

# The Return of the God of War [The Protector] Chapter 2201

Among them is a woman.

Nicknamed Empress.

Killed mad after he was born!

Behead the strong one after another.

Among them, there are many from the Lab of the Gods...

She is just like a lunatic, and she dares to move anyone.

Anyone dare to kill!

I don't know how many people have been shocked by the ferocious name of the Empress this year...

Everyone is timid to hear her!

The empress is not someone else, but Zoey.

In order to become stronger, to protect the one she loves, she keeps fighting and getting stronger.

Occupy a place in this era.

She is listed as one of the four fierce gods.

The rest are in Maya Industry and Kunlun Industry.

The last one is Lucifer from the Lab of the Gods.

In the same battle with Levi Garrison, not to mention that he was rescued by the terrorist doctor, his strength has greatly increased.

But become bloodthirsty and love to kill.

The Lab of the Gods also let him go out and kill.

So he also became one of the four fierce gods!

These four people have never been defeated since they were born.

There are also a series of lists sent by organizations with good deeds from all sides!

Used to redefine the strength of these powerhouses!

But Zoey is on the list...

Zoey knew that Lucifer killed Levi Garrison, so she went to Lucifer several times.

But every time Lucifer avoided fighting.

Always avoid plum dyeing.

She even wanted to uproot the Lab of the Gods, but she also knew that she was not strong enough.

Need to continue fighting and continue to strengthen.

Now everything she did was to avenge Levi Garrison.

How did she know that Levi Garrison was locked in a dark cage by her master at this moment.

In fact, sometimes she was very close to Levi Garrison, but she just couldn't feel it.

Because the dark cage isolates everything.

...

In the dark cage on the other side.

Levi Garrison has been in retreat.

Sitting cross-legged is a whole year.

Even the Dark God was stunned.

I thought that Levi Garrison would soon be unable to hold on and surrender to him.

But who would have thought that sitting in this group would last for one year.

But Levi Garrison woke up once.

It's a punch against the wall.

This punch was the ultimate, and it punched a big hole in the wall.

But it is not enough for the wall, the damage is too small.

Levi Garrison continued to retreat...

This surprised the Dark God.

But he smiled, "It's still not enough! This is nowhere, at least ten years at your speed!"

In his opinion, Levi Garrison didn't open it anyway.

It was just this time that Zoey followed him.

The power of Levi Garrison's punch just now was terrible.

This area and even the forest in front were shaking.

"Who is Master locked in here? It's terrible, right?"

Zoey was actually curious about this dark prison.

I saw this horrible scene today.

The Dark God smiled, "One of my enemies!"

"Master, your enemy?"

This period of time passed.

No one knows how terrifying the Dark God is better than Zoey.

It is no exaggeration to call it God.

His enemy now appears...

unimaginable!

“Then why lock him up?”

Zoey asked curiously.

“I want him to surrender to me... soon! Do it again, he has to surrender to me...” The

Dark God has already agreed.

Levi Garrison only needs to come again and still can't get through.

Then he was in a hurry and surrendered to him.

...

Kunlun industry is now booming.

Relying on Kunlun Industry's technology, Common Killer has now reached a fairly strong state.

Azure Dragon (Qinglong) and the others have also become super strong.

On the one hand, it benefits from Levi Garrison's practice.

On the one hand, Kunlun Industry's technical support...

Kunlun Industry's research on pure energy bodies is also effective.

Basically, a pure energy body can be replicated.

But it is not recommended to try... But on this day, the Marshal Tiance suddenly issued an order to require Kunlun Industry to belong to Tiance Mansion.

## **The Return of the God of War [The Protector] Chapter 2202**

When Kunlun's industry was just developing, Tiance Mansion was not regarded as the same thing at all.

Not just them, everyone should not pay attention.

When Tiance Mansion sent pure energy bodies to Kunlun Industry, they still didn't understand.

But after the development of Kunlun industry, everyone was dumbfounded, and Tiance Mansion began to look greedy.

In particular, several advanced technologies of Kunlun Industry are not even possessed by the Gods Laboratory. It is

especially heard that Kunlun Industry has no real helm in the sense that they are all jointly controlled by several parties.

Tiance Mansion has long said that Kunlun Industry cannot be left alone.

Someone must control the development...On

this day, the Marshal Tiance finally started with Kunlun Industry.

Marshal Tiance went to Kunlun Industrial Headquarters in person.

All the high-level executives of Kunlun Industry were convened... The high-level executives of

Kunlun Industry soon gathered.

There are commoners to kill the gods, the literary family, and the Azure Dragon (Qinglong)...

