

The Return of the God of War [The Protector] Chapter 2111

Can you recognize him directly?

Only that power!

The Huoyun Cthulhu became more sure of what he was thinking.

The one who pretended to be Levi Garrison to save people must be the evil god!

It is the Bible Organization that has always been against the Lab of the Gods!

However, Huoyun Cthulhu couldn't be sure whether he was the Underworld God!

The feeling it gave him seemed to be stronger than that of Underworld God.

But he didn't know to what extent the strength of the Underworld God in the biblical organization had increased over the years.

Levi Garrison also knew who was helping the Gods Lab.

It turned out that Huoyun Cthulhu took action.

Several times before, Suzaku had noticed that a particularly strong mysterious force had created obstacles.

It looks like the black sun now.

“Fight!”

Levi Garrison said nothing.

Start the fight directly.

New hatred and old hatred, let’s fight first.

“Boom!”

Levi Garrison threw out a domineering punch.

This is the most basic exercise taught by Master, and it is also the exercise of Huoyun Cthulhu.

In fact, it is not complicated, it just removes all complicated moves and evolves the simplest and purest fist and foot technique.

To put it bluntly, it is a simple fist, but it is the pursuit of the most extreme speed and the most terrifying power.

It is naturally earth-shaking, cruel and invincible when used.

The Huoyun Cthulhu is dominating an era by virtue of this technique.

So imitating Levi Garrison is in place.

...

“This...”

Seeing Levi Garrison’s limit, he threw a punch.

Huo Yun Cthulhu’s face changed.

Isn’t this the same as yourself?

Is it Levi Garrison?

Do not!

It may also be the god of Underworld, and even he told the Bible organization all this without reservation.

Almost everyone in the biblical organization can.

“Kill!” The

Huoyun Cthulhu groaned, and also blasted out the same punch.

Li Chengmin was shocked.

She has been studying Eastern martial arts and Western supernatural powers.

These exercises are extremely sensitive.

Now it seems that Levi Garrison and Huoyun Cthulhu actually used exactly the same technique.

Surprised.

“Boom!” The

two collided with fists, like sparks hitting the earth.

The heavens and the earth faded, the sun and the moon reversed.

The earth collapsed and shattered, the sea water poured in, and the waves charged hundreds of meters high.

powerful!

too strong!

Huoyun Cthulhu is indeed a super boss!

The two split immediately.

However, the expression of Huo Yun Evil God became weird.

Multiple strengths!

Levi Garrison's punch still implied the Six-Strength Dao!

"Boom!" The

first heavy force broke out, and Huo Yun Cthulhu realized that something was wrong.

Multiple strengths have no effect on pure energy bodies.

But it was a devastating blow to others.

A trace of cruelty flashed in Huoyun Cthulhu's eyes.

He used the exercise technique to force the six hidden strengths to one position-the left shoulder.

"Boom

boom boom boom ..." With a bean-like sound, the Huoyun Cthulhu's shoulders exploded one after another, and flesh and blood flew across .

Almost his left shoulder was wiped out.

But he resolved Levi Garrison's multiple strengths.

Levi Garrison was stunned.

Unexpectedly, Huoyun Cthulhu resolved multiple energies in this way.

Force the burst of strength to one place.

Lose the car like this to keep the handsome.

It turned out that when Levi Garrison created this trick, he also thought about a solution.

The Return of the God of War [The Protector] Chapter 2112

Levi Garrison suffered a loss, and he refused to accept it.

He will come in person.

“Okay, it’s okay to

leave it to you!” Richard is really confident this time.

All his hole cards are here, and it’s confined here.

Unless Levi Garrison killed everyone.

If there is a moment, he is absolutely convinced!

“Boom!”

Huoyun Cthulhu was enraged, and turned into a flash of lightning to kill Levi Garrison.

A domineering punch blasted towards Levi Garrison.

Levi Garrison also responded with a punch.

...

This time Huoyun evil theology is smarter, so he doesn't come into contact with Levi Garrison's body, so as not to penetrate the body with multiple energies.

