

The Return of the God of War [The Protector] Chapter 2292

The Bible organization has been active in the dark. It doesn't really matter where the nest is.

But why did you move away suddenly?

This must be problematic.

During that time, Levi Garrison had been in retreat, and the dark cage isolated everything.

The inside didn't know what was going on outside.

So Levi Garrison didn't know what happened.

The evil gods said: "In fact, we don't know the specific reason! But according to our later speculation, we found that the place should have been discovered!"

"Yes! It was discovered! The Dark God ordered it to be moved!"

Others The man nodded.

The evil god continued: "I have analyzed some reasons! I judge that the person who discovered this is the god of Tiance Mansion!"

"Yes! This is a high probability that it is him! Look, when the master you mentioned the god of Tiance Mansion At the time, the Dark God didn't feel any strangeness, so I took it seriously! There was no doubt!

This situation can only show that the Dark God is not surprised that the gods of Tiance Mansion found the dark cage! And if he believes so firmly, it means the last time he found it. It is the god commander of the Tiance Mansion!" The

god of the underworld could not help but say: "One more thing! From then on, the god of darkness has been so stubborn for Da Xia! Constantly enhance his strength, and also want to integrate the sword and the sword. Entering Daxia! Planning and controlling Daxia's four top forces began from that time!"

"I know this! The Dark God said that because of the existence of a person, she can't enter Daxia! It is the god of Tiance Mansion! Especially after meeting him, I guess this feeling is stronger!"

Levi Garrison also nodded: "Now it seems that the superintendent of Tiance Mansion found the dark cage in the first place!"

"Wrong?"

Levi Garrison suddenly thought of God of Darkness. What

he said before he died... he reacted quickly.

It seems that the Dark God regards himself as the apprentice of the gods of the Tiance Mansion?

At the last moment, I realized that it wasn't... it

must be so!

But now it seems that the Dark God did all this because it

was probably related to the god commander of Tiance Mansion... After Levi Garrison figured out everything, he returned.

“By the way, Master, I heard that Li Chengmin is now dying...Sanxing Group regards her as the biggest traitor...” The

Underworld God provided Levi Garrison with information.

“Huh? She?”

Levi Garrison’s expression changed.

Li Chengmin is a friend from birth to death.

Helped myself a lot.

There are difficulties now, but because of their own difficulties.

Levi Garrison had no choice but to manage.

Even a Sanxing Group in a mere mere daring to move my friend?

“But Sanxing Group is backed by Maya Industry...”

One person said of Maya Industry with a trace of dread.

Because the Dark God once said-in fact, the greatest threat to the Bible organization in this era is Maya Industry.

So everyone has a trace of fear.

Underworld God glared at the man.

Everyone reacted now.

The current dark god is Levi Garrison!

He interrupted Heaven Sword and Earth Sword one after another, who could stand this strength.

Maya Industry is that dog?

Dare to bark in front of Levi Garrison?

Levi Garrison glanced at them and said, "Well, I'll go to the Star Country first!"

He was just about to feel the changes in this era, and to find some clues in the laboratory of the gods.

Levi Garrison always felt that the disappearance of the Lab of the Gods was not so normal.

They must still be there.

Something must be planned.

...

Star Country.

Where Li Chengmin was detained, several senior officials of the Sanxing Group were all present.

“She can’t do it anymore! I can’t even see the sun tomorrow!”

“Is it a pity to die like this?”

“By the way, let’s experiment with her! It just happened that a new group of people arrived, and Together, they will do the experiment!”

“It’s considered a contribution to the Sanxing Group!”

“Well! Yes! Let her do the experiment!”

... The

recent experiment of the Sanxing Group wiped out humanity.