After a glance, the young commander of Tiance said coldly, "For the stable development of Kunlun industry, for the Kunlun industry to be stronger, and to protect Erudia. I decided to take over the Kunlun industry. ! Bring Kunlun Industry into the

ranks of Tiance Mansion!" "Kunlun Industry has no leader, and it can't be ruled for a day. With a helm, development will be better! It will be comparable to the world's top industries soon!"

"Secondly, this is Tiance Mansion. For the first time in history to be included in the power, it should be enough to give you face! From then on, you are also a member of the Tiance Mansion!"

...

The meaning of the young commander of Tiance is very simple.

I am here to be your boss, to give you face.

You should kneel down and thank you.

No one in Erudia can refuse, right?

How can ordinary people have the opportunity to join Tiance Mansion?

It's impossible!

"I know you are very troublesome, and you have to sign a contract or something! I am ready here, I have signed it, you only need to sign your own name!"

Tiance Young Marshal waved, behind him He immediately distributed several contracts to the top executives.

"Sign it!"

Tiance Marshal said.

But his smile soon disappeared.

Because no one in the room moved.

Not to mention signing, there is no one who went to look through the contract.

what happened?

The Marshal Tiance was stunned.

"What's the matter with you? Hurry up and watch the contract and sign it!"

Tiance Marshal urged impatiently.

"Sorry, I can't sign!"

"Yes, we can't sign! We don't look at it either!"

Others also expressed their opinions.

This made them even more angry.

“What are you doing? Why don’t you sign?”

He wanted to know the reason.

“I’m sorry, the marshal! Kunlun Industry is not like you said that there is no leader! Kunlun Industry has always had a master! And the establishment of Kunlun Industry was also operated by that person alone!”

Bu Yi Sha Shen said.

Others also followed, “Yes! Kunlun Industry has always had a person at the helm! And we only recognize him!”

“One more thing, Kunlun Industry is an individual and will not be included in any influence! We also have no obligation!”

“I let the marshal disappointed! Let you run it yourself! Please go back!”

.....

Everyone gave an order to chase off the marshal of Tiance.

This made the Tiance marshal dumbfounded.

He was actually ordered to evoke a guest.

Where does this put his face?

“Who are you kidding? Do you think I don’t understand you?”

“Where do you come from the master of Kunlun Industry?”

Tiance Marshal sneered.

“You don’t know what the young commander knows, Kunlun Industry has many secrets you don’t know! Our master’s identity is special, let alone be exposed casually!”

Commoner Killing God smiled. Marshal Tiance’s face changed slightly, and he forced him to ask, “Okay, then who do you say your master is? I can’t tell the answer, I won’t leave!”

## **The Return of the God of War [The Protector] Chapter 2203**

Several people hesitated to ask this question.

Say or not?

Seeing the affection of a few people, the Marshal Tiance thought of something, and couldn’t help saying, “Could it be Levi Garrison?”

Actually, it was not difficult.

It’s easy to think of.

These high-levels of Kunlun Industry in front of them all have a close relationship with Levi Garrison.

There is someone behind them, it can only be Levi Garrison.

Everything makes sense.

Hearing what Tiance Marshal said, everyone's complexion changed abruptly.

Seeing the looks of everyone, the marshal Tiance smiled.

Levi Garrison is definitely here now.

"Who am I supposed to be after doing it for a long time? It turned out to be Levi Garrison! I have to say that Levi Garrison has a foresight! He actually built Kunlun Industry! It's not ordinary!"

After a few words of praise from Tiance Marshal, the conversation changed. "It's a pity now Levi Garrison has disappeared for a year, and there is no sign at all! You know better than anyone what it means for Levi Garrison to disappear for a year, right?"

"Boom!!!"

Everyone's expressions changed greatly when they heard this.

This sentence pierced their hearts deeply.

There is one saying, if Levi Garrison is dying, everyone is not worried.

After all, every time Levi Garrison dies in the past, he is actually not dead.

Has been silently protecting Erudia in secret.

He is dead, but everyone will feel more relaxed after hearing this.

But now Levi Garrison has disappeared... It's

still a full year...

This is more terrifying than his death!

One year of disappearance is too variable.

Levi Garrison had never done this before...

Disappearing for so long, it will really be gone.

Not showing up for a year, this is not his style.

It shows that something happened to him...

Kunlun Industry has secretly sent someone to look for it this year, and it has been searched almost all over the world.

There is no trace of Levi Garrison...

Although they don't admit it, they understand that Levi Garrison may really not exist this time...

