

The Return of the God of War [The Protector] Chapter 2266

If my father's strength can rival several masters, how good would it be?

Dad will not be made fun of, and will not be embarrassed by the enemy.

But after hearing this question, several ancestors all laughed.

"No! Your father's strength cannot be compared with ours, nor is he discovering us! We took the initiative to see him!" The

grandfather explained the story.

They only appeared because Levi Garrison asked Levilia to give up their practice.

"Oh, that's the case!"

Levilia's face quickly dimmed.

Her hopes were dashed.

She thought that Levi Garrison's strength was comparable to that of several masters.

"Levilia, let's leave!" After

several masters looked at each other, they decided to "help" Levi Garrison and take Levilia away.

“Ah? Levilia is still with mom and dad, mom and dad are in danger, Levilia wants to protect them!”

Levilia’s face was firm.

“No, you have to leave! You can’t participate!” The

ancestors couldn’t help but said, forcibly taking Levilia away.

At this moment, Jiangbei has gathered hundreds of thousands of strong people, and the number is still increasing.

Levi Garrison’s villa became the focus.

There are people all around, densely packed with no gaps at all.

The old people before Levi Garrison appeared one by one.

The top ten forces of Erudia came first.

Levi Garrison saw many familiar faces, Fan Shengnan, Asura God of War, Seven Kills and so on.

They are all overlords of one party.

When the god of war saw Levi Garrison, his expression was complicated.

But he held his head high.

He had failed miserably against Shang Levi Garrison before, and he has been living in the shadow of Levi Garrison.

But now he is completely reborn.

Facing Levi Garrison, he could finally raise his head and chest.

In fact, his heart is very refreshing!

He worked hard for several years, just waiting for this moment, just to prove that he was better than Levi Garrison.

Now he just glanced at Levi Garrison and he understood.

Levi Garrison's strength stood still.

And he was already soaring.

There is no need to compare!

Comfortable!

I finally proved myself!

The god of war is breathing fast, his eyes are fiery at this moment.

Levi Garrison glanced at him and said with a smile, "Not bad!"

Compared to Xiao Feng, Kirin (Qilin) and the others, Levi Garrison admired the Asura God of War.

Because the strength in his body is pure!

Although it is also a quick method, it can be adjusted later.

The God of War Shura looked at Levi Garrison with a complicated expression, "I could have waited for you to catch up! But you are sad today at this level! I hope you get through it!"

He actually hoped that Levi Garrison would be alive today, and then work hard. Chasing him...

Fan Shengnan and the others also simply communicated with Levi Garrison.

All of them were secretly refreshed in their hearts.

They all stood up in front of Levi Garrison.

The hostile forces of Levi Garrison once defeated even more.

They all came to see how Levi Garrison was doing.

"Haha, I heard that the Kunlun God of War has been trapped for three years, and his strength has remained the same three years ago!"

“What’s the matter with Levi Garrison? The whole world is progressing, why have you stopped?”

“You can beat you

now !” “Now there are simulation battle techniques! We have all simulated a battle against you, and you lose. It’s terrible !”

...

These old opponents and enemies were so excited to die when they saw Levi Garrison now.

“To be honest, you can’t be our opponent for Levi Garrison now! You are too weak! It’s too boring to pick you as your opponent!”

...

Everyone ridiculed Levi Garrison frantically.

How ruthless Levi Garrison was oppressed at the beginning, now how crazy he is to vent.

“Hey! The world is like this! When you are at the peak, everyone is afraid of you! But when you are down, those people used to step on it!”

Someone told a fact. Faced with the ridicule of hundreds of thousands of people, Levi Garrison said faintly, “I have only one opponent from beginning to end-the laboratory of the gods. You are not worthy!”
