

The Return of the God of War [The Protector] Chapter 2241

“It turns out that he didn’t save people! He came for the Heavenly Sword!” At

this moment, everyone thought so.

Even Levilia and Zoey think so.

I thought it was to save them.

Now it seems that they are here to snatch the Heaven Sword...

Young Master Tiance and Ye Wudao are also dumbfounded.

Came to grab the Heavenly Sword?

Now that the Heavenly Sword is exerting its true power in his hands, this is definitely to grab the Heavenly Sword!

Everyone thinks so.

And Levi Garrison was too invincible.

Now that he has the Heavenly Sword, he is even more invincible. How can other people fight?

...

“Buzzing...”

The trembling of the sky sword became more and more intense.

The breath is getting more and more terrifying, covering the sky and the sun, covering every corner.

excited!

In the eyes of everyone, the Heavenly Sword was in Levi Garrison's hands, feeling the strength of the strong, it was excited.

This is equivalent to a resonance!

The Heavenly Sword is just like a human being, and it truly reaches the hands of someone who can control it.

Can you not be excited?

But how do you know that Heavenly Sword is not excited, it is scared.

Because it felt a kind of suppression!

...

"Since the Heavenly Sword makes blood flow into a river, and the souls are charred! Return the artifact? It is an evil thing! What do you keep this evil thing for?"

Levi Garrison shouted.

Holding the sky sword in his left hand!

His right hand stretched out two fingers and tapped on the body of the sky sword.

“Ding!”

With a sound, everyone lost their ears and their brains went blank!

It seems that everyone is deaf, and the brain is shattered.

“Om!”

A mushroom cloud that can only be formed by the explosion of a super weapon rose in the air.

A terrible shock wave dispersed.

Destroy all the protruding things around in an instant...

horror!

Terrible!

But the most frightening thing was that everyone saw that the Heavenly Sword instantly shattered under the knock of Levi Garrison’s two fingers, and cracks appeared.

“Kacha!!!” In

the end, the Heavenly Sword fell apart and broke into dregs...

Nothing!

The Heaven Sword is gone like this!

The Heavenly Sword was knocked off by Levi Garrison's two fingers...

Crazy! ! !

Everyone is crazy at this moment! ! !

This!

It is definitely the most shocking and terrifying thing they have seen in their entire life!

none of them!

Someone actually smashed the world's most powerful artifact, the Heavenly Sword, with two fingers...

this, this, this...

terrifying!

Unspeakably powerful!

This is completely beyond everyone's cognitive concept.

When everyone was still thinking about how to snatch the heavenly sword and let the heavenly sword exert greater power.

Someone can destroy the Heavenly Sword...

This is unimaginable!

What kind of strength does this have?

The first person in history, right?

Zoey 's mother and daughter were dumbfounded, and

Ye Wudao was dumbfounded.

Marshal Tiance was dumbfounded.

...

Everyone is going crazy.

Everyone who was observing in the dark also had numb scalp, which was about to split.

hiss!

This...

this is not a question of whether it is strong or not.

This is a question of a higher latitude! ! !

Is he not a human? ? ?

No matter how the current times change, how many ancient races have emerged, and to what extent has modern technology and gene technology developed.

But this level has never been seen before.

Various organizations have made evaluations, and at present, the Heaven Sword is the number one artifact.

Unstoppable!

The Heavenly Sword in the front also showed a terrifying side, easily tearing Zoey 's body's first defensive artifact, the Emperor's Battle Armor.

But now the Heavenly Sword was broken with two fingers.

If everyone hadn't witnessed the whole process of the birth of the Heavenly Sword, they would have thought it was a fake just now.

How could the Heavenly Sword be knocked off by two fingers?

Not to mention that no one believed it, that is, no one believed everything that was there and witnessed.

dream!

Everything is so dreamy!

Everyone is like dreaming...

not real!

Everything is too unreal!

Don't talk about these people, the Huoyun Cthulhu who knew Levi Garrison's strength was going crazy.

“f*ck??? This f*cking??” This Heavenly Sword is more fragile than the dark cage...

The Return of the God of War [The Protector] Chapter 2242

But in fact, it is not a question of who is fragile with the Dark Cage and the Heavenly Sword!

It is because of Levi Garrisonqiang!

Terribly strong!

“Grumbling...”

The ancestors in the dark swallowed wildly, shocked by the scene in front of them.

At first they felt that Levi Garrison still had the power to fight.

But after the sword of the day was broken, they shut themselves down.

They understand that no matter how powerful they are, it is impossible to break the heavenly sword.

The comparison between them and the sky sword is complementary.

