

## The Return of the God of War [The Protector] Chapter 2277

“No! We didn’t mean it! Boss just you don’t know how powerful Maya Industries is!”

“Yes, we didn’t mean it at all! What’s more, the boss, your strength in this era is also mid-level! It’s impossible to eliminate it. !”

Everyone began to explain.

“Master, just listen to our arrangements! With us, you will be fine!”

Xiao Feng promised.

Levi Garrison’s face changed, “You all leave first, I want to be quiet!”

“Boss...”

Everyone has to explain.

“Everyone! Can I do it alone?”

Levi Garrison yelled.

But everyone still stood hesitantly.

At this time, Commoner Killing God stood up.

“Everyone, let’s leave first, let the gentleman be quiet! What’s more, just after taking the medicine, the injury has been stabilized, and there will be no life-threatening for the time being!”

Hearing Commoner Killing God said.

Everyone left one after another.

“You guys leave too!”

Levi Garrison ordered.

Sword Evil God and they also left together.

After coming outside.

The God of Common Killer glanced at the people and said, “Do you think your husband doesn’t know how powerful Maya Industry’s weapons are? A smart person like him has understood since Ye Wudao and the others chose this weapon!”

“And you think he doesn’t Do you know the current situation? What is his physical condition, he knows better than anyone!”

Commoner’s words to kill the gods were simply inspiring.

“So the boss is now in a serious situation! It’s just that he doesn’t want us to worry, he deliberately insisted on it! He kept saying that he was okay!”

Kirin ( Kirin ( Qilin ) ) reacted and said in surprise.

“Yes, it must be so!”

“I just don’t want us to worry!”

“He should not be able to hold it now, so he will drive us away!”

Kirin ( Kirin ( Qilin ) ) sighed, “The boss in my memory was a broken bone, a bone branch. The person who wants to go to the sky too! He doesn’t want us to see his miserable side! But rest assured, boss! We will do our best to keep you alive!”

“Yes! Let’s arrange the division of labor! Let’s act from now on!” “

Azure Dragon (Azure Dragon (Qinglong)) tasked these people.

Everyone worked hard for Levi Garrison to survive.

But after everyone leaves.

Levi Garrison smiled and stood up, like a okay person.

The wounds on his body also healed at a speed visible to the naked eye.

“Boom!”

His body exploded out of thin air, dispelling all the black matter.

This is a special element of Mayan industrial weapons.

He was forced out by Levi Garrison.

This is his horror!

The special element in Mayan industrial weapons is pervasive, once invaded, it will spread all over the body.

Even the strong of the gods can't do it, once they are stabbed, they will undoubtedly die.

But Levi Garrison is above the god list!

This element cannot invade his body at all.

Levi Garrison stretched out his hand and touched the discharged substance, his brows frowned, "I haven't seen this kind of poison!"

Levi Garrison was knowledgeable and learned all about the evil god of poison.

It's an exaggeration to say that I know the poison all over the world, but I have never seen this kind of poison.

But Levi Garrison didn't need to know.

There is no threat to him anyway.

Huo Yun Cthulhu smiled, "These kids are all confused by these fancy things! I don't know that all kinds of things can't resist Mr.'s punch!"

Levi Garrison looked at him and smiled, "You have to practice too, even if you improve your strength, So as not to make people laugh!"

Huo Yun Cthulhu's expression was shocked, "Understood! I will improve as soon as possible!"

Now Huoyun Cthulhu already knows what is the most powerful.

"Mister, what are your plans next?"

Huo Yun Cthulhu asked.

"It is estimated that there are a lot of private revenge! But I will kill the dark god first!" Levi Garrison said lightly.
