

The Return of the God of War [The Protector] Chapter 2376

Maya Industries is in doubt.

I think something is wrong.

What they think is wrong is that the dark god is not what it used to be, but Levi is here.

Unfortunately, who can know this identity?

Everyone didn't even know who the God of Darkness was before.

...

Not to mention who it is now...

Anyway, they are wearing unique masks!

At this moment, Levi Garrison was still chasing two hundred mutant living dead to fight... After

...

all, all these mutant living dead fell...

Levi Garrison searched for mutant living dead in other places.

Yes.

This time Levi Garrison noticed a large group.

There must be at least a thousand.

It is also a group that has just been scared away by themselves!

But at this moment, these mutant living dead are fighting fiercely with challenging masters!

It turned out that the Legion of the Living Dead was scared away by Levi Garrison, and they fled in one direction.

How do you know that hundreds of powerful people appeared in front of them, blocking their way.

In themselves, they have no desire to fight and want to escape as soon as possible.

But these people entangled them tightly and blocked the way.

This mutant of the Living Dead is all angered!

We the f*ck can't beat Levi Garrison, can't we still beat you?

Can you bully me?

Therefore, the irritated variants die, and the brain is flooded with violence again.

One by one went crazy.

Everyone in front of you will be torn apart!

This battle can be regarded as the most intense one!

“What’s the matter? Why did the monsters we encountered suddenly became so much stronger?”

Zoey let out a surprised voice.

She got too many scratches on the back of her arm.

“Yeah! This group of monsters is just like leveling up! It’s much stronger than the ones we encountered before!”

“We have a sudden increase in pressure! We have to find a way to withdraw! Our challenge is almost enough! Let’s continue. Maybe you can’t go!”

Azure Dragon (Qinglong) and Sword Evil God also said.

It turns out that this group of people is Zoey everyone.

After they went out to experience the challenge, they found a terrible situation.

Nowadays, the living dead are no longer an activity of a few dozens of people. Once they appear, they will be hundreds or thousands.

As a last resort, they no longer act alone, all gathered together to challenge thousands of variants of the living dead.

In the first few waves, they were relatively difficult, and they were basically able to cope with it.

But the mutant living dead army encountered this time was terribly strong.

It is a level stronger than the previous ones.

Suddenly, all of them were in trouble.

Everyone has been hurt to varying degrees.

And the number of variant living dead is increasing.

At least two thousand!

If they don't leave again.

I really couldn't leave...

even fighting madmen like Xiao Feng, the Sword Evil God, and Kirin (Qilin) Tiger (Bai Hu) all put forward the idea of leaving.

There is still a difference between Gang and Silly!

They are just just, but not stupid.

If you continue, your life will be lost here!

“Withdraw! Withdraw!”

“Everyone opens the gap and prepares to escape!”

...

Everyone is ready to escape.

“Don’t let them live! Resolutely crucify them here!” The

seniors of Maya Industry were angry because of the dark god.

They happened to be irritated by the plum dye again.

Make up your mind directly and not let Zoey them live.

“Da da da...” A

sound of footsteps sounded.

All the mutant living dead around came.

The number is increasing, basically more than three thousand.

The gap where Zoey and the others were about to escape was blocked.

Resolutely not allow them to withdraw.

“No, this is over! We provoke something we shouldn’t provoke!”

Everyone tried to break through, but they all failed.

Also suffered more serious injuries!

“Everyone, work hard, maybe half of the people will die here today!”

Everyone is determined to die.

“Boom...”

But at this moment, there was a wave of restlessness in the Legion of the Living Dead.

“Master??” Zoey exclaimed.

The Return of the God of War [The Protector] Chapter 2377

Does Zoey want to die?

Don't want to die!

Now she has slowly recovered.

With children, a husband, and a family, she didn't want to die.

Especially in the current situation, she was still thinking about Levi Garrison hidden in the swamp.

Don't want to die.

...

But is there a way?

There seems to be no way!

There are more and more variants of the living dead, and more and more crazy.

...

One is stronger than the other!

They have no possibility of breaking through!

Can only fight to the death.

But at the very moment, the mutant army of the living dead suddenly began to restlessly.

The mutant living dead in the southwest seemed to be under some attack, one by one fleeing...

but more mutant living dead blocked them.

There was a mess for a while.

Everyone stopped and looked to the southwest.

Want to know what happened?

At this look, Zoey almost knelt down.