The Heavenly Sword can almost exert its greatest power in their hands.

To put it bluntly, Tianjian is equal to them.

But the person in front of him was directly above the sky sword, so he could break the sky sword.

Not one latitude!

...

Silence!

Everyone present was silent.

All the strong, including those in the dark, were silent.

What kind of existence did they encounter?

Smash the first artifact Heaven Sword with bare hands with two fingers!

This is definitely the first person!

What god list?

As soon as this one appeared, he was above the gods' list.

He can slaughter the gods with a single shot.

Let me put it this way!

Putting this person on the list of gods is the biggest insult to him!

Because Shenbang can't describe his power at all!

The so-called god list means that the strong on the list are close to gods, or describe like gods.

But this one in front of you is "God"!

Above all else!

Fortunately, they thought that Levi Garrison was here to grab the Heavenly Sword...

Now think about

how ignorant he is... How can things like the Heavenly Sword be worthy of him?

After breaking the Heavenly Sword, Levi Garrison smiled and said, "You can't fight if I ruined it!" The

Heavenly Sword was ruined.

But no one feels sorry or otherwise.

Because facing this level of existence, there is nothing else in my mind!

Even the ancestors of Tiance

Mansion have no idea... too f*cking strong!

The idea in many people's hearts is that mother, I saw God today!

In front of Levi Garrison, the superiority of Ye Wudao and Young Master Tiance, the invincible and unconvinced aura was gone.

The person in front of them is so strong that they tremble!

"I took the people away! Do you have any objections?"

Levi Garrison asked Levilia and Zoey to take him away.

silence!

Long silence!

How can anyone dare to object?

Who dares to say no word?

Isn't this looking for death?

Who dares to stop him?

These tens of thousands of people are not well-connected to kill!

“Okay, no objection, then I will take the people away!”

Levi Garrison left with Zoey and Levilia in full view.

Tens of thousands of people voluntarily gave way...

Even if Levi Garrison took the three of them away for a long time.

Everyone present was silent.

Dumbfounded!

Everyone is a walking dead!

Empty body!

But no soul!

Ye Wudao's expression was frozen, his eyes were hollow, and he didn't know what he was thinking.

Marshal Tiance was standing, his mind seemed to be the scene of Levi Garrison snatching the Heavenly Sword from him...

Azure Dragon (Qinglong), Kirin (Qilin) and the others were short of breath, and their eyes were full of madness.

I thought they were strong enough in this era, and they belonged to the top group of people.

But today I really saw the sky and the earth.

They are really small like ants.

What they didn't expect was that this person was Levi Garrison! ! !

Their boss!

...The

ancestors were also silent for a long time.

"No, what about Levilia? Where did Levilia go?" The

female ancestor reacted.

Levilia is gone.

Other ancestors also reacted.

They left immediately and went to find Levilia.

But Levi Garrison took the two of them and didn't go far, they were nearby.

Levi Garrison glanced at where they were hiding.

This surprised several ancestors.

Obviously the other party found them.

Levi Garrison discovered it.

But knowing that it was a few ancestors, he did not move.

"Thanks to senior for taking action! Dare to ask who is senior?" Levilia asked respectfully.

The Return of the God of War [The Protector] Chapter 2243

Zoey , who was seriously injured, also wanted to know.

The secret ancestors also want to know.

They don't know why Levi Garrison is here now?

Destroy the Heavenly Sword?

Save people?

Or show off force?

Confusing!

Now that several ancestors are in the dark, and there are others, Levi Garrison naturally can't tell Levilia's true identity.

Levilia stood in front of Levi Garrison with a strong premonition.

She seems to know this person!

"You will know in the future! Go back! Save people!"

Levi Garrison then left.

Levilia was afraid that it would be dangerous to stay here, and immediately took Zoey away.

Now there are several people from the ancestors following, and Levi Garrison is very relieved of them.

On the ice field, Ye Wudao, the marshals of Tiance and his like reacted one by one.

Just as they were about to leave, when suddenly the sky came a voice "Waste! Bunch of waste! I unearthed something big summer also get round the nations barbarians rob? I'm no big summer yet?"

"Boom!"

Smell In other words, the four blood ancestors and the powerhouses of other countries trembled.

This is obviously warning them not to step into the summer!

The most shocked were Tiance Marshal Ye Wudao and the others!

These words stimulated them the most!

Especially the marshal of Tiance and the four

great generals ... This is blaming them for protecting Erudia from disadvantages!

The Heavenly Sword belongs to Erudia!

It doesn't matter if it falls into the hands of anyone in Erudia!