The Fire Cloud Cthulhu wanted to suppress Levi Garrison in all directions.

Don't give him a chance to fight back.

"Boom boom boom..." Huoyun

Cthulhu's fist was like Gatling spraying flames.

The speed of the fist is too fast and too fast.

In an instant, thousands of punches blasted out.

Even the afterimage is gone.

The picture is completely blurred, even shadowed.

But the power of each punch is violent, unmatched.

It is to completely suppress Levi Garrison!

“Fire Cloud Cthulhu!!!”

“He finally appeared! It turns out that he has taken refuge in the Lab of the Gods!”

“He is really strong! Although the two pure energy bodies are immortal and immortal, the coercion given to this person is not That’s enough!”

...

Someone recognized the evil god Huoyun.

This era finally saw how powerful the Huoyun Cthulhu was.

But after being suppressed for a period of time, Levi Garrison actually countered the suppression.

Faster speed, more terrifying power.

They are all exactly the same pure moves.

At this time, Levi Garrison didn’t need to hide anything.

Even if he made it clear, no one would believe that he was Levi Garrison.

Just open up and do it!

Coupled with the multiple strengths of the Huoyun evil god jealous of Levi Garrison, he was actually suppressed and retreated steadily.

Levi Garrison came to this point.

The only idea is to kill it.

Identity exposure is irrelevant.

If he has reservations, he must stay here.

He is crazy!

Squeeze the Fire Cloud Cthulhu!

Upon seeing this, Li Chengmin pressed a few buttons.

“Boom!”

“Boom!”

...

Several secret bases of the Sanxing Group launched weapons one after another, bombarding the army of the Gods Laboratory.

Li Chengmin is the head of the security team of Sanxing Group.

Most of the weapons of the Sanxing Group are in her hands.

So she used it to bombard the army of the Gods Lab.

Even a few secret teams of the Sanxing Group suddenly turned back and attacked their own people.

They are all Li Chengmin's people.

He directly obeyed Li Chengmin's dispatch.

The scene was all messed up for a while.

What's more terrifying is that all the thirteen people in the demon-making plan were killed.

Who in the Sanxing Group can't stop them at all.

After they arrived, they protected Li Chengmin.

"Take the leader to leave!"

No matter what Levi Garrison did, the thirteen took Li Chengmin away first.

“No!”

“I want to take him along!”

Li Chengmin looked at Levi Garrison.

Although the contact time is not long.

But she must take Levi Garrison away.

Thirteen people looked indifferent.

They are also thoughtful, just ruthless and bloodthirsty.

Their task is to protect Li Chengmin from

The Return of the God of War [The Protector] Chapter 2113

Levi Garrison is completely violent!

Eliminate the powerhouses of the SS level and above in the experiment of the gods.

The other Levi Garrison is basically just one punch!

Or be blown up directly!

Either flesh and blood flew across the board...

Hundreds of people fell beside Levi Garrison in one round.

But real masters are not so easy to deal with.

Fire Cloud Cthulhu, two pure energy bodies, the highest-level trump card of the Gods Lab that Richard can mobilize at present.

Five ssss-level powerhouses!

There are also twenty-three sss-level powerhouses!

And a luxurious lineup composed of a large number of ss-level powerhouses!

This is in addition to many weapons, such as the scepter of God.

Because Sanxing Group is a dog raised by the Gods Laboratory, there are many Sanxing Group bases in and around Star Country.

Directly launch satellites and super weapons.

These weapons do not require preparation time and can be launched directly.

So now Levi Garrison is besieged to death.

This is Richard's confidence.

Richard sent almost all masters to suppress Levi Garrison.

As for Li Chengmin, he handed it over to the Sanxing Group, the Mythical Organization, and the Black Hand Organization to solve them.

I have to say that the 13 people in the Demon-Making Project are very strong.

Abruptly smashed a bloody path.

Escort Li Chengmin to leave.

No matter how Li Chengmin shouted, it was useless.

They won't care about Levi Garrison.

Li Chengmin was rescued, but Richard's expression remained unchanged.