Because somewhere in the southwest, there is a figure standing on a branch of a big tree-wearing a unique mask.

“Master!!!”

Zoey exclaimed after recognizing the dark god.

This shocked everyone else.

The dark god appeared? ? ?

Could it be that the mutant living dead they saw were killed by the Dark God!

“Boom...” As

soon as “Levi Garrison” appeared, these mutants were scared.

Started to run around in a panic... Running in

all directions!

See this scene.

“Hiss!”

Everyone took a breath!

This, this...

he actually scared away the mutant living dead?

Unimaginable!

It is simply unimaginable!

What kind of powerhouse is it that can scare these living dead into this?

If you don't see it with your own eyes or hear it, no one will believe it.

"This is my master!!!"

Zoey dyed his face proud.

Loudly introduced them to Azure Dragon (Qinglong).

Showing her master!

The mutant living dead who are now going to escape have all experienced Levi Garrison's massacre, either injured or seen with their own eyes.

But there are still some variants of the living dead who have never seen Levi Garrison at all.

Seeing him, there was no response at all.

Therefore, some of the living dead want to run, and some do not.

The scene is getting chaotic!

Levi Garrison started suddenly.

He stepped forward and grabbed a mutant living dead, scoffed and tore his armor and armor in half!

...

Silence!

At this moment, the scene became extremely silent.

Silent.

Everyone was silent.

Including Azure Dragon (Qinglong) and the others, as well as the mutant army of the living dead!

All dumbfounded.

It is estimated that most of them are the first time I saw the shredded mutant living dead!

All immersed in this shock.

Someone can really kill the mutant living dead on the spot!

It's incredible!

Moreover, the Dark God is number one on the list of gods, but few people see him take action.

Everything stays in the legend!

Now it was the first time I saw the Dark God take action, and everyone was shocked!

Strong!

Too strong!

It's so strong that the scalp is numb!

I also saw the gap between myself and the combat power ceiling!

"This is the strength of the master!!!"

"Have you seen King's Landing? This is the horror of the master! Why should I practice your things? I just practice what the master gives me!"

"Master, the disciple is proud of you ! You are the strongest in the world!"

...

Zoey burst out emotionally, yelling unscrupulously.

This is the apprentice's worship of the master!

Others also looked at Zoey enviously.

The master who has the number one on the god list, the ceiling of combat power in this world!

Who doesn't envy?

If you are guided by the Dark God, your strength will improve by leaps and bounds, right?

"I heard that in the beginning, the Dark God wanted to train the boss! It was only rejected by the old Dalian Fan! The Dark God was so angry that he locked the boss for three years!" Right?"

The Return of the God of War [The Protector] Chapter 2378

"At least much taller than me! He is more talented than me, and all of his experience is better than me!"

Zoey still convinced Levi Garrison in some aspects!

The Azure Dragon (Qinglong) people also nodded, "The top ten of the lower limit of the gods! The second of the upper limit of the gods, infinitely close to the dark god!"

"The probability is the second of the gods! The future may be blue and better than blue! The boss does not cherish it!"

"Yes, I also heard the boss say how to use the dark god... Do you think the sister-in-law is good?"

"Hey! It should be that the boss is destined not to shine in this era! Therefore, he cannot worship the dark god as his master! "

...

...

Everyone talked about it.

“Indeed, he didn’t have the life to become Master’s apprentice! It is estimated that all the good luck will be given to me!”

...

Zoey smiled.

Now, who in the world does not want to be a disciple of the Dark God?

Who can refuse?

Even if people like Xiao Feng have no ideas, they want Master Levi Garrison to improve quickly and teach them more.

Everyone’s time to speak, Levi Garrison has already killed hundreds of variants of the living dead.

This kind of invincible monster, especially in a violent state, is unbeatable.

It cannot be destroyed at all.

But under “Levi Garrison”, it was no different from ordinary people.

Solve one with one trick!

One hundred!

Two hundred!

...

Five hundred!

...

Thousands!

...

Under everyone's eyes, Levi Garrison killed thousands of mutant living dead without much effort.

"Puff!"

Everyone is about to vomit blood.

"Great God, please take our knees! Worship! Too much worship!"

"You are a god! The strongest combat power in this world!"

...

Azure Dragon (Qinglong) and the others were completely excited.

Is it the greatest honor in this life to see such a strong player taking action?

They also clenched their fists tightly and vowed to work harder!

Where is the limit of the strong?

There is nothing impossible, only unexpected!