"Levi Garrison has disappeared...it is equivalent to that he does not exist...the master of Kunlun Industry It's just name but not reality!"

Tiance Marshal continued.

No one is going to refute!

"Since Levi Garrison has disappeared, why do you keep it? So I directly abolished Levi Garrison's status as the helm of Kunlun Industry!" When the

Tiance Master said this, everyone was dissatisfied.

“No! Why do you abolish Mr. Ye’s identity? He created it

alone !” “Yes! No one is qualified to abolish Mr. Ye’s identity! We only recognize Mr. Ye as the helm of Kunlun Industry!”

...

each The top executives spoke with a firm attitude.

Marshal Tiance smiled, “Then what if I force it?”

“The big deal is that you will all be abolished, and I will control Kunlun Industry!”

Marshal Tiance won’t give up Kunlun Industry just because of a few words from the people in front of him.

He came to negotiate only out of courtesy.

In a hurry, they directly used force to wipe down these high-levels.

Take Kunlun Industry back directly.

“We won’t agree with it! It’s a big deal!”

“Yes, who is afraid of

whom ?” “No wonder your Tiance Mansion is inferior to Mr. Ye... Now it seems so!”

...After

a group of people expressed their views.

Marshal Tiance was already angry.

He sneered and said, "Okay, this is what you found yourself!" The

rattling atmosphere was on the verge of breaking out.

In the end, Commoner Killing God hurriedly stood up, "Everyone, calm down! Don't conflict! No matter what state Mr. Ye is in, he doesn't want to see us

fighting in the nest!" "It won't be good for us to have a conflict! Especially we will be. party suffer! " "

do not care! days and then how government policy, is also a big summer! no matter who we hire, are for the big summer work! and not fall into the hands of other people! "

.....

commoner to kill a god After the persuasion, everyone calmed down.

never mind.

Promise that Tiance is the marshal.

But they have conditions.

Tiance Mansion cannot be closed all the time, what do they want or do.

Marshal Tiance agreed. His goal was achieved, and Kunlun Industry got it...

## **The Return of the God of War [The Protector] Chapter 2204**

“What a villain, taking advantage of Mr. Garrison’s absence! Forcibly snatching Kunlun Industry!”

“Don’t be sad, everyone! If Mr. Garrison is still alive! He will be back sooner or later! Then I will snatch Kunlun Industry!”

...

Everyone dare not speak.

After all, in terms of strength, Tiance Marshal is too strong.

It is easy to kill these people like Commoner Killing God.

So everyone can only endure it first.

Fortunately, it was all for Erudia...

but everyone found out later.

Kunlun Industry does not belong to Tiance Mansion.

It belongs to the individual of Tiance Marshal!

This involves the rules of the Tiance Mansion and Baolong clan.

This is a rule set for centuries and thousands of years.

They can't accommodate any forces to come in...

so everyone is fooled by the word game of the Tiance Major Commander.

Kunlun Industry can only go to his name, not Tiance Mansion.

In the future, it cannot be said that Kunlun Industry belongs to Tiance Mansion, it can only be said to be related to Tiance Mansion!

This made them extremely angry.

Feeling deceived.

But Tiance Marshal is already at the helm of Kunlun Industry.

There is no way.

However, after the Tiance Marshal joined, there are certain benefits.

At least resources have improved a lot.

The era of coexistence.

All parties are thinking about the enhancement of the law.

These are no exceptions in the Lab of the Gods, and they are also absorbing and annexing more forces to join.

The imperial organization and Maya industry are not vegetarians.

Crazy plunder.

Even start with some small countries.

Wars are everywhere.

The cruel war allowed ordinary people to join the ranks of martial artists one by one.

To survive, you must become stronger!

...

Time goes by.

Soon, another year passed.

This year.

The world has discovered earth-shaking changes.

Even more terrifying than in previous years!

It can even be said that a qualitative leap has taken place!

Basically, it can be said that everyone has become a martial artist with

supernatural powers ... In addition to the previous homework, the children either practice martial arts, or practice spells, awaken superpowers, and so on.

If you don't learn this, you can't help it. This is the development of the times.

If you want to survive, you must fit this era.

People's physique has been greatly improved, and diseases have been reduced a lot.

The current Institute of Medicine and Biology studies how to make people stronger.

Even to change the gene, change the bloodline and so on...

Corresponding to the various ancient martial arts schools, the Super Academy was born at the right time.

Some ancient cultivation methods, etc. have also become popular, or they can be learned in special places.

Modern technology has also improved rapidly...

Some products that were only used in major laboratories are now popular

...

There are also some new energy materials appearing, even comparable to the resources of Sunstone.

