

## The Return of the God of War [The Protector] Chapter 2283

In the past, Levi Garrison felt that the God of Darkness was foreign.

But today he seems to understand that this guy belongs to Daxia.

Also has a close relationship with the gods of Tiance Mansion.

All of this has something to do with him!

He didn't even expect that the Bible Organization already controlled one-third of the world's power.

This is also terrible.

The threat of the Bible organization is second only to the laboratory of the gods, right?

This dark god has a lot to come!

The Dark God seemed to think of something and looked at Ye Qingfeng vigilantly.

“What do you want to do? Can you ask me about my identity?” The

Dark God said immediately.

Others also bowed their heads.

Obviously they also want to know the identity of the dark god.

Levi Garrison smiled and said, "Okay, it doesn't matter! I don't want to say that I don't want to know! Now I tell you, what are you going to do with me?"

Someone among the Eighteen Dark Angels immediately said, "Kill it, I have tolerated him for a long time!"

Right! Kill it! I put up with him three years ago!"

...

Many people still hate Levi Garrison.

Tolerated his arrogance for a long time.

I wanted to kill it a long time ago.

Levi Garrison silently wrote down these people.

Underworld God glanced at Levi Garrison, "Let him go back! We already know what we want! There is no need to kill him!"

Levi Garrison had no value in his eyes at this moment.

He didn't bother to kill.

“Yeah, it’s not Levi Garrison before, now he wants to kill as much as he wants! I don’t even bother to do it!”

“Yeah, it’s better to let him go! Levi Garrison has a lot of enemies! Let him appreciate the cruelty of this era!”

“Also, he has been injured by Maya Industry’s weapons. It will be a matter of time before death! Kill now! On the contrary, he is cheaper!”

...

Many people think that Levi Garrison should be let go.

...

“But kill him directly, aren’t we more refreshed?”

“Yes, kill him! Even if he has no power anymore! But this person has scheming and wrists, maybe he will become a threat to us!”

...

So This group of people was divided into two waves, and they strongly discussed whether Levi Garrison should die or live.

The two sides quarreled violently.

As if they were the gods in charge of human life and death.

They could decide Levi Garrison's life or death with a single thought.

It felt like Levi Garrison was an experimental mouse.

Let anyone play and be killed at any time.

Levi Garrison watched them arguing, he was really happy.

When did his wheel of life and death be mastered by a group of chickens?

It couldn't be like this three years ago, and no one can control it three years later!

But Levi Garrison thought it was funny and didn't interrupt.

Watching a group of weak chickens decide their own life and death is not uncommon.

The two groups of people broke into the blood and began to disagree.

Seeing Levi Garrison's heart tickled, he wanted to join.

He thinks he should kill himself!

...

Just as everyone was arguing fiercely, the voice of the Dark God rang out “Enough! Don’t make any noise!”

Everyone stopped and looked at the dark god.

Waiting for the decision of the dark god.

“Well, God of Darkness is your decision! Levi is about to die or live! You decide!”

Everyone looked at God of Darkness expectantly.

The Dark God is also thinking about this issue.

I want to kill Levi Garrison, but I don’t want to kill...

It’s very contradictory.

“I can’t make a decision for a while! Why don’t you lock up Levi Garrison first? Everything is considered long-term!”

said the Dark God.

“Don’t!”

Everyone objected.

I want to make a decision right away.

Underworld God suggested, "Why not do this! Let's vote to decide? More votes to decide Levi Garrison's life and death!"

"Agree! Vote! Fair and just!" The

other side also agreed. The Dark God smiled, "It's really exciting to vote on a person's life and death!"