But you must not let anyone outside of Erudia grab it!

This is the principle!

This is the majesty of the great summer!

But the marshal Tiance didn't do it, and let the foreign powers enter in droves!

They are all terrified!

It seems that this is Erudia's hidden super power, who can't stand it anymore, and specifically jumped out to show a wave of force.

Declare to the world that Erudia can't mess with it!

Not to be insulted!

With the help of Heavenly Sword, a wave of super force is perfectly demonstrated!

Everyone understands!

This super strong is not trying to destroy the Heavenly Sword or save people!

He is showing the world-Erudia is the Eastern Dragon!

Although you are asleep, you can't move!

I have to say that this time played a huge role.

The four blood ancestors were so scared that they hurriedly left Erudia.

I'm afraid that the super strong will keep them in Erudia...

Soon news will spread all over the world!

On the day when the Heavenly Sword was born, Erudia suddenly appeared a super powerhouse, drank thousands of people, and knocked off the Heavenly Sword with two fingers... The

news spread, and everything was fried.

Heavenly Sword has been hyped up to the strength of the world's number one artifact!

It's so invincible that it can't be imagined... but

who would have thought that it would be knocked off by two fingers!

How strong is this person?

Erudia has become taboo again!

Taboos of this era!

The powerful in the new era are like clouds, everywhere... But

Erudia has a "god"!

Even if all the big forces have to be jealous.

Maya Industry, the Emperor's Organization, etc. originally set up plans one after another against Erudia.

But after this strong man came out, all plans were shattered.

Who would dare to go to Erudia?

Are you looking for death?

After the marshal Tiance returned, he immediately asked the old guys from the Tiance Mansion and the Baolong clan.

Who the hell is this person?

Does it have anything to do with them?

The answers that can be given are all consistent-Tiance Mansion and Baolong clan did not have any retreat powerhouses.

“Is that the father?” The

marshal Tiance immediately thought of his father, the marshal Tiance.

“Can not! If God is handsome shot! Perhaps there is such a fighting force! He will never crack Sword! Sword quite closely with the handsome God! He can not go to destroy the Sword!”

The four gods will immediately road.

“Who would it be?”

“I’ll go to the Tianji Pavilion for advice! The seniors of Tianji Pavilion may know!”

Then, the Major Tiance brought the four great gods and others to the Tianji Pavilion.

“Seniors, I have never asked you questions!” “Do you want to know who he is?”

The Return of the God of War [The Protector] Chapter 2244

As soon as Young Master Tiance said half of his words, he was interrupted by the boss of Tianji Pavilion.

They knew what Tiance Marshal wanted to ask.

“There is one thing! We know almost all the secrets before! We know if Levi Garrison died a few years ago, we know everything! Let’s tell the truth, there is nothing in the world that Tianji Pavilion doesn’t know!”

“But this time, we I really don’t know who this person is? To put it bluntly, this person appears to appear out of thin air! Doesn’t belong to this world! We can’t detect any of his

auras!” “Hiss!”

After hearing the words of the Tianji Pavilion boss, Everyone gasped.

What’s the matter?

Not even Tianji Pavilion?

What kind of existence is it?

And this force is rare in the world!

Young Master Tiance knows best...

“Fortunately! This person belongs to Erudia! If it weren’t for Erudia, I’m afraid it would be a disaster! If he makes a move, who can stop it?”

Everyone breathed a sigh of relief.

...The

Dark God also knew about this.

“The Heavenly Sword was knocked off??” The

Dark God was also crazy.

At this moment, the Dark God felt that the knife in his hand was like scrap iron.

What's the use?

When encountering a strong person of this level, hasn't it been knocked off by two fingers?

Unimaginable horror!

The ground knife is his biggest hole card!

But now it feels like a discarded card!

The Dark God wants to take the Heavenly Sword back!

The sword and the sword fuse into an ancient artifact!

But now it seems that even the fusion of Heavenly Sword and Earth Sword is useless!

In front of that super strong man, it didn't play a role.

In your eyes, an invincible and invincible artifact can be inferior to a fire stick in the hands of others...

this level is beyond the world.

The realm is at another latitude.

who is it?

Who the hell is it?

The Dark God couldn't even think of who it was... He

could only be shocked by the extreme combat power.

"Zoey is so lucky? I just met a super strong Erudia who was born?"

"Where is Zoey ? Find out quickly!" The

Dark God said immediately.

If the plum is dyed to death, nothing will happen.

But Zoey was in trouble while he was alive.

She still knows many secrets of the Bible Organization...

Keeping it for a long time is a big hidden danger.

