

## The Return of the God of War [The Protector] Chapter 2282

The Dark God added, "But I don't know who that person is! He should be the patron saint behind Tiance Mansion and Baolong clan!"

"Levi Garrison, did you hear that? Only the one who knocked the sword off with two fingers can Open the dark cage inside! If other people want to open it, they can only open it outside! The difficulty of opening inside is a hundred times more difficult than opening outside!" The

evil god yelled, let Levi Garrison understand this fact!

Levi Garrison smiled, "Yeah, I'm the one who knocked off the Heavenly Sword with two fingers!"

"Pump!"

No one can believe Levi Garrison who runs the train with his mouth full.

It's impossible to think about it.

"Levi Garrison, my patience is limited! Don't tell me! I will kill people immediately!"

"I know you are not afraid of death, but what about Zoey? I want to kill her easily!"

Dark God sneered.

Upon hearing this, Levi Garrison's face changed.

Dark God they all laughed.

Sure enough, Levi Garrison's weakness is his family.

"Don't worry! As long as you say it, I will let you go! I'm just looking for an answer!"

"To me, you have no experience in killing you like ants!"

This is the heart of the dark god.

Levi Garrison is really as easy as squeezing a mouse to the dark god.

His life is really not important.

The dark god only wants what he wants to know.

"I said it was me, you don't believe me, what should I do? I'll make up one temporarily!"

Levi Garrison smiled helplessly.

"Okay, you can make it up! We will believe it!"

Dark God, they all stared at Levi Garrison.

Today, Levi Garrison tells the truth, no one believes it. If you make up one, they will believe it.

“Wait, let me think about it... Actually, it was Tiance, the helm of Tiance Mansion who saved me! When he was traveling in retreat, he happened to pass by wherever he went and saved me!”

Levi Garrison said casually. Come out a character.

The reason for talking about the superintendent of Tiance Mansion is because two days ago I heard someone say that the last owner of the Heavenly Sword was the superintendent of Tiance Mansion.

Because he relied on the Heaven Sword too much, he gave up on it and sealed it in the depths of the ice field.

So he temporarily pulled out the superintendent of Tiance Mansion.

I didn't know that when he said the god of Tiance Mansion, the body of the dark god suddenly trembled.

There was a complicated look in the eyes under the mask.

“It's... it's him... it really is him... I guessed it was him...”

Out of control!

The Dark God is completely out of control!

Even Levi Garrison didn't expect that his mother would say a name casually, God of Darkness is crazy...

Is it such a coincidence?

It just happened to be the result of the Dark God's guess?

"It's him! It's him! I didn't expect that after such a long time, the gap between me and him is still so big! It must be him!

According to his strength, he can easily open the dark cage outside with the help of an artifact! And the artifact level does not require a heavenly sword. The earth sword is such a top class!" The

dark god looked at the eighteen dark angels and said, "Do you know? The reason why I didn't dare to enter the summer is because of him! I thought I could challenge him if I got the heaven sword and earth sword combined with it. ! The result was shattered!"

"In recent years, I have used Zoey to plunder resources everywhere, lay down sites everywhere, and constantly expand the strength of the Bible organization! I want to firmly control the world in my own hands! Now one third of the world's The forces are under the control of the Bible organization!

I strengthen myself frequently, not just to be able to fight him! Enter Daxia again? "

But he actually opened the dark cage?" He opened it with bare hands, or with some kind of weapon..."

God of Darkness is crazy.

Levi Garrison is dumbfounded.

God of Darkness has a history with God of Tiance Mansion...

"Hey, what is your identity? "

Levi Garrison asked.
