

## The Return of the God of War [The Protector] Chapter 2269

“Yes, kill her!”

“Zoey , this big demon , kills people like hemp! Treats life like grass! Damn!”

...

One person shouted, and the second person shouted.

Except for some elders, Li Wenhai and his like are all shouting.

They are scared!

Although they are pure energy bodies with super powers, they feel more fragile than ordinary bodies.

They are more afraid of death.

It's the same as paper.

Life-saving is important at this time, what is Zoey ?

“That's our granddaughter, how can we force her to die?” The

old lady and the others were naturally unwilling.

“Parents, if you don't want to, our whole family will suffer along the way!”

Li Wenhai several people tried to persuade them.

Ye Wudao looked at the scene before him with a smile.

“Zoey hasn’t come out yet, please force her out!”

Ye Wudao shouted.

Li Wenhai, Li Songkui and the others rushed to the front and shouted.

“Zoey , don’t you come out to face it? This is all the catastrophe you caused!”

“Do you still want to hurt us? You are really selfish!”

...

Under the persecution of everyone, Zoey slowly walked out .

The eyes of her enemies burst into anger.

“Kill! Kill! Kill!”

...

Everyone was crazy.

These days of incitement, the whole world's hatred for Zoey is deeply rooted.

Everyone can't wait to be cramped!

Seeing Zoey, they felt as if they had fallen into a demon.

This is the anger of the whole world!

Now let Zoey bear it alone!

It shows that the incitement of the Dark God is successful.

At this moment, the Dark God and the Bible organization have been observing the situation here.

To test Levi Garrison's strength, come with the biggest wave.

Drive him into the most dangerous situation-against the entire world.

Only in this way can he measure his true strength.

...As

soon as the plum dyed out, everyone finally understood what the anger of the whole world was like.

Faced with the condemnation of hundreds of thousands of people, Zoey was scared.

But seeing Levi Garrison here, anger shot into her eyes.

“Want to kill me? Come on! Take out your real ability to kill me!”

Zoey dyed his eyes at everyone.

“Have you seen it? This is the female devil! The murderous aura is so heavy at this time!”

Ye Wudao sneered.

“Kill her! Kill her!” The

crowd shouted after being emotionally mobilized.

The planned unicorns were sweating all over, holding hands tightly, and their legs trembling a little.

This time, they secretly opened a way for Levi Garrison and them.

Let them go.

“Zoey , come here!”

Levi Garrison pulled Zoey to him.

He looked at the people and said, "I am here to declare one thing to everyone! First of all, I admit the killing karma created by my wife!

But the actual situation is-my wife was used by the dark god of the Bible organization! The people she killed over the years were all arranged by the Dark God! My wife is now like this, all because of the dark god! "

" Ridiculous! ! ! "

Levi Garrison was obviously the one killed by your wife. What does it have to do with other people?" "

Don't worry about who plans it, I'll just ask you, is it a man killed by a plum?" "

...

Under questioning, Levi Garrison was silent.

Regardless of the conspiracy behind it, who planned it, it was indeed Zoey who killed it.

"Look! You don't believe what you say! You said that the dark god destroys the laboratory of the gods, you don't believe it! Now all these are the secrets of the dark god! It's so funny! "

Levi Garrison can't calm down this matter with a mouth!" "

Ye Wudao and they all smiled.

“Levi Garrison can’t escape Zoey today!” As for you, as long as you let go, you can save your life! Choose for yourself! “After

hearing this, Zoey looked at Levi Garrison. Levi Garrison smiled, “Of course I choose to be with my wife!” “