"I found it, currently Zoey was taken back to Jiangbei by her daughter to recuperate!"

Mingxie said immediately.

"Okay! Go to Jiangbei right now! Either bring Zoey back or kill it!" The

Dark God is determined not to let Zoey stay in Erudia.

Underworld God set off with eighteen dark angels.

This trick is also very good.

When the foreign powerhouses wanted to escape from Erudia one by one, they sneaked into Erudia secretly.

...

Erudia Jiangbei.

Levilia brought Zoey back.

Almost the whole family gathered around.

They are mixed.

It is Levilia who is happy, and he is already able to be alone.

He is still the little ancestor dominated by everyone in Tiance Mansion.

But Zoey is the enemy of Erudia, the devil that everyone wants to kill.

But at this stage, Zoey and Levilia should be cured first.

What is interesting is that Li Wenhai and these people were all released by Tiance Mansion and Kunlun Industry.

After their experimental value is gone, these people are naturally useless, so it is better to put them back.

However, although they are pure energy bodies, they can only be regarded as moderately strong in this era.

Not top-notch!

Many organizations have already worked out how to target pure energy bodies. They dare not jump right now and are only active in Jiangbei.

Now that they see the plums dyed back, they are a little scared.

If they were targeted, they would die without a place to bury them.

They have to hesitate their lives more than before.

“We suggest that Zoey leave Jiangbei as soon as possible! Levilia can stay!”

“If Zoey is here! It will bring us a catastrophe!”

...

Everyone must drive Zoey out.

“Who said that?” There was a cry.

The Return of the God of War [The Protector] Chapter 2245

Along with the voice, two figures appeared.

Levi Garrison and Huoyun Cthulhu.

This time they are in their true colors.

There is no more disguise.

In front, Levi Garrison shaped a military ceiling.

In fact, there are many benefits.

People all over the world only know that this person is strong, but they don't know who it is?

There is no information at all.

This way the more guessing, the more mysterious, and the more terrifying!

After all, it is equivalent to unknown territory!

Everyone is terrified and curious about the unknown...

Before they are absolutely sure, they dare not explore at all.

Erudia, where there are super powers now, is a taboo, an unknown territory.

No one dared to touch Erudia.

But now Levi Garrison wants to see his daughter's wife in his true colors.

Huoyun Cthulhu wanted to stop but didn't stop it.

He was also worried that he would let the Dark God know that they were out.

Levi Garrison said it didn't matter, he would kill the dark god sooner or later.

It doesn't matter to let him know

...

"Ye... Levi Garrison???"

Everyone was dumbfounded when he saw Levi Garrison.

"I...Isn't this dreaming?"

Forgotten!

Levi Garrison disappeared for more than three years, and no one has forgotten him.

Just in everyone's concept, this person no longer exists.

This is a state more terrifying than death.

After you die, at least everyone knows where you belong, and they often talk about it.

But it disappeared, no one mentioned it.

Now that Levi Garrison appeared at once, everyone was dumbfounded.

It all feels unreal.

It's like dreaming.

Levi Garrison is still alive?

He actually came back?

“What’s the situation??”

Everyone looked incredulous.

“Dad!!!”

Levilia lost control and threw himself into Levi Garrison’s arms.

“Boom!!!”

When Levi Garrison’s face appeared in Zoey ‘s eyes, she was shocked.

The body trembled violently!

It seems that her worldview, outlook on life, etc. have all collapsed at this moment.

In the past three years, she has always been thinking about how to avenge Levi Garrison.

She was dazzled by hatred, and she was honed by the Dark God into the most perfect killing machine.

But when she saw Levi Garrison, all her beliefs collapsed.

Levi Garrison was not dead at all!

“Mom, I told you earlier that Dad is not dead, he just disappeared!”

“Now he is back!”

Levilia said excitedly.

Zoey got up with difficulty, her frozen heart loosened a little, and her face became much more normal.

“Where have you been in such a long world of

King’s Landing ?” Emma asked excitedly.

Levi Garrison sighed and said, “I was trapped by someone else’s design. I was trapped for three years!”

Now everyone knew where Levi Garrison had disappeared.

It turned out to be trapped.

Then everyone is even more sure that Levi Garrison’s strength still stayed three years ago, in this era, he can only be regarded as a medium power!

In this era, it is simply not top-notch.

“Levi has been here for three years, do you know how much this world has changed?”

Li Wenhai said with a smile.

Levi Garrison glanced at them, “The changes are indeed quite big, you have all been released!”