Attracted everyone's berserk.

There are wars everywhere.

Chaos is everywhere...

but the most terrifying thing is that some ancient ruins have been excavated.

These ancient relics include ancient martial arts in the East, as well as civilization and technology...

many big powers, such as the laboratories of the gods and the Mayan industry.

Too many good things have been obtained in these ruins.

There are future science and technology, and there are also ancient martial arts...

Erudia also participated in a lot.

There are gains and losses.

There are no small collisions with the laboratories of the gods, the Maya industry, and the imperial organization.

Hundreds of times.

The loss is not small, but overall there is no threat to Erudia.

...

But this year more powerhouses have emerged.

The mysterious dark web is even more powerful.

It is the most authoritative among the major lists.

This list is called God List.

There are a hundred people on the list.

It records all the strong players that have been shot in the past two years!

Zoey is on the list and ranks eighth!

Qilin and White Tiger are also on the list.

A forty-seventh.

A seventy-ninth.

..... There is also an unexpected person on the list.....

## **The Return of the God of War [The Protector] Chapter 2205**

Nandi was the number one in the summer.

He has already disappeared from everyone's eyes.

But it seems to be a shot in Erudia Donghai.

I was listed on the dark web!

Nandi ranked fifth!

No one knows what happened in Erudia Donghai's battle, let alone what Nandi did in that battle.

But no one questioned the authority of the dark web.

After all, from the previous era to the present, the dark web is showing its strength and uniqueness.

But after Nandi was on the list, Erudia trembled.

No way?

Where did the Southern Emperor get squeezed...

They were all behind Levi Garrison and Common Killing God, a forgotten existence by the world.

Now it is fifth on the god list.

You must know that before the Commonwealth Killing God ranked second in the rankings, ahead of the Southern Emperor.

But now the Southern Emperor God List is fifth, and the Common Killer God has not even made the list!

This gap is too big, right?

Some people even wonder if it was a mistake.

Finally, Tiance Mansion came forward, claiming that the Southern Emperor did indeed have the strength to rank fifth on the God List.

At the same time, Tianji Pavilion updated the Big Summer Ranking.

Nandi ranked first...

It seems that Tianji Pavilion has known about Nandi a long time ago.

...On the

god list, Erudia is really on the list.

Qilin and Baihu finally made the list after thousands of hard work, surpassing the predecessors such as Commoner Killing God.

Even Azure Dragon (Qinglong) Xuanwu is very close to this list.

Wen Lei has played, and she is also on the top of the gods list.

And He Qingxue didn't know what she had experienced in the past two years, she was also on the list.

It can be seen that these two years can give people opportunities.

Let how many ordinary people get a chance to leap into a dragon.

For this era, two years are long enough.

It won't be strange that anything happens...

Li Chengmin from Star Country is also on the list...

There are many acquaintances of Levi Garrison on this list, and of course many new people have emerged.

...The

Bible organization side.

The dark god has been paying attention to Levi Garrison.

This year has passed.

Levi Garrison didn't even move.

Abruptly closed for a year.

It's not like before, waking up with a punch and then continuing to retreat.

This time I have been in retreat.

"Okay, very good, I want to see how long you can last..." The

Dark God doesn't believe in this evil.

Zoey was curious about who was in it...

Levi Garrison had been in retreat at this moment.

Last closed for one year.

He tried to integrate everything he had learned, including the basic exercises and various taboo techniques, as well as the things he created by himself.

Combining everything together, playing a trick that destroys the world, the result is still useless for the wall.

It can't be penetrated at all!

So this time in retreat, he abandoned all distracting thoughts, and forgot all the taboo techniques and all kinds of miscellaneous things.

He only practices one thing.

That is the most basic exercise method!

The pursuit of the most extreme strength, the pursuit of the most extreme speed...

This most basic exercise can be said to have no end, and there is no mention of the day when it is finished.

Only the stronger day.

Because you have practiced to the extreme, you dare not say that your strength is the strongest and the speed is the fastest...

So now Levi Garrison's retreat is pursuing this limit...

This retreat lasts for one year.

Levi Garrison didn't wake up yet.

But the dark god can afford it.

He has slowly honed Zoey into a killing machine.

Her humanity is getting weaker and weaker.

In his eyes there was nothing but hatred and killing.

Since plums came out of the mountain, almost all of them have been killing people and selling goods.

The biblical organization takes people's money and money to eliminate disasters for others.

"Sub dye your task to!"

"This is going to snatch the big Xia Kunlun Industrial Pharmacy! Get the agents, all have to kill!"

.....

received a new task, plums dyed just under a trance.

