

The Return of the God of War [The Protector] Chapter 2265

The whole world's anger towards Zoey has reached its maximum!

The whole Jiangbei was filled with the sound of crusade against Zoey .

Before the birth of Tianjian, he took Zoey and killed him.

But this time it was all dyed from plum...

Even Levi Garrison frowned.

I don't expect that things will evolve to such an extent...it's getting harder and harder to handle!

Can't watch Zoey die, right?

impossible!

"Kill all of Zoey 's family! Kill all her children, including her!"

" Killing is justified! Zoey has killed so many people! Everyone related to Zoey should pay for their lives!"

"Yes! Come to pay for your life!"

... the

voice is getting louder, and the people are getting more and more open.

Ye Wudao helplessly spread his hands. "Look, you don't need us to do it! Everyone's spit stars can drown them!" Huo Yun

Cthulhu glanced at everyone and sneered, "A gentleman is here! Who can kill Miss Li? What a wishful thinking!"

"Hahaha, let's wait and see!"

"Dad, come here!"

Levilia ran over at this time and called Levi Garrison to a remote place.

"What's wrong with Levilia?"

Levi Garrison asked.

"Dad will get messed up for a while, maybe I won't have a chance to say! Dad, I have already made a decision!"

Levilia said.

The hearts of the ancestors in the dark followed.

But they are still very confident.

Levilia will definitely choose them.

Levi Garrison looked at Levilia lovingly, and smiled "Let's talk!"

"Dad, Levilia has decided, I will give up what you taught me!"

Hearing this, several ancestors cheered and laughed. Sound.

But the next moment, their smiles disappeared.

"But I don't use what the masters taught me!"

This sentence came out.

Several ancestors were dumbfounded.

"Huh?"

What happened?

Is a bowl of water flat?

Levi Garrison seemed to understand something, he smiled and said, "So you have to go out of your own way? Create something by yourself?"

Levilia nodded fiercely. "Yes, Levilia will abandon everything next! Go your own way!" Create your own exercises, create everything by yourself! I have a direction now!"

"Well, no matter what decision you make, Dad will support you!"

Levi Garrison touched Levilia's head.

With such a high talent, such a good foundation, plus a broad vision and rich insight, Levi Garrison believes that she can go out of her own way.

After hearing this, several ancestors felt the same way.

"Yes! Levilia should go his own way! We restrict her too much, but will limit her upper limit! She is the most suitable for creating everything!"

"This kid is too smart! There is no way to find a direction that suits him." I hurt my father and a few of us!"

... The

ancestors were very pleased.

"Levilia, your masters are over there! Go and see them!" At

this moment, Levi Garrison pointed at a distance and said to Levilia.

“Huh?”

Levilia looked shocked.

She didn't find out by herself, how did dad find out?

The ancestors in the dark were surprised.

“It seems today that he leaves monarchs are known and can not be dyed plum out of here alive, we deliberately expose the Jun-Jun away, so she is dangerous, do not let her see orphaned scene!”

Several of our ancestors Analyzing.

In fact, they were half right.

Levi Garrison just didn't want Levilia to participate...

Since Levi Garrison had said it all.

Several ancestors did not deliberately conceal it.

They took the initiative to come out.

“Master...”

Levilia ran over immediately.

“It turns out that you have been by Levilia!”

Levilia asked curiously. “By the way, how did Dad find you? Is Dad’s strength comparable to several masters?” Levilia began to look forward to it.