“Do you know Levi Garrison? You are not a strong one at all in this era! How can you keep Zoey ? She is now Public Enemy of Erudia is an out-and-out murderer!”

Everyone said one after another.

Levi Garrison sneered, “What? By fist!”

“Hahaha...”

Everyone smiled.

They all thought that Levi Garrison hadn't realized how far the world had developed...

After he got in touch, he would know what cruelty was.

What a sense of powerlessness!

Everyone wants to kill Zoey , he can't stop it at all.

Can only watch!

“Levi Garrison, you don't even know how weak you are in this world...” “Hahaha...”

The Return of the God of War [The Protector] Chapter 2246

Originally, Li Wenhai and others wanted to drive Zoey out of Erudia directly.

But now that Levi is here, their thoughts have changed again.

They wanted Levi Garrison to watch Zoey being killed.

To let Levi Garrison know how far the world has developed and how strong are the strong? How small is he?

Zoey looked at Levi Garrison in amazement, "You...are you still alive?"

"Yes, I'm still alive! Everything is the dark god using you! Using your mentality to avenge me, temper you into a killing machine! "

Levi Garrison explained.

Zoey , who has always believed in the God of Darkness, looked puzzled at this time.

Suspected unexpectedly.

Levi Garrison in front of him is not an impersonator, he is still alive!

This is the problem of the Dark God... "Maybe the master didn't know that you were alive! But he took revenge for you! Together, I eliminated one enemy after another! Finally, I killed the Gods Lab! Now everyone! The Gods Laboratory has indeed disappeared from the world! It was me

and Master to kill it together! I saw the destruction of the Gods Laboratory with my own eyes!" When

Zoey said this, Levi was taken aback.

"What? The Lab of the Gods disappeared? How could it be possible?"

Levi Garrison couldn't believe that the Lab of the Gods would disappear.

Judging from his general understanding of the development of this era, it is indeed earth-shaking.

It stands to reason that the Lab of the Gods is the leader of this era.

They have the background and so on, absolutely let them become the biggest beneficiaries of this era.

How could it disappear?

Is the darkness destroyed by God?

Less likely! Levilia on the side explained, "Dad, the laboratory of the gods has indeed disappeared! It has slowly disappeared in the past three years! In the first year, there was still activity, and Lucifer, who died with you, was actually not dead. He was in the first year. The activity was frequent, but it

disappeared completely in the next two years ."

"You are completely forgotten like the

Lab of the Gods !" It is true that the Lab of the Gods disappeared.

But Levi Garrison affirmed that they were observing the entire world in secret, and the Gods Laboratory was definitely brewing a big plan.

When they appear, any organizational power will be scum.

No one is their opponent!

What Maya industry, the imperial organization also replaced the laboratories of the gods, more powerful than the laboratories of the gods.

It's all bullshit!

When the laboratory of the gods appeared, the world knew what was powerful.

Just like the disappeared Levi Garrison.

Once it appears, it is the ceiling of combat power.

Levi Garrison can foresee that the Lab of the Gods will be like him, and the King will return...

“Yes, that’s right! The Lab of the Gods was destroyed by me and Master! Regarding the fact that you are alive in Levi , the master may not know this. Matter! But the master paid a lot to get me revenge!”

“As for the master to use me, it is impossible!”

This is the power of the Dark God.

Mold yourself into the faith of Zoey !

Zoey would not doubt every word he said.

Others say that the dark god is not good, she will not believe it, but will be angry...

This is the situation now.

And what happened logically made sense...There

was no substantive evidence that the Dark God was using it.

So Zoey didn’t believe what Levi Garrison said.

Levi Garrison immediately denied “Impossible! How could it be possible to destroy the Lab of the Gods with you and the Dark God! It is absolutely impossible! You have been cheated! He has been using you! This is absolutely the case!”

Destroy the Gods laboratory?

Are you kidding me?

Let me put it this way.

Levi Garrison felt that he couldn't be destroyed with his current strength.

How can Zoey add darkness to God?

The Dark God is at best as he is now.

Not even as good!

“But I personally participated in the demise of the Lab of the Gods, and saw the fall of the Lab of the Gods with my own eyes! How do you say this? Do you have evidence?” Zoey began to retort.

The Return of the God of War [The Protector] Chapter 2247

evidence?

Now even if Levi Garrison said flowers.

Even the laboratory of the gods appeared in front of her!

She would never believe it!

She would only say it was fake!

As soon as Levi Garrison appeared, she carefully observed it for a long time before she was sure that it was true!

Because she can't overthrow the Dark God in her consciousness...

Therefore, under this concept, she will think about various possibilities... The

first consciousness is to maintain the Dark God.