This means that she has almost no concept of Erudia. Only bloodthirsty and killing.

## **The Return of the God of War [The Protector] Chapter 2206**

It shows that the training of the Dark God is about to succeed.

Zoey is about to become a killing machine.

Hone for a while.

It is estimated that she would forget everything, only killing and bloodthirsty.

After receiving the task, Zoey immediately went to Erudia.

This medicine is newly developed by Kunlun Industry and has a peculiar effect on healing and saving lives.

Now it is sent from the northern desert to the Kunlun Industrial Headquarters Jiangbei.

The escorts are strong like Wen Lei.

Wen Lei is now the strongest of the gods.

It is naturally safe to be escorted by her.

Along the way, dozens of strong people came to grab it.

They were all beheaded by Wen Lei.

In this era, there are a lot of resources grabbing, no wonder.

Nowhere is safe.

Even if Erudia Frontier does its best to defend, there are always people coming in.

The only safety is the guarantee of strong strength!

Wen Lei and the others walked out of the desert without risk.

But at this time a dangerous breath came.

A figure appeared.

“It’s the Empress!!!” The

Empress is so famous that no one knows.

Especially the eighth of the god list.

It is even more daunting.

This time, they panicked.

It's dangerous.

The Empress is here!

Who is not afraid?

Although Wen Lei is also the strongest of the gods, the gap is too big.

Wen Lei is ranked sixty-seventh and the Empress is eighth.

It's incomparable.

Zoey glanced at everyone indifferently.

The task entrusted to her was to take things away and all the people were killed.

But when he saw Wen Lei and Mia, Zoey was in a daze, and his killing intent was reduced a lot.

"Zi

Ran?? ” “Sister-in-law?”

Wen Lei and Mia also recognized Zoey’s dye.

Since Zoey was taken away by mysterious forces two years ago, he has never appeared again.

They have also looked for it.

No results.

But who would have thought that the fierce empress was her?

“Where have you been, Zoey these two years?”

“Why have you become a female emperor?”

they asked curiously.

“You are from Kunlun Industry? The medicine I want is in your hands?”

Zoey did not answer this question.

But asked indifferently.

Although she recognized Wen Lei and Mia.

Can be indifferent.

“Yes, that’s right! Zoey, we are Kunlun Industry! Not only that! Kunlun Industry was founded by Levi Garrison!”

Wen Lei said.

Zoey denied, “Impossible!”

“How could it be possible to create Kunlun Industry! He and Lucifer died together! Unfortunately, Lucifer is alive again, and I can’t kill him now!”

Zoey yelled angrily.

Wen Lei and Mia said, “Levi Garrison is still alive... He is actually not dead!”

“He just disappeared... He has a high probability of looking for you! I feel that my brother is still alive! He will definitely appear!”

Mia said.

It’s just that Zoey didn’t believe what the two of them said at all.

“No! King’s Landing is dead! I live now to avenge

King’s Landing!” Wen Lei and Mia were anxious, “You have to believe what we said! He really just disappeared, not dead!”

“Master told me Levi Garrison is dead, I believe in Master’s! I only believe in his! Only he can make me revenge! Now what he arranges for me, I will do...”

Zoey is full of murderous intent.

There was a trace of madness in his eyes.

“Zoey, wake up, you are different now! You have changed! You wake up quickly! You can’t kill anymore...”

“Yes...”

Wen Lei and Mia hurriedly persuaded.

“Now you give me things immediately, and I won’t kill you!”

This is the only kindness of Zoey since he came out of the Bible organization.

“No! This medicine has a lot to do with it, and we definitely can’t give it to you!”

“Zoey listened to our persuasion, don’t continue!”

... Zoey was murderous, and said coldly, “Then I will take it myself!!!”

## **The Return of the God of War [The Protector] Chapter 2207**

Zoey’s murderous intent was violent, and Wen Lei and Mia were both scared as soon as they were displayed.

Is this the coercion from the eighth of the god list?

It’s not a level at all!

“You guard the medicine and go first, I’ll stop her!”

Wen Lei commanded.

Mia and the others could only leave first with the medicine.

“Want to run?”

Zoey rushed to catch up, Wen Lei stood in front of her.

During the days in Kunlun Industry, Wen Lei used ancient martial arts and modern technology to develop her potential to a limit.

This is also an important reason why she was able to rank among the gods.

But against plum dyeing, it's not at the same level at all.

Soon Wen Lei was seriously injured and was beaten out.

Didn't stop many meetings!

Zoey also caught up with Mia and them instantly.

“

Hand over the things and spare you for not dying!” Zoey stretched out his hand.

