

The Return of the God of War [The Protector] Chapter 2289

The sound of metal cracking is wonderful!

Especially at this moment.

It's more beautiful!

“Boom!!!”

Then there was a huge movement of the sky collapsing.

The clouds in the sky were completely swept away, forming an air wave circle with a radius of at least tens of thousands of meters.

Suddenly spread!

The terrible atmosphere continued to spread, and all creatures in the sky were crushed and destroyed.

The sea area where the island is located was forced to disperse, exposing the bottom.

The surrounding port and shore triggered a tsunami-like horror scene!

...

The power of this punch is too great.

At this moment, even the communication information of several countries around was affected.

The base station failed, the power grid was paralyzed...

Many technologies failed.

Half of the Western Continent is in chaos!

Just because of a punch!

People who don't know think that a force organization has invented a destructive weapon...

unprecedentedly powerful!

In this era, what kind of powerhouse, what kind of weapon everyone has never seen.

The weapon that can instantly paralyze half of the Western Continent is unique!

impossible!

There is no such powerhouse...

no!

One time count!

The strong man who knocked off the Heaven Sword with two fingers when the Heaven Sword was born!

he can!

Other than that, no more!

Now this movement is too big, right?

But this was not the birth of a new weapon, it was just the aftermath of Levi Garrison's punch.

On the island.

Levi Garrison blasted out with a punch, and the first divine weapon broke into two halves...

"Puff!" The

Dark God felt the terrifying power and was directly shocked to vomit blood, and everything in his body was destroyed at this moment.

That force annihilated everything.

Destroy everything!

To be exaggerated, no matter what is in front of you, as long as you suffer from this force, you will be shattered!

Heavenly swords and swords are easy, let alone people!

“Kakaka...” What is

even more terrifying is that the half-cut knife held by the Dark God shattered at this moment...

horrified!

Extremely horrified!

Since the Heavenly Sword was smashed to pieces by two fingers, the same-famous Earth Sword was also smashed to pieces with one punch!

This world is crazy!

Everything that no one dared to imagine happened at this moment.

However, the shock continued.

“Puff!”

“Puff!”

“Puff!”

... the

remaining thousand people in the field burst into pieces one by one.

Yu Wei is still there! ! !

Blood rain!

There was a rain of blood in front of the God of Darkness, showering the God of Darkness over and over again.

In the end, except for the Underworld God, everyone else died.

“They voted for death. It has nothing to do with me. I just obeyed their will and sent them to see God!”

Levi Garrison said lightly.

The remaining Underworld Gods are going crazy.

They make out-of-control noises...you ca

n't cry anymore...

scared to pee?

Has been scared to pee seven or eight times!

The pants are soaked...

crazy!

They have never seen this kind of madness!

This is more terrible than death!

They had long wanted to die like the rest of the dark angels.

But Levi Garrison kept them, allowing them to see the whole process.

Watching the death of one person after another, seeing the sword breaking, seeing the Dark God defeated... The

Dark God feels empty at this moment, and the body does not belong to him.

The dark god looked at Levi Garrison incredulously.

"You...you...you..." The

Dark God was so excited that he couldn't speak.

The meaning of the dark god is that you broke the sky sword with two fingers! You opened the dark prison yourself!

“The reason why I didn’t smash you with a punch! That’s because I want you to know everything before you die!”

Levi Garrison smiled.

“Wrong! Wrong! Everything is my fault!” The

Dark God yelled in horror.

Say something strange to Levi Garrison.

But Levi Garrison didn’t care. With a single move, the mask of the Dark God fell off...