Levi Garrison looked at Zoey seriously, "You are now brainwashed! You are controlled by him now, so quickly wake up!"

"Impossible! I am so sober! Except for you, Master is the best to me. People!"

Zoey said bluntly.

Levi Garrison shook his head helplessly, "Then do you know why I was trapped? I was trapped by the Dark God just because I went to find you! This trap was three years!"

"Boom!!!" At

this moment, Zoey Ran suddenly trembles.

I thought that Levi Garrison's remarks made her sound like something.

Once in the lair of the Bible organization, there were people struggling in the dark cage, making the ground shaken.

She also asked what happened to the dark god?

It was the enemy of the Dark God who was locked up...

Could it be her husband Levi Garrison?

Do not!

impossible!

One thing is that Levi Garrison is not qualified to be the enemy of the Dark God.

Zoey knows best how powerful the dark god is.

No matter how the three years have changed, he is always at the top.

Levi Garrison's strength is only worthy of being a disciple of the Dark God...

Secondly.

Zoey knows that no one but the Dark God can open the abandoned dark prison!

And she also heard the evil god said that the dark prison is not something that the dark god can open if he wants to open it.

He had to use an earth sword comparable to the Heavenly Sword to open the dark cage.

That is to say, without the sword and the sword, the dark god can't open it.

If Levi Garrison was really trapped in a dark cage, how could he come out?

impossible things!

After thinking a little bit, Zoey “pushed” Levi Garrison’s lie.

“Okay, I am very happy to see you alive in Levi ! But please don’t slander Master! If it weren’t for him, I might have died early!”

Zoey said directly.

“Hey! Why don’t you believe me!”

Levi Garrison didn’t know what to say.

In this situation, even if the dark god is brought to Zoey and said he is using it.

Zoey wouldn’t believe it.

The only way is to kill the dark god!

See how he brainwashed?

“Damn him? I want to kill him! Wait! I’ll kill him soon!” After

being trapped for three years, after Levi Garrison came out, the person who wanted to kill most was the Dark God.

“No! You can’t kill Master! Of course you don’t have this strength either!”

Zoey quarreled with Levi Garrison directly.

Levilia was anxious beside him, and didn’t know how to speak.

“Anyway, mom and dad, don’t worry, there is Levilia, it’s really not possible, how many masters are behind Levilia!”

Levilia means very simple.

She came to protect Mom and Dad.

“Your family can stay in Jiangbei, but not at Li’s house! Go back to your home!”

Finally, Levi Garrison took the family back to where he lived.

Zoey still blames himself for not helping Master snatch the Heavenly Sword.

“Mom, it would be nice if we could live! What more Heavenly Sword? Who can beat that senior?”

Levilia said.

“That’s true!”

Zoey was convinced.

Not even the Dark God!

This one can only be killed by a spike!

Almost everyone has seen the highest value of force!

“Unfortunately, I didn’t help Master complete the task! But anyway, I want to go back and give Master an explanation!”

Zoey said. Just as Levi Garrison was about to speak, a voice rang out, "We're here to take you back!"

The Return of the God of War [The Protector] Chapter 2248

Eighteen dark angels appeared together.

Underworld god led the team.

Hearing that Zoey also wanted to go back.

Underworld gods breathed a sigh of relief.

So much the better.

Lest there be a big battle.

"Who? You can't take my mother away!"

Levilia rushed to the front, staring at the 18 people in front of him.

The hearts of the ancestors in the dark also hung up.

If Levilia is in danger, they will take action at any time.

"Child, you can't stop it! Besides, your mother has to go back too!"

Underworld God smiled.

"The Dark God has been using you all the time! Seeing that the Heavenly Sword fails in the fight, I will abandon you alone! If I'm right, these people were there before, right?"

Levi Garrison smiled.

Zoey couldn't refute it.

It was before, but after the accident, he ran faster than anyone else.

But she immediately explained, "That's because the master was afraid of the trouble and told them to flee first! Don't let me take care of them and take them away!"

"Hehe, they appear this time to take you back and control you! I'm afraid that you will leak the secrets of the Bible Organization! If you don't go back, they are here to kill you!"

Levi Garrison said.

Zoey's face was full of disbelief, "Impossible! How could the master kill me?"

"Who is talking ??" The Dark God

yelled.

Because of the angle, everyone did not see Levi Garrison.

"Me!"

With the voice, Levi Garrison appeared in front of the Eighteen Dark Angels.

This almost frightened the eyes of the eighteen dark angels.

This, this...

Levi Garrison?

Levi Garrison, the big living person?