Mia looked terrified.

But at this moment, a horrible breath came.

The powerhouse of Tiance Mansion is here.

The marshal Tiance personally led the team.

“We have been eyeing you long ago, Empress!”

Tiance Marshal sneered.

“The Marshal Empress Qiqi is actually Levi Garrison’s wife, Zoey!”

Someone said Zoey’s identity.

“Okay! Levi Garrison really has you! Haven’t you been fighting for Erudia all your life? Are you not taking credit for everything? Look at your wife! Become a murderer!”

Tiance Marshal laughed. .

Hearing that, Zoey’s murderous intention is overwhelming.

That posture can’t wait to fight the marshal of Tiance desperately.

But at this time, the voice of the dark god came from her ear, making her retreat.

Zoey obeyed the order of the dark god and immediately retreated.

Tiance Marshal and other strong men pursued for a long time, but let Zoey run away.

“Pass on my order! From now on, Zoey will be Erudia’s enemy! He is the first most wanted enemy on the most wanted list! If you see her, you will kill you without mercy!”

Tiance Marshal ordered.

From now on, Zoey will be the enemy of Erudia.

Everyone will kill when they see it.

“Levi Garrison, Levi Garrison, you can manage the affairs of the world, but you can’t manage the housework! You really laugh at me! If you have the ability, you can come out and solve Zoey!”

Tiance Marshal smiled.

In Tiance Mansion, Levilia is already an older child.

Whether it is appearance or strength, they are all top-notch.

Several ancestors were very satisfied with Levilia.

“If this goes on, you will be able to go out alone in another year!” The

ancestors smiled.

“But I’m a little bit reluctant to leave Levilia! What a good boy! How dangerous is outside!” The

domineering female ancestor loved Levilia too much.

“No! Levilia still need to get experience, to battles! Do not hothouse flowers!”

“But before that we need to teach all this to teach her to ensure that she can later solve dangerous .....

a few old The ancestor looked at Levilia with reluctance in his eyes.

Their lives have been boring for hundreds of years.

But after Levilia came, everyone's life became brighter.

The smile on everyone's face never broke.

...

Time continues to pass.

The world is changing more and more.

More and more ancient relics were discovered, and more and more ancient tribes emerged.

More and more wars are going on.

All parties are developing faster and stronger.

Compared with the past, it is still improving rapidly.

...

Three years, three years have passed.

It really has changed drastically!

These three years have really changed an era abruptly.

completely different!

This year has changed more severely!

If you have been isolated from the world for the past three years, you will probably be frightened if you come out suddenly.

What surprised the God of Darkness was that Levi Garrison had been in retreat this time for two years, and he refused to wake up.

He...

what is he doing? ? ?

Is this man crazy?

Three years have passed in a flash. He has been trapped for three years!

## **The Return of the God of War [The Protector] Chapter 2208**

The dark god couldn't figure out what he was doing?

But he can afford it!

Can Levi Garrison afford it?

He can't afford it!

"Levi Garrison, don't you surrender to me? Do you still want to be trapped?"

The voice of the Dark God echoed in the cage.

The Huoyun Cthulhu woke up.

But Levi Garrison still did not wake up.

He was immersed in his own world.

The Dark God couldn't help being surprised, and even the Huoyun Cthulhu himself was surprised.

What's wrong with Levi Garrison?

What is he going to do?

"Levi Garrison, you can retreat slowly! According to your strength, you can't open this place for a lifetime of retreat!"  
The

Dark God smiled.

He was already disappointed with Levi Garrison.

Now Zoey meets his conditions.

He has been honed by the great demon of adults who are frightened by the wind.

He has no expectations for Levi Garrison.

He left Levi Garrison to fend for himself.

Starting today, the Bible organization will move away from here.

Go to another place.

Because in these years, a series of plans of the Dark God have succeeded.

No need to hide in this place anymore.

Everything here has been abandoned.

Including Levi Garrison's cage was also thrown here forever.

Levi Garrison will be locked here for a lifetime and will never be able to get out.

No one knows how strong this thing is better than the Dark God.

He also knew Levi Garrison's hole cards very well.

Even though Levi Garrison had an unusual talent, he couldn't face this stuff at all.

I really want to be trapped here for a lifetime.

The Bible organization moved, and the Dark God completely abandoned Levi Garrison.

Before leaving, Zoey was still curiously asking the dark god.

Don't worry about the locked up enemy?

“It’s okay, he won’t be able to get out in this life!” The

Dark God smiled.

... The

whole world is changing dramatically.

Earth-shaking changes have also taken place in the Star Country and East Island near Erudia.