He only needs to leave Levi Garrison alone.

Li Chengmin can deal with it afterwards.

"Did you see? Your companion betrayed you and ran away alone!"

Richard couldn't help laughing when he saw it.

Hearing the sound, Levi Garrison took a look, and Li Chengmin ran away as expected.

Levi Garrison just wanted to curse.

The pressure is too much now.

The offensive firepower of the five ssss-level powerhouses is too fast, no less than the two pure energy bodies, or even higher.

The most important thing is that he is entangled by two immortal bodies of pure energy.

In addition, the Fire Cloud Cthulhu, who has been wandering nearby, will give you a fatal blow at any time.

There are

tens of thousands of masters on the periphery... Looking at the embarrassed Levi Garrison, Richard smiled.

Think about it last time, sending all the power to deal with Levi Garrison.

At that time, Richard was not high in the laboratory of the gods, and there were not many masters mobilized.

If this lineup is now against Levi Garrison at the beginning, Levi Garrison will have no more scum left.

But where he wanted to get it, Levi Garrison was also dealing with it now.

.....

some melee.

Hundreds of masters fell in the laboratory of the gods.

This area was completely destroyed.

But Levi Garrison still stood tall.

So many masters did not leave a trace of injury on him.

This is too strong, right?

Who the hell is this?

Richard and their faces changed one by one.

I thought it was easy to eat.

It doesn't seem necessary now.

It may pay a huge price!

The Huoyun Cthulhu has determined that this is not the Underworld God.

The Underworld God was trained by him.

No matter how much opportunity he has in the Bible organization, it is impossible for him to rise to this level.

Who is this in the biblical organization?

The Return of the God of War [The Protector] Chapter 2114

Because Huoyun Cthulhu had been paddling the water, he didn't use his real strength to deal with Levi Garrison.

But now he desperately wants to know who the person in front of him is!

He must win!

The Fire Cloud Cthulhu displayed his true strength.

"Boom boom boom boom..."

His speed was twice as fast as before, and his strength was greatly increased.

The suffocation and oppression like the collapse of the sky!

In an instant, Levi Garrison's pressure increased a lot.

His face changed.

Huo Yun Cthulhu actually practiced this technique to this level?

I thought I could completely suppress him.

He can't get any benefits.

But he didn't expect him to retain his strength all the time.

He is really strong enough!

The pressure on Levi Garrison has risen sharply.

Plus two pure energy bodies and the crazy oppression of major masters.

They have shown their housekeeping skills one after another.

For a while, Levi Garrison was really suppressed, and the danger was all around.

There is no possibility of escape at all!

Can only fight with them blood!

The only way to leave is to kill everyone in front of you!

Upon seeing this, Richard couldn't help sighing.

The two pure energy bodies are indeed immortal.

It's just that the offense is too weak.

The methods that can be used are also limited.

Levi Garrison couldn't kill them, but the threat they posed to Levi Garrison was limited, only they could entangle him.

There is a big gap between Xu Zhengjie's ideal pure energy body.

Xu Zhengjie was like a god.

One thought made all the guards of Tiance Mansion faint to the ground.

The magical means can be called godlike.

The pure energy body that Richard has made is still in the low-level stage, and the offensive method is only to release energy to attack.

It's almost useless for a master like Levi Garrison.

What Richard wants is a super existence like Xu Zhengjie!

It's so powerful that it's helpless!

Fortunately, the pure energy body he brought was only the second batch of products.

There are still further improvements.

After step-by-step improvement, the pure energy experience will become stronger and stronger.

However, this actual battle let Richard know a truth-in the

future, he will not blindly think about building pure energy bodies in batches.

We should devote ourselves to creating a pure energy body that is infinitely close to Xu Zhengjie!

Only one person like this!

It can be worth thousands of low with pure energy body!

When Richard's thoughts were flying, the fierce battle in the field had already become fierce.

Levi Garrison is too strong, too strong.

Rao was a siege of this level, and the masters of the Gods' Laboratory fell a blockbuster.

