

The Return of the God of War [The Protector] Chapter 2300

“Levi, three hours have arrived! As long as we rush out, we will be safe! They will let us go!”

Li Chengmin was very excited.

The parents’ arrangement was indeed correct.

As long as you follow Li Dazhong, you can easily survive for three hours.

They weren’t experienced, and as soon as three hours arrived, they rushed to the north gate.

During this period, Li Chengmin gave all the remaining medicine to Levi Garrison.

Let him take it in times of crisis, and he can become super powerful.

“Go! Follow me! Go to the north gate!”

Li Dazhong led the way, and Li Chengmin dragged Levi Garrison to follow.

...

About ten minutes later, everyone came to the north gate and opened a gap for only one person to pass through.

“Let’s withdraw first!”

Seven or eight people rushed out immediately.

Three hours is enough for them.

Of course it's also stained.

If it weren't for Li Dazhong, they would have died early.

"You leave too!"

Li Dazhong said to Li Chengmin.

"Go!"

Li Chengmin ran out excitedly.

"Bang!"

She received a huge force behind her, pushing her to a place several hundred meters away, directly out of the gate.

"The door is closed!!!" After

Li Chengmin went out, the door closed quickly.

“You can’t go out!”

Li Dazhong stopped in front of Levi Garrison, blocking his way to leave.

Li Chengmin, who was already outside the gate, was dumbfounded when she saw this scene.

Levi Garrison hasn’t come out yet?

“You...what are you doing?”

she exclaimed again and again.

Li Dazhong said without looking back: “I promised your parents, only to send you out safely! My task is completed! But he is not included in my task!”

Li Chengmin wanted to rush in again, but the door was already there. closed.

And there are more and more mutants coming around.

It is absolutely impossible to open the door again.

She could only watch Levi Garrison disappear before her eyes.

After Li Chengmin went out, her parents rushed over immediately.

“Fortunately, Levi Garrison appeared and saved you, otherwise you will become a monster too!” The

parents were very excited.

“Can I take his life for mine, can I live?”

Li Chengmin was about to cry.

“Anyway, Levi Garrison will definitely die, isn’t it the same if you die sooner or later?”

Everyone dismissed it.

The executives of Sanxing Group were all excited collectively.

“Levi Garrison, we finally waited for this opportunity! Think about how miserable it was by you in those years!”

“Now it’s in our hands? Let me see how you escape from birth!”

“How is it possible to escape from birth? It depends on how long he can hold it?”

“Hahahaha...”

...

for them, it was so cool.

Torturing the king who had pressed them in the past is really the happiest time in life.

At the north gate of the metal fortress, Li Dazhong stared at Levi Garrison and the others.

“From now on, I will start acting alone! Don’t follow me! Whoever follows me, who I kill!”

Li Dazhong stared at Levi Garrison: “Especially you! Never follow me!”

Li Dazhong wants to be true Started to experience it.

So definitely not let people follow.

He flew away from the other direction immediately.

Levi Garrison and twenty or thirty people remained.

“Rumble...”

came waves of shaking.

The hordes of mutants are coming.

There are thousands of them, and they are densely packed in all directions.

This frightened everyone.

“Run! Run quickly!”

But before leaving, they pushed Levi Garrison forward.

“Let him block us! Let’s run first!”

Levi Garrison was pushed to the front.

All this group of people ran away.

Let Levi Garrison block them for a while.

Thousands of mutants rushed in front of Levi Garrison like crazy.

But Levi Garrison looked at them with a smile on his lips.

Li Chengmin’s burden is finally gone.

He wants to see what these monsters are like...