The limit is right now!

It is worth their lifetime to catch up!

As for the most exciting thing, Zoey was dyed...

from time to time to shout to the people around her-this is her master!

Especially seeing the dark god so powerful.

I feel more and more that she chose the right way!

It's right to give up Levi Garrison's ancient techniques!

“Afterwards, I beg to see if Master can accept King’s Landing as an apprentice...”

Zoey smiled.

Others immediately agreed with “Yes, this method is good!”

“Master does not learn our exercises! In the final analysis, we are not strong enough! We do not have enough power! Can’t convince him!”

“But the dark god is different! There is something that sweeps everything. Strength and conviction! If he accepts the master as his apprentice! The master will definitely agree, and he is even overjoyed!”

Xiao Feng said.

“Yes, what Xiao Feng said is indeed the case! No matter in the past or now, the Dark God is a top-notch existence! If he accepts Master as his apprentice, Master will definitely agree!”

others said one after another.

“Once the boss is accepted as an apprentice by the existence of the Dark God, I believe that the boss will be the boss soon after the second place!”

Everyone has inexplicable confidence in Levi Garrison.

Of course, more of it is actually having faith in the Dark God!

The dark god in the field is still showing great power!

The mutant army of the living dead was defeated!

At this time, the mutant living dead who were afraid of and those who were not afraid were afraid of Levi 's arrival.

All run wildly! ! !

“Want to run? Is it that easy?”

Levi Garrison took the lead and caught up.

Anyway, he was just for destruction.

Kill all the variants and live dead talents!

Levi Garrison ran after him.

Zoey followed closely with them.

Enjoy the feeling of chasing mutants of the living dead!

Everyone enjoys the process of following the strong to attack... Azure Dragon (Qinglong) Kirin (Qilin) exclaimed, “I think we followed the boss like this back then...”

The Return of the God of War [The Protector] Chapter 2379

Things are right and wrong!

Now.

The scene is almost the same, but the person who can take the lead has changed.

It's no longer Levi Garrison...

everyone sighed, Levi Garrison once again showed his power and killed many mutant living dead.

The number of variant living dead is decreasing sharply...

...

Every time it decreases by five hundred and five hundred...It

's terrifying!

When the mutant living dead encountered Levi Garrison, he was hit by dimensionality reduction!

...

There is no possibility of surviving!

No matter how many they came, they were all killed by Levi Garrison alone.

“What to do? What to do now?” On

the aircraft carrier of Maya Industry, the executives and others were all panicked by Levi Garrison.

Completely messed up!

They are going crazy!

Everyone was at a loss for a while.

There was not much information and data, and the news of death came one after another.

And every news of death is in the hundreds.

“What should we do? What should we do now?”

” What should I do ?”

Everyone had no idea.

“Listen to me! Retreat from now! Let all variants of the living dead quit! The challenge is suspended! All activities have been cancelled!”

“Hurry up and give orders to every place!”

... As

soon as the Maya Industrial Headquarters message was sent out.

All the variant living dead began to retreat from the primeval forest...

and then the news of the challenge stopped spreading to the challenger one by one...

“What? The challenge stopped? Why... How did it stop?”

Many people who didn't know were dumbfounded when they received the news.

Zoey soon received news from them.

The challenge has stopped!

The mutant living dead have all withdrawn from the primeval forest...

Others don't know the reason, they still know a little.

It must have something to do with the Dark God!

His massacre of mutant living dead directly caused the Mayan industry to cease.

Now that the challenge ceased, the mutant living dead all retreated.

Then there is no point in everyone staying here.

But before leaving, Zoey must ask the Dark God to ask clearly.

Zoey led everyone to follow in the footsteps of Shang Levi Garrison and stopped him.

“Something?”

Levi Garrison said with a gloomy expression.

“Master, I have a few questions to ask you...”

Zoey said.

Levi Garrison laughed helplessly.

Zoey never dreamed that he was her master, right?

“Speak?”

Levi Garrison was curious about what she wanted to ask.

“Master’s first question-why do you want to kill all these monsters? It is also because of you that Maya Industry directly stopped the challenge!”

Zoey asked.

“First, these variants of the living dead want to kill you, and I will save them.

Second, from my point of view, no matter what Maya Industry does with them? They want to kill or hone the army of the living dead! They are all threats to me. I must stop it!”

Levi Garrison analyzed this matter from the perspective of “Dark God”.

Hearing this, everyone feels reasonable.

