is serious.

Levi Garrison's expression also changed after hearing this.

## **The Return of the God of War [The Protector] Chapter 2104**

After this period of contact, Levi Garrison discovered that Richard, even though he was known to the outside world as the top of the Lab of the Gods.

But he still did not touch the core of the Gods Lab.

The Lab of the Gods has to dig further.

Even the strongest killer is nothing.

So he must touch Richard's strongest killer.

"Huh?"

Seeing Levi Garrison's leisurely appearance, Li Chengmin couldn't help being stunned.

"What do you mean? It's all this time, I'm not nervous at all?"

Levi Garrison smiled, "What are you nervous about? Now we are grasshoppers on a rope."

“Who are you? Where are you from? ?”

Li Chengmin sensed something else and couldn't help but doubt Levi Garrison's identity.

“I'm Levi Garrison!”

Levi Garrison pulled down his hat and revealed his original face.

“Don't pretend, you can be easy...”

Li Chengmin just wanted to say Yi Rong, but suddenly he remembered something.

“Aren't you really Levi Garrison?”

Li Chengmin opened his mouth slightly, surprised.

“It's me!”

Levi Garrison didn't need to hide from Li Chengmin.

Li Chengmin's brain is running fast, thinking a lot, and accepting that the person in front of him is Levi Garrison.

“Gosh, how did you survive?”

Li Chengmin looked incredible.

Levi Garrison is too amazing, right?

Just a little bit of her finger just blocked her ability to use.

She wanted to know why Levi Garrison was still alive.

Levi Garrison smiled, "Sometimes what you see may not be true!"

"Fake, everything we see is false?"

Li Chengmin thought he was also the top group of people in the world.

But she couldn't imagine how Levi Garrison could deceive the world.

"Don't worry, you and I will be able to safely escape from the star country!"

Levi Garrison just checked Li Chengmin's information.

This woman is a cruel person.

And the status of Sanxing Group is extremely high.

Once he found out Richard's real hole cards, he had to withdraw.

Relying on his strength and Li Chengmin's whole body to retreat is nothing to say.

...

Richard and the others quickly shrunk the encirclement and guarded the surroundings of Star City.

With the patience of the Gods Laboratory, it is really possible to achieve the level that a fly can't fly out.

“

Look for it!” “Look for it all! Remember that Li Chengmin is very familiar with everything about Star Country, and even knows our deployment! You must look carefully!”

...

Richard ordered.

Each department conducts a carpet search in Star City.

Especially the frantic search for places related to Li Chengmin.

...

Time passed by every minute and every second.

Levi Garrison was even so bored that he lay on the sofa, flipping through some information about Sanxing Group.

There is even Li Chengmin's collection of red wine next to it.

Li Chengmin didn't have any thoughts, on the contrary, she was so busy to death, she kept paying attention to the outside dynamics.

She didn't understand Levi Garrison's intention to stay inactive.

In fact, Levi Garrison was waiting for her Charitable's biggest killer.

"Inquired, Richard's biggest

## **The Return of the God of War [The Protector] Chapter 2105**

On the other side, Levi Garrison was as calm as ever.

Li Chengmin was still anxious: "Richards and the others are looking frantically now. Our place will be found

if you insist on one day at most." "Don't you want to think about how to leave?"

Levi Garrison smiled: "Don't worry, it won't take a day. You can find it in an hour! Don't underestimate Richard!!!"

...

"Go, call all Li Chengmin's cronies!"

Richard ordered.

Soon, a dozen of Li Chengmin's cronies were called to Richard.

"Where is Li Chengmin?"

Richard asked.

Li Chengmin's cronies are all dumbfounded.

Why would you ask them?

"We don't know Mr. Richard! Are we looking for it too?"

Everyone wondered.

Richard smiled: "Well, I know you are in touch with her! You are providing her with news and convenience!"

"Boom!"

Everyone's expressions changed greatly.

Just when they were sophistry, Richard immediately shouted: "I'll give you a chance! If anyone tells where Li Chengmin is, I will not only spare him not die, but also reward him! I even let him join the Lab of the Gods!"

“Don’t say, kill without mercy!”

Richard gave everyone two ways.

Either die, or speak out and enjoy the glory and wealth.

As soon as they heard joining the Lab of the Gods, some people showed enthusiastic expressions on their faces.

Joining the Lab of the Gods should be the dream of each of them.

Who doesn’t want to?

A dream thing!

“Don’t tell me! Richard will kill you too!”

“Yes, are you still not sure about Richard’s style?”

...

There are a few people who want to be tight-lipped and protect Li Chengmin.

And they knew it was a dead end.

“Kill!”

Richard ordered, directly killing these people who disturbed the military's morale.

The others were terrified.

"Not to mention that is the end, I said to join the Lab of the Gods! How can I kill you when I use people!"

Richard smiled.

Li Shiji echoed: "Yes, am I just an example?"

"As long as it is valuable and useful! Absolutely reuse!"

Several people looked at each other and finally decided to confess.

Soon according to the address given by several people, Richard's men locked Li Chengmin's position.

"It has been confirmed that Li Chengmin and that person are there!"

Richard's expression changed suddenly: "Okay! Order everyone to surround here! Immediately, immediately, go!"

Several of Li Chengmin's cronies said excitedly: "Richard Mr. De, do you think we can join the Lab of the Gods?"

Richard smiled, smiling like a devil.

The few people seemed to realize something and wanted to run away immediately.

But how could Richard's men let them go?

Soon several people fell in a pool of blood... In

Li Chengmin's secret hideout, Li Chengmin suddenly lost contact with his cronies.

At this time, Levi Garrison was counting down: "3, 2, 1!"

Boom!

Suddenly the house suffered a terrible bombardment!

"They're here! What should I do?"

Li Chengmin turned pale.

"Kill out!"

Levi Garrison and the two immediately killed out.

The first attack is