“And me!!!”

Huo Yun Cthulhu walked out from the other side.

“Boom!!!”

Shocked!

It was shocking!

Eighteen dark angels are going crazy?

This is real?

Why are Levi Garrison and Huoyun Cthulhu here?

They were much more shocked than the people who saw Levi Garrison before.

After all, they knew where Levi Garrison was before...the

dark cage!

That's a dark cage!

A trap that the dark god can't open!

It must be done with the help of a ground knife!

The dark cage is impossible to open!

The Dark God himself said that Levi Garrison would stay inside for the rest of his life, unable to come out.

The sturdiness of the dark cage and the special device make it impossible to break.

But now they saw Levi Garrison and the other two.

They came out of the dark cage...

crazy!

All crazy!

The scalps of the eighteen dark angels were numb, and their hairs stood up.

It's like hell!

See Levi Garrison here.

It was the most shocking thing in their lives!

The level of shock even surpassed the fact that the Heavenly Sword was knocked off by two fingers...

No one knows better than them where Levi Garrison and Huoyun Cthulhu are imprisoned...

“You, you, you...”

Underworld God trembles so much that he can't say a word.

“Are you really Levi Garrison?”

others asked.

“Who else could I be? Sorry, I came out! I didn't expect it, right?”

Levi Garrison smiled.

Huoyun Cthulhu also agreed with “Haha, a ghost place can't trap us!”

“Impossible!”

“It's impossible! No one can break that place!” The

Underworld Gods were unwilling to believe everything in front of them.

“Want to take my wife away? Impossible!”

Levi Garrison sneered.

But the Underworld Gods were frightened.

“Withdraw!” After

encountering Levi Garrison’s incident, how could they bother to pay attention to Zoey .

Eighteen people were directly scared away.

Senseless.

Zoey and Levilia were dumbfounded.

Didn’t you come to take people away?

How come it disappeared in a blink of an eye.

Even the ancestors in the dark are very curious.

Is Levi Garrison so scary?

On the other side, the eighteen dark angels returned to the latest lair of the Bible Organization as quickly as possible.

Tell everything to the dark god.

“What??? Did you see Levi Garrison???” The Dark God was going crazy.

The Return of the God of War [The Protector] Chapter 2249

This is the most incredible thing Dark God has heard in his life!

It is also the most impossible thing he thinks!

Did you see Levi Garrison?

Where did you see it?

Haven't they been sent to Erudia by themselves?

How could you see Levi Garrison?

impossible!

How could Erudia have Levi Garrison?

Absolutely impossible!

I read it wrong!!!

Dark God does not believe it!

Even if you die, you won't believe it!

In his concept, no one can break the dark cage.

Unless you have his level of strength plus an artifact like a ground sword!

But Levi Garrison, who was in the dark cage, had neither his strength nor a ground knife in his hand.

What did he do to break through the dark cage.

It is impossible for him to

stay in seclusion for a lifetime... “Where did you see it?” The

Dark God asked tremblingly.

“Of course I saw it in Erudia! Let’s take the plum to dye it back! In the end, Levi Garrison was also there.” The

god Mingxie was shocked.

“Yeah! We saw Levi Garrison with our own eyes! It’s him! That’s right!”

“There is also the Fire Cloud Cthulhu! The two of them are together! It’s them! I’m sure!”

... the

eighteen dark angels rushed to say.

Although everyone talked and talked, they were extremely frightened.

But the Dark God affirmed one thing-Levi Garrison came out! He came out of the dark prison!

“puff!”

After confirming this fact, the Dark God spouted blood.

Be anxious!

Even the dark god hasn’t controlled it!

“No, I don’t believe Levi Garrison is out! I don’t believe it!” The

Dark God shook his head repeatedly.

Never believe that Levi Garrison came out of the dark prison.

“If you don’t believe the God of Darkness, you can go to Erudia for yourself! Levi Garrison and Huoyun Cthulhu come out in Erudia!” The

so-called seeing is believing.

Everyone wanted the Dark God to go to Erudia and saw Levi Garrison come out with their own eyes.

Upon hearing Erudia, the Dark God showed a look of jealousy.

Without the fusion of the sword and the sword, the dark god would not and dare to step into the summer.

“By the way, let’s go and see if the dark cage is still there?”

Suddenly, the dark god thought of the old nest of the Bible organization.

Just go and see.

“Go!!!” The

Dark God immediately led the crowd to set off, and came to the lair of the Bible organization not far away.

“This...”

Everyone was stunned to see the blue sea and blue sky here.

“We... Did we go to the wrong place? It’s not at all...”