Take Xingguo Sanxing Group as an example, they have planned for the future very early.

In the past three years, they have gained a lot.

Now it truly ranks among the top organizations in the world.

However, in the three years since Levi Garrison disappeared, Li Chengmin suffered a lot.

At the time of the Star Kingdom War, Li Chengmin’s private hiding of Levi Garrison was completely exposed.

There is no need for the laboratories of the gods, and the Sanxing Group itself must severely punish Li Chengmin. The senior leaders of Sanxing Group severely accused Li Chengmin face to face, “Even if we are not friends with the Gods Laboratory, but we and Erudia are enemies! You are helping Erudia by helping Levi Garrison! You are a traitor of Sanxing Group! You It is

the traitor of the star country !”

These words are still deeply engraved in Li Chengmin’s mind.

She concealed Levi Garrison, which violated the taboo of Sanxing Group.

But she has a special status and cannot be killed directly.

Therefore, the Li consortium decided to expel Li Chengmin from the Li family status and expelled her from the Li family.

And abolish Li Chengmin's superpowers!

Finally, he was imprisoned in a small black house for ten years as punishment.

In the past three years, Li Chengmin was kept in the dark underground, suffering from loneliness and darkness.

People in the Li family often ask Li Chengmin if she regrets it, and let her out as long as she recognizes the mistake.

But Li Chengmin never regretted it.

She would do it again if she did it again.

She will always cover Levi Garrison.

For no other reason, Li Chengmin has long fallen in love with Levi Garrison.

After getting along for a while, Li Chengmin hopefully fell in love with Levi Garrison.

After knowing that Levi Garrison was dead, her heart was ashamed, and she didn't care how she was punished.

Especially after this matter was known to the senior management, he was even more angry.

Put her in custody and repent.

He used torture every day to punish her, make her confess, and make her confess her mistakes.

Li Chengmin is used to it.

But she is weak and can't hold on anymore... Not many days to live...

## **The Return of the God of War [The Protector] Chapter 2209**

At this time, Li Chengmin's father Li Dong and others came to the place where Li Chengmin was detained.

This is an underground prison.

Li Dongzhong also had no right to open it, so he could only communicate directly with Li Chengmin.

"Daughter! Father won a chance for you!"

Li Dongzhong shouted.

"Now as long as you agree, you will be released, and you will be exempted from all guilt! You will also be restored to your Li family's identity!"

But Li Chengmin took a look and didn't have any interest.

"Now our Sanxing Group is cooperating with Maya Industry! As long as you marry Maya Industry! You can let you out! This is your only chance! It's the opportunity I grabbed!"

Li Chengmin shook his head, "Father, you give up! I won't get married! I'll wait to die!"

"What? Are you still thinking about Levi Garrison?"

Li Dongzhong realized what he couldn't help asking.

"Yes, that's right! I just like Levi Garrison!"

Li Chengmin replied.

"You shameless! Levi Garrison is our Sanxing enemy! He has a wife, how can you like him?"

... As

soon as Li Chengmin said this, everyone immediately drew insults.

"You are still thinking about him! He is dead!"

Li Dongzhong yelled with hatred for iron and steel.

"Then I won't marry forever and die with him!"

Li Chengmin had no choice but to give up.

"Let her die! Also used to warn everyone in Sanxing Group!"

...

But now Sanxing Group and Maya Industry are cooperating and no longer cooperating with the Gods Laboratory.

Maya Industry has become the big backer of Sanxing Group.

And in these three years.

On the contrary, the Lab of the Gods is very low-key. Except for Lucifer's activities in the first year, and after winning the title of the Four Great Gods, in the past three years, the Lab of the Gods has become more and more low-key... In the

past three years, all parties have With rapid development, the original major forces are getting stronger and stronger, and more forces, such as Maya Industry, etc. have emerged.

However, the news of the Gods Laboratory is getting less and less, and the activities are getting less and less, and even the mining of resources such as the sun stone is not involved.

After three years, the Lab of the Gods has completely faded out of the eyes of the world.

So many people do not know or forget the existence of the laboratory of the gods.

Many people are wondering what the Gods Lab is doing?

How could it suddenly disappear?

So that there is no news at all.

The Lab of the Gods simply disappeared.

unusual!

The forces that should have emerged most in this era have disappeared...

what are they doing?

Tiance Mansion has investigated the Lab of the Gods more than once, but nothing has been found. The Lab of the Gods has really disappeared.

Other major forces are also investigating the Gods Lab, but there is no result.

This reputed to be the strongest force in the world has disappeared in this terrible force...It is

not in line with common sense!