But after all, it was Huoyun Cthulhu that he was too strong.

In addition, the two pure energy body dog skin plasters were firmly attached to Levi Garrison's body.

He can't kill, let alone get rid of it.

Gradually, the disadvantage is getting bigger and bigger.

The combined attack by the five ssss-level powerhouses is also super terrifying.

Levi Garrison was almost unable to parry.

...

Ten minutes passed.

Although Levi Garrison was getting harder and harder, wounds appeared on his body.

Still didn't fall down.

The loss in the laboratory of the gods is getting bigger and bigger.

Fortunately, the main force is fine.

“Too strong?”

Everyone was shocked.

Richard was silent.

But the stormy sea turned up inside.

The person who was so difficult to deal with last time was Levi Garrison.

The Return of the God of War [The Protector] Chapter 2115

This punch is too scary!

Directly smashed Levi Garrison’s clothes in half.

The things in his arms also spilled out.

Several ancient books and the black token left by the master in the prison.

The black token is dilapidated, and one word can be vaguely seen: God.

“Looking for death!”

Levi Garrison was also forced to be anxious.

I’m really bullying?

I really can't kill him?

Levi Garrison picked up all the ancient token books.

He swept towards everyone murderously.

At this time, Huoyun Cthulhu glanced at it and just saw the black token scattered on the ground.

At this look, the pupils of the evil god Huo Yun dilated, revealing an unbelievable look, and his whole body trembled.

Like being struck by lightning...

he almost didn't kneel down!

Obviously, Huoyun Cthulhu recognized this token.

This token has a great background, and it can scare the Huo Yun Cthulhu into this.

Immediately, Huoyun Cthulhu made a bold decision.

Levi Garrison was surprised to find that the Huoyun Cthulhu revealed a flaw...

Of course it was not the Huoyun Cthulhu that revealed the flaw on his own initiative and let Levi Garrison fight it.

That's too fake.

He was revealing the flaw that allowed Levi Garrison to attack the five ssss-level powerhouses.

Levi Garrison fisted over, trying to test whether Huoyun Cthulhu really revealed his flaws.

Unexpectedly, the Huoyun Evil God evaded and put Levi Garrison in the blind spot behind him.

As a result, the top five ssss-level powerhouses have no angle for the time being.

“boom!”

“Puff!”

...

Now the five major players have suffered heavy losses.

There was no trace of Huoyun Cthulhu's hand.

Crazy Levi Garrison is terrible.

He wants to avoid the edge for now.

As a result, the five masters suffered.

Levi Garrison was shocked.

Does this person really show his flaws and let him go?

But now there is no need to think about why.

Go away!

Levi Garrison took advantage of the flaws revealed by the Fire Cloud Cthulhu and fled directly.

“

Catch up !” Huo Yun Cthulhu followed up pretendingly.

He rushed to the front.

Seemingly positive, he was actually escorting Levi Garrison away.

The situation was urgent, and no one noticed the behavior of Huoyun Cthulhu.

Even Richard didn't notice.

The key point is that he can't think of a reason why Huoyun Evil God wants to help the person in front of him.

If you want to help, it won't be hindered at all.

Just madly calling people to track Levi Garrison.

The result of tracking is to chase farther and farther.

In the end, Levi Garrison disappeared.

Tracking all the way, in fact, there is still a chance, but the Huoyun Cthulhu deliberately led the way or released Levi Garrison's space to escape.

"Lost..." After

chasing the lost, Huoyun Cthulhu sat down on the ground.

He was covered with blood.

Richard and the others will not doubt it anymore.

Everyone knows how powerful Levi Garrison was just now.

How fierce was the battle just now.

The evil god as strong as the fire cloud was also injured.

"Mr. Richard, there is no way! I tried my best!"

Huo Yun Cthulhu shook his head helplessly.

“Unsurprisingly, they should be organized by the Bible! The God of Underworld is the closest person to me. He is now in the Bible organization. Not surprisingly, all my exercises are controlled by the Bible organization. So they can pretend to be Levi Garrison. ...”
