

## The Return of the God of War [The Protector] Chapter 2302

“Do not be, ah, a drug also half an hour, he had four hours, a total of five agents how to hold?”

“Maybe not! Ye monarchs of this extremely cunning man! He could have any strategy, such as hide Behind the strong of the gods!”

...

“Why not do this! Let Li Dazhong and other strong people leave! We will directly close all the doors and never open it!!!”

someone suggested.

As soon as this suggestion came out, everyone’s eyes lit up fiercely.

“Yes! This is a good way! Keep Levi Garrison alone in the metal fortress for a day and night! I don’t believe he will survive?”

“Okay, just do it!”

... As soon as the plan came out, everyone took action.

The six Li Dazhong received the notice, came to the east gate that they opened privately, and all left.

“Boom!!!”

Finally the door closed.

“Kacha!”

“Kacha!”

...

All the facilities of the metal fortress were closed.

Because various devices are turned on, they actually have a certain inhibitory effect on these mutant monsters.

What’s more, the top experts of Sanxing Group have placed various experimental equipment around the metal fortress, specifically for experimenting how to control this group of mutant monsters.

But how to control it, there is no effect at all.

But the inhibitory effect is always there.

More or less have the effect of suppressing this group of mutant monsters.

Data shows that when all the experimental devices are turned on, the strength of this mutant monster can only be used by 70% to 80%.

Not their complete strength!

The experimental theories created by Maya Industry itself are the most violent brain and the most violent physique.

Now they are more or less restricted, so that their strength is greatly reduced.

Now that the equipment settings are all closed, the mutant monsters are not restrained at all.

They can play 100% strength!

The all-out mutant monster is super scary!

“My God!!!”

Li Dazhong was shocked when he saw it.

Never felt the strength of a 100% mutant monster...

Now that all the monsters are 100%, then he is also afraid.

“Maybe if I go in now, I won’t be able to hold on for five hours! Even my life is in danger!”

Li Dazhong sighed.

“Well, we estimate it for three or four hours! It’s really life-threatening! The strength of the mutant monster with full force is far from what we can match! Kill and kill! You can’t even hurt... How to fight...”

“This Once Levi Garrison was miserable! Tens of thousands of mutant monsters with 100% strength! He has potions and it’s useless! Not to mention it’s gone!”

“Well! Don’t open the door! Keep him closed for twenty-four hours!

” To be honest, the top ten on the list are not good, right?”

...

“Well, anyway, we close everything! We can wait until tomorrow to open it for Levi Garrison’s corpse!”

Of course, after all the devices were closed, they couldn’t know what was going on inside.

But everyone didn’t want to look at it. There was already a picture in his mind, knowing that Levi Garrison was being abused.

...

When Li Chengmin learned about this, he was directly frightened.

Sanxing Group is too cruel, right?

In order to torture Levi Garrison, he actually used this method.

The metal fortress is closed for twenty-four hours. How can this be sustained?

No one can survive twelve hours!

What's more, they are all monsters with full force now!

The time is greatly reduced, and I have never lasted five hours.

This is to make Levi die without a corpse!

Li Chengmin fainted directly.

...In the

metal fortress.

Levi Garrison also noticed that these mutant monsters became more irritable.

Obviously someone out there used a method.

But to him, it doesn't matter.

He smiled at the dense monsters in front of him.

Now these irritable mutant monsters basically all gathered around him.

“Who said they can’t kill?” Levi Garrison sneered.