But after this era came, more forces emerged.

No one pays attention to the Lab of the Gods anymore.

It can even be said that those doglegs in the Lab of the Gods have also lost contact with the Lab of the Gods.

They can't contact the laboratory of the gods, let alone know where the laboratory of the gods is...

This is also the reason why Sanxing Group has invested in Maya Industry.

Otherwise, once they betrayed, the Lab of the Gods would destroy them all.

It can be said that the Lab of the Gods has been replaced.

What Maya industry, imperial organizations, Kunlun industry, etc. replaced the status of the previous laboratories of the gods.

The Lab of the Gods and their biggest opponent Levi Garrison disappeared together.

The two sides accounted for more than half of the major news that shocked the world three years ago.

But no one mentions them now!

They were completely forgotten!

The times are changing too fast.

What's more, the past three years have changed their appearance... Someone has said that even if Levi Garrison is alive, he will not adapt to this era...

## **The Return of the God of War [The Protector] Chapter 2210**

Because there are too many strong people now, Levi Garrison's strength back then is not worth mentioning now.

For example, there are now accurate calculations of combat effectiveness.

If Levi Garrison, the top powerhouse, had a combat power of 10,000, it was estimated to be only five thousand in the modern era...To

put it bluntly, Levi Garrison's strength in this era can only be considered medium.

Not even the top, let alone the top.

So some people say that Levi Garrison will not die, even if there is no news.

With his provocative and trouble-loving character, he could not survive for three days in this era, and he would have killed all the new powerhouses.

So Levi Garrison's life is useless.

He is no longer the focus of this era, no one around him anymore, he no longer becomes the savior again and again!

In short, in this era, whether Levi Garrison was alive or dead, he had no sense of existence at all.

Tiance Mansion deeply agrees with this point.

Levi Garrison can't do it!

Can't get a foothold in this era!

But the Baolong clan of Tiance Mansion is different!

No matter how the times change, no matter how many strong outsiders, Tiance Mansion can still protect Erudia.

The strong of Tiance Mansion is like a cloud, and the young commander of Tiance suppresses one party.

But Levi Garrison couldn't...

not only that.

Many people say that the Lab of the Gods is also a thing of the past...

If it had n't disappeared quickly, it would have been destroyed by the mighty forces of Maya Industry.

To put it bluntly, the Lab of the Gods does not disappear, and can only be used as cannon fodder in this era...

But I have to say that people in this era are too strong... There are too

many strong people.

Three years ago, the top powerhouse really couldn't adapt to this era...

it was not at the same level at all.

All parties have developed too fast in three years.

For example, the average strength of the strong in the first year is ten times stronger.

It may be thirty times the next year!

One hundred times in the third year!

Especially this period from the second to the third year is the most terrifying year.

The first two years may not have been a qualitative leap.

This year is a qualitative leap!

This range is simply terrifying to the extreme!

Two worlds are exactly the same as three years ago!

So the strong like Levi Garrison back then couldn't do it at all, he could only be medium.

It is even more difficult to enter the god list.

In other words, Levi Garrison was alive, or he would not be able to defeat Azure Dragon (Qinglong) Qilin and the others!

Because they have simulated the battle of Levi Garrison.

Qilin Baihu and the others can easily do what Levi Garrison did.

So they are better than Levi Garrison!

Even they think so.

But what excites Qilin and them is that they can represent Levi Garrison and inherit his will!

Come continue to protect Erudia!

Levi Garrison is always the boss in their minds!

But the times have changed, and they have progressed too fast, faster than they have been in the Rockets.

They are too strong now!

So while they respect Levi Garrison as the boss, they also know the fact that they are better than Levi Garrison.

“Boss, don’t worry! Erudia has us! We can hold on! Boss, we are stronger than you! This era is ours! Boss, you can rest!”

This is a saying that Qilin and they often say.

There are a lot of people who are stronger than Levi Garrison in this era...

indeed.

According to Levi Garrison's strength back then, there were indeed too many people who were better than him.

He was eliminated by the times.

Even Qilin and the others have admitted this, which shows the horror of this era.

There are even many enemies who used to be Levi Garrison. After getting an adventure and becoming stronger in this era, they want Levi Garrison to live, fight with him again, and completely defeat him.

...

once the lair of the biblical organization.

In a dark cage.

Huoyun Cthulhu's retreat is over.

He followed Levi Garrison to retreat for three years, and he was much stronger than before.

But still can't help the wall in front of him.

"Sir, how long are you going to retreat?" Huo Yun Cthulhu looked at Levi Garrison.