Today, the Blue Sea and Blue Sky Resort has nothing to do with the previous bible organization lair.

Everyone is wondering if they are in the wrong place.

“Impossible! This is it!” The

Dark God said affirmatively.

“Yes, it’s here! I found the ruins of the former castle palace!” The

Underworld God exclaimed.

Soon everyone came to the ruins.

shocking.

a mess.

These ruins still weathered and disappeared...

as if they had been weathered for thousands of years.

With a little breeze, these ruins disappeared!

“This, this...”

Everyone exclaimed again and again.

Look at the mountains here are smoothed...

not smoothed, but smoothed!

That is to say, the original winding mountain range disappeared directly from the map...

This change is too great.

“Where is the dark cage??” The

dark god began to look for the dark cage excitedly.

But after looking for a circle, where there is a dark cage, not even a scum is left.

In the end, the dark god determined the location of the dark prison.

But now there is nothing left.

They confirmed the fact that the dark cage was broken! Levi Garrison and Huoyun Cthulhu are out! Underworld God, what they saw in Erudia is true!

But a question emerged-how was the dark cage broken? Did Levi Garrison break this by himself?

The Return of the God of War [The Protector] Chapter 2250

silence!

Long silence!

Everyone was silent.

Have to accept this terrible and cruel fact!

In their eyes, the most difficult cage to break in the world was broken...

Then everyone watched the Dark God doing some strange behavior, but everyone understood that the Dark God was looking for some clues to restore how the dark cage was opened. of!

...

“Huh! Huh...”

After a while, the Dark God gasped.

His eyes were full of horror and incredible.

This seems to be beyond the cognition of the dark god...

This frightened the eighteen dark angels.

To be able to transcend the cognition of the dark god, how terrible is it?

It's not what they can imagine anyway!

“He destroyed the dark cage with one move! Yu Wei changed this place with one move, smoothed out the mountains and terrain, swept away all the smog, and turned this place into a blue sea and blue sky...”

One move!

Just one move!

What kind of concept is this?

Not only did one move to destroy the dark cage, but Yu Weibo also changed this place.

This is horrible!

Destroy a move!

The Dark God asked himself how he couldn't do this.

It is estimated that even holding a ground knife would take hundreds of knives to break the dark cage, but the overall structure is still indestructible.

But this person's move...

“This move reminds me of the horrible existence of the two-finger knocking off the Heavenly Sword...”

The dark god swallowed fiercely.

Everyone can't imagine how terrifying this is.

It's even comparable to the one who knocked off the Heaven Sword with two fingers...

“It’s even possible that these two are the same person!!!” The

Dark God exclaimed.

“Hiss!”

Everyone gasped.

How these two overlapped...

that would be terrible too.

“Could it be... Levi Garrison...”

“Puff!” When

these words came out, everyone was shocked to vomit blood.

“If this person is Levi Garrison, it makes sense! To save Zoey and his children, with the terrifying power of knocking off the Heavenly Sword, he can naturally open the dark cage!”

Thinking carefully.

Thinking about it this way, Levi Garrison is entirely possible.

He strengthened in retreat, opened the dark cage, and rescued his wife and daughter.

“It really

makes sense ! But you have overlooked a question-Levi Garrison's strength..." "Three years ago! No, you all know what his strength was two years ago? The eighteen dark angels came out alone. His opponent! But with 18 people, Levi Garrison has absolutely no way to win!"

"This level of strength is almost incomparable to the Dark Cage, just like an ant! Levi Garrison can reach the sky in just two years! One level beyond me! Even several levels higher than me!"

"Is it possible?"

"If you say that you are outside, the times have changed in the past few years, and there are too many adventures! Maybe Levi Garrison has bad weather, and it is not impossible to reach the sky in one step. ! But for the past three years he has been in a dark cage, and there is no opportunity at all! How could it be?" The

Dark God was so excited that he kept analyzing and asking questions.

Everyone nodded.

Indeed it is!

No matter how you analyze it, it is impossible for Levi Garrison to reach the sky in one step, so strong!

Absolutely impossible!

As a strong man standing at the top, the dark god has so many knowledges that he has never seen any strong man.

What kind of rocket-like speed has never been seen?

But such a situation like Levi Garrison is absolutely impossible!

If there is a chance, Levi Garrison will not be able to ascend to the sky soon.

Must this time?

So the dark god says it is impossible!

This is not because the Dark God is comforting himself, but it is really impossible.

“But how did Levi Garrison leave? How did the dark cage open?”

Underworld God asked the most critical question. Everyone looked at the dark god and waited for an answer.