It is true, no problem.

But this is not the same as Levi Garrison stopping them, letting them withdraw from the challenge and withdraw.

Now although the Dark God has done something to prevent them from improving, everyone has no complaints. Instead, they have to thank the Dark God for his life-saving grace.

No one said no.

But Levi Garrison did this thing, everyone would ignore him.

Instead, he said he was afraid!

In fact, it's all the same thing.

But if two people with different identities do it, the effect is completely opposite.

This is the best example!

Even they will put the Dark God on the spot as a great hero to stop the evil intentions of Maya Industry, save them, and block the disaster.

“Master, I still have my brother’s request...”

Zoey smiled.

“What?”

“Can you accept my husband as a disciple?” Zoey hesitated and said it out.

The Return of the God of War [The Protector] Chapter 2380

At this moment, everyone else stared at Levi Garrison.

Their bodies were trembling.

All are waiting for the answer from the Dark God!

Because this matter is too big!

Being accepted as an apprentice by the Dark God is equivalent to reaching the sky in one step, and your life will be completely changed!

Fly over the dragon gate and become a chance to be the master of the world!

...

Just because of the dark God's word "good".

Everyone is waiting.

This is an opportunity for everyone!

...

If it weren't for the face and knew that it was impossible, Azure Dragon (Qinglong) and the others would all want to try to worship the God of Darkness as a teacher...

"Accept Levi Garrison as an apprentice?"

Levi Garrison smiled.

"Yes! I ask Master you to accept him as a disciple!"

Zoey pleaded.

"Where do I dare to accept him as an apprentice? How can I? If you accept him, you must have the strength to accept him? Hahaha..."

Levi Garrison laughed a few times.

Turn around and leave!

Not to mention the former dark god, he is not qualified to accept him as an apprentice!

Not even by yourself!

His master is the only one! ! !

Seeing the “Dark God” leaving behind, everyone was dumbfounded.

Hearing this to everyone’s ears, it’s just like yin and yang!

In irony Levi Garrison!

Said that he was not qualified to be an apprentice at all!

“It’s over! This time is completely over! It turns out that the master has always known everything! King’s Landing is completely assed by him!”

“It is estimated that the dark god knows that the boss is rotten to the bone! Knowing that he pretends to be high! It is estimated that he is a very annoying person! How is it possible to accept disciples?”

everyone said.

Xiao Feng sighed, “I thought that Master could worship God of Darkness as his master. As disciples, we can get a little closer! How do you know that God of Darkness doesn’t like Master at all! Hey!”

Sword Evil God and others also said, "Isn't it right, we too I want to rub a little. There is no chance now!"

"It's really impossible! May I persuade the master again?"

Zoey pursed his lips.

"Forget it, the Dark God is definitely not willing to accept the boss as an apprentice at all. If you say too much, it is not good! Let this matter go!"

"Anyway, the boss feels desperate this time and knows that his strength is useless. Now! I'm afraid of this kind of place, and I understand that I can't do anything! After I go back, I think the boss will definitely work hard! He has more opportunities!"

... When

everyone started discussing Levi Garrison, Zoey patted his forehead, "That's right." , Levi !"

Levi Garrison was still hidden in the swamp.

Maybe there will be danger...

"Go find the boss!"

A group of people all rushed to the swamp.

...On

the aircraft carrier of Maya Industries.

“Then our plan failed?” the

staff member sighed.

“No, it’s half done! Didn’t you collect half of the information?”

“However, the sudden appearance of the Dark God is indeed a trouble! He and the Bible will prevent us from becoming our biggest obstacle! If we want to continue, we must You have to get rid of him!”

“But this is too difficult, isn’t it? His combat power is desperate!”

“Who can get rid of him??”

...there was

silence.

Everyone on the aircraft carrier was silent.

No one can get rid of it!

No one at all!

“By the way, Levi Garrison, do you want to kill? Anyway, other things can’t be done now!”

Someone asked another question to break the deadlock.

“It’s easy to kill Levi Garrison, but the Dark God may still be in the virgin forest. If you don’t encounter him well, all of us will die in it! Let’s retreat first! Don’t let the Dark God find the door...”

Maya Industry was scared by the power of the Dark God and fled.

Marshland on the other side.

Zoey and they hurried over.

Everyone breathed a sigh of relief when they saw a figure from behind.

Levi Garrison is fine.

“Huh???” But when this back figure turned around, everyone was shocked.
